DEALERS WHO SUPPLY SALEM PEOPLE WITH THE POPULAR HOME PRODUCTS

Frank Shafer, the leather goods man, has just added to his wide awake store a large stock of auto tires and tire necessities. The Racine tire comes in plain and horseshoe tread with a 5,000 mile guarantee and if it's as durable as it looks it's good for twice that mileage. See them in Frank's window as you go by.

C. T. Pomeroy is back from the jewelers' convention and is more determined than ever to continue his store as the home of good jewelry at right prices. His ability stamps him a man of diversified talents for be-

side being a jeweler and expert repair man he is a graduate optician.

Orders come pouring into the Cereo factory from all over the state for their healthful substitute for coffee and it bids fair to become one of Salem's largest industries. Have you tried it yet?

Fresh pressed loganberry juice makes a wonderful drink these summer days. Mr. Gregory, at 2194, will deliver it to your door if you'll phone him.

For the first time in Salem's history traveling men are arranging their schedules to stay over night in Salem. Up to this time Salem has always been avoided in favor of other valley towns or Portland. This certainly speaks volumes for Charles G. Miller, the live manager of the Hotel Marion whose untiring efforts have aroused this response.

Hartman Bros. company jewelry store is rapidly completing the improvements started some weeks ago. The entrance on Liberty street is a genuine convenience. Their new safe is the finest of its kind in the state and their windows when finished will be smartly unique.

The war has not changed the sterling qualities of Eppley's pure phosphate baking powder. Since it stands without a peer can't you give it preference in your next order?

The best thing to mix with Eppley's Perfection Baking Powder is Perfection Flour, "the flour of ultimate universality," made by the

Capital City Mills. Bryant & Prunk have been in the business ever since they were boys and in the last seventy years claim they have learned every phase of the art in the production of a perfect flour.

William Prunk is proprietor of Salem's finest drug store. He carries the best of everything from Whitman's candies to Squibb's drugs which he uses in his expert prescription department.

Mr. Underhill, of the Townsend creamery, says that White Clover products still represent the acme of perfection in the butter, cheese and ice cream line. No effort is spared to insure sanitation and absolute cleanliness for their products.

When you prepare for that vacation or outing don't forget that Hauser Bros. carry the largest stock of outdoor supplies in the valley. A few suggestions from their store will

YANKS STILL ON TOP BUT ONLY HALF GAME

One By One the Team Has Gone to the Repair Shop, Lee Magee Yesterday

New York, July 27.—The Yanks are slipping. The jinx which has persistently trailed Donovan's men since they climbed to the peak of the American League was pressing closer today.

The latest blow, the loss of Lee Magee, stripped the Yanks of their last regular outfielder and yesterday Ray Caldwell, pitcher, held down center field. And the misfits only got one hit off Cicotte of the White Sox.

The minor league teams to which Donovan farmed his star recruits, Miller, Aragon and Shoemaker, was refused to come to the New York manager's aid by releasing them. Miller would plug that hole in the outfield without leaving a crack, while Shoemaker with five put outs and a no hit no run game just tucked away in the International league circuit seems to be in shape to assist the crippled Yank pitching corps.

With a margin of half a game, the Yanks still cling to the top today. Meanwhile the western clubs are playing hot with their eastern visitors. Just one

game out of nine starts the east has been able to coral, that being the Red Sox who are rushing close on the Yanks heels. Everywhere along the line the western teams are cleaning up with a resultant tightening of the race.

In the National four games still separate the Dodgers from the field, which is led by the Braves. With O'Mara putting up a much improved game at short, and the soothing influence of their home grounds, the Dodgers seem in a fair way to at least hold their own during the present series.

RAINIER JOINS INTERCITY

Announcement was made yesterday that the St. Helens franchise in the Intercity league has been sold to Rainier, and the remaining scheduled games will be played by the Rainier club, which is now an independent organization. St. Helens has not been drawing well, it is understood.

KNIGHTS ARE ARRIVING

Portland, Or., July 27.—Knights of Pythias were beginning to arrive here today for the supreme lodge, which opens here next week. The city is being adorned with Pythian colors, and extensive preparations are being made to welcome the knights. Pythian Sisters conventions are to be held here next week also.

The supreme lodge meets Tuesday for its first session, and the proceedings continue without interruption until Aug. 9.

WELSH AND LEONARD READY FOR TOMORROW

Both Pronounced in Fine Shape by Expert—Welsh Seems Confident

New York, July 27.—Freddie Welsh and Benny Leonard are in perfect physical shape for their battle at Washington Park tomorrow night. The official medico of the state boxing commission has pronounced each man ready for the bout.

Welsh held a public workout to show people who journeyed to Douglaston, that he's due to give the little Harlemite the fight of his young life.

"I've never taken the count yet and I do not intend to start in," is the way Freddie figures the bout.

Rivers Knocked Out

New York, July 27.—Young Reilly of the West Side evaded matters with Ray Rivers of California, knocking the West Riverer out in the seventh round.

Rivers was floored twice in the opening session and the fight was nearly broken up when Reilly's seconds rushed across the ring and cried out that the western man's seconds were giving him strychnine.

The late Jim Hill, the railroad king,

was a man of buoyant optimism.

"Failure," he once said in an address to railway men, "failures are always pessimists. Successes, on the other hand, are optimists. Which is right?"

He paused then added:

"It's easier to slip down hill than to climb up, but the view, remember, is at the top."

San Francisco	58	52	.527
Portland	46	48	.489
Salt Lake	49	52	.485
Oakland	42	72	.368

Yesterday's Results

At Portland 2, San Francisco 0 (game called first half fifth inning, no one out, rain.)

At Oakland 4, Vernon 10.

At Los Angeles 6, Salt Lake 4.

The old duckpond looked quite natural to the Beavers.

They managed to squeeze in about four innings of ball between showers before rain checks were distributed.

Talking about his chances during a squall McCredie remarked that what he needed most was a pitcher and a catcher—and an umbrella. Wait, and don't forget the golfshoes.

Angels accepted a game from the Bees who erred at psychological moments.

Maggert stole everything in sight, including home in the eighth.

Oaks were unable to field the Vernon Bengals' terrific drives and Ham Patterson's Tigers grabbed it, ten to four.

Gardner, in rife, for the Oaks, had a tough day, being discredited with two boots.

Yesterday's big league hero was Eddie Cicotte, who held the Yanks to one hit a single. He fielded his position in flawless style getting a put out and four assists.

Wallie Pipp, the Hank first sacker,

got nineteen put outs. Charlie Herzog, playing his first game in New York, as a Giant, was punk. He did not get a hit, didn't score a run, did not get a put out, and made a costly error.

The Athletics lost twice again.

Modest Benny Kauff speared what looked like a certain two bagger by running and sticking his glove paw skyward.

The Braves-Cubs game was out of the greatest pitching battles of the year, each side being held to two hits, laughs and Allen were the mourners.

CAL STRIKE STILL ON

Vancouver, B. C., July 27.—Hope of a settlement of the Nelson and Fernie coal mine strike which appeared bright last night, were shattered today when the men refused at the last minute to return to work, and the strike situation became as acute as before. At a mass meeting yesterday it was determined for all men to go back to work pending a settlement of the troubles, but the meeting last night cancelled those arrangements.

WORK OF ENEMIES SAYS PUTER

San Francisco, July 27.—S. A. D. Puter, indicted with others on charges growing out of alleged Oregon land frauds, is at liberty today under \$1,000. He surrendered to the authorities when he arrived from New York yesterday.

Puter declares the indictment is the work of old enemies in Oregon. He

KID IRISH QUITS GAME

L. Edwin Ireland, better known in the sporting world as "Kid Irish," formerly the world's featherweight champion wrestler and weight-lifter, is in Salem. He breezed into the Capital Journal office this morning with his arm in a sling, due to injuries received in a recent match at Genesee, Idaho, and announced his intention of going to Honolulu as a special correspondent for the East Oregonian of Pendleton.

"I have retired from the wrestling game," he said. "I should have retired before the match at Genesee. That match took place on Friday. It was the thirteenth match in the thirteenth year of my wrestling career, and see what happened to me."

He will be in Salem two or three days.

says the charges are all falsehoods, and that he can easily prove all of his actions have been far from shady.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with
phosphate before breakfast
washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clear and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatism twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.
