SOCIETY

By ALINE THOMPSON

SOCIETY is filled with gladness today over the exciting news that Company M is soon to be home-bound. The ranks of society have been sadly depleted this summer by the absence of many of Salem's most popular bachelors and married men at the border and already matrons and maids are planning affairs of welcome.

A few of those who have been missed from the summer's gayeties are: Clifford Brown, Carl Gabrielson, Paul Walker, George Palmer Putnam, John and Allan Carson and Ralph Moores.

Mrs. Asahel Bush went to Portland yesterday morning, and returned last night with Mr. Bush, who motored down early in the afternoon.

Mrs. William Eldridge accompanied by Mrs. Fred S. Stewart and Mrs. Richard Cartwright, motored to Portland

yesterday for the day. Mrs. Ada Strong expects to leave Saturday for Astoria, where she will visit the Robert Eakin family.

Miss Ida Simmons returned Sunday from Portland, accompanying Mr. and Mrs. Norman Courtney and Mr. and Mrs. Clyde Philbur, who motored to Salem for the day and were guests of Mrs. Anthony Klein.

During her stay in Portland Miss Simmons was the guest of her uncle and aunt, Mr. and Mrs. Harvey Wells and Mrs. Norman Courtney (Emmaline Klein).

Miss Virginia Wechter returned Wednesday from a delightful visit in the middle east. En route home Miss Wechter stopped in Detroit, Mich., where she was the guest of Mrs. Warren Francis Powers. Mrs. Powers was

formerly Miss Mabel Smith.

Mrs. Keith Powell and small son of Lafayette, who have been the guests of Mrs. Powell's parents, Mr. and Mrs. George G. Bingham, motored home today. They were accompanied by Miss Ida Simmons who will visit them until Saturday, when Mr. and Mrs. Powell will return for the week end.

Miss Jessie Harriett has gone to Medford, where she is visiting friends. During her stay in Medford Miss Harriett expects to accompany a party on a motor trip to Crater Lake.

Mr. and Mrs. L. W. Gleason, who have been sojourning at Newport, returned to town Wednesday.

Mr. and Mrs. Elmer A. Daue have returned from an outing at Newport.

Mr. and Mrs. William Daniels and family returned Wednesday from an enjoyable vacation at Newport.

Mrs. D. A. White and daughter, Miss Blanche White, have returned from an outing at Newport.

Miss Vera Kitchner has visiting her,

BORN

PUGH—To Mr. and Mrs. David W. Pugh, 583 North Winter street, Wednesday August 20, 1916, a girl. Mr. Pugh is an electrician with the Portland Railway, Light & Power company.

her grandmother, Mrs. A. A. Reed, who formerly lived in Salem, and Miss Edith Reed of Portland.

All young ladies of the city are invited to attend the party to be given by the Y. W. C. A. at the country home of Mrs. Charles Parks, on the Wallace road, Tuesday evening. Those desiring to participate in the gayeties are requested to leave word at the Y. W. C. A. so that the association can arrange for motor cars to convey the party.

The cars will leave the Y. W. C. A. at 6:15 and each girl is asked to bring her own basket. Salad and chocolate will be served by the association.

Friday evening will be made merry by an informal dance for which Mr. and Mrs. William T. Grier will be hosts at the Bungalow club house in Falls City.

About twenty of the married set and a few young folks have been asked for the affair, which is planned as a courtesy to Mr. and Mrs. William Belcher and Mr. and Mrs. Fred Belcher of Portland. The party will motor out early in the evening and the festivity will be preceded by a supper.

Mr. and Mrs. Frank A. Turner and daughter, Miss Joy Turner, and Mrs. L. A. Tillson have returned from a two weeks sojourn at the Turner summer cottage "Over Look" at Bay Ocean.

Mrs. W. H. Farrar and family left this morning for Corvallis, where they will make their future home. Mrs. Farrar has many friends in Salem and will be greatly missed.

Her daughter, Miss Helen Farrar, is in the registrars office at O. A. C.

Mr. and Mrs. Walter F. Buchner motored home yesterday from Newport, where they spent the past week.

Of interest to many Salem folks is the announcement of the marriage of charming little Miss Marguerite Flower, Salem's blind vocalist, to William Olinger of Oregon City yesterday.

She was attended by her sister, Mrs. Floyd Stark of St. Johns, Ore. The bride who has been spending the summer in Portland as the guest of Mrs. Anna Snyder, returned to that city Tuesday from Eastern Oregon, where she has been visiting friends for a few weeks.

Mrs. Olinger has many friends in musical circles; and for several years has been a great favorite. Much of the little singer's success in the musical world is due to Miss Minnetta Magers, of whom she has been a pupil and protege.

She is a graduate of the state blind school and for several years has been living at the home of Mr. and Mrs. R. J. Harris.

Mr. Olinger is interested in a drug store in Oregon City and is an employee in the paper mill. Mr. and Mrs. Olinger are expected in Salem today.

Mrs. H. F. Shanks and niece, Miss Ora Nerrifield, are visiting at the home of Mrs. Shanks' father, L. M. Reeder. Mrs. Shanks and Miss Nerrifield are en route home from Nye Beach, where they have been spending the past three weeks at the former's summer cottage.

A change in the order at the state penitentiary relating to the use of cigarettes by the prisoners has aroused a storm of protest in various quarters. Governor Withycombe voiced his disapproval of the order at yesterday's meeting of the board of control, but both State Treasurer Kay and Secretary of State Oleott expressed an opinion that the change was warranted. The system of chaining a prisoner up to a door for a number of hours as a punishment for using cigarettes seems unreasonable and severe. The use of tobacco in other forms is permitted.

STATE HOUSE NEWS

Contrary to a report printed by a Portland newspaper yesterday, the application of the Keno Power company for an ordinance permitting the granting of a franchise to them to distribute electricity in Klamath Falls has not met with the entire approval of the state public service commission. The commission has written the power company that it is inclined to think business at Klamath Falls insufficient to warrant the construction of duplicate electrical facilities in that city. "However," it adds, "this is a matter for the city authorities to determine for themselves, and not one over which this commission can exercise any jurisdiction."

Characterizing the service given by train No. 143 on the Tillamook branch of the Southern Pacific railway as "miserable and entirely defenseless," Paul C. Bates, a Portland attorney, has written a complaint to the public service commission. The commission has taken the matter up with the railroad company, and is in receipt of a letter from Superintendent Burchhalter in which it is stated that the service of which Mr. Bates complains are not general on the Tillamook branch. The superintendent explains apologetically the circumstances surrounding the incident of which the attorney complains.

An application from the Wells Fargo Express company asking for permission to discontinue its office at Macleay has been denied for a time at least by the public service commission.

Articles of incorporation were filed at the office of the state corporation commissioner this morning by the Nohli Securities company of Portland, the capital stock of which is \$25,000.

Chicago has dedicated a new club house for boys in Larrabee street.

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin pores do not absorb impurities into the blood, causing illness, while the bowel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or sucked into the blood stream, through the lymph ducts which should suck only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash the stomach, liver, kidneys, and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.

Prune Growers See Results of Spraying

To witness the demonstrations of Prof. H. P. Barsz of the O. A. C., at the Hoosier place yesterday afternoon about 60 of the prominent prune men of this section gathered. In demonstrating the results of the six sprayings given the trees, Prof. Barsz showed the effects of one spraying, those that were sprayed three times and again those that had been given six sprayings during the spring and summer.

It is the intention of Prof. Barsz to continue the experiments next winter not only with prune trees for brown rot

and leaf spot, but to work in peach orchards with sprayings for the California peach blight and the peach leaf curl.

From the experiments of this summer, it was found that probably only three sprayings were necessary to control the brown rot and cytosporium, although Prof. Barsz has not as yet made his official reports.
