Dallas Chautauqua Closes Most Successful Session

(Capital Journal Special Service.)
 Dallas, Ore., July 13.—Tuesday evening marked the close of the 1916 chautauqua for Dallas and Polk county and the big tent was filled to its utmost capacity. The chautauqua this year was the best that has ever been to this city and it is a pleasure to assure the people of Dallas and Polk county that the Ellison-White Chautauqua system will bring to this city next year the ones seen here this season. The Chautauqua opened in this city a week ago tonight and every lecture and concert has been attended by a crowd of interested people. The lecture by Sylvester Long, Monday night was the finest ever listened to by an audience in this city. The concert by the New York City Marine Band, Saturday night, was well worth the price of the season tickets and drew a large attendance from the neighboring cities. The community as a whole are unanimous in their praise of the Ellison-White people in sending such high-class attractions on their chautauqua circuits and it is safe to say that the chautauqua next year will be greeted by a more enthusiastic crowd than heretofore.

Remple to Run For State Office.
 A. G. Remple of Blecknell has been nominated by the Prohibition party as a candidate for the office of State Food and Dairy Commissioner. Mr. Remple is a farmer and dairyman and is well qualified to fill the office should he succeed in being elected. Two years ago he ran for county commissioner and made a good showing for his party by receiving a large number of votes.

Physician Advises Clean-Up.
 Dr. A. B. Starbuck, one of the leading physicians of this city, has advised the people to clean up all trash piles on their premises and to keep their places in a sanitary condition the balance of the summer in order to keep away the dread epidemic of infantile paralysis that is sweeping over New York. The doctor declares that the city authorities should no longer be dilatory in this cleaning-up matter but should compel a general renovating of the city under penalty for those who fail to obey the law.

Company L Likes Location.
 Cards received from different members of Company L on the Mexican border say that the boys are delighted with the climate down there and that the only bad feature is the water which has to be boiled before it is in a condition to drink. A few of the boys have been sick but at present all are able to report for duty.

Mr. and Mrs. Clarence W. Reynolds of Ione, Oregon, were in the city Tuesday afternoon for a short visit.
 C. L. Starr of Portland is in the city for a few days on business.
 R. L. Williams, president of the Dallas City and Dallas National banks was in the city Tuesday looking after business interests.

R. Y. Morrison and Wayne E. Greenwood returned the first of the week from Butler where they have been repairing a rock crusher for the county.
 Dr. A. B. Starbuck and A. F. Toner left Tuesday afternoon on a fishing trip on Hook Creek in the Silver Basin. They expect to be gone several days.
 Mr. and Mrs. Walter F. Nichols of Falls City were in the city Tuesday attending the Chautauqua.

Mayor E. C. Kirkpatrick left Monday for Denver, Colorado, where he will attend a meeting of the Woodmen of the World grand lodge as a delegate from Oregon.

Mrs. F. H. Morrison was in Saley this week attending a meeting of the State Teachers' Examining board.

E. J. Chapin, of Salem, visited in Dallas, Monday.

Mrs. C. F. Hughes, of Portland, is a guest at the home of her sister, Mrs.

HUBBARD NEWS

(Capital Journal Special Service.)
 Hubbard, July 13.—Miss Ida Christen, Marie Byers, H. A. Steibinger and L. McAdams motored to Silver Creek Falls Sunday and spent the day.
 Miss Gladys Moorman left Tuesday to spend the week with Oregon City friends.

Eola News Notes

(Capital Journal Special Service.)
 Eola, July 13.—Tillman Treat and family of Rickreall visited his relatives the Rickeys Sunday.
 Mr. and Mrs. Thompson of Portland spent the Fourth, visiting the Cromleys returning home the fifth.
 Rev. Blackborne and wife of Astoria visited her relatives, the Cromleys last week.
 N. Mitty sold two veal calves alive this week for eight dollars.

Mrs. Hayden and Bysda and Eida Reece, granddaughters visited their relatives the Jacobsons of Kaiser Bottom Saturday and Sunday.
 Thos. Holman sold the cherries from three Royal Anne trees for a little more than fifty dollars.

Miss Boling and Miss Plavel of Plavel, near Astoria, came to visit the Cromley family last Friday.
 The Cromley Bros. finished picking cherries last Thursday. Etta Myers, Eva Brown, Anna and Lucile Capps picked for them.

Mrs. Reason Brunk fell from a ladder, when picking cherries, and hurt her side quite badly.
 Mr. Mayes has his wrenched ankle in a plaster cast. Drs. Robertson and Morse are treating it.

Mr. Holman has a very sick horse. A veterinarian is treating it.
 The Cromley Bros. have several hundred sacks of wheat stored on their farm, which they are holding for ninety cents a bushel.

Mrs. Gertrude Litchfield Scott of Salem visited her relatives the Holmans last Friday.

THIS LEAVES THE SKIN FREE FROM HAIRY GROWTHS

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about 2 minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone.

Brooks Items

(Capital Journal Special Service.)
 Brooks, July 13.—Logan berry picking is keeping everyone busy. Aspinwall's berry is being rushed to take care of all the berries that are being dried this year. A car load of berries is also being sent out every day.
 Mr. Hiser, who just returned from the east, is very low with heart trouble, at the home of A. E. Harrier.
 Roy Morgan and little son Leslie were visitors in Brooks last week. Mr. Morgan was called to see his father who was very low with heart trouble.

SHARKS ATTACK

(Continued From Page One.)
 sharks, that have terrorized bathers at Atlantic coast resorts.
 Other squads spend up and down the coast in motorboats, armed with rifles and keeping a sharp lookout for the man eaters that have killed four bathers and badly mangled a fifth within a week.

A wire net was thrown across Matawan creek, the 20 foot Jersey stream penetrated by the shark that yesterday killed and partially devoured 12 year old Lester Stillwell, mangled Stanley Fisher so badly that he died, and inflicted serious injuries on 12 year old Joseph Dunn.

Three unsuccessful attempts were made today to bring the body of the Stillwell boy to the surface by exploding large charges of dynamite in the narrow creek.

At Coney Island, Brighton Beach, Rockaway and other resorts catering to New York's millions, the beaches were practically deserted this afternoon, despite the heat.

A seven and one-half foot shark, weighing 350 pounds was captured three miles off Senbright, N. J., after a stiff fight and brought to Sheepshead bay today by the crew of the sloop E. C. Lundy.

Think Shark is Trapped
 Matawan, N. J., July 13.—The shark that killed a man and boy in Matawan creek yesterday and mangled a third here is believed to have been trapped in the creek. Richard Erdman, one of the party hunting the man eater, reported the afternoon that he saw the shark's fin within twenty feet of the spot where the bathers were attacked yesterday. Two large charges of dynamite were dropped immediately, and men armed with rifles lined the bank of the creek to shoot the monster if it is blown to the surface.

COMPANY TO BUILD UNDERSEA FREIGHTERS

Will Build Fleet of Submarines To Be Used As Blockade Runners

By Carl D. Grant.
 (United Press Staff Correspondent.)
 Baltimore, Md., July 13.—Shattering of the British starvation blockade will soon be attempted by a fleet of giant under sea freighters flying the American flag.
 Inspired by the success of the German sub-sea freighter Deutschland, Manager Paul Hilken, of the Ocean Rhderei, Deutschland owners, is forming an American corporation to make undersea ships that will put the Deutschland in the pigmy class. Simon Lake, submarine inventor who fully a year ago predicted in a scientific paper that "we shall probably see some form of cargo-carrying submarine constructed as blockade runners," will act in an advisory capacity to the new corporation and permit the use of his patents.

Hilken gave the United Press the following statement of his plans today:
 "Captain Simon Lake, undoubtedly the pioneer in the design of successful submarines and S. P. G. Hilken, American manager of the Ocean Rhderei, Bremen, are considering the advisability of forming a company to operate, under the American flag, a boat service similar to that begun by the Ocean Rhderei with its submersible freighter Deutschland. The success of the trip of the Deutschland and the huge profits which are already assured—the cost of that vessel being practically paid by her first voyage—lead those who are planning the new venture to expect it to prove successful financially."

The cargo submarine Deutschland, inspiration for this enormous plan, was ready today for loading, preliminary to returning to Germany.
 It looked as though the tug Timmons was ready to haul her away very soon. German Ambassador Bernstorff was due this afternoon to see Captain Koenig and the crew and then to have dinner tonight with the party as the guests of Mayor Preston.

COMSTOCK RESIDENCE BURNED LAST NIGHT

Artist C. L. St. Clair Loses Valuable Paintings and Household Goods

The safety of two thoroughbred pups caused C. L. St. Clair, artist, more concern when his home was destroyed by fire last evening than did paintings valued at \$10,000 and which were lost. Friends of the artist had removed the dogs when the fire began and St. Clair's pets were unscathed.

A flash of flame when Mrs. St. Clair attempted to light the kitchen fire, by pouring coal oil on it from the east, caused her to drop the can and the blaze spread rapidly. Evidently there must have been an explosion that threw the flaming liquid to the ceiling for the flames gnawed off the roof first.

The house is owned by E. L. Comstock and carries insurance. St. Clair carried no insurance and succeeded in saving only a player piano and about 30 small canvases. St. Clair's paintings, "Nativity of Christ," valued at \$12,000, and for which \$4,000 has been offered, was a feature of the Cherry fair exhibit at the army. This is safe as it is stored with the Larimer Transfer company.

The house stands without the city limits and three blocks from a hydrant. Delay in reaching the fire was caused through the department receiving wrong directions at the start.

Opening Fight For Appropriation

Washington, July 13.—Opening the fight for the biggest naval appropriation bill the United States has known—\$315,820,000—Senator Swanson of Virginia declared today that only by a navy second to Great Britain's can the United States maintain the Monroe doctrine and its rights in the far east.

The only alternatives before the nation, he said, were a navy of the highest efficiency and a "timid and vacillating" foreign policy.

Senator Lodge of Massachusetts demanded a fleet for the Pacific as well as the Atlantic.

"One desperate man with a bomb could disable the Panama canal for weeks—plenty long enough for all military needs," he said.

"Let us pass the bill at once. It is big because it must make up for the stunted appropriations of the past five or six years. One bill of this kind is of more value to permanent peace than all the diplomatic notes and pacts ever written."

BREMEN WILL ARRIVE BEFORE JULY 29

New York, July 13.—The Bremen, the second German submarine to start for America, will enter New York harbor before July 29 and dock at the North German Lloyd piers in Hoboken, it was reported in shipping circles this afternoon. Preparations for her arrival now are being made, it was said.

The Bremen is said to be larger than the Deutschland and is carrying a more valuable cargo. She will be followed by a third submarine named the Amerika.
