SALEM IS SENDING GREEN PRUNES EAST Fruit Union Ships 40 Cars But Market Calls For 400

Several days ago the Capital Journal announced that F. V. Martin of Boise, Idaho, representing the Earl Fruit company in the Northwest, was in the market for Oregon green prunes for shipment east and that he would pay \$450 cash per car of 1000 crates f. o. b. Salem or any other shipping point in this territory, the grower to have all above that price for which the prunes sold, less the 10 per cent commission. Manager Paulus of the Salem Fruit Union announces that he has sold 40 cars to Mr. Martin on these terms and it is probable that other dealers will make similar sales since there is a demand for at least 400 cars of the green fruit. This demand was created largely by the total failure of the Idaho crop by freezing, this crop having always been transported to the eastern markets green.

Salem Boy Writes He Likes Service

Sergeant Schuster, in charge of the Salem recruiting station is in receipt of a letter from a young man who joined the army early in July. The young man who writes, decided to join the signal corps and is now located at Fort Mason, Cal.

The letter to Sergeant Schuster is as follows: "My Dear Sergeant: Just a line to inform you that I am located at Fort Mason and fortunately was placed in charge of the signal corps quarters and am acting for a short time during the absence of Sergeant Haggard. "I wish to thank you for enlisting me and especially for your explanation of the service, as I found K. P. after one trial rather interesting but somewhat fatiguing work. "Personally, if I am fortunate enough to make good and become a non-commissioned officer, I feel as if I could not better my condition nor myself by going back to civil life, although my enlistment has hardly commenced. I find that army life is far better than I expected. "Our Lieutenant, W. W. Harris, Jr., and other officers, are gentlemen of the true type, something like yourself, who are willing to give one an opportunity to prove himself and in return receive the respect of the men under his command. "I wish to thank you for your kindness and information given me, which I have found true in every respect. "EDDY HENDRICK, Co. M, Signal Corps, Fort Mason, San Francisco, Cal."

National Guard Not Fit For Actual Service

By Webb Miller, (United Press Staff Correspondent.) El Paso, Texas, Aug. 18.—"After three months hard training in mobilization camps and on the border, is the National Guard yet reasonably ready and fit to march out to the defense of their country if the need arises?" To nearly fifty officers of the regular army this question has been put in the past week. Included in the list of officers questioned was one general, a dozen colonels and majors and a score of captains and lieutenants. Some of these have made a close study of the training of the militia.

"From each officer came the answer "No." "It would take at least six months to prepare the national guard for a campaign in Mexico," said one high military official. "By that I mean it would take at least six months of intensive training to prepare the militia physically and instill discipline so they could take care of themselves in the field. You cannot put a uniform on a man and a gun in his hands and make him a good soldier." Another officer declared he would hesitate to pit soldiers of the national guard against well trained soldiers

frustrated a Russian thrust by a counter attack. Also near the south of Zborow, all the enemy's efforts to break into our lines without success though paid for with the highest losses. "On Von Hindenburg's front the Russians after suffering enormous losses in a defeat southwest of Podkamien, made no attempt to resume the fighting against Boehm Ermolli's army. "On the Italian front the Italians continued their attacks on the front of Salcano Merca and against the heights east of Goritz and the sector south of the Vipbach valley as far as Lokvica without interruption, using large masses, at the same time holding adjoining sectors under strong artillery fire. Our troops repulsed all storming attacks and held their whole front positions, the enemy suffering heavy losses in hand to hand fighting. A hostile advance near Piva and Cagora and on the Dolomite front at Croda-Deleona was repulsed."

French Capture Fleury.
 Paris, Aug. 18.—By a powerful attack on the northeast front of Verdun last night, the French completely recaptured the village of Fleury, driving the Germans from that part of the village which they still held, it was officially announced today. The Germans still retain a few ruins outside and east of the village near the Chapire forest. The French also advanced west of the town between Thiaucourt and Fleury, taking 50 prisoners.

Hungary in Danger.
 Petrograd, Aug. 18.—Threatening an early invasion in Hungary, the Russians have pressed forward in the Jablonitz pass region and are approaching the summits of the mountains in the region of Koromez, Hungary, it was officially announced today. Capture of the villages of Lysiec and Stary, southwest of Stanislaw and west of the Zlota Bistriza river and of a series of heights in the direction of Arzeluz was also announced. Koromez lies at the southern end of the Jablonitz pass, one of the most important gateways leading into the plains of Hungary. The capture of the

village of Jablonitz at the northern entrance to the pass and on the railway leading into Hungary from Stanislaw was officially announced a few days ago. The war office, however, admitted that the Austro-Germans have temporarily wrested the initiative from the Slavs in the fighting southeast of Lemberg. The enemy resumed the offensive west of Podhajce, 30 miles northeast of Stanislaw, but was repulsed, suffering heavy losses. In the Caucasus a Turkish force that attacked Russian positions west of Lake Van was easily repulsed.

Health Authorities to Fight Epidemic

Washington, Aug. 18.—Health authorities of forty states, assembled in response to a general call by the United States public health service today bound themselves to a "closer surveillance" of infantile paralysis cases and the requirements of health certificates for all children under 16 years of age in interstate travel. Because of the broad authority exercised by health authorities in many states, the measures recommended will it is believed, be put into general effect throughout the country.

dred militiamen were driven from their tents and compelled to take refuge in railway box cars when the camps of the Massachusetts, Michigan and Pennsylvania militia were inundated by a heavy downpour of rain during the night and early today. In some places tents were swept away by the torrents of water rushing from the nearby mountain sides and the water stood three feet deep in company streets.

Wires Are Down.

Dallas, Texas, Aug. 18.—The telegraph wires are down as far north as Sarita, 98 miles from Brownsville on the St. Louis, Brownsville & Mexico railroad. Advices from Galveston late this afternoon stated that two small houses had been demolished by high water on the beach, but today the wind had not exceeded 30 miles an hour.

PASSING OF A PIONEER

James R. Gist, one of the men who braved the untold dangers of pioneer life the early fifties at his home in Stayton, yesterday, August 16, at the ripe old age of 83. Mr. Gist was well respected, and a quiet unassuming character and had done his part well in making the west what it is today. He was born in Monitor county, Mo., in 1833 and settled near Silverton in 1852. In 1868 he was married to Miss Elizabeth Stanton, who preceded him to the Great Beyond in April, 1911. But one living child survives, Mrs. Matilda Grier, of this city. The funeral will be held at 10 a. m. tomorrow, Friday, August 18, at the home in the north part of town, and interment will be in the Carmel cemetery. R. L. Putnam, of the Christian church officiating.—Stayton Mail.
