Case Turned Over to State Water Board

For the first time in the history of the state a court has referred a complaint against an irrigation company to the state water board for adjudication.

The circuit court of Hood River county, on order of the supreme court has turned over to the water board the case of the Oregon Lumber company against the East Fork Irrigation company. A question of priority in claims arises.

The lumber company claims injury to its business because the irrigation intake diverts water from the river above its own intake thus reducing the flow.

PROHIBITIONISTS REFUSE TO FUSE

Eugene Chafin Objects to Changing Party Name— Would Run Sulzer

St. Paul, Minn., July 17.—Prohibitionists won't fuse with progressives in the latter's post season series at Chicago, August 6, Eugene W. Chafin said today. Chafin, who was prohibition presidential candidate in 1908 and 1912 arrived from Tucson, Ariz., today. He drew room 711 at a local hotel, without smiling, launched an attack upon Virgil G. Hinshaw for carrying on several weeks correspondence with John M. Parker looking forward to a progressive-prohibition amalgamation, and then announced he would fight Hughes if nominated.

However, Chafin brought to town a seltzer boom and a pretty daughter. The boom is to nominate William Sulzer. The daughter is from Arizona who could not vote last election because she was too young. Hinshaw and Chafin are due for a clash tomorrow, when the project of changing the name of the party is slated for a pre-convention session. Hinshaw's supporters are reminding each other that in the 1912 convention, C. E. Pitts, New York delegate, suggested the name be changed to progressive. Other factions favor the name "American party" with a platform based on issues other than suffrage and prohibition. Chafin gets all heated up when interviewers make the proposal and balks.

Raising \$1,000,000 and mobilizing 5,000,000 voters is also due for discussion tomorrow.

Plans to run Henry Ford for president and W. G. Calderwood, Minneapolis, for vice-president will be discussed up today when Calderwood cited Ford's statement that he would not run. Calderwood had previously intimated his disinclination to run as vice-president with Ford.

Presidential timber today narrowed down to ex-Governor E. N. Foss, Massachusetts; William Sulzer, New York; J. P. Hanley, Indiana, and S. W. Haynes, Indiana.

MEMORIAL SERVICE FOR MRS. VON ESCHEN

A very beautiful and impressive memorial service for Mrs. Florian Von Eschen, was held Saturday evening in the big chautauqua tent. The service preceding the band concert of the evening. The memorial was held by the members of the Chautauqua Reading Circle of which Mrs. Von Eschen was the organizer and first president. Her interest in the circle work and in its members made her a dearly loved friend by each of them and her beautiful life left its influence and its impression on each of the class.

The platform was decorated with white flowers which she loved. The service was opened by Mr. Erickson who spoke of her work as one of the board of directors of the present chautauqua and of the extent of her work as the circle organizer.

Mrs. Jasper then sang "When I Get to the End of the Way," a favorite song of Mrs. Eschen's.

Mrs. Chapel told of Mrs. Von Eschen's work and interest in the reading circle and spoke of the deep impression made by the beautiful life of the absent one.

Prof. Hammond offered a prayer of comfort. Miss Minnetta Magers sang "In the Time of Roses." Mrs. Porter gave the beautiful reading "Crossing the Bar" by Tennyson, and the services closed with a fact, "Face to Face," sung by Mrs. Porter and Mrs. Jasper.

STATE NEWS

Two hundred and forty-five thousand acres of pine timber. More acres of land than are contained in the state of Rhode Island. Over seven acres of floor space in their mills and subsidiary factories. A hundred miles of logging railroads in the building. Three-quarters of a million dollars invested in mills and more millions in timber. Enough men on the payroll to make a goodly city. Enough tonnage in lumber and saw, and doors and box shooks to support a respectable railroad system. All of this, mind you," says the Bend Bulletin, "is the property and the product of one corporation which has made Bend its headquarters and is, in company with the other big local operators, placing Bend upon the commercial map as one of the most important lumber manufacturing points in the west. Indeed has the optimism of days gone by been justified! Truly there is good reason to face the future with satisfaction and surety."

Twenty-nine different counties in Oregon, California, Washington and Nevada will have in their records the big blanket mortgage of the Crown Willamette Paper company to the Continental & Commercial Trust & Savings bank, of Chicago, for \$5,000,000. The filing fee in each county is \$113, making a total of \$2,277 and it pays to the government a war tax of \$1,200.

Albany Democrat: A picture of some horses and dogs, entitled Our Friends, shown in one of the windows of the Art Craft a few months ago, was sent for inspection by a prominent artist, who in answer complimented the work very highly, declaring that the girl who drew it has uncommon talent. She is only 15 years of age, and has never taken lessons at all, having a natural artistic genius. She was discovered by G. W. Rohrbach, up in the Cascades, while on a missionary trip for the American Sunday School association. Mr. Rohrbach is greatly pleased with discovering the girl, and more with having been the instrument for her conversion, and that of a sister.

REMARKS AND SONG IS CAUSE OF PROTEST

Claim Agreement to Sing Only Sacred Songs Was Violated

Those attending the Sunday evening entertainment of the Chautauqua last evening were given the benefit of several numbers not on the program.

Ellison-White, having agreed that only sacred music should be allowed on the program, on account of the protest of the Ministerial union against secular music, had arranged with Hartridge Whipp of Portland to sing.

Mr. Whipp is leader of the Grace church choir and prominent in musical circles of Portland. After singing several sacred numbers all of which were encored, Mr. Whipp announced that he sang sacred music for a living, not especially because he liked it and that as an encore he would sing something different. What he did sing for the encore was a long way from the agreed secular music, so much so that Rev. James Elvin, one of the directors of the Chautauqua, made a vigorous protest, on the grounds that he had told the Ministerial Union only sacred music would be on the program.

The Mawson pictures of adventures in the Arctic regions was one of the best entertainments of the entire course.

It is probable that in the handling of the Chautauqua for the coming year, several prominent business men will be invited to assist. The question as to whether Salem wants a Chautauqua next year will be taken up this evening and again tomorrow night.

FOURTH VICTIM OF EXPLOSION

Keswick, Cal., July 17.—The death of R. D. Murphy, of Los Angeles, this morning brought the death toll of Sunday's oxygen tank explosion here to four. The machine shop damages are estimated at \$10,000. As the man operating the welding apparatus was experienced and the Metal Weld company wired to head off the use of the tank, it is believed that the corner's jury will blame the San Francisco concern for the fatality.

COMMITTEE FAVORS HAY

Washington, July 17.—The senate judiciary committee today reported favorably on the president's nomination of Congressman Hay to be judge of the United States court of claims.

A sub-committee was named to consider the qualifications of Judge John H. Clarke, Cleveland, Ohio, for the supreme bench.

"The Mikado" Growing in Interest

Mr. Geo. T. Wilson, director of the Moose Big Comic Opera that will be given in the Grand Theatre on the evenings of Monday and Tuesday, July 31st and August 1st.

Mr. Wilson who has had many years experience in conducting operas has aroused enthusiasm among the forty odd members of the cast during the past week by the manner in which he handled the many comic situations, introduces original pieces of stage business, and conducts the various chorus evolutions and dances.

Between the lines of all the Gilbert and Sullivan Operas there are many little dramatic effects introduced that are only known to those who have sung or acted in them many times. This is one reason why that many times home talent productions do not meet the expectations of the theatre going public. Those who take the several parts have the voices and the acting ability, but do not know what to do in the various situations. It is not what is said or sung, but the way it is said or sung that makes it interesting to those accustomed to seeing excellence of performance. It is the ability to do things in a different way that raises the actor to stardom. The same thing is true of the producer of dramas, operas or photo-plays.

Those who go to see "The Mikado" will see nothing amateurish, despite the fact that it is to be sung and acted by home talent.

In every city of the size of Salem there is talent that is superior to the so-called professionals. All it needs is the right kind of direction to produce any theatrical performance in professional manner. Mr. Wilson uses the same care in staging his shows as in their direction. He carries over \$1,500 worth of scenery and costumes for "The Mikado" alone. An orchestra of ten pieces will play the accompaniment to the entire show. It is safe to say that no local production ever given in Salem will excel the opera to be given on the dates mentioned.

The prices will be \$1.00, 75c and 50c, and exchange tickets will soon be in the hands of the lodge members for advance sale.

Mrs. Sheldon Spent \$1900 for Treatment Without Benefit. Finally Made Well by Lydia E. Pinkham's Vegetable Compound.

Englewood, Ill. — "While going through the Change of Life I suffered with headaches, nervousness, flashes of heat, and I suffered so much I did not know what I was doing at times. I spent \$1900 on doctors and not one did me any good. One day a lady called at my house and said she had been as sick as I was at one time, and Lydia E. Pinkham's Vegetable Compound made her well, so I took it and now I am just as well as I ever was. I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital." — Mrs. E. SHELDON, 5657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, battled with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.
