Monmouth News

(Capital Journal Special Service.)
Monmouth, Ore., July 22—This week-end is a very interesting one in the Oregon State Normal school. All of the students are excited and enthusiastic over the "stunt program" which was given Friday and the one to be given tonight (Saturday). Every county in Oregon and several outside states are represented in the various stunts and each group is very anxious to make the best showing. Besides the students a crowd of Dallas and Independence people as well as the citizens of Monmouth enjoyed the following program Friday night:
Group No. 7—Co-Coasters.

The program for Saturday evening will begin at 8 o'clock on the normal school campus and the following group will present their stunts.
Group No. 1—Multnomahs.—The King of the Land of Nod. Mr. Floyd D. Moore, chairman of group. Miss Clayton Burrow, chairman of stunt committee.

Governor Withycombe Visited Normal. Last Thursday morning during the chapel period the normal school was honored by the presence of Governor Withycombe, who addressed the students. His great interest in the vocation of education and especially in the education of the teacher made him more than welcome in the normal schools and the faculty and students regretted very much that his time was so limited and could not stay longer with them. In his address he told the students of his interest in the Oregon State Normal school work. He stated that he considered the teacher as the holder of the most important position as they are the ones who help to make the education of Oregon. He encouraged them to do their best in the teacher's work which meant and means a much better education and a higher form of civilization for the people of our state and other states. The students were pleased to hear Governor Withycombe say that he now realizes the crowded condition in the normal school chapel, whereas before his visit he only had an idea. Mr. Withycombe promised to do his best toward the interests of the state normal school.
The Oregon Normal school was favored by a visit of three eminent men last Wednesday. The visitors were Mr. O. M. Elliott, president-elect of the Lewiston State Normal school; Mr. E. F. Carleton, assistant superintendent of public instruction, and Mr. Charles Jones, business manager of the Oregon Teacher's Monthly magazine. Each of the men gave a short address to the students during the chapel period in the

close of the session last summer the total registration was 508. This increase in number is proof enough that the O. S. N. S. is growing very rapidly. But one week of the summer session is left but the enthusiasm and true normal school spirit is still present among the students and faculty.
The Commercial club of Monmouth met last Friday evening in the rooms over Clark's grocery for a special session. Prof. E. H. Herdick, of Douglas county, has been elected as principal of Monmouth high school for the next school term. Prof. Herdick is a graduate of the old normal school and has since had experience teaching in different schools of the state. He is also a June graduate of the University of Oregon and is highly recommended for the position. The English department of Monmouth high school is yet to be filled before school opens in the fall.
On Sunday afternoon at 3 o'clock and Sunday evening at 8 o'clock Miss Schoffen, an ex-nun, will speak in the Christian church of Monmouth.

Buy an OWL anywhere NO matter where you find it, the OWL is always a free-drawing, even-burning smoke. That's because it is time-cured, long leaf filler, shaped by hand. But even more. You can be sure that the OWL will always be mellow in flavor. That's because a million dollar reserve supply of slowly curing leaf makes it unnecessary ever to put a poorly-cured leaf in any OWL. From the first step on, the OWL is a better-made, better-smoking and better-tasting nickel cigar. The Million Dollar Cigar M. A. GUNST & CO. INCORPORATED
