**Death of Mrs. John I. Jones.**  
Clara E. Jones (nee Green) wife of John I. Jones, died suddenly at her home, of heart failure, Sunday, afternoon, August 6, 1916. Her passing was a shock both to the community and her family, for although in the winter and early spring she had been confined to the house with grip and pneumonia and had convalesced slowly, she had improved greatly with the coming of warm weather and was able to care for her household. She had just returned from an afternoon walk with her husband and sons, when the end came.  
Mrs. Jones was a native of Iowa, born in 1861, being past 55 years of age. She came to Oregon with her family ten years ago and located on a homestead at Powell Butte, and had been a resident of Gervais for a little over a year. She is survived by her husband and sons, Ralph and Raymond, and by a brother in Los Angeles, Calif., and another in Iowa.  
The services were held at the family home Tuesday afternoon and interment was in the Masonic cemetery.  
Mrs. Jones was a devoted wife and mother.

Miss Henrietta Wolfer arrived home from the summer school at Monmouth Monday morning. The summer school closed Friday, July 28, since then Miss Wolfer visited Miss Gertie Capps of near Independence, a Salem high school acquaintance, and a few days with Mrs. Oscar Belcher, of Gervais, teacher of the primary department of the Hubbard schools last winter.  
Dr. and Mrs. deLapinsasse and children returned last Saturday from a month spent visiting relatives in Washington. The first two weeks were spent with Mrs. deLapinsasse's parents, Mr. and Mrs. Henry Myskens, then down to the coast to Lynden for a few days with friends, then to Lake Bay to spend the last two weeks of the time with the doctor's parents, Mr. and Mrs. G. A. deLapinsasse. They had a fine time.

## Killed in Logging Camp

(Capital Journal Special Service.)  
Scotts Mills, Or., Aug. 14.—Our town and vicinity were plunged into deepest gloom last Thursday by a telephone message from Silverton stating that Asa Kellis, son of Mr. and Mrs. John Kellis of this place, had lost his life in the Silverton Logging Co's camp. A cable had broken and in some way had dragged or thrown him under a rolling log. His parents are almost, or quite, prostrated. Mrs. Kellis is under the doctor's care. Asa was working for the above named company and was going to change his place of work in a few days. He graduated from the Morrill high school in June and was expected to go to Corvallis to school the coming winter to take up the study of civil engineering. He was a talented boy, 22 years old, and will be greatly missed.  
The funeral was held at the hall Sunday at 2:30 o'clock, Rev. Pemberton of the South Salem Friends church in charge. The funeral was delayed in order that a brother, Harry Kellis of Los Angeles might be enabled to get here. Another brother, Levi Kellis, of Eastern Oregon came, also three uncles, Levi Hammer of Portland, Emerson Hammer of Molalla, and Raleigh Hammer from West Stayton.  
The deceased has two other brothers at home, Willard and Raymond. These with the aged grandparents, Mr. and Mrs. Wilfred Hammer and many other relatives and friends mourn the loss of the departed.

Mr. and Mrs. Amos Lais and family of Blodgett who visited friends here several days, left for their home last Wednesday.—Enterprise.

## MAY BE ESCAPED CONVICTS

Reports coming from the vicinity of Hult and Cedar Camp would indicate that three convicts were escaped from the state penitentiary last Tuesday are camping in that vicinity. Friday N. A. Cage who lives at Cedar Camp, saw three strange men in the woods near his place who were busily engaged in picking berries and eating them. When he passed by they made an endeavor to keep their backs toward him. At the escaping, he learned of the convicts although he noticed particularly the actions of the men and though they strange. If they were the men they have had plenty of time to get away from that place.  
Since the escape different ones from up that way have been seen strange men who had no apparent business in that vicinity.—Silverton Appeal.

## BUYERS ARE AFTER OREGON GREEN PRUNES

### Failure of Idaho Crop Creates Unusual Demand for Eastern Shipment

F. V. Martin, of Boise, Idaho, north-west representative of the Earl Fruit company, is seeking to buy large quantities of green prunes in this territory for shipment east. He is offering \$450 a car of 1,000 boxes, cash f. o. b. Salem or other shipping points. This is, however, only the advance price, and if the prunes sell higher in the market the growers will receive their share of the profit. This offer guarantees the grower a good profit, and Mr. Martin is anxious to secure several hundred car loads.  
While quite a large part of the dried prune crop has already been sold at a good figure, the price for the product has slumped, owing to the extremely large crop in the states of Oregon and Washington, and the sale of a large quantity in the green stage would have the effect of reducing the apparent surplus and make the price firmer for the yet unsold portion of the dried output.  
The demand for the green product is due largely to the fact that the big Idaho crop is a total failure due to an unusual cold spell during the spring. Idaho prunes were shipped east in the green stage and buyers are now looking around to secure a supply to take their place.  
Martin is now in Oregon and Washington conferring with growers and dealers with a view to securing consignments on the terms mentioned above.

## NEW YORK WOULD

(Continued From Page One.)  
enough to apply to run the road to a limited extent. Unless protection is provided, it is unlikely any attempt will be made by the Rock Island to operate, however.  
Some Chicago railroad men who claimed to have inside information said here that the brotherhoods undoubtedly would order a strike, "but it will never get to the walkout stage."  
One declared the brotherhoods would finally reluctantly, agree to let the interstate commerce commission settle the difficulty.  
Possibility of government interference against a tie-up of the Rock Island and other lines now in receivership was cited by officials of the Rock Island.  
Purlington railroad officials said in event of a strike they probably would draw on veteran engineers and trainmen, now higher officials of the company, in aid in operating their trains. These with non-union recruits, could operate traffic to a limited extent, they declared.

## S. P. in Fair Shape

San Francisco, Aug. 14.—If the railroad trainmen decide to refuse arbitration and to strike, the Southern Pacific will be able to handle all its passenger trains with little difficulty, according to a statement made to the United Press today by the road's publicity department.  
Recently the officers of the road wrote to all employees asking if they would remain at work should the trainmen's brotherhoods declare a strike. No figures were given out as to the result of this poll, but the response was said to be "gratifying."  
It was declared that sufficient trainmen could be found to operate "all passenger trains and some freight trains, from the outset of a strike, and that the road expected to be able to operate all freight trains, too, within a week."

## MUCH LOGGED OFF LAND

Mr. Holt, of the Spaulding Logging company, says that approximately one thousand acres of logged off lands in the neighborhood of Black Rock are adapted to agricultural purposes or pasture lands, yet 25 per cent of the cut-over lands there are being re-forested in the hope of providing lumber one hundred years hence. He estimates that it will require this length of time for the young trees to reach the size of those now being harvested. The Spaulding Logging company has been operating in the Black Rock district eight years, during which time it has cut over a large area.—Dallas Observer.

## THAT LOVELY CLIMATE

New York, Aug. 14.—New York today saw the coldest 14th of August since the government weather bureau was established 46 years ago. The temperature at 6 this morning was 56. Two hours later it was 63. This afternoon it has risen to 72.

## BASEBALL AT GERVAIS

Gervais crossed bats with the Log Cabin Bakery team of Portland last Sunday on the Gervais diamond, which was one of the best games of the season.  
The teams seemed to be quite evenly matched and no scores were made until the last half of the fifth inning when Gervais made a tally. This seemed to put new life into the boys and they continued to gain and the final result was 6 to 1 in favor of Gervais.

## Stielow Case Makes Fiction Seem Tame

Buffalo, N. Y., Aug. 14.—The remarkable case involving Charles Stielow four times saved from death in the Sing Sing electric chair and Irving King, itinerant junk dealer, now held at Albion, took a new turn this afternoon when it was learned that a warrant charging first degree murder had been issued against King.  
This followed the statement that King had repudiated the confession that he and an accomplice were responsible for the murders of which Stielow was convicted.

## WILL STAY AT HOME

Washington, Aug. 12.—In view of the threatening railroad strike situation, President Wilson remained at his desk today and did not take his customary week-end jaunt away from Washington.

## A Chew That Has Been Famous for a Third of a Century

## HAS THE RICH RED BURLEY TASTE

Chewing is the only way to get the rich taste of the tobacco leaf. And the only form of tobacco in which you get the leaf as Nature made it is the plug form.

A chew of Spear Head plug tobacco has a wonderful flavor such as you never did and never will taste in any other tobacco.

That Spear Head flavor is unique, mellow, fruity, everlastingly delicious and satisfying.

Spear Head has been famous for a third of a century as the richest, tastiest of chews.

It's made of sun-ripened, red Burley. And it's produced by the most modern methods, which develop the luscious flavor of the leaf to the supreme degree.

It is safeguarded at every step in its making. The factory is clean and sanitary—the processes are pure-food processes.

When the choice red Burley has been pressed into mellow, sweet Spear Head plugs you have a chew that simply can't be equalled.

Spear Head is the high quality chew of the world.

Try Spear Head—you'll never again be satisfied with any other chew. In 10c cuts, wrapped in wax paper.
