

## Backache? Run Down? Tired? Clean the Kidneys With Hot Water and "Anuric"

When run-down after a hard winter—when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially in this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands and feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints are also often noticed. Dr. Pierce says that everyone should have a good sweat every day—should drink plenty of pure water and exercise in the open air as much as possible. This helps to throw out the poisonous uric acid thru the skin and the "water". But for such persons as are past middle age it's often impossible to do this and lime salts are deposited in the arteries, veins and joints, causing all kinds of distressing conditions. An antidote for this uric acid poison is to take hot water before meals and "Anuric." Ask your druggist for Doctor Pierce's Anuric, or send Doctor Pierce's Invalids' Hotel and Surgical Institute in Buffalo, N. Y., a dollar bill for a full treatment, or ten cents for a trial package.

"Anuric" is a recent scientific discovery by Dr. Pierce. "Anuric" drives the uric acid out of your body. It is a uric acid solvent so effective that it eliminates these poisons, cleanses the system, allows your over-worked kidneys to resume their normal functions, and just a few days' treatment with "Anuric" will convince you because it brings lasting relief to your painful, aching, rheumatic joints—no more backache or dizzy spells. Try it now and be convinced!

## Buy an Up-To-Date Low Corn King Spreader

PLEASE note that in the Low Corn King the box is narrow—only 45 inches in width. The Low Corn King can be driven into a modern barn and loaded directly from the stable. That saves work.

The spread is eight feet or wider. That shortens the unloading time. The manure is thrown well beyond the wheels. That enables the driver to match up the edges of his strips without driving on manure-covered ground. You know what a big advantage that is.

The manure gets two thorough beatings. It lands on the ground in a finely-pulverized condition. The soil immediately takes up the fertilizing properties. There is no loss or waste of valuable fertilizing material.

Buy an up-to-date, wide spreading Low Corn King spreader from the local dealer.

International Harvester Company of America

Chas. R. Archerd Imp. Co.  
Salem, Ore.

## HUGHES VOICE IS GOING BACK ON HIM

### Doctor Sprays His Throat Between Speeches But He Is Very Hoarse

By Perry Arnold  
(United Press staff correspondent)

Bismark, N. D., Aug. 11.—With his voice pretty well frayed out, Presidential Candidate Hughes today faced what was probably the busiest day scheduled on his whole transcontinental trip.

He had eight end of the train speeches in North Dakota and Montana towns before arriving in Billings, Mont., tonight for one of his "big speeches." Talks were here, Mandan, Dickinson, Madora, Beach, Glendive, Forsyth and Miles City.

Because of the strenuousness of this program the republican candidate went on training schedule today. His voice, accustomed for the past few years to the conversational tone of the supreme bench, will have to be coaxed along very carefully from now on if he is to finish the speaking schedule ahead of him during the next four weeks.

Dr. T. E. Dittman, his physician and physical advisor on this tour is assiduously spraying the candidate's strained vocal chords several times each day. In addition Hughes is following a suggestion which former Senator Chauncey M. DeWitt made to him at the time he stopped in New York on the anti-race track bills, not to talk on the train, saving even conversation, as far as possible, since it always strains the voice to try to talk loud enough to be heard on a moving train.

In an effort to talk Hughes is also taking exceeding care with his diet and is particularly strict on fruit. His favorite breakfast fruit is orange and always before he retires he drinks the juice of one or two oranges. The nominee's voice was very hoarse today and it is an apparent effort for him to talk.

Mrs. Hughes led a gentle rebellion today. Heretofore local committees have been anxious to have her sit on the platform beside her campaigning husband, but from now on the governor's helpmate will sit in the audience. "I want to be where I can hear my husband and see him when he speaks," she told Laurence H. Green, the governor's secretary who is looking out for her comfort on the trip. Mrs. Hughes is taking no maid, so her husband, the republican presidential candidate, is buttoning dresses up the back.

Mrs. Hughes seems to be standing the fatigue of the trip splendidly although she misses no opportunity to take a walk. Hughes sprang a new hat today. Half an hour after he had donned it there was a gaping hole in the crown. The governor purchased the new kelly, which is a brown fedora with a slightly curled up brim in Chicago and some jealous local committee men yanked it down too hard on the book today causing the hole.

The candidate and Mrs. Hughes ate real home cooked bread today. Mrs. Hughes E. Upton Bascom of Fargo baked it of original Dakota wheat and sent it to Mrs. Hughes last night.

### Try Pineapple Pepsin for Your Indigestion

Pineapple Juice has been proved to possess remarkable value as a stomach medicine. Combined with pepsin and other ingredients as it is in NATOL PINEAPPLE PEPSIN COMPOUND it produces surprising benefit. We not only recommend NATOL PINEAPPLE PEPSIN COMPOUND, but give a positive money back guarantee with every 50c or \$1.00 bottle. Try it J. C. Perry Drug Co.

### May Not Be Start of Big Balkan Drive

New York, Aug. 11.—Mail advices from a reliable source in a European capital received here today, said that the allies probably would not begin their Balkan offensive before September 1.

The intense heat during the summer months makes daylight operations in the Balkans inadvisable, it was stated, but the most important reason for the delay was the fact that Rumania will have finished harvesting her crops by that time and her farmer soldiers will be ready to take the field with the allies.

In view of the dispatches, it is considered possible that the capturing of the Dobruja railway station, officially announced today does not mark the actual beginning of the allied offensive but a preliminary step.

### SILVERTON MAN LOOKS FOR LOST AUTOMOBILE

Roscoe Langley, of Silverton, Ore., is in Eugene today in search of his Ford automobile, model No. 693,812, dealers' license No. 157D, which was taken from his home one night last week. It is believed that three of the prisoners who escaped from the state penitentiary last week stole the car. One is described as being very short and the other two of medium height.

They have been followed as far as Eugene, and here all trace has been lost.—Eugene Guard.

### FAMOUS SURGEON DEAD

Chicago, Aug. 11.—Dr. John B. Murphy, famous Chicago surgeon, died this afternoon at Mackinac, Mich.

Dr. Murphy recently was knighted with a papal order by Archbishop Mundelein.

Dr. Murphy's death at Mackinac occurred at 4:30 p. m. at the Grand hotel, where he was staying with his family.

Dr. Murphy was one of the guests at the Mundelein banquet and partook of the poison soup by Jean Crones, anarchist.

## SAN FRANCISCO MAY TRY ARBITRATION

### Employers Indorse Plan and Unions Have It Under Consideration

San Francisco, Aug. 11.—Arbitration of all of San Francisco's industrial disputes will be attempted at once, if the suggestion of Mayor Rolph, in an open letter made public today, is adopted by the chamber of commerce and the labor unions involved.

The mayor proposed that the central labor bodies and the employers organizations appoint five members each and that to the board so organized be added Archbishop Edward J. Hanna and four other clergymen appointed by the archbishop. He suggests that such a board be given power to act and expresses the belief that it "could quickly relieve much of the present industrial friction, correct abuses, prevent strikes, lockouts and boycotts and insure industrial peace without which neither capital nor labor can prosper."

The mayor's suggestion was immediately indorsed by the Building Trades Council and other union organizations are considering it today. The employers' organizations have not yet replied to the mayor's appeal.

Simultaneously with the mayor's appeal, the police committee of the board of supervisors rejected the proposed ordinance to make picketing by striking workmen a misdemeanor punishable by a fine and imprisonment.

### Says Her Husband Treated Her Badly

"In March, 1915, defendant struck plaintiff and threw her out of the house which plaintiff and defendant were then occupying at Medford. Plaintiff was in her night clothes and bare footed and was unable to get into the house again without legal assistance."

Such in effect is one of the indignities cited in an action for divorce filed in the Marion county circuit court yesterday afternoon by Florence Haight, a teacher of vocal music with rooms in the Grand theatre building, against Fred H. Haight.

It is stated in Mrs. Haight's complaint that the couple were married in Seattle August 24, 1908; that defendant has not treated plaintiff in accordance with his marriage vows, but has treated her in a cruel and inhuman manner, heaping upon her personal indignities, thereby rendering her life burdensome. The defendant is described as a music teacher with an approximate income of \$150 a month.

The custody of the one child resulting from the union, a girl of five years, is asked by the plaintiff. Also \$300 temporary alimony, \$100 attorney fees and \$35 a month as permanent support and maintenance of the child.

### Puget Sound Navy Yard Is Up Tuesday

Washington, Aug. 11.—A roll call in the house next Tuesday will determine whether the Puget Sound navy yard will share in the proposed \$6,000,000 appropriation for battleship construction in the Boston, Norfolk, Philadelphia and Puget Sound yards.

A conference report on the naval bill, submitted to the house today strikes out the provision for all yards. Chairman Padgett of the house committee announced he would ask the house to vote whether it desired to override its conferees and authorize the equipment of the yard. He and other conferees were not absolutely opposed, he said.

### Think Women Will Declare for Hughes

Colorado Springs, Colo., Aug. 11.—A declaration for Charles E. Hughes in relation to his avowed federal woman suffrage was expected to be adopted at the executive session of the woman's party conference here this afternoon. Non-partisan pleas by the conference leaders, who strongly favor indorsement of the republican candidate, was counted on to overcome a few socialist and prohibition delegates who wish the declaration to stop with opposition to President Wilson for his refusal to aid in passage of the Susan B. Anthony federal suffrage amendment.

Announcement of the woman's party election policy will be made at an open air mass meeting tonight at which the leaders, including Miss Alice Paul, Miss Anne Martin, Miss Gail Laughlin and Mrs. Harriet Stanton Blatch, will speak.

The democratic congress came in for severe criticism in speeches by Mrs. Florence Bayard Hilles, Mrs. William Kent and Mrs. Sarah Bard Field at this morning's public session on the present status of the Anthony amendment.

### Portland to Build Three Big Steamers

Portland, Ore., Aug. 11.—Eastern representatives of the Northwest Steel company and the Willamette Iron and Steel Works signed contracts for the construction here of three additional steel, ocean going steamers to cost \$3,000,000, it was learned today. Two steel steamers are already on the ways. Work on the additional three will be started when materials arrive.

### OIL TANKER STUCK

Marshfield, Or., Aug. 11.—Entering Coos Bay today, the oil tanker Whitfield grounded on a sand spit just inside the entrance opposite the life-guard station. After two hours had snapped with the strain, the government tug Michie hauled the tanker in to deep water. It proceeded undamaged.

## BELIEVE WIRELESS CAME FROM BREMEN

### Operator at Sandy Hook Picks Up Message He Thinks Is from Her

New York, Aug. 11.—The ubiquitous Bremen, Deutschland's sister ship bobbed up again today, this time via wireless.

The operator at the Seagate and Sandy Hook wireless station was startled from a doze early today by a call for "Telefunken station, New York"—the call used by all German ships before the war. He replied "Telefunken station closed" and asked the sender's name. There was no reply. About 3 a. m., an hour and a half later, another call, apparently from the same source inquired when the Telefunken station would open. This time the message was signed "D. B. U.", which is the old signature of the North German Lloyd ship Bremen, supposed to be tied up at New Orleans.

"The spark from a German apparatus," said the Seagate operator. "It was unmistakable and came from about 50 miles at sea, from a low power instrument."

This gave rise to the belief that the call came from the Bremen, but at the same time Baltimore and New London, Conn., are confident the submarine may appear there at any moment.

Another wireless station reported picking up a message early today signed "Bremen." It reported a position 30 miles off Sandy Hook but gave no destination. Officials of the Telefunken station, which was first called, expressed belief that the messages were being sent by some joker from an amateur station.

### "Fair Crowds" Heard Candidate Hughes

By Perry Arnold,  
(United Press Staff Correspondent)

Dickinson, N. D., Aug. 11.—It was a vision of service that led Charles Evans Hughes to accept the nomination, the republican candidate told several audiences in North Dakota today, speaking from the rear platform of the car.

Although hoarse the candidate spoke with more vigor than on any previous day. At stops in Bismark, Mandan and here he dwelt briefly, forcefully on "America first and America efficient," assailing the democratic administration for governmental inefficiency and coining a few more Hughes' epigrams, such as:

"Administration is three quarters of government."

"It is easy to have paper programs."

"I don't stand for what I don't believe is right simply because it is under the banner of my party."

"Private debts must not be paid in public office."

The candidate had fair crowds everywhere. Local politicians said these would have been larger if schedules had not been moved up a few hours without adequate notice to various cities.

### Would Tax Munition Makers Ten Per Cent

Washington, Aug. 11.—Lessening the tax burden to be borne by munition makers, democratic members of the senate finance committee today fixed a flat rate of 10 per cent on the net products of all firms making munitions or their component parts.

Chairman Simmons estimated that this clause would raise \$45,000,000 a year—\$11,000,000 less than would have been produced by the house provision.

Products which are sold within the United States as well as those shipped abroad will be levied upon under this provision. It will be held to have been in effect from the beginning of this year. It will become operative one year after the close of the war.

The tax is applicable to all sorts of firearms, explosives, bayonets, submarines or torpedoes.

Got All He Wanted.  
O'Brien—Did you convince Cassidy that he was in the wrong?  
Mulligan—Oh, dinnaw if I convinced him; but Oi had him own up to it.—Boston Transcript.

### If Too Fat Get More Fresh Air

Be Moderate in Your Diet And Reduce Your Weight. Take Oil of Kerein.

Lack of fresh air it is said weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open; breathe deeply, and get from Central Pharmacy or any druggist a box of oil of kerein capsules; take one after each meal and one before retiring at night.

## The Refreshing Charm of good tea is in its delicate flavor

Unfortunately, the world is not full of good tea. You must choose with care. Those many women who use Schilling's Best know that the cost of good tea is very, very little. But this is not the only reason for their preference. Another reason—a very real reason—is that each of the four taste-types (Japan, English Breakfast, Ceylon, Oolong) brews tea of indescribable charm.

Send for the Taste Packet which makes it easy for you to find the type of tea that you like best. Contains four parchment envelopes of Schilling's Tea—Japan, English Breakfast, Ceylon and Oolong. Enough for five or six cups of each kind. Mailed promptly on receipt of 10 cents (stamp or coin). Address: A. Schilling & Company, 333 Second St., San Francisco.

### Schilling's Best

Sold through grocers only. In standard package, 8-oz. and 1-lb.

### COCONUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly irritate the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

### Jersey City Cannot Protect Its Citizens

Trenton, N. J., Aug. 10.—Federal Judge Bellstab today granted an injunction restraining the board of commissioners of Jersey City from preventing the shipment through that town of explosives by the Canadian Car and Foundry company. The embargo was declared after the recent Black Tom disaster but under the federal ruling the placing of the ban was declared illegal and the transportation of war material can be carried on as freely as before.
