## REPUBLICANS MAKING READY FOR CAMPAIGN

### Hughes to Pick Day for Committee to Tell Him of Nomination

New York, July 12.—Cornelius N. Bliss, son of the late treasurer of the National Republican committee, was today named to the post formerly occupied by his father and will direct the financing of the coming campaign of Charles Evans Hughes for the presidency.

National Chairman Willcox announced at the same time that Frederick W. Upham of Chicago, had been named assistant treasurer.

Chairman Willcox issued a call for a meeting of the campaign committee here July 20. The committee will meet with Hughes to discuss general campaign plans.

Bliss called on Hughes and National Chairman Willcox today.

It appears certain that July 31 will be agreed on as the date for the notification of Hughes of his nomination. The candidate has asked Senator Harding, chairman of the notification committee, to come here tomorrow and the date now tentatively agreed on, is expected to be finally set.

The exact date for the departure of Hughes on his trans-continental trip has not yet been set.

It is understood, however, he plans to return in time to make a cleanup speech in Maine before the election there the week of September 2. The coast trip is not planned as a general campaign trip. Speeches will be made in only a few big towns as part of what is termed an "educational campaign."

Later the candidate will make a whirlwind speech making tour.

Other callers who saw Hughes today were Senator Penrose, Murray Crane, Albert B. Langtry of Massachusetts, E. A. Thurston of Massachusetts, Gifford Pinchot, Philip H. McCook of New York and Chester H. Rowell of California.

Settlement of Strike  
A Remote Possibility  
Portland, Or., July 12.—Settlement of the longshoremen's strike in Portland seemed farther away than ever today as a result of the firm stand taken by shipping men at a meeting late yesterday. Nearly 200 shippers and business men got together and pledged themselves to adhere to the wage scale agreed upon by the chamber of commerce for the longshoremen, and called upon Mayor Albee for more police.

Longshoremen were frankly suspicious of the demand for more police. There has been practically no violence during the strike.

Three Boxers Selected.  
Portland, Ore., July 12.—Three boxers were chosen today to represent the Multnomah Amateur Athletic club at the national boxing championships to be held at San Diego, Cal., August 17 and 18.

They are Ralph Underwood, 115 pounds; Albert Byers, 125 pounds, and Tom Louttit, 175 pounds. Underwood and Byers are northwest champions in their classes.

Besides boxing, Louttit will throw the javelin at the far western outdoor track and field meet August 19.

Cigarettes Made Under the Most Modern Methods  
From all indications it will be but a short time before the smokers of Salem will cease to "Ask Dad" about the quality of Sweet Caporal Cigarettes.

The representatives of the manufacturer are making this quite unnecessary. Special demonstration crews full of pep and enthusiasm are in town and it is only necessary for you to listen to them before you begin to experience a desire to try this old time cigarette.

Sweet Caporals were first manufactured in 1878 and one of the arguments used by the demonstrators is the fact that these cigarettes have stood the test of 40 years. A most interesting talk is given by the demonstrators. They show you first for your inspection the actual leaves of tobacco used in the manufacture of this cigarette and many of them don't know all about their product from A to Z. Their confidence in the quality of Sweet Caporals almost convinces one of its merit and a trial does the rest.

Great stress is laid by the manufacturers upon the sanitary conditions under which Sweet Caporals are made. It is the demonstrator's boast that if the smoker could only look into the Sweet Caporal factory and see for himself the high grades of tobacco and paper used and the care in manufacturing this cigarette, he would never cease to be a Sweet Caporal smoker.

In connection with the manufacture of cigarettes, Mr. Alfred McAnn, the pure food expert, of the New York Globe, has written a long article contrasting the sanitary methods used in the making of cigarettes and the making of food. He tells of a trip through a factory of The American Tobacco Company, in New York, where the greatest care is taken to secure cleanliness, where the handling of the tobacco itself is done by scrupulously clean machinery, is entirely opposite to the rumors which he had heard concerning the conditions of the tobacco factories.

But Say—The demonstrators are in town—Go see them yourself and be convinced.

### Shepherd Kills Rancher In Quarrel

Baker, Or., July 12.—Bert Hopkins, aged 24, a sheep herder, is in jail here today charged with the murder of L. J. Eggers, a rancher. Eggers accused Hopkins of ranging sheep on his land. A quarrel ensued during which Hopkins shot and killed Eggers. The sheep herder then walked eight miles to Durkee, told his story to a deputy sheriff and gave himself up.

Old Frank Chance took up his cudgel in the ninth at Los Angeles and whaled out a two bagger that beat Vernon. Score: Angels, 4; Tigers, 3.

Boyd, Beer and Burns, of Oakland, were hammered at will by the Beavers, and the Oaks took their tenth straight defeat.

Oakland played real baseball in one inning, the ninth, just to show the folks it could if it wanted to.

San Francisco made eight of the best errors seen in Salt Lake, presenting the game to the Saints in the ninth, when the Utah outfit tallied five times.

Ping Bodie out-classed all his colleagues in the erroring line, making a double boot in the ninth by dropping a fly and then pegging wild on the plate.

Yesterday's big league hero was George Burns, Giant outfielder. George poled out two home runs, the first tying up the score in the eighth and the second making victory secure in the tenth. In addition, Burns banged out two singles and made a wonderful running catch of a mighty drive off London's bat.

Nick Cullop won his ninth straight game and did it in four innings in the Yank-Cleveland first game, score being 3 to 2 when he was derricked for a pinch hitter. The final was 8 to 2.

Hore Run Baker got his eighth four cushion swat of the season. Two men were on the bases at the time.

Walter Johnson is going back—Detroit got three hits off him.

The Red Sox moved into third place by taking both ends of a double header from the White Sox.

Tom Rogers, of Nashville, pitched a not hit, no run, no batter reached first game against Mobile, winning 2 to 0.

Jim Allen, opposing him allowed but one. A sacrifice and two errors sent the runs across.

It is still a game and one-half between the Yanks and Cleveland.

Brooklyn is still in front by one and one-half games.

## GAMBLERS WILL TAKE LAY OFF DURING RACES

### Hope by This Means to Put Betting Over at Next Chicago Meeting

Chicago, July 12.—Even the professional gamblers are going to "lay off" during the 13 day race meeting which starts at Hawthorne Saturday according to word passed around at bookmaking and gambling headquarters today. The professionals intend to help the promoters stamp out open betting during the meet.

The principal argument advanced was that it would ruin all future chances of putting over a race meeting, and if this one goes over without criticism, the chances for a Chicago meet in the fall will be bright and perhaps the bettors can edge in then.

Portland, Ore., July 12.—Three boxers were chosen today to represent the Multnomah Amateur Athletic club at the national boxing championships to be held at San Diego, Cal., August 17 and 18.

## Mexicans Would Not Fight United States

Newark, N. J., July 12.—Alberto Minondo, a former lieutenant in Carranza's army who deserted rather than stay in a position where he might sometime be called upon to fight the forces of his "beloved America," has been rejected for enlistment in the United States Marine Corps at its Newark recruiting station.

The former Carranzista could not meet the physical requirements for the Marine Corps, although in Mexico, according to his own statement, he had been considered a robust specimen.

Minondo is in New Jersey seeking members of the Madero family.

## Exile As Punishment Tough On Some Place

Portland, Or., July 12.—Exile or banishment instead of imprisonment is the punishment Judge McGinn has adopted in criminal court here. John Christensen, whom the judge styled "a cunning kleptomaniac," was sentenced to spend seven years outside the state of Oregon.

"Sending a man to the penitentiary only makes a confirmed criminal out of him," declared Judge McGinn.

## DEUTSCHLAND TO

(Continued From Page One.)  
has not been disclosed, but waterfront men are inclined to think, she too, is coming here.  
Intimations are that the Bremen and Deutschland are the first of a line of eight or more cargo submarines.  
German Ambassador Von Bernstorff will come here tomorrow to inspect the giant submarine Deutschland and interview her captain and crew. It was officially announced. His visit is said to be unofficial, however.

by allied governments against the great German submarine merchantman Deutschland, a high administration official said today. This official warmly denied reports saying the United States will ignore any possible action by allied governments.

Before the formal decision as to the exact status of the Deutschland is determined and announced, the state department, it was stated today, may call upon the United States neutrality board for aid.

Acting Secretary Polk said today that, while the reports of Captain Hughes, U. S. N., and Collector Ryan of Baltimore, as to ship's construction are now thought to be sufficient to work on, it might be possible the officers would be asked for further details.

The stand to be taken in event of warned or unwarned attacks on the boat is causing considerable thought. Presence of American citizens, it was said by some officials, would be the one condition on which the United States could base a protest in the event of attack on the ship.

Will Carry no Americans  
Baltimore, Mr., July 12.—The Deutschland will carry no Americans when she returns, the owners indicated today, though offers as high as \$5,000 have been made for passage.
