Senator La Follette's peach orchard shows this year what can be done when orchards are given care all the year around and when special attention is given to proper spraying. The paving on the fair grounds road is once again under headway after a few days' delay. It was estimated that 500 men, women and children spent part of Sunday at the Albert playground park. It was noticed that almost all of the children were accompanied by their parents and that the grounds are becoming popular for family parties especially on Sundays. The water carnival Thursday evening at 7 o'clock will probably bring out the biggest crowd of the season.

"Come in—the roads are good." This is the welcome written on an envelope received from White Salmon, Wash. In a letter received today by J. A. Mills, W. Scott Coe of Sleepy Hollow ranch, near White Salmon, writes: "I thank you for the kind words you have been saying about White Salmon, and am glad you are passing the good words along. Why not appoint a committee whose duties it will be to greet strangers and welcome them to your city?"

More than 1500 were enjoying themselves at the Riverside Dip yesterday. Of this number about 500 were children. The champion 100 yards swimmer of the northwest, Errol Byrnes, failed to qualify as a real champion as Claude Steusloff beat him in the first tryout and there wasn't any handily race. However, the champion will give instructions on how to swim from time to time this week and there may possibly be another 100 yard swimming race just to determine who is the champion for the city.

The Oakland, Calif., Boys' club band is in the city and will appear today and tomorrow at the Oregon theatre. The band is composed of 30 pieces. It has been organized for 15 years and has received all sorts of medals, including the first prize of \$250 at the 1915 International Exposition Eisteddfod band contest. Their visit here is part of their annual tour and will include points in Oregon and Washington before their return via Astoria. They are camping out in Marion square in their own tents and with their own cook.

"The Rose Room," by which the main dining room of the Marion hotel will hereafter be known, compares favorably with anything on the coast, even with the crystal dining rooms of the Benson hotel, according to tourists who were in the city yesterday. The dining room has recently been made over. The wood work is all ivory enameled, the walls are of a soft damask rose and the ceiling is done in cream. The puff shades are of cream silk Austrian, with roses in natural colors applied on the lower scallops. The windows have cretonne lambrequins finished in rose silk fringe and the panel lights around the walls have shades of cretonne to match the lambrequins. There is nothing in the northwest of greater artistic beauty in dining rooms than the Marion, according to those who have traveled extensively and are competent to judge.

The Astoria twenty first annual regatta will be attended by Benjamin Brick, representing the Salem Commercial club. Mr. Brick says that Salem should also be properly represented by a maid for the queen of the regatta and that he will appoint one in due time. The regatta begins September 1 and continues four days.

Benjamin Brick, director of the tourist, publicity and convention department of the Commercial club wrote the Yellowstone Highway park commission that his department could not give \$75 towards advertising the Yellowstone, Santa Fe, Los Angeles and Salem automobile circuit as so many members were out of the city and meetings were not being held. However if the scouting party passed through Salem, Mr. Brick promised them a cordial reception.

Another woman has come to a realizing sense of the fact that it is poor policy to do your own baking. Mrs. J. E. Steen, who lives at 700 North high street, has been using as a bank the pocket of an overcoat, which overcoat was deposited at the bottom of a trunk in her home. Her balance in this bank was \$100 in gold up to last Saturday, when she discovered that both the money and the overcoat were missing and reported the matter to the police, who are now working on the case with favorable prospects for bringing the thief to justice.

At the last meeting of the city council an ordinance was introduced providing that the jitney license be raised from \$10 to \$25 per annum for seven passenger cars or under and that the license be \$50 for cars carrying more than seven passengers. This bill was defeated. By request, city attorney Maey has drawn another ordinance and it will be presented to the council at the meeting tonight. It will provide for a new ordinance in which the annual license of a seven passenger car shall be fixed at \$25; a car carrying not more than 10 passengers, to pay \$30; a car with a carrying capacity of not more than 16 to be licensed for \$35 and those carrying more than 16 passengers, an annual license fee of \$50. The present annual fee for any kind of a car is \$10.

An old store building at the corner of North 5th and Columbia streets, which has been in use for some time as a dance hall, has been the subject of complaint from residents in that part of the city. An investigation by the police Saturday night revealed that the complaints were not altogether without foundation, but no arrests were made. Warnings were given however, and Chief of Police Welsh states that if further complaints come in he will be compelled to close the place up. The chief wishes to call attention to the fact that the state law provides a penalty not only for drinking at a dance, but also for having liquor in one's possession. That there was indulgence in strong drinks by some of the residents in the vicinity of the North 5th street hall Saturday night he has evidence.

Villista Bandits Defeated De Facto Troop

El Paso, Texas, Aug. 21.—Villista bandits under the leadership of General Dominguez severely defeated de facto troops only 60 miles from Chihuahua City last Friday, according to official dispatches here today. Carranzistas forces of about 200 men were scattered and pursued by a Villista band of about 60 men. The de facto troops lost about 20 and many wounded while Villista casualties were 12 dead. The report of a battle so near Chihuahua City and the border aroused much interest in military circles as de facto authorities consistently declared the Villista bandits had been driven into the mountains far west of Chihuahua City. Carranzista officials at Juarez professed no knowledge of the fight.
