## DALLAS LOCAL NEWS

(Capital Journal Special Service.)  
Dallas, Ore., Aug. 17.—Circuit Judge H. H. Belt received a check for \$20 from H. L. Hoyt of Shering last Saturday paying for a young heifer which Hoyt stole from the ranch of H. G. Campbell west of the city last winter. Hoyt was captured by Sheriff Orr when he went to get the carcass of the animal the next night after killing the same, and brought to this city and lodged in the county jail. At his trial he declared that he killed the animal to provide food for his family who were in a destitute condition. As he had always borne a good reputation Judge Belt suspended sentence upon the accused man and gave him six months in which to pay for the stolen heifer. That the man is endeavoring to make good is shown by the fact that he paid for the animal in less than four months. The judge is exceedingly glad that he did not send the man to the penitentiary.

Helpless in their strength, the sailors playing in the Palms-Paramount photoplay, "The American Beauty," coming to Ye Liberty tomorrow and Saturday, almost make the play a comedy. The scene was of the rescue of an infant from an overturned life boat. The child found in the boat was carried on board the ship.

The anxious sailors endeavored to feed the babe and their utter awkwardness was the director's despair. These men, one of whom could easily split a boulder with his fist were now absolutely helpless and unable to feed the little sufferer.

The baby's cries upset them completely. Again and again the scene was taken but the semblance of feeding the infant was not filmed.

Then Myrtle Stedman, the star arriving took pity on them and to the director's great relief coaxed them to a successful "take." But their comical clumsiness was almost pathetic and added a very human scene to this highly fascinating story.

## BOHRNSTEDT SUES TO RECOVER \$100,000

### Claims Defendants In Minnesota Refused to Carry Out Contract

A. C. Bohrnstedt, who has been more or less prominent as a land operator in this section during the past several years, has begun suit to recover damages in the sum of \$100,000 from A. E. and W. G. Benjamin, of Minneapolis, Minnesota.

Complaint in the case was filed in department No. 1 of the circuit court yesterday afternoon. The complaint alleges that in Minneapolis on or about March 11, 1910, the plaintiff and the defendants entered into an agreement and contract wherein plaintiff agreed to enlist his services and time in the way of securing certain lands and property in Marion county, Oregon, as well as the improvement, management and development of same, and it was agreed at said time that the plaintiff should have right and authority to organize corporations and companies and to employ necessary help; that contract provided that defendants should furnish plaintiff money and funds necessary.

Bohrnstedt contends that pursuant to the provisions of the contract he has purchased various farming interests and improved and developed same, as well as organized and promoted various corporations, but that the Benjamins have defaulted in the provisions of the contract in that they failed, neglected and refused to supply him with necessary funds.

Judgment is asked for the above sum, also for costs and disbursements of this action.

## Suit for Damages Caused by Collision

Two suits for damages were filed in department No. 1 of the circuit court yesterday afternoon as the result of a collision between a one-horse buggy and an automobile on the country road in Clackamas county last October.

Ida Marie Harvey and her brother, Bert L. Harvey, are the complainants in the action, both of which are against Stanley McKay, and each of which is for the sum of \$3,000.

The circumstances attending the accident as alleged in the complaints are that Miss Harvey and her brother were driving on the road in a buggy, and that the defendant was at the same time driving on the road in an automobile, coming from the opposite direction; that owing to the unlawful, reckless and negligent manner in which the defendant drove the automobile a collision resulted, and the occupants of the buggy were violently thrown out and injured.

## Wheat Steadied Today and Corn Climbed Some

Chicago, Aug. 17.—Wheat steadied after an easy opening today, the market developing a firm undertone on good commission buying. Fractional gains were made on the dip. September was up 3-4 and \$1.41. December up 1-4 at \$1.44 1-2; May up 3-8 at \$1.47 7-8.

Corn rose on local buying. Small trading at the opening left the market unchanged. Later September was up 5-8 at \$1.34; December up 1-2 at 71 3-4 and May up 3-8 at 74 7-8.

Trading in oats was light and the market irregular. Early gains were lost on selling. September was down 1-4 at 43 1-2; December unchanged at 64 5-8 and May down 1-8 at 49 3-4.

Provisions were lower in sympathy with a dull hog market.

**Laughter and Tears.**  
Laughter and tears, according to a recent book by Dr. George W. Crile, are two forms of the same mechanism—a human safety valve to prevent the results of emotion from injuring the body.

When a pedestrian slips on a banana peel, and just as he is about to tumble, recovers his equilibrium, the onlookers by laughing secure relief from the integration to run to his rescue. If he falls and hurts himself the onlookers run to his aid, thereby consuming the motor integration—and hence there is no laughter.

Articles of incorporation were filed at the corporation department this morning by J. Brownstein & Son, junk dealers at Portland, capitalized for \$5000, and by the Clear Brook Lumber and Single company of Mist, Columbia county, with a capital of \$5000.

An official statement from the war office today reported a lull in infantry fighting on the Somme front, but reported violent artillery, especially near Maurepas and Belloy En Sauterre where the French advanced yesterday.

**Negro Murderer Is Captured by Posse**  
Opelousas, La., Aug. 17.—Hillarie Carriere, negro bad man and escaped convict, was arrested early today following a three hour battle with a sheriff's posse in the marshes. Carriere was wounded in the shoulder. He will live.

Carriere, who killed Sheriff Swords about a month ago, was taken just south of here by Sheriff Fontenot, who was elected Monday to bring about the negro's capture.

Swords, who was sheriff of this parish, was killed when he sought to return Carriere to the state penitentiary farm, where he escaped. The negro, who boasts of his murders, has killed six persons in a little less than a year.

**DRINK HOT WATER BEFORE BREAKFAST**

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and acids, you have a real surprise awaiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to sick headaches, backaches, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside-bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.
