Sept. 25-30—Oregon State Fair.

Buy your outing and camping supplies of us—E. L. Stiff & Son.

A machine for the removal of sand from railway tracks has been invented by W. D. Ashmon of this city, and he has perfected a working model of the same. Patents are pending on the invention, which it is expected will prove of great value to railroads located in sandy districts.

Our prices are right, no reduction necessary. Gardner & Keene, jewelers and opticians.

The band concert tonight will be given in Wilson park and will begin at 8 o'clock. A few days ago there was some doubt as to which park the Tuesday evening concert would be held, but Manager Graber announces today that it was decided to give the concert at Wilson park.

We carry a full line of awnings, wagon covers, tents, etc.—E. L. Stiff & Son.

Two building permits have been issued at the office of the city recorder since the first of the month, one to the United Evangelical church society for alteration and repair of its church building at 440 North Cottage street, and the other to R. C. Shaw for the erection of a one story frame dwelling on Statesman street, between Center and A, to cost \$300.

Dr. Alice Bancroft, over Stockton's, Eye and Nerve Specialist.

With fair weather, much of the hay in the valley can be saved for feeding purposes, according to C. O. Constable county fruit inspector. Fair weather will also save the hay that was not cut although the rains and winds beat it down to some extent. While the state damaged the hay, corn, potatoes and all vegetables are thriving and the prune crop is more promising at present than any crop for the past three years.

There will be a dance at Central Hall Saturday night.

While the Canoe club is one of the active organizations of the city, it has not had many opportunities of appearing in public. But everything comes to the club that will wait, and now it has been asked to appear in full force on the opening day of the bathing beach. The day has not as yet been named but it is understood that the Salem Canoe club will be there in full regalia and do its share in the evening's entertainment.

All kinds of new and used furniture at money saving prices.—E. L. Stiff & Son.

The Salem police are looking for Albert Otjen, aged 13, whose parents live on North Twenty Third street. The lad recently went to the Harris fruit ranch near Brooks to pick berries, and is accused by his roommate of stealing berry tickets from him to the value of \$15. Young Otjen, who it is said made application for admission to the state industrial school about a year ago, now stands a fair chance of getting into the institution if the charges against him are substantiated.

If its building materials come to us—Falls City-Salem Lumber Co., 349 S. 12th. Phone 813.

North Bend, Oregon, which is almost but not quite part of Marshfield, is anxious that the Salem Cherrians include that city in the visit to the Coos bay country the latter part of August. J. A. Smith, secretary of the North Bend Chamber of Commerce writes that the excursionists are more than welcome and that for their entertainment clam bakes, sea food dinners and excursions of all kinds will be arranged. North Bend wants its place in the sun and is ready to entertain if the excursionists will only give it a chance.

Use the Journal Want Ad Way.

While others are reducing we are increasing our stock. There's a reason! Ask us. Gardner & Keene, jewelers and opticians.

The monthly meeting of the Commercial club will be held tomorrow evening at the club rooms. For the first time since their appointment, reports will be made by the seven directors of the club as follows: Mercantile Fred W. Stensloff; Tourist and publicity Benjamin Brick; Social, D. I. Howard; Civic, F. B. Southwick; Industrial, Theodore Roth; Agricultural, Seymour Jones; Legislative, Charles V. Galloway. Brick's report will include the activities of his department during the annual cherry fair.

Court of Fairs, Junior United Artisans will meet Wednesday eve at 7 o'clock, admitting candidates and advocating of officers, large attendance desired.

G. R. Bonell, superintendent of the manual training department of the city schools, left this morning for Menomonie, Wisconsin, to attend the State institute of manual training during the summer. He has been in charge of the manual training work of the city schools for the past six years. This department includes a shop at each of the three junior high schools and the senior high school and the work of these schools come for favorably with that of any high school in the state. For the coming semester, Mr. Bonell will be assisted by Edwin Platt, O. A. Hart, Howard Turner and H. J. Amort.

The river is 5.1 feet above low water on the 18th day of July and the oldest inhabitant will have considerable difficulty in remembering a time when the river was at this unusual high gauge at this time of the year. Ordinarily, by the middle of July, the river is barely above the zero gauge mark and boats are taken off on account of the low stage. Eugene and the upper river sections received a heavier rainfall Saturday and Sunday than Salem and hence the rise of one foot and eleven inches in the past 24 hours.

The ministers of the city, through the Ministerial association will ask Ellison-White to eliminate the Sunday entertainments in arranging for the 1917 course. Action to this extent was taken at the meeting of the association yesterday afternoon. It was the sense of the meeting that the ministers of the city should unite on an educational booth at the coming state fair, where statistics will be on exhibit showing what has been done in church work the past year. Arrangements were made for holding of one hour services each day. A man will be placed in charge of the booth.

Councilman Jones is an enthusiast when it comes to discussing playgrounds for the children. Although his measure for appropriating \$250 for the support of the grounds was postponed until the next meeting of the council by the opposition of councilmen Cook and Hudson at the session last evening, Mr. Jones is confident his bill will pass and that the people of the city are in favor of maintaining the grounds in the Albert pasture, especially after so much has been done to put the grounds in condition. From 150 to 200 children are playing each day on the grounds under proper supervision, besides being taught how to play.

"Beach Park" has been suggested as the appropriate name for the bathing beach and park to be opened in a few days under the auspices of the Commercial club. For the party who can suggest an appropriate name, there is a season ticket waiting. Just send in the suggestion of the name to the Commercial club before 6 o'clock Saturday evening. It is quite easy to think of the right name as all that must be combined in the few short words is the suggestion that the beach and park is fostered by the Commercial club, that it is really a public park and that it is a permanent institution. A few choice words and the free bathing season ticket goes with them.

After a generation of watchful and patient waiting, the fair grounds road is about to be paved. The curb work on South Commercial street will be finished this week and while water mains are being placed and work on drainage under headway, the working

BORN

MORRIS—To Mr. and Mrs. Henry Morris, 497 Union street, Sunday July 16, 1916, a boy.

JONIENTZ—To Mr. and Mrs. Elbert Jonientz of the Jefferson road, Tuesday July 18, 1916, a daughter. She has been named Victoria Eva.

WILSON WANTS ACTION ON CHILD LABOR LAW

Asks Completion of Workmen's Bill and Early Adjournment of Congress

Washington, July 18.—President Wilson called at the capitol today to return personally that senate leaders overturn the democratic caucus legislative program which have deferred action on the national child labor bill.

The president talked with Senators Kern and Martin.

He asked also, it is understood, an early adjournment of congress. The caucus date of August 20 is satisfactory to him. But he urged that the child labor bill and the workmen's compensation act be included in the program to be completed by that time despite every adverse consideration.

President Wilson informed leaders of the senate that he did not wish to be notified of his nomination and to begin his campaign until the child labor and workmen's compensation bills had been passed.

After the conference with the president, Senator Kern said he believed any necessary changes in the legislative program could be effected without further caucusing.

The president in his talk with Martin, who is chairman of the appropriations committee, asked that the committee be kept advised of the progress of the bill.

The fact of the president's call ran through the capitol like wild fire. The smoking rooms were crowded with curious, puzzled, and later, some angry senators.

He talked with Senators Kern, Martin, Simmons, Williams, Hughes and Owens. Some of them were called from their lunches. The senate floor itself was deserted except for senators who were making set speeches to vacant seats on the navy bill.

Republicans were disposed to joke fun at the obviously disconcerted democratic leaders.

Despite the president's visit, a fight on the child labor bill is assured.

The bill will be transferred to the fair grounds road. This will actually happen next Monday or Tuesday. The curb work will begin at the city limits and work in towards town, to be followed at once with the paving force. With ordinary good luck, the seven blocks known as the fair grounds road and also known as the worst stretch of road in the city, will all be paved within 30 days. After the completion of the fair grounds road, the working crews will be transferred to South Commercial street.

ALBANY BANK WINS IN SUPREME COURT

Suit Was Against Board of Equalization—Takes Vacation Soon

The First National bank of Albany was given a favorable decision by the supreme court this morning in its appeal from the judgment of the circuit court (Judge Galloway) in its case against the Board of Equalization of Linn county. This was a case in which certain property held by the bank, but not owned by it, was assessed for taxation. The opinion was handed down by Justice Benson. Other decisions handed down were:

A. C. Mathews vs. Chambers Power company, appellant, appealed from Lane county, suit to enjoin trespass on property, opinion by Chief Justice Moore, Circuit Judge Hamilton's judgment for plaintiff affirmed.

T. Konde et al vs. Charles Aylsworth et al, appellants, appealed from Multnomah county, an action in trover, opinion by Justice McBride, Circuit Judge McGinnis judgment affirmed.

Frank H. Kreinbring, appellant, vs. L. P. Mathews et al, appealed from Columbia county, suit to foreclose a mortgage on real property, opinion by Justice McBride, case remanded for new trial.

John M. Foulkes, appellant, vs. Henry Sengstacken et al, appealed from Coos county, suit to cancel a deed, opinion by Justice Benson, Circuit Judge Coke's judgment for defendant affirmed.

Martha A. Chance, appellant, vs. C. C. Carter, appealed from Yamhill county, action of ejectment, opinion by Justice Harris, Circuit Judge Belt's judgment for defendant reversed.

The court will hear no more cases after this week until September-5.

BENNETT THOMPSON UNDER INDICTMENT

Must Answer Charge of Murdering Mrs. Jennings and Fred Ristman

Hillsboro, Ore., July 18.—Bennett Thompson today is formally charged with the murder of Mrs. Helen C. Jennings and Fred Ristman on the night of May 15. He will enter a plea tomorrow, and his trial possibly will be set for an early date.

The grand jury yesterday indicted Thompson for one of the most brutal and puzzling murders in the criminal annals of the state. Mrs. Jennings was beaten to death with a sledge hammer while she slept in her house, two miles from Sherwood station. Ristman, a attorney driver, who carried the murderer to Mrs. Jennings' home, was killed by a heavy blow on top of his head as he sat at the wheel of his automobile. Apparently the murderer killed Ristman in an endeavor to hide all trace of his crime. The evidence against Thompson is purely circumstantial.

Portland, Ore., July 18.—Girls in bloomers, Chinese trousers, sailors' pants and other radical departures from skirts may gather in a mass meeting here in the near future to urge dress reform, if the plans of those backing the project may be realized.

The first gun in the style reform campaign was fired when a large crowd assembled at the Chamber of Commerce to talk it over. Committees were appointed to arrange for the mass meeting later. It will be in some park or athletic field where there is ample room for exponents of various kind of skirts to walk and run for the benefit of the skeptical multitude.

Frank Deems and Mrs. Fannie H. Deems, his wife, are leading the crusade. Addressing the preliminary session last night, Deems declared women's attire was blamed for immorality, vice, the high cost of living, sun spots and other social evils of the day, and that it was high time the exponents of reform got together and demonstrated their ideas.

St. Louis, Mo., July 18.—Leading horse dealers in the market across the river today declined to say just how many horses the United States government had bought in the East St. Louis market since the Mexican trouble began. It was learned, however, that more than 3,000 cavalry mounts had been purchased here during the past five weeks.

The United States was paying more for its horses than the allied governments, one dealer said. He said three European powers, "tiring of the game" are buying a cheaper grade. This government is paying a good price and getting better horse flesh, the same man said. He would not divulge the cost.

Chicago, July 18.—Bill Wortman, star shortstop of the American association, has been bought by the Cubs from the Kansas City team for a consideration said by Cub officials to be the largest ever paid for a minor leaguer, consisting of cash and three players. Wortman is expected to report at once. He may appear against the Giants next Friday.

The three players who are slated to go to the Blues are said to be Shortstop Eddie Mulligan, second baseman Alex McCarthy and pitcher Claude Hendrix. Waiters have already been obtained on the three players, it was reported. Wortman has been batting near the .300 mark.

San Francisco, July 18.—That the New York Yankees and offered the Senis \$10,000 for Ping Boody and that the offer was rejected by Manager Wolverton, was the report circulated here today.

The offer is declared to have been made immediately after Outfielder Gilboolee of the Yankees had been injured. Wolverton would not entertain it because the easterners wanted the Seal slugger to report immediately for duty.

New York, July 18.—Bill Donovan's crippled Yankees received another setback from fate today when Nick Cullop star of their hurling staff, fell victim to the heat. In the second inning of this afternoon's New York-Detroit clash, Cullop fell in a dead faint, after delivering two balls to a batter. Doctors went on the field and revived him, but he was unable to continue.

King's blue poplin, organdie collar and cuffs, white pearl buttons and buckie and a considerable flare make up this young coat. The belt is of self material and the bonnet blue taffeta set off with a French rose.

Hop Spray

Black Leaf 40.
Black Leaf 40 last season proved without a doubt the best spray for aphids on hops ever used. A great many growers after using all other kinds of spray without success, tried it and saved their crops.

Fish Oil Soap

Usually called Whale Oil Soap should be used with any hop spray. We have the very highest grade and can sell it as cheap as some are asking for inferior grades.
