

Your Money Buys Quality!

Coupons or premiums have never been used as an inducement to smoke Prince Albert!

The correctness of our belief that smokers do prefer quality rather than premiums or coupons is proven by the enthusiasm with which Prince Albert pipe and cigarette tobacco has been received throughout the civilized world! Premiums or coupons have never been offered as an inducement to smoke it!

Neither national nor state restrictions on the use of premiums or coupons can in any way affect Prince Albert's sale!

It is not to be wondered at that when smokers consider a choice of tobaccos, their tastes—based on quality—instantly turn them to

PRINCE ALBERT

the national joy smoke

Prince Albert is sold strictly on merit. It is a tobacco of choice quality, and made by an exclusive patented process that does cut out bite and parch! It took three years and a fortune to perfect that process so that today every man with a desire to smoke a pipe or roll his own cigarettes can do so without a comeback, no matter how tender his tongue or throat may be!

Your taste and satisfaction is proof that Prince Albert quality is more desirable than coupons or premiums.

You buy Prince Albert everywhere tobacco is sold, in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors, and in that fine crystal-glass humidior with sponge-moistener top that keeps the tobacco in such perfect condition.

Will Force Stallings to Prove His Case

New York, Aug. 9.—Moguls of the National league met with President Tener today to listen to charges, chiefly from the Boston club, that the umpires of the Tener circuit are incapable and partial. Incidentally, the meeting is certain to develop counter charges against the Braves.

President Tener is tired of hearing his arbiters roasted by every losing team and has called for a "show down." Boston will probably have to prove some of the things Stallings and Evers have been saying for the past few months.

A monster petition which has been in circulation at Braves' field for a few days will be presented at the meeting. It charges unfairness by the National league umpires against the Boston club.

Several other club owners, peeved at the recent statements of the Boston management are reported to be anxious to get a chance to force Stallings either to prove his statements or keep quiet for the rest of the season.

Board Will Erect One Story Building

To properly take care of the pupils in the three junior high schools, the board of education at the meeting last evening definitely decided to build a single story building on the grounds of each school and to advertise at once for bids. The decision to erect the buildings was decided by Chairman A. A. Lee voting in favor as Clark and Buren lined up as opposed and White and Barnes in favor.

The location of the buildings was decided by Superintendent John W. Todd and Architect George W. Post. At the Washington school, the site is northeast of the main building. At the Lincoln school, it is southwest of the main building, and at the Grant school, on the east side of the walk running north from the main building.

Contractors will be asked to have their bids prepared in order that they may be submitted to the board at the regular meeting next Monday night as there will be only five weeks until the beginning of school.
