DEALERS WHO SUPPLY SALEM PEOPLE WITH
THE POPULAR HOME PRODUCTS

Despite the unprecedented high cost of flour and bread making supplies Salem is now being served with a new patent process bread that revolutionized the industry. Goldsmith & Thurer, proprietors of the Salem Bakery, have purchased the Pan Dandy patent for local consumption and wipe out the last argument of those who buy bread made outside the city. Pan Dandy, and the writer speaks from personal comparison, is not just as good, it is better.

Now, there are 3500 families in and adjacent to Salem who should use on the average three loaves a day. At a nickel a loaf it amounts to \$525 a day or \$191,625 a year. Will you do your part in keeping all this money at home by insisting on the home product?

all the Salem made edibles.

A FAST OUTFIELDER**
Inter-City Directors Cut Season Short—Will Close August 27

Manager Klett of the Lojus has signed up H. C. Loof of Corvallis, a fast outfielder, for the balance of the season, and the new man will appear in the game with the Bradfords next Sunday.

At a meeting of the Inter-City league directors held at Portland Monday night it was decided to cut the season one week short, closing on August 27, in order to allow the pennant winners to take two trips and play post-season games, one at Enterprise and one at Klamath Falls.

It was also decided at this meeting that there will be no more interchanging of players for the rest of the season for any reason whatever in view of the close race.

The schedule for next Sunday under the present plan will be discarded entirely, and last Sunday's dates, postponed by rain, will be substituted. Next Sunday's games may be played however if any of the managers consider that the additional contests would have any bearing on the final standing of the teams in the race.

The Woodburn team tied with the Baby Beavers for leadership in the race, and these teams will break the deadlock at Portland Sunday.

Alexander Pope, the poet, was four feet six inches high, and was unable to dress or undress himself.

**MANY ACCIDENTS
AMONG BALL PLAYERS**
Five Players On the Big Teams Hurt, Some of Them Pretty Badly

New York, July 19.—Fate had shuffled the cards for several American and one National league team today with disastrous results, dealing the already stricken Yankees another blow and cutting down the batteries of no less than five teams.

Pitching in the second inning of the game against Detroit, Nick Cullop, the Yankees' dependable twirler, fell to the ground with a torn ligament which will keep him from the game for weeks. In the same game Ray Caldwell stopped a hot liner with his knee cap and limped from the field a cripple for a few days at least.

Wallie Schang, the Athletics' plucky catcher, crashed into the grandstand in pursuit of a foul ball, fractured his jaw bone and possibly his skull. Over in Boston, Hank Severoid, of the St. Louis Browns, collided with Babe Ruth at the plate and was knocked out, while the last zatterman to suffer was Jimmy Archer of the Cubs, smashing a finger in stopping a foul tip.

The Dodgers opened up an even wider gap on the struggling National league field when they were presented their game with Chicago 9 to 0. Joe Tinker started a row which wound up in the game being forfeited to Brooklyn and the Cubs fined \$1,900.

The Yankees, reeling under the last blows of their jinx, succumbed to the

twirling of Willie Mitchell of the Tigers, and let the Red and White Sox creep closer to the leadership. Donoan's team must face the strong western clubs within a week minus three of its best pitchers, its to hardest hitting infielders, and of its star outfielders.

Jules Verne Story Comes from the Sea
Long Beach, Cal., July 20.—The steamer "Four Sisters" of San Francisco, arrived here late yesterday with one of the most astonishing tales of the sea ever brought here.

Two members of the crew died from drinking poisoned water, and the remaining six, including Captain Heinrich Ruesler, lay unconscious for days while the vessel drifted north from the west coast of Mexico.

The "Four Sisters" was engaged in purchasing arms from Central Americans for the Carranza government. On Sunday, July 9, the vessel put out from Bahia Banderas with freshly filled water casks. Immediately after drinking the water members of the crew became violently ill. Frank Brown, aged 43, a seaman of San Francisco, and Percy Stroff, aged 39, of Vancouver, died after drinking the water. Other crew members became unconscious. The vessel, under steam, drifted north. Finally Captain Ruesler recovered sufficiently to take bearings. He headed his vessel to this port.

At a meeting of the Taxpayers' league Saturday afternoon in the court house the following citizens of the county were elected as candidates for places on the county court of Polk county should the proposed recall of the present officials be successful: For county judge, S. Rodgers and Ed Luce will be named as candidates. The meeting adjourned to meet the first Saturday in September.

The judicious use of a delicate paste, insures any woman a clear, hairless skin. To prepare the paste, mix a little of the powdered delatone with some water, then apply to the objectionable hairs, for 2 or 3 minutes. When the paste is removed, and the skin washed every trace of hair will have vanished. No pain attends the use of the delatone and it will not mar the most sensitive skin, but to insure results, see that you get real delatone.
