## An 8-foot Spread From a 45-inch Box

IN the Low Corn King catalogue it takes pages to tell about the good construction that backs up the "8-foot-wide spread from a narrow

45-inch box." Here the space is limited. See the spreader and study these things: The simple worm and worm gear which drive the apron can be reversed, doubling the wear qualities. The gear is entirely enclosed, away from dust and dirt. The relation of beater and apron is just right to do the best work on the manure with the least power. Low Corn King is a steel spreader—frame, beater axles, wheels, driving parts—all of light, strong, compact steel. You return the apron by a convenient foot lever - no hand cranking, no getting down from seat.

tory 8-foot-or-better wide spread. Get acquainted with the Low Corn King spreader. See the local dealer who sells it. International Harvester Company of America
