her husband said, "Say, Kid,
do you think this is a delivery

on everything we buy at the
Farmers' Cash Store we save
money."

When it rains in July it rains. The record of the government's gauge at the dock shows a precipitation of .62 of an inch during the past 24 hours, which is ordinarily more than a fair amount for the entire month. As the rainfall was local, the river continues to fall and this morning was 1.7 feet above low water mark. The Alaska summer weather continues as the max- imum temperature yesterday was 74 and the lowest for the night, 54 de- grees above.

When William S. Walton, cashier of
the Ladd & Busa bank goes a fishing,
he wires back not only with a fish
story, but sends the real fish. As evi-
dence that he is something of a real
fisherman, there is in the window of
Watt Shipps, a tuna caught by Mr.
Walton on the 21st at the Catalina
Island. It weighs 24 1/2 pounds and
was caught with a six ounce rod. The
tuna has the look of a young shark
and the appearance of being able to
put up a pretty stiff fight.

Charles E. Bayes, Sr., of 1196 South Thirteenth street, who is employed at the Spaulding Logging company was run into this morning about 6:30 o'clock by an automobile at the inter- section of Twelfth and Lee streets, and was fortunate enough to escape with but a few severe bruises on the head and shoulders. Mr. Bayes was rid- ing a bicycle and the automobile struck him with such force that he was thrown on top of the auto engine. Medical attention was given by Dr. H. E. Clay and this afternoon Mr. Bayes was resting easily.

given at 7 o'clock tomorrow afternoon
at the office of the Pacific Telephone
& Telegraph Co. on Liberty street, by
Dr. F. H. Kruse, of the special safety

lecture is rather in the practical form
of demonstrations, showing just what
should be done in case of accident.
The telephone company is greatly in-
terested in methods of resuscitation
on account of the great number of its
men engaged in electrical work. The
demonstration will be of a practical
value and the public is invited.

MISSOURI WOULD STRIKE

St. Louis, Mo., July 27.—Between 90
and 95 per cent of the Missouri mem-
bers of the four railway brotherhoods
are in favor of a strike.
This was learned today from usually
reliable sources. The balloting ended
last night at midnight.
Brotherhood officials of the St. Louis
district today were preparing the bal-
lots for delivery to the brotherhood
headquarters in New York.

Leslie Blade, the only blind man ever
graduated at the University of Oregon
will deliver an address Friday evening
at 8 o'clock at the First Christian
church. He will speak on "Prelim-
inary Survey of the Mental Imagery
of a Blind Subject." "In many re-
spects Mr. Blade is a remarkable
man," said the Rev. F. T. Porter. "He
came to Eugene three years ago with
but 25 cents in his pocket. By doing
typewriting work, filling pulpits, writ-
ing for eastern papers and clerical
work, he managed to pay his expenses.
Next year he will enter the Eugene
Bible university."

"I like to clean up my desk work in a hurry."

"I find it advisable to string it out
a little, so that I will always have
something on my desk in case a bore
comes in," said his friend, taking up
some papers on his desk.
The other man looked at him
quizzically and went out.—Louisville Cour-

Baby Matters Case Is Regular Thriller

Chicago, July 27.—Another thrill
was injected into the famous "Baby
Matters" case here today when Miss
Marie Besrosiers, nurse at the Misere-
cordia hospital, Ottawa, told of an al-
leged kidnaping of the baby from the
side of its mother while the latter
slept.

Testifying in Federal Judge Landis'
court, where Miss "Margaret Ryan",
Canadian country girl, and Mrs. Anna
Dollie Ledgerwood Matters, wealthy
widow of Fred Matters, Arcola, Ill.,
moving picture magnate, both claim to
be the mother of the child. Miss Be-
srosiers told of taking Baby Irene
from the side of "Margaret", unwed
wife of the village blacksmith in
her home town and placing it beside
Mrs. Matters. Mrs. Matters, she said,
had wanted to adopt a healthy baby
but did not want any one to know it
wasn't her own.

The case came before Judge Landis
when Mrs. "Ryan" filed suit for a
writ of habeas corpus to have Mrs.
Matters' show cause why the child
should not be given back to her. Mrs.
Matters was recently acquitted of con-
spiring to foist Baby Matters on the
estate of her husband. She will be
tried July 31 on a perjury charge in
connection with probate records in the
case. The probate court ruled against
Mrs. Matters.

Company M Plays Ball With Border for Fence

Members of company M do not
spend all their time in drilling or in
washing their clothes, or attending to
sentry duty. The following letter tells
of a little play on the side:
"Now I will tell you of a baseball
game between the machine gun com-
pany of Postland and Company M of
Salem.

The score was 15 to 4 and the com-
pany M lineup was as follows: Jones,
left field; Phillips, catcher; Lyle Engle,
pitcher; Proctor, third base; Grovener,
short stop; Dal Roggles, second base;
Gabrielson, first base; Lefty Leffing-
well right field; Cole, center field.
"Next Sunday, July 30, Company
M will play the best in the battalion.
Bill Zozel also assisted in the box. Ev-
erybody in Company M is fine."
The letter was written from Palm
City, and dated July 24.

Raided Wall Street With Pretty Chorus Girls

New York, July 27.—Everybody
knew they'd have to be called on when
it came to baiting Wall street in efforts
to raise \$50,000 for relief of dependents
of national guardsmen, for as broker
bait, chorus girls are admittedly as fly
bait to trout.
The active service auxiliary of the
National Guard, Mrs. Cornelius Vander-
bilt, chairman, loaded six buses with
plummy and slender ones and brunettes
and blondes and carried out a devastat-
ing Wall street raid.

Mrs. Vanderbilt said the pickings
were "very good" yesterday, and that
she expected them to be better today.

MEXICAN AND AMERICAN OFFICERS HAVE CONFAB

Nogales, Ariz., July 27.—An impor-
tant secret conference between Brig.
Gen. Edward H. Plummer of the United
States army and Gen. P. Elias Calles,
military governor of Sonora, was in
progress at the customs house shortly
after noon today. Each officer was ac-
companied by two aides. It was indi-
cated that the conference was inspired
by instructions from headquarters in
both countries. Gen. Plummer is com-
mander of 2,000 regulars and militia
here.

New York Wrestles with Street Car Strike

New York, July 27.—Added to her
other troubles New York today had on
her hands one of the most uncomfort-
able street car strikes in her history.
More money and the right to unionize
were the objectives of several hundred
motormen and conductors on the Union
Railroad company, which controls all
surface lines in the densely packed
Bronx. Not a surface car wheel turn-
ed from 8 o'clock last night until this
forenoon when a dozen or less operat-
