COMING EVENTS

TONIGHT
Aug. 3.—Cherrian picnic and dance, state fair grounds.
Aug. 3.—Marion county civil war veterans' association meet at Silverton.
Aug. 15.—Third annual picnic Southern Pacific employees at state fair grounds.
Sept. 18.—Opening day of city schools.
Aug. 25.—Cherrian excursion to Marshfield.
Sept. 25-30.—Oregon State Fair.

Dr. Mendelsohn, specialist, fits glasses correctly. U. S. Bank Bldg.

The Grahamona today made its last trip of the season to Independence. Hereafter during the summer, the schedule calls for way points between Salem and Portland, leaving Salem at 7 o'clock on the mornings of Monday, Wednesday and Friday. The gauge of the river is now getting to the regulation for August, with a reading today of one foot above zero.

Drink Cerec, the liquid food, the health drink. Ask your grocer.

For the benefit of those who are looking for a salubrious climate during the summer months, why not try Salem first. The maximum temperature yesterday was 76 above, and the lowest for the night 51.

Denison's Baths, foot of State street. Safe, convenient, first class.

This information is for those interested in the harvest fields. Out sacks will retail this year at about 9 cents; number 1 seconds at 10 cents and new Calcuttas at about 12½ cents. These figures are not the price of any one dealer, but just about the average.

Wards Drug Store will supply its customers with pure grain alcohol according to law.

During the summer months the Elks hold but one meeting a month and for August and that meeting is tonight. Besides hearing a report of past excursions, Mr. A. J. Anderson, delegate to the national convention at Baltimore, six candidates will be initiated. Mr. Anderson took a look at the big submarine Deutschland while in Baltimore and promises to tell the boys all about it tonight.

CHIROPRACTIC IS THE MASTER SYSTEM

If your spine is right, you are right. Those who have tried every old method and found no relief should try Chiropractic and get well. Many hundreds of grateful patients in Salem and elsewhere can substantiate my statements. Six adjustments will be given for the small fee of \$5.00. Difficult cases, which require X-ray examinations and Spino-graphs can obtain them at a nominal fee. Only expert Spino-graph work. A talk with the old Chiropractor may lead you to health and happiness; act now.

Here is cheerful news for the children who are whiling away the happy hours at the Albert Park playgrounds and Riverside Dip. School will begin Monday morning September 18 giving the free life just six weeks more after this week.

Think this over, burning hot weather in the middle west. Wheat market advancing daily in Chicago. Wouldn't it be wise to store away a few barrels or sacks of Fishers Blend or Art flour at today's price.—See Rota Groc. Co.

Robert M. Bowers of Salem is listed among those who recently passed successfully the recent examination before the Oregon State Board of Medical Examiners. He will practice in Salem. Of the 38 that took the examination only ten failed to pass.

Seven recruits of the U. S. army left yesterday for Portland accompanied by Colonel Varum. Their names are: Robert Wolbert, 18, of Rockford, N. D.; Floyd M. Scott, 19, of Salem; Walter J. Dickenson, 27, Omaha, Neb.; Kenneth C. Gardner, 18, Rockport, N. D.; Boswell B. Toller, 18, Yoncalla, Oregon; Ray G. Dawson, 17, Salem, 2546 Hazle avenue; Frank Lockman, 18, Woodburn. Robert Hinz, 18, of Salem was accepted and will leave for Portland tomorrow. After arriving in Portland, the recruits are sent in squads to California training camps.

The Frame Shop at 415 Court St. will offer on special sale Saturday some 250 picture frames at 25c to 50c each. These frames are made from short lengths or remnants and are just the same as those sold in the framing department, but at about one fourth regular price. These prices will not include glass and fitting.

Several of the Salem Rifle club members went to the Finzer rifle range last night and cleaned things up, preparatory to the Sunday practice. Targets have been established as follows: Three at 200 yards; three at 300 yards; three at 500 yards and three at 600 yards. Most of the boys are going to the shoot Sunday morning will go on the morning Oregon Electric.

With the advent of real summer in the east, the price of lemons took an upward jump, and now a box that wholesaled a few months ago for \$4.50 is quoted on the market at \$7 and the top has not been reached. With a big demand in the east for lemons, and no shipments from Sicily on account of the war and lack of shipping facilities, trade papers predict higher prices and a serious scarcity.

L. Erwin Ireland left last night for Medford to attend the press convention which begins the last of this week. Mr. Ireland has just finished the advertising work upon which he engaged when he came to Salem. Immediately after the Medford convention he will go to San Francisco, and will sail August 9 for Honolulu to take up his duties as special correspondent for the East Oregonian of Penderton.

Even if the weather man refuses a temperature any higher than 76, the Riverside Dip is now open for business and yesterday a crowd of more than 100 splashed in the beautiful Willamette at the rate of five cents per splash. The receipts yesterday were \$21.00, which is considered by Arthur R. Wilson as pretty good business for the first real day's business. As soon as the receipts come in a little faster, the committee in charge of the beach intend to add several improvements, one of which is preparing a little better passage way for automobiles.

Beware of cashing money orders, unless the party who presents the order is well known. The postal authorities at Washington are sending out notices of blank money orders that have been stolen. The thief who steals the money order in the postoffice generally knows enough about the business to also take along the stamp, whereby it is easy to make one what appears to be a genuine order. From June 7 to June 12, in different parts of the county, 20 thefts were reported of money order blanks. The government offers a standing reward for arrest and conviction.

There is a feeling among many who saw the Mikado that the opera should be given again, especially as many were prevented from attending Tuesday evening on account of the opening of Riverside Dip. For this reason, and also the fact that the "Mikado" is perhaps the best known comic opera ever written, it will be given again Saturday evening at popular prices. Since the opera was written 31 years ago, there has been none produced that could compare in the number of tuneful melodies and dramatic climaxes. A rehearsal will be held this evening at the opera house.

Indications are that the Cherrians and their friends who travel to Marshfield on the morning of Friday, August 25, will have plenty of company, not only on their special, but after they arrive at Coos Bay. George F. Rodgers, general chairman of all committees for the Marshfield excursion, is in receipt of a letter from Oregon City Faberians indicating that a large delegation from that city may accompany the Salem contingent. Besides those living in and near Salem, prominent men from Independence, Dallas, Woodlawn, Gervais and Silverton have signified their intentions of accompanying the Cherrian special. A special committee from Salem will go to these points early next week and arrange for the reservations of those who sign up to accompany. After the Cherrian special arrives at Marshfield, will find plenty of company as the Portland and San Francisco excursionists are arranging to be on hand Marshfield day, Saturday, August 26.

PHOENIX WAS HOTTEST.

Chicago, Aug. 3.—A chastened heat wave boosted the mercury in the plains states today. Indications were for partly cloudy and unsettled weather over the middle west and northern portion during the next 36 hours with scattered thunderstorms. Higher temperatures were predicted by the weather bureau in the lake region and the upper Mississippi and middle Missouri valleys.

Phoenix, Ariz., was the hottest place in the United States yesterday, 108.

SAYS CONFERENCE WILL BE FOR HUGHES

Chairman of Women's Party Predicts This Will Happen August 1

Denver, Colo., Aug. 3.—One hundred thousand dollars and the influence of the national woman's party will be cast into the balance in favor of Charles Evans Hughes and against President Wilson if the democrats fail to pass the federal suffrage amendment at the present session of congress.

Miss Anne Martin, chairman of the woman's party, stated to the United Press here today: "We must judge the democratic party on its performance and the republican party on its promises. Just as we hold President Wilson to a strict accountability for his suffrage record, so we will hold Governor Hughes to his promise of national suffrage, if he is elected."

"The leaders of the woman's party are no babes in the woods. We realize that politics and hope of victory may have had a great deal to do with the change in Governor Hughes toward favoring national suffrage. But we have not even a promise from the democrats. We have every confidence that as leader of his party, Governor Hughes will keep his word. The party that secures the political freedom of all women will inevitably win the unyielding loyalty and adherence of the women voters. Will the democrats give this great opportunity to the republican party?"

Miss Martin is directing efforts to raise a \$100,000 campaign fund for the woman's party. Anticipating no satisfactory action from the democrats, Miss Martin stated that plans have been practically completed for a vigorous campaign by the woman's party in the 12 suffrage states in behalf of the republican party.

"I myself am a democrat," said Miss Martin. "I would like to vote for President Wilson. But as a member of the woman's party my first intent is to secure national woman suffrage."

Two organizers of the woman's party and of the congressional union for woman suffrage have actually been at work for months in each of the equal suffrage states. One is in charge of state headquarters and works in co-operation with the state and congressional district chairman. The second organizer travels around the state and arranges meetings for a corps of speakers routed from national headquarters in Chicago.

Miss Martin expects the conference of the woman's party in Colorado Springs, August 10-12, formally to declare for Hughes. Afterward the woman's campaign will be directly pointed to help elect him.

Mrs. Race of the Yew Park green house is the possessor of a night blooming cereus. It belongs to the cactus family, each bud lasting only one night. On the plant belonging to Mrs. Race, there are three buds. The first will probably bloom tonight and can be seen by those interested at the green house on South Twelfth street. The other two will also probably bloom this week.

State House News

The experiment of keeping the prisoners engaged in the flax harvest in camps has been abandoned. Last night the men were brought in to the prison by auto truck and were taken out in the same manner this morning. The change in the plans follows an order issued by the board of control yesterday. It is understood the escape of six prisoners from the flax camp yesterday was the immediate cause for the board's action.

The Agathorn Farm company, which consists of W. W. Cotton, W. L. Boise and A. F. Smith filed articles of incorporation at the corporation department this morning. The company's place of business is Portland and its capital \$42,000.

The Laurelwood Orchards company of Portland has filed with the corporation commissioner notice of dissolution. The public service commission today authorized the Southern Pacific company to establish new rates to meet water competition between Portland and points on the Willamette Pacific and Coos Bay, Roseburg and Eastern branches. The new tariff, which includes a commodity rate on coal from Beaver Hill, Cedar Point and Marshfield, provides higher rates for short hauls than for long hauls.

Declaring that a general strike would work great hardships on the public, the public service commission today adopted a resolution requesting railroads and their employees to submit differences to arbitration.

STREET CAR STRIKE MAY STOP TRAFFIC

New York, Aug. 3.—Tie-up of the 1,291 cars that operate on the 450 miles of surface tracks on the New York City railways within 24 hours seemed certain shortly before noon today when the conference called by Mayor Mitchell between union and company representatives failed to reach an agreement. Eight thousand men are affected.

Such an addition to the lines on which strike already have been declared would bring the total directly affected up to 1,010, the number of cars up to 2,148 and the number of men to 15,000.

Recognition of the Amalgamated Association of Street and Electric Railway Employees was the point on which the conference struck a snag. Union leaders insisted on such recognition. President Shonts of the New York City railways refused even to admit the men are dissatisfied.

1,010, the number of cars up to 2,148 and the number of men to 15,000.

The Call To Breakfast

Has a new appeal for those who awake to a breakfast of

New Post Toasties

These new corn flakes bear a unique deliciousness because of their self-developed flavor and improved form. The flavor is the true essence of choice, ripe Indian corn. Unlike ordinary "corn flakes," the New Toasties do not depend upon cream and sufar for their palatability.

Try some dry—they're good that way and the test will demonstrate their flavor. Then try some with cream or rich milk. Note that New Post Toasties are not "chaffy" in the package; and that they don't mush down when cream is added.

New Post Toasties are known by the tiny "bubbles" on each flake, produced by the quick, intense heat of the new process of making. They come in a wax-sealed package that preserves their oven crispness and delightful flavor—the most perfect corn flakes ever produced.
