OUTLINE OF FARM LOAN ACT.

The act provides for the creation of 12 Federal Land Banks and permits the establishment of any number of joint stock land banks for the purpose making loans at a reasonable rate of interest,

A Federal Farm Loan Board has complete control over these banks,

A-Federal Land Banks.

Twelve Federal Land Banks are provided, one in each of 12 districts into which the country will be divided. These banks are empowered to loan on first mortgages on farm lands in amounts of \$100 to \$10,000 for approved purposes. The long or amounts of \$100 to \$10,000 for approved purposes. The loans are to be made through farm loan associations and agents. No loan may be made for more than 50 per cent of the value of the land mortgaged and 20 per cent of the value of the permanent insured improvements

National Farm Loan Associations—local organizations composed ex-National Farm Lean Associations—local organizations composed ex-clusively of borrowers—are authorized. These associations must be stockholders in the land banks in proportion to the amount their members wish to borrow. Eventually all stock in the Federal Land banks will be owned exclusively by these associations.

A reasonable interest rate is established. The act prohibits the

Federal Land Banks from charging more than six per cent on any mortgage or requiring fees not approved by the Farm Land Board.

The borrowers will share in the net profits of the bank because they are stockholders. It is contemplated that ultimately the borrowers will be the only stockholders.

Long-term loans are provided by authorizing mortgages for periods of from five up to 40 years.
