UNCLE SAM REPAIRING

(Continued From Page One.)
other place than America. Wisconsin's claim the American government has declared the Wisconsin militia to be the model for the country. This Polish company for three years in succession has taken the first Wisconsin

prize for field work. Splendid soldiers, thoroughly American, but adding variation to Uncle Sam's storm coat.
Chicago's colored regiment, the Eighth, adds variety and even snappiness. It is hard enough for Chicago's colored troops to ride in the Jim Crow section of the street cars, San Antonio southern style, but while investigating various textures today I encountered Col. F. A. A. Deulson, col-

ored, chief of the negro regiment, who said:
"I think we have the only deal sure American regiment in the entire lot. The other regiments have got all kinds of folks in them, but we're all the same. We are so American that we obey the San Antonio laws and ride in separate compartments of the street cars, but the other day when the army Y. M. C. A. put up that big frame building right on the edge of

FIGHTING IS FIERCE

(Continued From Page One.)

were strengthened today and intense fighting is proceeding in the woods northeast of the town.

French Claim Gains

Paris, July 21.—Heavy German counter attacks on the position which the French won yesterday in a renewal of the Soume assault, were repulsed today. The victorious French troops threw the Teutons back in disorder inflicting heavy losses, and have consolidated and strengthened their positions materially. The official statement today reported French successes everywhere along the line. It indicated the heaviest fighting in the sector where yesterday's offensive gained ground on a ten mile front. The German counter attack came last night when the French were making themselves secure in their newly wrested gains.

In the Chaulnes region a strong German patrol attempting to reach the French lines was surprised and routed at the bayonet point.

Soissons and Rheims French patrols which penetrated into German territory were successful in a grenade attack on a German trench, emptying it of the enemy.

Heavy artillery actions were reported in the Chantonnay and Fleury regions.

In the Vosges the Germans are violently bombarding the French positions. North of Wissembach the French lines vigorously repulsed a strong German attack.

Three Steamers Sunk

London, July 21.—The British steamer Karma was the victim of a submarine in the Mediterranean today almost at the same time that the steamer Grangemoor was torpedoed and sunk by an undersea boat. The crews of both vessels—British—were rescued.

The British steamer Yser has been sunk.

The Karma was a steel vessel of 3,710 tons, owned by the Union Steam Shipping company of London. The Grangemoor is of 1,500 tons registered at Glasgow. The Yser is not listed.

camp and arranged for a white Y. M. C. A. club to which colored men were not admitted, I told the Y. M. C. A. authorities I couldn't vouch for the safety of the building. If my men got at it, I couldn't keep them from tearing it down, and I wouldn't.

"The Y. M. C. A. people understood and one of them told me privately, 'I respect you for your action.'

"It looks very much now," and Col. Denison's eyes twinkled, "as if my attitude will result in my regiment having a very fine Y. M. C. A. building of its own."

These negroes are crack-jack Americans, as much a part of the American army as any other regiment. It's the same coat, and Uncle Sam has got some tailoring on hand. The more I see of it, the more I think the material is the best in the world.

Submarine Shells Seaport

Berlin, via Sayville, L. I., July 21.—The iron works in the British seaport city of Seaham were shelled by a German submarine on July 11, according to an admiralty statement today.

Submarine operations along the east coast of England have accounted for seven British steam trawlers and two others in the period from July 10 to 14. All were destroyed by the German submarines.

Rumor of Naval Battle

London, July 21.—Reports that Danish sailors arriving from the North sea today heard the roar of heavy guns at sea, led to rumors that there may have been an engagement between Russian and German vessels. There have been no official dispatches yet to support the rumors.

Aged Patient Burned to Death In Treatment

Portland, Ore., July 21.—Pending investigation of the death of John O. Lindblom, aged 82, Dr. George L. Harrison, aged 62, osteopath and chiropractor, was detained by the police today.

Lindblom is alleged to have died from burns received when a spark from an electric vibrator ignited gasoline which Dr. Harrison was rubbing on his back. In attempting to extinguish the flames Dr. Harrison was terribly burned about the hands. It is feared one of his hands may have to be amputated.

Police found the aged doctor in bed when they called to arrest him. He was clothed, being unable to undress with his injured hands. In spite of his piteous pleadings he was locked up in default of \$500 bail.

Dr. Harry McKay, president of the state board of medical examiners, declared he will attempt to have Harrison indicted on a manslaughter charge.

General Franklin Bell Is Coming to Oregon

Portland, Ore., July 21.—General Franklin Bell, commanding the western department of the army, is due here next week to make preliminary arrangements for the civilian military training camp scheduled to open at American Lake, Wash., in August. The camp will follow the general lines of other similar institutions throughout the United States. Enlistments for a period of one month are being received.

Seat Reservation at Grand box office after 10 a. m. Friday, July 28.

Big German Balloon Floats Over Portland

Portland, Ore., July 21.—Folks who thought the war zone had suddenly reached the Pacific coast when they saw a German observation balloon floating over Portland learned today that the gas bag was in charge of United States army experts, who are experimenting with it. The balloon—a bright yellow sausage shaped affair—was made in Stuttgart and sent to this country just before the war started. Captain Basil O. Lenoir, U. S. A., signal corps, is here from Seattle supervising the experiments.

LOGANBERRY INDUSTRY IS MORE PROFITABLE

R. L. Gile returned here last evening after a few days spent at Salem where he was called on business. Mr. Gile says the Pheasant Fruitjuice company, which owns plants at Salem and Woodburn, are now manufacturing approximately 20,000 gallons of logan berry juice a day. Of this amount the Salem plant is turning out from 12,000 to 14,000 gallons a day, while the Woodburn plant is manufacturing about 8,000 gallons. The two plants expect to manufacture not less than 400,000 gallons of the product during the season.

Although the loganberry industry is practically new in the Willamette valley, it has proven so profitable to both the growers and manufacturers that the supply of the two plants will probably be increased next year. It will be but a few years, according to Mr. Gile, when thousands of acres of Willamette valley land will be set out in logan berries.—Roseburg Review.

WOODMEN ELECT OFFICERS

Denver, Colo., July 21.—Head camp officers were elected yesterday by the Woodmen of the World, Pacific jurisdiction, after routine business had been hurried, and the calendar moved forward by one day. I. L. Boark, Denver, was re-elected head consul. Officers elected were:

Thos. J. Barry, San Francisco, head advisor; C. V. Benson, Denver, head clerk; A. E. Smotherland, Fresno, Cal., head baker; Frank P. Bertsch, Denver, head auditor; John Pattison, Spokane; Willis P. Hawley, Salem, Or.; Tom Robinson, Oakland, Cal.; John H. Titten, Denver and Frank P. Hawke, Pueblo, head managers; Elmer S. Pomeroy, Seattle, head escort; E. E. Goodman, Townsend, Mont., head watchman and H. G. Rohne, Grand Junction, Colo., head secretary.

A motion to increase the salaries of head camp officers was voted down. Several delegates declared minor officials and employees should be granted an increase in pay. No action was taken on the latter proposition.

CO. M SHOWN IN PICTURES

The Pathé Weekly news pictures being shown at Ye Liberty tonight and tomorrow, gives what is declared to be a fine view of the Salem soldier boys. The picture was made at Clackamas, and Governor Withycombe is a prominent figure in it.

WORRIED OVER SOLDIER SONS

Santa Rosa, Cal., July 21.—Mrs. W. S. Smith of Oakland wife of the owner of a chain of motion picture theaters, died yesterday morning as the result of an attempt to end her life when she eluded her relatives, and drank two ounces of chloroform Tuesday.

Mrs. Smith has two sons in the allied aviation corps, one in Suez and one in France. She had worried incessantly about her boys, and of late has been heard repeatedly to murmur: "Somebody in France," to herself. This is believed to have driven her to suicide.

KILLED IN RIOT

Memphis, Tenn., July 21.—J. C. Benson, former street car employe is dead from a knife wound and two others are in a critical condition from gunshot wounds as the result of a riot shortly after midnight.

The police say the riot arose over labor troubles. A strike of street railway employes is anticipated within 48 hours. The Memphis street railway company, owned by the American Cities Railway company, employes union men, who recently considered organization.

CHURCH HOLDS CAMP MEETING

Woodburn, Ore., July 21.—Over 250 members of the Church of God, from Washington, Idaho and Oregon, are camped in a grove in this city and holding three services daily. The meetings will close Sunday night. Today will be divine healing day and Saturday afternoon baptism will be administered in the river east of town.
