## NAVAL BILL PROVIDES FOR 157 WAR VESSELS

### Three Year Program Will Cost Grand Total of \$588,180,576

\*\*\*\*\*  
**SENATE PASSES BILL**  
Washington, July 21.—Carrying \$315,000,000, and providing for immediate construction of four battle ships and four battle cruisers, the general naval bill this afternoon was adopted by the senate by a vote of 69 to 8. Senators voting against the bill were: Clapp, Gronna, Curtis, LaFollette, Norris, Thomas, Vardaman and Works.  
\*\*\*\*\*

Washington, July 21.—Efforts to decrease this year's proposed navy program—the greatest one year program ever proposed—were defeated by decisive votes in the senate this afternoon. Senator Cummins' amendment to reduce the bill to two battleships and four battle cruisers, was defeated 14 to 60. Senator Townsend was defeated 58 to 15 in an attempt to lower the program to four battleships and four battle cruisers in three years. Senator Kenyon's motion to lower the number of battleships in the entire program from 10 to six and to order two instead of four constructed immediately, was defeated 17 to 58. Senator Thomas' attempt to substitute the house proposal of five battle cruisers was beaten 12 to 65.

**Amount Breaks Record.**  
Washington, July 21.—The general naval bill directing immediate construction of four dreadnaughts and four battle cruisers of the most modern type, came up for the senate's final approval today. With the appropriate number of scout cruisers, destroyers, submarines and aircraft this program will cost for the first year \$315,000,000.

At the end of three years, the time set for completing the program, the United States will have added 157 war vessels of all types and will have in the opinion of the United States experts, a navy superior to any other except England. The cost of the three year program will be \$588,180,576 for vessels alone. The terms of the senate bill, however, have yet to meet the approval of the house.

Senator Swanson, in charge of the measure, expecting opposition in the house, has conducted a quiet campaign organizing the "big navy forces" for several days. He predicted today that although there will be a warm contest, the house finally would adopt a measure similar to the senate.

In addition to the naval bill program, the bill approves a government owned armor plate plant, and the equipment of four navy yards—Puget Sound, Boston, Philadelphia and Norfolk—for the construction of battle ships.

While some of these warships are to be built in government yards, it is expected that the armor plate plant will not be finished in time to furnish material for any of the ships provided for in the present bill. The bill also provides that line officers of the navy hereafter shall be promoted by competition and selection rather than by seniority, and for many re-organizations within the navy department.

The largest previous naval bill was for \$260,000,000, by Great Britain in 1914-15.

## CAMPAIGN MANAGERS ARE GETTING BUSY

### Democrats Need But 25 Per Cent of Progressive Vote to Win

New York, July 21.—While republican leaders thrashed out their campaign plans today in conference, Democratic Campaign Manager McCormick issued his first set of figures. It was a carefully compiled record of progressive votes cast four years ago, and an estimate which it was said was based on conservative information showing that Wilson would be able to win re-election if he only succeeded in drawing 25 per cent of the progressive strength. The democrats claim he will be able to command a much larger percentage than this—but 25 per cent will be enough to elect, according to McCormick.

"Wilson's vote will probably be larger than this," McCormick said. "A great many democrats voted for Roosevelt four years ago because they felt Wilson was untried. Now they will vote for Wilson."  
The percentage of progressive votes cast at the 1912 election which the democrats figure they must get at the coming election to carry the several states is as follows:  
New York, 25 per cent; Ohio, 20 per cent; Illinois, 20 per cent; New Jersey, 12 per cent; Nebraska, 13 per cent; Minnesota, 13 per cent; Maine, 26 per cent; West Virginia, 27 per cent; Kansas, 20 per cent; Massachusetts, 42 per cent; California, two per cent, and North Dakota, 34 per cent.

Republican National Chairman Willcox met with the national campaign committee through the greater part of the day. Alvah H. Martin, national committeeman from Virginia, reported on general senatorial prospects and the senatorial campaign committee of five members, was in a special meeting. Senator McCumber, of North Dakota, was especially active in this conference, in urging a strenuous campaign in his home state. He pleaded that Hughes make one or two addresses there on his trans-continental trip.

One of the troubles which has developed in the campaign committees it was understood, comes out of the fact that every member wants special attention paid in the campaign to his own particular neck of the woods and is unwilling to concede special concentration elsewhere unless Hughes, or some other "big campaigner" tills the ground in his home state.

## J. FRANK HANLY

(Continued from Page 1.)

Paul last night, believing the convention would close at that time.

As the platform was taken up, Eugene W. Chafin presented a minority report of the resolutions committee asking the addition of an initiative and referendum plank.

**Convention Has a Scrap.**  
Eugene W. Chafin nominated Sulzer. "We have had in the prohibition party long enough the Sunday school politics," said Chafin. "Let us have some statesmanship now."

The Sulzer demonstration lasted only four minutes and was spasmodically feeble. Some one with an orange flag tried to arouse the anti-Catholics, but his friends held him back. Findley C. Hendrickson, Cumberland, Me., a life prohibitionist, was presented as a candidate by George G. Sorsby of Baltimore. Hendrickson, his sponsor

## BAD STOMACH

ONE DOSE OF MAYR'S Wonderful Remedy Shows Conviction That Your Suffering Is Unnecessary.

A million people, many right in your own locality, have taken Mayr's Wonderful Remedy for Stomach, Liver and Intestinal Ailments, Dyspepsia, Pressure of Gas Around the Heart, Sour Stomach, Distress After Eating, Nervousness, Dizziness, Fainting Spells, Sick Headaches, Constipation, Torpid Liver, etc., and are praising it highly to other sufferers. Get a bottle of your drug-gist today. This highly successful Remedy has been taken by people in all walks of life, among them Members of Congress, Justice of the Supreme Court, Educators, Lawyers, Merchants, Bankers, Doctors, Druggists, Nurses, Manufacturers, Priests, Ministers, Farmers, with lasting benefit and it should be equally successfully in your case. Send for free valuable booklet on Stomach Ailments to Geo. H. Mayr, Mfg. Chemist, 154-156 Whiting Street, Chicago, Ill. J. C. Perry, 115 South Commercial.

...had always been a prohibitionist."

Rev. J. G. Mason, of Metuchen, N. J., was put in nomination by Rev. G. E. Day, chairman of the New Jersey delegation.

Scores of seconding speeches followed. Hanly, Sulzer, Hendrickson and Mason were the only candidates.

For vice-president, the first candidates placed in nomination were Harold King Rockhill, of Tacoma, Wash.; Finley C. Hendrickson, Ira Landreth, of Nashville, Tenn., and Miss Marie C. Brehm, of Illinois.

L. L. Pickett of Kentucky, Methodist minister, made a bitter anti-Catholic attack in nominating William Lloyd Clark, of Illinois, for vice-president. Mrs. Mary Cranley, president of a St. Paul Catholic temperance society, assailed Pickett from the floor.

"You're a great liar," she shouted. Chairman Patton shouted for order.

## HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that over-stout people have to bear.

If you are carrying around five or ten pounds of unhealthily fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weight yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. Even a few days treatment has been reported to show a noticeable reduction in weight. Footsteps become lighter, your work seem easier and a lighter and more buoyant feeling takes possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial.

R. M. Chessman, city editor of the Pendleton East Oregonian, and Fred Lockley of Portland are in the city today. They are out in the interest of the initiative measure, establishing a normal school at Pendleton.

Spotted the Compliment. "Yes," said the voluble crank, "I used to be as bad as you, but I made up my mind to quit smoking and drinking, and I did it."

"Indeed!" remarked Manley, "I guess a man who can quit smoking and drinking could quit almost anything."

"Oh, yes."

"Except talking about it."—N. Y. Globe.

The world's greatest wireless station has been built in Italy, powerful enough to communicate with North and South America when similar stations are erected on this side of the Atlantic.

**Pimples Disappear**

There is one remedy that seldom fails to clear away all pimples, black heads and skin eruptions and that makes the skin soft, clear and healthy.

Any druggist can supply you with zemo, which generally overcomes all skin diseases. Acne, eczema, itch, pimples, rashes, black heads in most cases give way to zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is safe, clean, easy to use and dependable. It costs only 25c. an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

Zemo, Cleveland.

## Sport News

### MATTY TAKES CHARGE IN THE GAME TODAY

#### Will Pitch If Team Needs It, Otherwise Will Be Bench Manager

Cincinnati, Ohio, July 21.—Christy Mathewson, new manager of the Reds, may or may not pitch for his team. It all depends upon how he feels and what his other pitchers do.

"That's the way Matty sized it up on his arrival here today. "I haven't fully determined whether or not I will pitch for the Reds," he said. "I first must see what the other pitchers are capable of doing. If I think my work would add strength to the pitching staff, I will pitch occasionally. Otherwise I will be a bench manager."

Mathewson is troubled with a lame side and it is likely that if he does pitch, he will not do so soon. However, the Reds at present, including Matty, have only six pitchers and have six straight double headers to play on their eastern trip, which starts Tuesday.

Matty, Outfielder Roush and Infielder Bill McKeehan, all of whom arrived together, probably will sign Cincinnati contracts by noon and Matty will take charge of the team in today's game with the Phillies.

Asked if he didn't think it unlikely to tackle his new job on Friday, Matty replied: "I'm not quite that superstitious. The sooner I can go to work the better I'll be pleased."

Pacific Coast League Standings

| Team          | W  | L  | Pct. |
|---------------|----|----|------|
| Los Angeles   | 57 | 41 | .582 |
| Vernon        | 59 | 45 | .567 |
| San Francisco | 56 | 50 | .528 |
| Portland      | 44 | 45 | .494 |
| Salt Lake     | 46 | 49 | .484 |
| Oakland       | 38 | 70 | .352 |

**Yesterday's Results**  
At Salt Lake 4, Portland 0.  
At San Francisco 4, Vernon 5 (10 innings).

**Welsh-White Bout**  
Minneapolis, Minn., July 21.—The Freddie Welsh-Charlie White boxing contest for the world's lightweight championship, which was scheduled for tonight, was called off today, when Harry Pollock, manager for Welsh refused to accept Billy Hoke as referee of the contest.

### PACIFIC INDIANS MEET

Manitou Park, Tacoma, Wash., July 20.—The grand averages for the three day annual trapshooting tourney of the Pacific Indians, which came to a close here today, found two Oregon amateurs listed in the first six high scores.

Low Rayburn, of La Grange, Or., topped the amateurs in the final blue rock smashing event, with a total of 145 out of a possible 150, bringing his record of 379 dead birds out of 400, for the shoot. Les H. Reid, of Seattle, and George H. Garrison, also of the Sound city, and both professionals, were to the front with 390 and 380, respectively, for the total scores.

Following are the scores for the Oregonians for today:  
Lou Rayburn, 145; Abner Blair, 135; P. J. Holman, 139; E. M. Keller, 131; E. B. Morris, 125; A. W. Strouger, 125; Charles Leith, 126; P. H. O'Brien, 125; Mark Rickard, 124; W. Bristol (with 20 gauge gun), 54; Earl R. Goodwin, 90; Mrs. Ada Schilling, 136; Mark Siddall, 139; Miss Gladys Reid, 115; Joe E. Reid, 93. Reid shot alone 100 while the rest were entered in the 150 bird race.

### DYNAMITED TROLLEY CAR

Wilkesbarre, Pa., July 21. Another trolley car of the local traction company was blown up today by dynamite, making the second attempt in two days to kill strike breaking crews.

The motorman and conductor miraculously escaped death. The conductor was uninjured, but the motorman will probably lose the sight of one eye. The strike has been in progress since October, 1915.

### SEATTLE'S NEW WATER SYSTEM

Seattle, Wash., July 21.—Plans for an \$8,000,000 addition to Seattle's water system, including an all steel pipe line from Swan Lake, 29 miles away, into the city, were laid before the city utilities committee, by Councilman Reginald H. Thomson, yesterday.

### State House News

A former resident of Salem is included in the list of incorporators associated with a project for boring for oil near McMinnville. Articles of incorporation were filed with the corporation commissioner yesterday. The incorporators are G. W. Evans, E. E. Goucher, A. C. McKinnon, Frank Holmes, W. T. Macy, G. S. Wright, C. Burleson, Elijah Corbett, A. G. Newman, H. C. Puffy, C. R. Mathis, Geo. W. Bridewell. The company is capitalized for \$25,000.

Articles of incorporation have been filed by the La Grande Gas company, which proposes to use sawdust, garbage and other materials for the making of gas. The incorporators are George E. Good, Dr. P. T. Holmes and M. K. Hall, and the capitalization is \$125,000.

The Fletcher Investment company of Portland has filed notice of dissolution with the corporation department.

State Engineer Lewis has issued a permit to the city of Bandon for the storage of water in connection with its new system of water works, for which the city has voted to bond for \$40,000.

In answer to an inquiry Attorney General Brown states that a railroad or other carrier cannot deliver alcohol to a druggist without the signing of the affidavit required by law. The attorney general holds the affidavit to be necessary, although the limitation on quantity in receiving ethyl alcohol is removed in the case of druggists.

A somewhat exceptional showing in the way of preparedness is shown by the teachers of Sherman county in the report of County Superintendent Fagan, just filed with State Superintendent Churchill. The report shows that 76 per cent of the teachers employed in that county are graduates of normal schools, colleges or universities. Some of the remaining 24 per cent have had college work but have not yet been graduated. Superintendent Churchill attributes this condition principally to the close co-operation existing between the district school boards and the county superintendent. Although the former employ the teachers, most of the directors depend upon the county superintendent to assist them in finding suitable teachers. The salaries offered are attractive, the average in the one room county school being \$70 a month, and Superintendent Fagan has little difficulty in finding well trained teachers. That the school directors of Sherman county believe in having long terms of school is indicated by the fact that they have practically eliminated the school terms of six and seven months. Only two districts in the county had less than eight months of school last year, one having six and the other seven months while the remaining districts had terms of nine months.

Articles of incorporation have been filed by the corporation department by the Central Oregon Co-operative Telephone company of Redmond, and by the Kluoh Tillicum society of Freemont.

A committee from the board of regents of the state normal school is here today. They are E. E. Bragg, postmaster at La Grande, W. C. Bryant, an attorney at Morrow, and H. G. Starkweather, of Milwaukie.

A permit has been issued from the state engineer's office to the Utah-Idaho Sugar company for the use of water from the Rogue river near Grants Pass for the manufacture of beet sugar.

A pardon has been issued from the governor's office for Major Craven, a young chap who is serving 100 days in the Multnomah county jail for larceny from a dwelling. The pardon was recommended by City Judge Languth and Circuit Judge McGinn of Portland. The lad is to return to his mother, who lives in Carson City, Nevada.

## War Does Not Stop Griffith's Production In Europe

In spite of the world's greatest and most far reaching war, a great American spectacular and, incidentally, argument for peace, has invaded the co-horts of Europe and promises to stay.

The "Birth of a Nation" opened a two year's run at the famous Covent Garden in London, on July 5, 1915, and August 1, commenced at the Grand opera house in Paris, the world's most magnificent opera house, also at the La Scala in Milan, Italy, historic among the noted opera houses of the earth.

It is also announced that other celebrated European capitals are soon to be invaded by the big reproduction—Vienna and Berlin among them.

Just what sentiment those countries will show in our reconstruction period and its terrors, (which may be very like their own soon) the workings of the Ku Klux Klan, etc., will be interesting to note. They are pretty well read up on the Civil war over there; read on Lincoln, Grant and Lee almost as well as we are, but whether the sentiments of the immense story will find

the same response there is another question.

Of course "The Birth of a Nation" is purely American—but its lessons are as broad as humanity, itself. The wonderful realism of war, however, and the amazement of it all, will take the place of local color with them and very likely, it will create as much European newspaper talk as it has on this side of the water.

The big attraction occupies the boards at the Grand theatre July 24, 25 and 26.
