BELLANS EDITORIAL COMMENT ON HUGHES SPEECH

A Few Praise But Most Find It Weak, Vacillating, Unsatisfactory

WAR WILL NOT BE DRAWN SAYS SECRETARY

Lord Newton Declares It Cannot End Until Allies Are Victorious

Following is a synopsis of editorial comment on the acceptance of Justice Hughes in New York city last night.

New York Tribune—One clear note runs through the whole of Mr. Hughes' speech. It is a challenge of incapacity an indictment of failure. It is rightly an indictment of Mr. Wilson's scattering point of view. But it would be idle to pretend that portion of the address which deals with the Lusitania massacre is satisfactory to the Tribune.

New York Times—Little that is new appeared in the speech. It is to be remembered he wishes to make the Mexican question the burning issue.

New York World—Mr. Hughes' speech of acceptance is public confession of a candidate who is without an issue and without a policy. His policy is to be one of firmness. But what form is firmness going to take? War? Intervention?

Sacramento Union—It is a poor convention speech dealing with grave problems along narrow partisan lines. Hughes will lose tens of thousands of friends by his utter apparent lack of comprehension of the nature of our problems and their remedies.

Sacramento Star—Hughes' address is the weakest political declaration of a party leader in years. It would appear that his only object was to bring together the two factions of his party. In this he will fail because the real progressive element will be disgusted by his palaver.

St. Louis Globe-Democrat—Mr. Hughes made a great republican speech and a great American speech.

St. Louis Republic—Such stuff will not be taken seriously by the American public—even the most partisan portion of it.

Court House News

A valuation of \$1846.21 has been fixed on the estate of Abraham Oppinger by the appraisers appointed by the county court. Jacob Fox, Charles Warner and Marion Lewis are the appraisers.

S. P. Hill, father of the deceased, has been appointed administrator of the estate of Bryan Sidney Hill by the county court. Louis Bechtel, J. N. Ganiard and A. B. Killopp are named as appraisers. The estate is valued at about \$6,100.

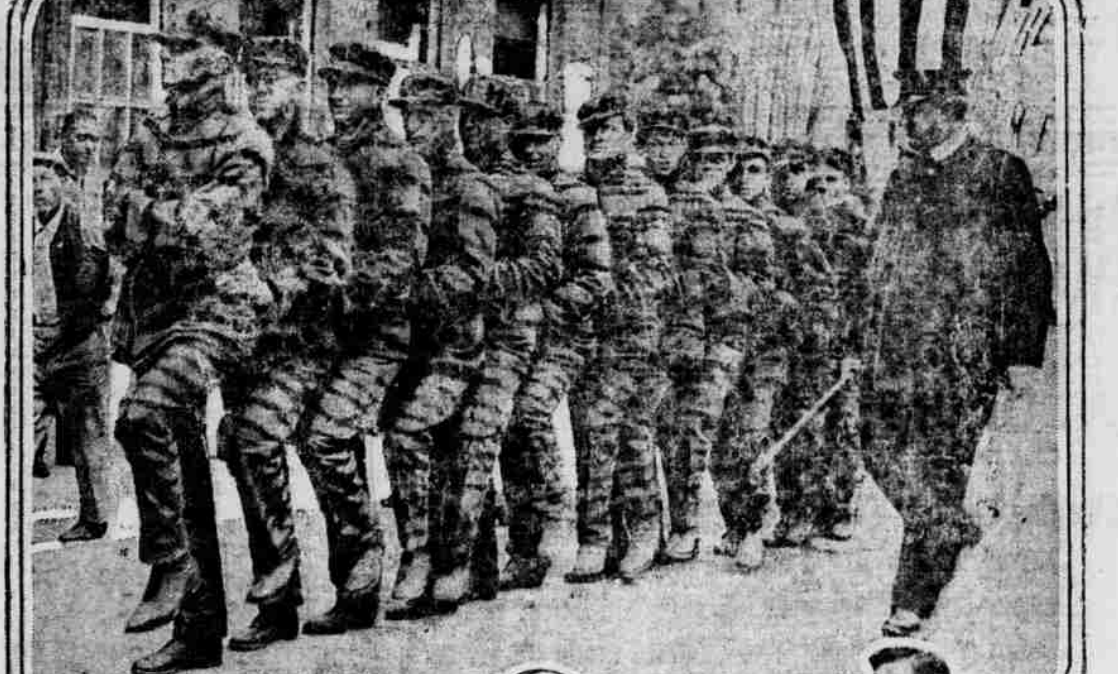

Final account of Alfred Meyer, executor of the estate of Gottlieb Meyer, has been approved by the county court.

An answer has been filed by the state in the divorce case of Estella Moffitt vs. V. M. Moffitt.

Time limit for filing an inventory of the appraisement of the estate of Emma L. Ide has been extended to September 1.

District Attorney Ringo, accompanied by Mrs. Ringo, leaves today for his annual vacation of six weeks. North Dakota, St. Paul, Omaha and Kansas are included in the itinerary of the trip. Assistant District Attorney White will have charge of the office during his absence. He will be assisted by Smith and Shields.

ESTIMATES SAYS 500 BURNED TO DEATH

Of 208 In One Place Only Eight Escape—Pitiful Stories of Holocaust

Haileybury, Ont., Aug. 1.—As scores of dead in the fire swept district between Bamore and Cochran were buried in deep trenches today there was every indication that the toll of life taken by the devastating forest fire will never be known. Relief workers believe more than five hundred were lost in the forest fire which swept hundreds of square miles in northern Ontario.

Identification was impossible as the flames ate up every identifying mark. Refugees who escaped have been unable to tell how their neighbors fared.

The survivors found were pitifully few. The first train bringing survivors carried but forty seven, of whom three women and 17 men were horribly burned.

Whole settlements were wiped out. Relief workers sent back reports of eight survivors in a village of 208, of fifty seven bodies found in a single railway cut, sixteen found in a pit, twenty four found in one house and 130 bodies buried in the course of a single morning. For every body found along the railway a dozen may be seen lying dead under the ashes of northern Ontario, was the word sent back by the rescuers.

NEW YORK IS FACING STREET CAR STRIKE

May Tie Up 1,575 Miles, Its Total Vast Surface System

New York, Aug. 1.—New York's vast surface system of street car lines, comprising a total mileage of 1,575, was threatened today with the most complete tie-up in the city's history. The right to unionize is the one big issue involved.

Unless this right is granted the 30,000 surface men employed by the companies, they threaten to carry the fight to elevated and subway lines. Such action, company and city officials admitted today, would result in the worst street car strike America has ever known. As it is, a tie-up of the surface lines would seriously hamper business of all kinds.

The outlook was so gloomy Governor Whitman stayed over in New York today to discuss the situation with Mayor Mitchell, Police Commissioner Woods and other officials. Governor Whitman realizing what such a series of walkouts would mean, wanted to know if New York's 10,000 police could handle the situation without militia aid. Mayor Mitchell today called both sides to a conference at city hall at one o'clock.

Conditions almost unprecedented in this history of street car strikes in this country presented themselves today. Strikers openly hoisted the caps that are still running, quietly paid their fares and stood with strike-breaking motormen and conductors, calmly urging them to join the strikers. The few passengers aboard did not even know what was going on. If the strike argument failed, the pleaders would remark: "Well, old man, I'm sorry you can't see us. Maybe you will later. So long."

Ford Reduces Price On All Kinds of Cars

Detroit, Mich., Aug. 1.—In the face of greatly increased cost of materials and labor, the Ford Motor company today announced wholesale reductions in the prices of all models of the Ford company. At the same time the company announced the opening of 33 new branch offices in various parts of the country, bringing the total to 79 and the total of employed workmen to approximately 50,000.

These reductions in prices were announced:

- Touring car from \$440 to \$360.
- Runabout from \$390 to \$345.
- Couplet from \$590 to \$505.
- Town car from \$640 to \$595.
- Sedan from \$750 to \$645.
- Chassis from \$360 to \$325.

In view of the tendency on the part of most other manufacturers to increase rather than reduce prices, the announcement of the Ford company caused surprise in automobile manufacturing circles here.

Market Perked Up and Prices Were Better

New York, Aug. 1.—The New York Evening Sun financial review today said:

Trading in the general list, although heavier in volume than reported in recent days, to a great extent was made up of operations of the professional element which exhibited more cheerful sentiment over the real factors underlying intrinsic values, while as a rule it worked for better market quotations.

Prices opened strong and higher practically throughout the list, increasing buying power reflecting the favorable reception in the street of the Hughes speech of acceptance and fuller realization of the significance of the new orders being received by the munition companies.

War industrials were especially prominent in the first dealings, with advances of from one to two points recorded.

Demand was more diversified than recently and certainly more vigorous. The standard rails, however, with the exception of Southern Railways which was strong on its June statement of earnings, lagged.

In the course of the late forenoon market, the rails became more prominent, particularly Union Pacific which advanced to above 138, against its closing at 136 3/4 the day before. The question of a general railroad strike at the moment does not loom large in the financial district.

"SURVIVAL OF THE FITTEST"

A proprietary medicine like everything else that comes before the public has to prove its merit. It has to meet competition. The law of the "Survival of the Fittest" applies to this as to other things. The fact that Lydia E. Pinkham's Vegetable Compound after forty years of success is still one of the largest sellers proves that it is a dependable, standard remedy for the ailments of womanhood, and one in which they may have perfect confidence.
