There is no overhead expense, as all that is necessary is to call 302 and mention a proper name for the beach, and if that name happens to be selected, a bathing ticket good for the entire season will be the reward. L. S. Rowland, of the Beaver State Printers, believes the boys, "the squad to which his son Edgar M. Rowland belongs, should have patriotic letter paper and cards, especially as many of the boys are writing home on any old sort of paper. Hence, he printed on fine linen paper a set of an American eagle and flag with the wording, "Co. M. 3rd Inf. Oregon O. M." and sent to his son with instructions to be liberal with his squad as long as the supply lasted as there was an abundant supply at home.

ICKES IS CAUSING TROUBLE IN ILLINOIS

His Attempt to Boss Riles Regulars Who Want Own Feet in Trough

New York, July 19.—Republican candidate Charles E. Hughes does not intend to permit factional differences in Illinois to jeopardize the success of the ticket in that state in the coming election. He made this clear to a number of Chicagoans who called on him today with a story of grief growing out of the appointment of Harold Ickes, former progressive leader, to the national campaign committee.

Among those who saw Hughes were Mayor Thomas, Senator Lawrence Y. Sherman, Samuel Eitelson, corporation counsel of Chicago, Robert Rathbone, president of the Hamilton club, and M. F. Kraftmiller, president of the Union League club.

The burden of the Chicagoan's complaint is understood to be that as a result of his appointment to the national campaign committee, Ickes has endeavored to assume a sort of state leadership. The regular republican organization objects to this. The answer of Hughes is understood to have been a statement as to the importance of absolute unity in the coming fight and a refusal to interfere in local circles. At the same time it is believed that when Ickes comes here to attend the meeting of the committee he will be told that his appointment carried with it no recognition other than that of a representative republican of his state—that the work he is expected to do is national in scope and should not cause internal troubles in Illinois.

Following an hour's conference between Hughes, Thompson and Senator Sherman, the latter said: "Everything is settled. If Ickes is good enough for the national committee he is good enough for me. At all events no dirty linen is to be washed in public."

Thompson said: "There was no trouble. Ickes was quoted in newspapers as styling himself the state leader, but that has been explained. Undivided support will be given Hughes and he will be given a great reception when he visits Chicago."

Chairman Willcox and Hughes tomorrow will not only confer with the campaign committee but will meet with the senatorial committee from Washington. Fourteen of the seventeen members of the committee are expected to be here. The senatorial committee consists of five members. Among others at Hughes headquarters were former Gov. Stokes of New Jersey; George W. Wickersham, former senator Hemenway of Indiana, and Edward Robins of Philadelphia.

Coroner's Jury Exonerates Slayer

Tacoma, Wash., July 19.—Formal call summoning the grand jury to convene here Friday morning to probe conditions in the longshoremen's strike, was issued today by four superior court judges following a conference. Causes leading up to the strife between union men and waterfront employers will be thoroughly investigated. Among the things to be looked into, it is said, is the alleged inactivity of the police with reference to the recent strike riots, coupled with their inability to produce certain evidence the prosecuting attorney is desirous of having in his possession. James F. Dowling, special officer for the Milwaukee railroad, was exonerated by the coroner's jury late yesterday for the killing of Alexander Laidlaw, longshoreman, who was shot by Dowling last Friday night when strikers assailed him. No criminal action will be brought against Dowling, it is thought. John Smith of Bemidji, Minn., an Indian, is believed to be 150 years old.

Stephens To Be Governor After August Primaries. Los Angeles, Cal., July 19.—Congressman William D. Stephens will become governor of California after the primaries in August, it was stated by a political authority here today, following Stephens' acceptance of the appointment of the lieutenant governorship. "Mr. Stephens would not have resigned his federal position to accept Gov. Johnson's appointment unless it had been clearly indicated that within a month he would occupy the governor's chair," said one campaign official at the Johnson headquarters. Stephens stated today that he would not forward his resignation as congressman to Speaker Clark until he had discussed his qualifications for the new appointment with Gov. Johnson.

The Perfect Corn Flakes. New Post Toasties are not only inexpensive but they bear a new deliciousness, produced by a new process of cookery—the first to produce corn flakes with the self-developed true corn flavor. So fine is this flavor that New Post Toasties are wondrous good eaten dry. Unlike common corn flakes, they do not require cream and sugar to make them palatable. Try some that way—you'll appreciate the point, though they're even better when served with cream or good milk. These New Post Toasties don't mush down in cream, and they are not "chaffy" in the package, like common flakes. They're new in form, new in flavor, and new in appearance. Note the tiny bubbles on each flake—an identifying feature. Put up in wax-sealed packages, New Post Toasties retain their oven-crispness and flavor until served at your table. Have your grocer deliver a package for tomorrow's breakfast. New Post Toasties Sold by Grocers everywhere.
