These are strenuous times. Dallas is all excited as to whether street dancing during band concerts should be allowed. Albany is working up a fair of its own, not in competition with the Scio fair, but one for home use, and Salem folks are figuring out how to go to Marshfield and not spend more than \$25 each.

A temperature of 78 degrees above has been recorded as the maximum for the past three days at the government's official thermometer at the O. C. T. deck. Last night the minimum was 55. The river is about holding its own as the gauge for Sunday and Monday mornings was 7 of a foot above low water mark.

In a contest between the good housewives of the country and the sugar trust, it appears that the homefolks have won the first round, as the refiners this morning announce a reduction of 20 cents a hundred, and this is right in the midst of the canning season. It appears that the women folks simply refused to can fruit when the price of the best sugar was hovering close to nine cents, of if they did, just reduced the usual amount, thereby getting even with the trust.

ALLIES DIPLOMATS FAIL TO GET RUMANIA

Keen Disappointment Felt In Petrograd Over Diplomatic Failure

By Carl W. Ackerman. (United Press Staff Correspondent.) Berlin, Aug. 7.—Failure of the British to make any important headway in their great offensive on the Somme front and a fresh defeat for allied diplomats in Rumania have inspired the German public with confidence. All reports from Bucharest and Vienna indicate that the Balkan situation is again satisfactory to the central Powers. Reports from Stockholm declare keen disappointment is felt in Petrograd over the failure of the allied diplomats' latest maneuvers at Bucharest.

Satisfied that they could not induce Rumania to enter the war, the allies attempted another coup in the negotiations just closed. They asked that Russia be permitted to send troops through Rumania to invade Hungary, thus evading the Carpathian mountain barrier, Russia guaranteed to defend Rumania from attack should Austria declare war on Rumania.

Halting of the Russian advance in the southeast and the allies' failure to break through the German lines in the west were factors that aided Germany greatly at Bucharest. The allies, it is understood here, have now practically discontinued their efforts to win Rumania's favor.

According to the report of Dr. O. B. Miles, city physician and health officer, during the month of July there were 16 deaths reported, 8 male and 8 female. Two cases of diphtheria were reported for the month and only three cases of measles.

C. C. Brisbane fell dead this morning while working on a public road 7 1/2 miles north of Salem. AUTO GOT HIS TAIL

Port Orford, Ore., Aug. 7.—This is the tale of a panther's tail. Shiller B. Herman, of Portland, motoring on the Elk river road by night, came suddenly upon the panther. He jammed on his brakes. The Machine stopped with its front wheel squarely on the animal's tail.

For five minutes the air was shattered with the panther's protests. It gnawed all portions of the automobile within reach and ripped a tire to ribbons. Finally it bounded away with a loud cat curse, leaving the tail of its tail under the wheel. Herman is going to have the fragment embalmed and keep it as a souvenir.

Riverside Dip Was Lively Place Yesterday

Riverside Dip was a lively place yesterday afternoon and evening, fully 1,500 taking advantage of a stroll about the park and watching the bathers. Fully 200 at a time were in the water. Of the 1,500 who were on the beach, fully 500 were children, a fact that was very satisfactory to the members of the civic club as the bathing beach idea was originally that of the children of the city should have a safe place to bathe. Elmer J. Mangis is in charge of the grounds during the absence of A. E. Wilson.

As a special entertainment, Hans Hofstetter, a dairyman living in Salem, entertained the crowd by giving an exhibition of diving from the bridge.
