Twig dolls will be made by the children tomorrow at the Albert pasture municipal play grounds. Miss Beatrice Walton will be in charge of the grounds and it has been requested that each child bring colored tissue paper and scissors. The play grounds appear to be just what the children have been wishing for, as every day from 200 to 250 avail themselves of the sand piles and play apparatus.

The Woodrow Wilson League will meet at the court house Saturday evening at 8 o'clock to appoint delegates for the conference to be held in Portland, August 7 and 8 in the Library hall. Each local organization is allowed to elect six delegates and one additional for every fifty members. After the business sessions, the members will attend a banquet on the evening of the 8th at the Portland hotel. The meeting tomorrow night is intended for all friends of Woodrow Wilson, irrespective of party affiliations.

While the hot wave all over the east has been causing great discomfort besides resulting fatally to many in the cities, the Willamette valley has been experiencing a bracing atmosphere. Monday the maximum temperature was 79, Tuesday, 85, Wednesday 85, and Thursday 68 with a minimum today of 70. All of which is proof that the Willamette valley should be advertised as a summer resort.

A meeting of the Woodrow Wilson League of Salem will be held in the court house in the circuit room Saturday, 15th inst., at 8 p. m. to select a vice president of the league, appoint committees and transact any other necessary business. All supporters of Woodrow Wilson are urged to attend. John Bayne, Pres., A. R. Wilson, Secy July 15

Winthrop Hammond, owner of "The Toggery" in Salem has acquired a controlling interest in the Buffum and Pendleton store in Portland and has been elected vice president and manager. The store was established in 1884. In the reorganization, Mr. Buffum will retire. Mr. Hammond acquired his first mercantile experience working with his father at Woburn, Mass., a store established in 1851. He is also president of the Hammond Mortgage company.

If the submarine Deutschland, which is attracting so much attention just at present, was placed on State street, it would extend in length from the corner of the Ladd and Bush bank to the clock in front of the Gardner and Keene jewelry store, and in width from the edge of the curb to the center of the street car track. It is just one foot wider than the Grahamam and can travel 10 knots an hour, while the Grahamam is good for 14 knots. The submarine carried 750 tons while the Grahamam's limit is 200 tons.

The executive committees of the Industrial and Publicity departments of the Commercial club met last evening with Dr. Hagel in a discussion of the new drink, "Cerec," manufactured in Salem by the Cerec company. Having tasted this substitute for coffee, the committees pronounced it equal in every respect to any product on the market and commended Dr. Hagel highly. It appeared to be the general opinion of all that with the proper financial backing and business management, "Cerec" would have an equal chance in the world's markets along with the other well known brands.

The U. S. recruiting office in Salem is doing a good business and for the size of the city, holds the best record for recruiting of any city in the northwest. Since the recruiting officers opened their station July 1 at the

POPE TO MAKE SECOND APPEAL FOR PEACE

Time of Making It Will Depend Somewhat On Result of Present Drive

By John H. Hearley.
(United Press staff correspondent.)
Rome, July 14.—Pope Benedict, it is reported in church circles here, is preparing to issue a second appeal for peace on the occasion of the second anniversary of the beginning of the war, now only two weeks away.

The issuance of the appeal depends upon the success of the allies in their present offensive. If the Anglo-French forces, for example, have made a wide breach in the German lines and are steadily pushing back the enemy as the anniversary draws near, his holiness will regard the time as inopportune and will have little or nothing to say regarding peace.

If an appeal is issued, it will contain no direct proposal of a truce, it is stated authoritatively. The pontiff does not intend to take the initiative to secure peace unless he has been approached by one of the belligerents.

Pope Benedict is reported to be studying a plan for the prevention of future wars.

Kieth hotel, 24 recruits have been forwarded to the training station at Meigs, near San Francisco. Wallace E. Brown, age 17, was accepted yesterday and sent to Portland to join a squad leaving for the south. Wayne E. Jackson, age 19, of 2751 North Laurel avenue was accepted this morning and will leave for Portland tomorrow. The young recruits are given Pullman accommodations to Fort McDowell and allowed \$1.50 a day expenses.

"From the Manger to the Cross," a seven reel film will be shown at the First Congregational church on the evening of Sunday, July 30. The film is one of the best of the Paramount company and was produced at an expense of \$100,000. It is perhaps the most interesting film that has been shown at the church and will close the summer program. The Rev. James Elgin will leave August 1 for a vacation of six weeks. He will spend some time in the Canadian mountains and later leave for a tour of the east including visits to New York and Boston.

In spite of the fact that 246 accidents occurred in the industrial establishments of the state for the week ending July 13, not a single one was fatal, according to the report of the state industrial accident commission. Of the accidents reported 188 were subject to the compensation act. Sawmills led the list reporting 68 victims and the logging business came next with 29.

Are You from Joplin?

If you buy groceries from a store which pays big rent you must pay a high price to that merchant for your merchandise. High rent is one of the chief factors in the present high cost of living. The public bears the burden imposed by the landlords on the merchant. It is a common saying that you get better goods for less money at Damon's than any store in the Willamette Valley. PARIS CELEBRATES LIBERTY'S BIRTHDAY

By Henry Wood.
(United Press staff correspondent.)

Paris, July 14.—Paris celebrated Bastille day, the birthday of French liberty, today with a spirit of quietude unprecedented since the war began.

Hundreds of thousands of Parisians thronged the boulevards and cheered with unbounded enthusiasm as Russian, Belgian, English, Australian and French troops marched from the Invalides across the famous Alexander bridge which was erected to commemorate the formation of the Franco-Russian alliance. Thence the marchers proceeded to the Petit palace where President Poincare distributed diplomas to families whose sons were killed in the war and then to the Palace de la Concorde.

The ceremony at the Palace de la Concorde, more than any other observance of the day, symbolized the gay spirit of the day. The statues of Lille, Strausburg and Metz, the latter two draped in mourning since they were occupied by the Germans in the Franco-Prussian war, were today gaily decorated with flowers. From the Palace de la Concorde the procession moved to the Palace de la Republique.

The usual crowds visited the Place de la Bastille, where guides pointed out the spot where the famous old prison stood before it was stormed by the Parisian populace July 14, 1779.

Bastille day was observed in the trenches from the English channel to Switzerland. Every soldier in the Belgian and French armies received increased rations for the day and a bottle of Champagne.

In addition to the regular rations, each soldier received 100 grams of ham, 125 grams of preserves, green vegetables and biscuits. To every four soldiers went one cigar, the donors calculating that about that percentage of the men preferred cigars to cigarettes.

The colonials and Mohammedan troops, who do not eat meat, received seven cents in money instead of the ham and additional supplies of coffee and sugar instead of champagne. Each colonial soldier was given two packages of Algerian cigarettes instead of a cigar.

JOHN H. CLARKE TO GET HUGHES PLACE

Washington, July 14.—The nomination of John H. Clarke, of Ohio, for associate justice of the supreme court to succeed Charles E. Hughes was sent to the senate this afternoon by President Wilson.

When Judge Clarke was appointed district judge by President Wilson the senate approved the nomination after an investigation of the charges that he was a railroad attorney and friendly to the railroad interests. The investigation developed he had strongly advocated the passage of the two cent fare act in Ohio.

Judge John H. Clarke was born at Lisbon, Ohio, September 18, 1857, and is a bachelor. He was graduated from Western Reserve university and was admitted to the bar in 1878, practicing law at Lisbon, Youngstown and Cleveland.

He has been a United States judge for the western district of Ohio since 1894.

In 1903 Judge Clarke was the democratic nominee for the United States senate against the late Mark Hanna. He was chairman of a committee in Ohio that favored short ballot reform and is vice-president of Ohio of the anti-imperialist league. He holds membership in Cleveland and New York clubs.

Nomination Satisfactory.

Washington, July 14.—Speedy confirmation of John H. Clarke as supreme court justice, seemed certain this afternoon when both Ohio senators, Pomerehne (democratic), and Harding (republican), warmly commended his appointment and renewed their heartfelt efforts to aid in his confirmation.

"Clarke is not only a judge of the finest courage and ability but he is a broad gauge man who has kept up his interest in all public affairs," said Pamerehne.

"The president could not have named a man whom I would have supported more gladly," said Harding.

Mrs. G. E. Terwilliger, secretary of the Salem Patriotic League, is out today collecting the monthly pledges given last Monday evening at the armory. The League already is doing the work for which it was organized and meetings will be held from time to time to consider what may be done to make life more pleasant for the boys at the front.

After an extensive tour including Mehama, Macleny, Annville and Stayton districts, C. O. Constable, county fruit inspector reports that part of the county entirely free from fire blight. Last year those districts were immune, but the visit was made recently by Mr. Constable to be fully assured that the disease had not spread.

Miss Alice Wright Baker, member of the Skibinsky-Welch company appearing at the chautauqua this evening, was formerly one of the Endeavor girls of the Presbyterian church at Toledo, Ohio. She will be entertained for dinner this evening at the home of the Rev. and Mrs. Carl B. Elliott.

The United Artisan quartette by invitation attended the French college picnic this afternoon and favored the gathering with several songs. The members of the quartette are Ivan G. Martin, George Beckett, William Beckett and George Winslow.

KRYPTOK INVISIBLE BI-FOCAL

Ben's Bifocals

(By Herbert W. Copeland, Eyesight Specialist.)
You've read how Ben Franklin discovered "the juice." That modern folks put to such varied use.

Wherever he goes the Yankee is proud to tell how "our Ben" drew sparks from the cloud!

And we've a right to be proud of this wizard and sage. The greatest of diplomats of his day and age. He harnessed the lightning, this genius of ours! He commanded respect of Europe's great powers.

But why take your time his greatness to tell. When every one knows all this very well? But some may not know—it seldom is told— He did a great thing for folks growing old:

He made himself glasses for both near and far! Bifocals they're called, you know what they are. He first tried them out and proved their great worth; And now they are used all over the earth.

Of course we've improved—make better ones now. But 'twas "Bonhomme Richard" who first showed us how. To see near and far as older we grow, The top part for distance, the readers below.

LONGSHOREMEN WILL NOT ACCEPT TERMS

Nothing Accomplished Yesterday—Will Try It Again Today

San Francisco, July 14.—In an effort to break the existing deadlock and reach a middle ground on which the longshoremen's strike which has tied up the San Francisco waterfront, can be settled representatives of the strikers and the Waterfront Employers Union today held a second conference here.

Federal mediator White, who brought about yesterday's fruitless meeting, was still hopeful but admitted that nothing had been accomplished at yesterday's meeting. The unions declare that the terms offered by the employers are humiliating and unacceptable.

The district board of the Pacific coast district of the Longshoremen's association is not going to "lay down," said J. A. Madsen, secretary of the association today. "If the employers want to keep up the fight, they will find that it has not really begun. The resources of all the unions on the coast are at the call of the district board to make this fight to gain the
