

Fatima's History—

First smoked by college men, club men and officers of the Army and Navy—they all pronounced it "a-sensible-cigarette"—and today Fatima is practically the only cigarette smoked by them

These men told others and the demand for FATIMA rapidly increased

Afterwards, through general publicity, the men of America were made acquainted with Fatima and they pronounced it "a-sensible-cigarette"

"A-sensible-cigarette" is Fatima

Otherwise it would not be the greatest selling high grade cigarette in the world

Fatima is merit through and through—

FATIMA

THE TURKISH BLEND

a sensible cigarette.

MANY STUDENTS WILL "BATCH" AT STATE UNIVERSITY

University of Oregon, Eugene, July 11.—A new type of student promises to put in an appearance at the University of Oregon this fall. He will be the "batcher" or bachelor, but not Bachelor of Arts. Ever since it was announced in the newspapers throughout the country that President P. L. Campbell had declared that he intended to take the "batching" student seriously, to study his needs and to encourage boys to earn their education by economic means, he has been in receipt of numerous letters from young men who are going to take the president at his word.

While it is the president's idea that ultimately the university shall furnish suitable little two-room cabins for the undergraduate bachelors, the system will be instituted this fall before the first series of cabins is constructed. Dr. Campbell has arranged for the use of a number of vacant houses, and in these the boys will be installed and assisted to make their way through the university.

"A considerable number of students have tried 'batching' this spring, and many are living this way during the present summer school, women as well as men," said President Campbell. "It is noticeable that those who have tried it have greatly enjoyed the experience. Two Portland boys have been living this summer on an expense of 19 cents a day. The thing that impressed them most was not so much the small amount of money their board was costing them, but the small amount of time it was taking to do the work. An hour a day is enough, they have found, provided they go right at the work and clear it up without lingering."

President Campbell has enlisted the assistance of Dean John Straub, and together they are expecting to be the personal friends, advisers and helpers of the "batching" students.

CHERRIES ARE SHIPPED

The last of six carloads of Royal Anne cherries bought here by the Puyallup and Sumner Fruit Growers' association, was shipped out on the Oregon Electric last night to Puyallup, where the cherries will be processed. Seventy-five tons of the fruit were bought from growers in this part of the valley and shipped by this association.—Eugene Register.

EPIDEMIC RAGES

(Continued from page one.)

handling the infantile paralysis epidemic. Two new cases were reported in Chicago today.

Second Case in Kansas.

Topeka, Kan., July 11.—The second case of infantile paralysis in Kansas was reported to the state board of health today from McPherson county. The victim is Ruth Kariden, aged three years.

Three Suspicious Cases.

San Francisco, July 11.—While preventive steps were taken by the health authorities today, close watch was kept on the three known cases of suspected infantile paralysis in San Francisco. Mildred Davis, aged four, who caught the malady in New York, will probably recover, physicians said today. Helen Van Dorn, aged five, is at the hospital. A third suspected case is under observation.

EXPECT FIREWORKS AT MEETING THURSDAY

Will Probe Rumor That Vernon Is Keeping Players On Reserve List

San Francisco, July 11.—Baseball followers of San Francisco and Oakland expect fireworks at the meeting of Pacific Coast league directors in Los Angeles Thursday for the announced purpose of discussing present rules governing player and salary limits.

It is believed here that President Baum will conduct a probe of the alleged action of the Vernon club, which is suspected of keeping Mitze and Mitchell on its payroll as reserves in excess of the legal limit. It is rumored that Mitze and Mitchell were sent to Eddie Maier's Santa Susana ranch where they could be easily reached when needed.

So many of the clubs are crippled now that the alleged action of Vernon in keeping a couple of healthy men on the reserve list is keenly felt here. It is believed other managers may start strong agitation for an increase in both salary and player limits, so they can struggle through the cripple season and keep in the race.

Knocked Out by Boozie

Stockton, Cal., July 11.—Martin Canole, the lightweight pugilist who fought Jimmy Britt for the championship in California 13 years ago, is walking east over the ties today. Arrested on a vagrancy charge, he said to Police Judge Tye:

"I came to California in a pullman, but I'm walking back over the ties. I couldn't stay in the ring with old John Barleycorn, judge."

Judge Tye recognized Canole despite the latter's bushy whiskers and tattered clothes. He asked the prisoner if he was the famous Martin Canole.

"All that's left of him," was the reply.

The Coulon-Mascott Bout

Portland, Or., July 11.—Johnny Coulon, ex-champion bantamweight pugilist, who has been hanging around Portland ever since July 2, when he was defeated by Billy Mascott, got what he wanted today. It is a return match with Mascott. The bout, six short rounds, will be staged at the Rose City club next Tuesday night.

No Betting on Races

Chicago, July 11.—The safest bet to book on the American derby beginning at Hawthorne Saturday is that there will be no bookmaking or open betting on the races. This was the warning issued today to members of the betting fraternity.

"I will have fifty deputies at the track and will make it uncomfortable for gamblers," Frank E. Froehling, president of the Illinois Jockey club declared today.

Looks Like A Winner

Chicago, July 11.—Miss Laurie Kaiser, winner of the Missouri golf championship had a good start today to win the open tournament of the Women's Western Golf association at Beverly. Miss Kaiser won the qualifying round yesterday by a score of 84.

Chick Evans to Play

New York, July 11.—Chick Evans, Chicago, who won the national golf championship at Minneapolis two

WATCHING THE SCOREBOARD

Pacific Coast League Standings

Team	W.	L.	Pct.
Vernon	57	37	.606
Los Angeles	49	39	.557
San Francisco	52	44	.542
Portland	39	40	.494
Salt Lake	38	47	.447
Oakland	35	63	.357

Yesterday's Results

No games played, teams traveling.

Today's Games

Portland vs. Oakland at San Francisco.

San Francisco at Salt Lake.

Vernon at Los Angeles.

Yesterday's big league hero was Elmer Smith, Cleveland, who, pinch hitting for Klepper, lifted the ball into the stands for a home run giving the Indians the game and putting them within a game and a half from the top.

"You can't have it," said the National commission to the Brooklyn club referring to \$75,293.81 the Dodgers wanted from the Newark International club.

The Boston Red Sox went scoreless for 18 successive innings, the White Sox grabbing both ends of the double bill.

Fred Merkle of the Giants and Leslie Nunnaker of the Yanks, each tried verbal correctives for "umpiring" and each was soon on his way to the club house.

Philadelphia won while Brooklyn lost and now the Dodgers hold the lead by but three and a half games.

One Cub reached third in the game with the Braves but that was all. The others stopped at second, first or not starting at all. Frank Allen did it, holding them to four hits.

Rain saved the Athletics from another trimming.

MOLALLA DEFEATS SILVERTON

Silverton, Or., July 11.—In a 10 inning game full of thrills, Silverton suffered its second defeat of the season at the hands of Molalla Sunday afternoon, 10 to 7. The score was tied on four different occasions. The visitors scored three runs in their half of the 10th. Batteries—Molalla, Adams and Prescott; Silverton, Dingle, Greer and Brown.

GERMAN LOSS ESTIMATED

London, July 11.—German casualties from the beginning of the war to the end of June, as computed from official German lists, are given as 3,012,437 in an official statement made public here today. The announcement says: "These figures include all German nationalities. They do not include naval casualties or casualties of colonial troops. They are not an estimate made by the British authorities, but merely casualties, announced by German official lists."

SUPREME COURT GRINDS BIG GRIST

Divorce Suit Reversed—Astoria Wins In Injunction Against Bond Issue

The supreme court today reversed Circuit Judge Galloway in the case of Sigmund H. Hirschback against Magdalena Hirschback, in which a divorce was granted Hirschback. Chief Justice Moore rendered the opinion which directed a reversal of the original decree and a dismissal of the case on the grounds that action was started before a year had expired after the desertion alleged by the plaintiff.

The Hirschbacks were married in Illinois in 1912 and have a daughter two years old. He was a farmer and she was housekeeper in a neighboring household. It was understood when they married that she should live with her parents until Hirschback could earn enough to set them up in a house of their own.

After their child was born, Hirschback ceased calling on his wife and failed to provide for her and the little girl. Mrs. Hirschback secured a decree in the Illinois courts requiring her husband to pay \$10 a month for the support of herself and child. He made three payments. In July, 1913, he came to Oregon and he alleges his wife deserted him at that time.

Hirschback says he wrote later, asking her to come to Oregon but never received an answer. His wife declares she never got the letter and further avers he never requested her to go with him when he started for the west. Then Hirschback commenced suit which ended in his securing a separation but required that he pay \$5 a month for the child's support.

Henry A. Townsend and Eunice Townsend, and H. H. Vandervort are appellants against R. H. Chamberlain, William Esch and Frank Holmes, as respondents in a case decided by the supreme court. The action was to restrain enforcement of execution on a judgment. The amount involved was \$289 and costs of \$54.60. The original decree in Judge Galloway's court was for the defendants but this was reversed today.

Justices Harris and Burnett dissented from an opinion written by Justice Bean in which the city of Astoria wins in an action brought by Norris Staples to enjoin the city from issuing \$50,000 bonds. Staples contended that the city had not complied with the law relative to advertising a special election. The Clatsop county circuit court was affirmed.

The case of the Outenault Advertising company of Chicago against John H. Brooks and George Steelhammer of Silverton, in which Judge Percy Kelly entered a judgment of non-suit, was remanded with directions for a verdict of \$109.20 against the defendants.

It means that the defendants agreed to take an advertising out service from the Chicago firm promising to hold the cuts and other matter to be disposed of after use as the Outenault company should see fit.

After the advertising matter had been shipped the defendants notified the company that they did not desire the service. The fact that they agreed to hold the cuts for final disposition, according to Chief Justice Moore, implied an intention to complete the contract. Therefore the lower court was reversed.

The other opinions handed down today were:

Simon Kivodahl, appellant, versus the town of Springfield, appeal from Lane county; suit involving a lien for a sidewalk, opinion by Justice Burnett, Circuit Judge Hamilton affirmed.

Emma Cash versus E. B. Garrison, et al, appellants, appeal from Multnomah county, action to recover damages, opinion by Justice McBride, Circuit Judge Galloway affirmed.

George M. Armstrong, administrator of the estate of George Armstrong, deceased, appellant, versus Julius Pincus, appeal from Multnomah county; action to recover balance for land sold, opinion by Justice Bean, Circuit Judge Davis affirmed.

John S. Jefferies, appellant, versus I. T. Weekly, et al, appeal from Coos county; suit for the rescission of a contract, opinion by Justice Bean, Circuit Judge Coke reversed.

Lulu R. White, administratrix of the estate of James R. White, deceased, versus the East Side Mill and Lumber company, appellant, appeal from Multnomah county, petition for rehearing denied, opinion by Justice McBride.

W. E. Phipps, et al, versus the City of Medford, appellant, appeal from Jackson county, petition for rehearing denied, opinion by Justice Burnett.

Clara Beem versus Edward Beem and State of Oregon, appellants, appeal from Klamath county, suit for divorce, opinion by Chief Justice Moore, former Circuit Judge Benson affirmed.

Portland Gas and Coke company versus Circuit Judge Campbell, defendant, peremptory writ issued directing defendant to certify to a bill of exceptions, opinion by Justice Benson.

Rehearings were denied in Baum versus Ellison and in Cole versus Seaside.

Why shouldn't the Standard Oil Company make the best oil—with over 40 years experience in refining—with unequalled plant equipment? And Zerolene is scientifically refined from selected California crude—asphalt-base. Prominent authorities have recently declared that an oil correctly refined from asphalt-base crude can be made not only equal but superior to paraffine-base oils. Next time you empty the crank-case refill with Zerolene. Dealers everywhere and at service stations and agencies of the Standard Oil Company.
