for the purpose of increasing the power of her punch.

From the depot the way led to one of the four aviation camps which protected every depot, but which are only a small part of the aviation service on the Somme front. During the visit scarcely a minute passed that armed aeroplanes either did not return or depart for the German front. The air was literally alive with aerial scouts and fighters.

Returning toward the rear in the evening, after observing the fighting from the plateau of Dompreire, south of the Somme and from a point of vantage just north of the river, I was amazed to see that since early in the morning what had appeared like veritable mountains of material and munitions in the supply depots had entirely disappeared.

Method in Everything

The great guns which had been erecting along an especially constructed railway, which I had imagined could not reach the front for weeks, were no longer visible, having either arrived near their emplacements or having been transferred to other railway lines.

Nearer the front I was able from this gigantic displacement of munitions and material to gain an impression of what had gone into the day's sledgehammer blow. Progressing toward the rear in the direction of the munitions and material depots, we met great trains and convoys of fresh material moving toward the front to replace that which I had seen disappear.

Yet there was no hurry, no excitement. Everything was orderly, methodical.

Above all, the impression a neutral observer receives from a visit to the Somme front is this—that the French are supremely confident and not only determined but prepared in every detail to carry out Grant's famous declaration:

"We will fight it on this line if it takes all summer." And more too.

Think Unknown Thug Surrounded in Cornfield

Emporia, Kan., Aug. 17.—The unknown thug who shot and killed Walt Davis, sheriff of Lyons county, and wounded three members of a posse trying to arrest him, was believed surrounded in a corn field near Wiggins, nine miles southeast of Emporia, this morning.

Sheriff Davis was killed late Tuesday night when he and two Emporia officers attempted to arrest two suspected holdup men. While the officers were searching them one of the men ran. In an exchange of shots, Davis was shot through the heart. His companion, William E. Smith, who says he does not know the murderer's name is held by the officers.

The unknown murderer opened fire on a posse of 100 men as he neared Wiggins. Three were wounded. The thug escaped into an adjacent corn field.

Army On the Border Not Afraid of Strike

San Antonio, Texas, Aug. 17.—The United States army on the Mexican border has no fear of the consequences of a general railroad strike. Officers of the southern department informed the United Press today that there are enough supplies on hand to last at least 60 days, at the present rate of consumption which could be greatly curtailed in case of emergency. In addition, the quartermaster's department ventured the opinion that even in the event of a strike the army could obtain supplies.

No intimation as to how this could be accomplished was vouchsafed, however.

Senator Clarence D. Clark, of Wyoming, was a visitor at the republican headquarters today en route home to take part in the campaign. Senator Clark predicted a republican victory in Wyoming. The campaign will be opened at Cheyenne on August 25 by Governor Hughes. R. A. Hryniska, a member of the republican national committee from Ohio was another visitor at headquarters today.

RED SOX MACHINE IN GOOD WORKING ORDER

Now Have Lead by Three and a Half Games and Still Going

By H. C. Hamilton
(United Press staff correspondent)

New York, Aug. 17.—The driving power of the world's champion Red Sox in the American league is beginning to tell. The effect of a well-balanced organization with every cog working in its place, has carried the Boston aspirants into first place in the Johnson circuit, and by virtue of a double win over the White Sox they now hold the lead by the comfortable margin of three and a half games. Chicago has two more games scheduled in the Hub city, one this afternoon and the other tomorrow. If the Red Sox can batter through the White Sox defense with one more victory, they will be in a fair way to a safe hold on top.

Tuesday the Red Sox started on their way to a good hold by walloping Washington 1 to 0 when Babe Ruth downed Walter Johnson in a pitching duel. Yesterday, Cleveland, the second place club, helped things along by dropping one to the Yanks. Cleveland must meet New York again today and with the help of several stars who have returned to the game, Bill Donovan's club probably will prove a barrier to Lee Fohl's pennant chasers.

In the National league, Brooklyn opens a series today with Pittsburgh and will then move on to Chicago, Cincinnati and St. Louis, turning back east to meet Philadelphia. Then the Dodgers will come home for a short series with the Giants, going from here to Boston. If Brooklyn can maintain the record of winning a majority of its games against western clubs it should return in first place.

The Braves have been strengthened by the return of Johnny Evers to the game and with the trojan back in harness the Boston club will give stiff opposition. Stallings' crew is fighting hard for another pennant. The Phillies have started again with the return to form of Mayer and with Rixey and Damare ready to help Alexander.

Sothoron lost his own game in the ninth when he walked two Angels to the bases full. Score Los Angeles 2, Portland 1.

Jones of San Francisco homed in the third and the Seals had an attack of too much prosperity.

While they gloated over that homer Oakland started hitting the ball and won, 5-2.

Bunny Brief got his usual four saekers at Salt Lake—his twenty second of the season.

Despite that swat Vernon beat the Saints, assisted by the errors of Messrs. Ryan, Brier, Orr and Hannab.

Yesterday's big league hero was Harry Hooper, who scored the winning run in a 16 inning game between the Red Sox and White Sox. He walked, stole second and scored when McMillin threw wild on Barry's grounder.

For the two games in Boston Joe Jackson amassed a grand batting average of .500, picking off five hits out of ten efforts.

Heinie Zimmerman is in mid-season form. He was chased for talking back when called out on an attempted steal of home.

Jay Gould, Cleveland's diminutive pitcher, presented the Yanks with their victory. He passed two men and allowed two hits in the opening runs. This coupled with an error, allowed four runs.

Klepfer held the Yanks safely after he ascended the mound but his team mates could not deliver.

Gypsy Creed Is Woman Must Support Family

Oakland, Cal., Aug. 16.—The state penal code and gypsy customs are due to clash in the Alameda county courts Friday.

Milan Unonovich, husband of Marie Unonovich and father of nine children, is a member of the gypsy band camped here.

Today he was arrested on a warrant charging failure to provide. "It may be all right for American men to support their families but a gypsy gent never," said the prisoner. "Gypsy customs deny the man that right."

Unonovich retained an attorney who will match the gypsy custom of the wife supporting the family against the American law compelling the man to support his wife.

Rocco Objected to Being Hanged

Vancouver, B. C., Aug. 16.—Rocco Ferrante was hanged at the provincial jail here yesterday for the murder of Joe Caceo, an Italian companion whose head he cut off with an axe and threw in a well.

In addition to the murder of Joe Caceo, Ferrante is also suspected of killing and cremating Jerry McGoon, an engineer at a power station here.

Ferrante had to be strapped to a chair after he fought desperately with his executioner. As his body shot through the trap his hands became unloosed and he grasped the hangman by the arm in a death grip. It was necessary to severely beat the dying man to break his grip.

Has Two Husbands Both Millionaires

Los Angeles, Cal., Aug. 17.—Walter Shely, millionaire husband number 2 of Mrs. Ethel Stephens Stowe-Shely, disappeared from Los Angeles while his beautiful bride and wife of James Stowe, millionaire, proceeded through attorneys to annul her marriage to him in order that they may be remarried after Stowe is disposed of through legal channels.

The bride of two millionaires resorted to legal action as she discovered she was the wife of both men. She married Stowe when she was 14 years old in Denning, N. M. Later she heard he had been killed in a mine accident.

In 1910 she married Shely and a few weeks ago came face to face with her first husband, a retired millionaire. She filed suit to have her marriage to Shely annulled. Then she will divorce Stowe and finally remarry Shely.

Alleged Neglect Is Cause of Unhappiness

"Joy rides" seem to be the prevailing note in a complaint for divorce filed yesterday afternoon in Department No. 2 of the circuit court, by Lillian Sauder against George H. Sauder. The couple were married in Salem July 31, 1905, and have one child, a daughter, ten years old.

After making the allegation that for years past the defendant has been guilty of a course of conduct amounting to cruel and inhuman treatment, the complaint enters into specifications as follows: "During 1911 defendant began to cultivate the habit of leaving plaintiff and his home during evenings without excuse or reason, and of neglecting plaintiff to seek other company. Plaintiff assumed an attitude of coldness toward plaintiff and became unappreciative, cross and quarrelsome."
