RUSSIAN DRIVE FORCES GERMANS BACK 10 MILES

Retreat Made Necessary When Russians Broke Through German Front—Slav Armies In Bukowina Attacking Reinforced Austrians—Germans Launch Fierce Counter Attacks Against French—Also Attacked Verdun

Petrograd, July 18.—The Germans have retreated nearly ten miles in Volhynia under the swift advance of Gen. Kaledin's left wing.

In their hasty retirement several thousand more prisoners, a number of heavy guns and large supplies of war material have fallen into the hands of the Russians. The retreat was made necessary when several Russian regiments broke through the German front and threatened to surround a part of Gen. Von Linsingen's army. The Russians have advanced their lines to the north bank of the River Lipa and are strengthening their new positions on the entire front. The advance widens the Russian salient extending into the Austro-German front southeast of Kovel, thus removing the danger of being crushed by the enemy at both sides of the Russian wedge.

All along the eastern front the Czar's armies have suddenly resumed the initiative. The Russian left wing in Southern Bukowina is again in motion against the reinforced Austrian army. The infantry combats are becoming more frequent in Galicia and both artillery and infantry activity are reported on Gen. Kuropatkin's front in the Dvinsk-Riga region on the north.

The Russian commanders on the Austro-German front, however, are compelled to share public interest with the grand duke Nicholas, whose new offensive continues to make progress.

Allies Resume Offensive

Berlin, July 18.—Both the British and French armies resumed the allied offensive on both sides of the Somme yesterday evening and last night with strong attacks against German positions. It was officially announced this afternoon. British attacks against the village of Pozieres and French attacks in the region of Biaches, Barleux and Soyecourt were repulsed with heavy enemy losses.

Russian troops attempted unsuccessfully to take advantage of the Austro-German retirement in Volhynia with attacks west and southwest of Lutsk, all of which were repulsed.

The Russians under General Kuropatkin continued their strong offensive on the Riga front yesterday, penetrating German trenches at some points but being ejected afterwards with heavy losses.

"At numerous places on the northern front, enemy patrols were repulsed," said the official statement. "On both sides of the Somme, after artillery preparation throughout the day, strong enemy attacks were launched in the evening against positions eastward, also against Maisonnette, Biaches, Barleux and Soyecourt."

Paris, July 18.—The Germans have launched a heavy counter attack against newly won French positions west of Peronne, the war office announced today. Thus far all German attacks south of the Somme have been repulsed, but heavy fighting is still going on.

The Germans repeatedly attacked La Maisonnette but were repulsed each time with heavy losses. The fighting then extended along a large sector of the front occupied by the French in the first week of the Anglo-French offensive. The most violent combat is going on near the village of Biaches.

U BOAT IS PREPARING TO START WITH CARGO FOR GERMAN EMPIRE

Says Kaiser Is In Best of Health, Strong, Vigorous and Filled With Optimism

New York, July 18.—Kaiser Wilhelm is far from being the haggard, worn old man he has been pictured recently—he is hale and hearty, unburdened and tireless and absolutely confident of Teutonic success.

Kaiser Wilhelm, Nippert said, was so interested in the case of the women and children captured by Russians in East Prussia and deported that he asked Nippert to see President Wilson and make personal appeal on the emperor's behalf for the United States to intercede. Nippert will go to Washington and hopes to see the president tomorrow or Friday.

"The emperor showed real emotion when talking of these women and children," the judge said. "He told me 'I have an army which is able to take care of itself and take care of our frontiers, but the capture of the women and children is not war.'"

The emperor showed real emotion when talking of these women and children," the judge said. "He told me 'I have an army which is able to take care of itself and take care of our frontiers, but the capture of the women and children is not war.'"

"I found the Kaiser absolutely optimistic as to the outcome of the war. I can quote him as saying 'Such a people as my people are not doomed to defeat. They are destined for victory.'"
