EIGHT HOUR DAY BILL

(Continued from Page 1.)
An All Night Session.
During spirited argument between Chairman Adamson and Representative Dennison, Illinois, the latter urged amendment to the bill to provide an eight hour law for all employees engaged in interstate business.
All arrangements for a night session were completed this afternoon. Senate leaders said they would remain in session even after midnight to get a vote. They said the bill which the senate will put through will be the same as the Adamson (house) bill. When the latter measure comes up in the senate late today it may be submitted for the senate bill. In any event, senate leaders said, the completed bill should reach the president before tomorrow afternoon.
The bill will get through the senate tonight," said Senator Newlands, chairman of the interstate commerce committee, in charge of it.
The statement of senate republican leaders this afternoon that they will not seek to obstruct the legislation increased confidence of the administration men in the senate that the strike crisis is as good as ended.
Following adjournment of the republican senate conference, it was announced Senator Smoot would introduce a substitute resolution to include provision for compulsory arbitration. Some of the members who attended said there would be no attempt to filibuster against the committee's bill but that strong effort would be made to get the arbitration provision in. However, they said, they did not think it would be prevented from coming to a vote on schedule time.
Report Bill Favorably.
The interstate commerce committee reported the senate bill favorably at 2:30 and unanimous consent to proceed with it was granted.
The senate bill, like that of the house sets January 1 for the proposed law to go into effect and excepts electric interurban railways from its provisions. It sets the period of investigation from six to eight months instead of six to nine months, and provides a per diem compensation of \$25 for commission members; it also provides \$50,000 instead of \$25,000 for expenses of the commission.
The senate bill provides also that the interstate commerce commission shall have power to fix hours of labor and prescribe just and reasonable

wages for all railroad employees engaged in operation of trains in interstate commerce. Decision as to wages by the commission shall be made within six to twelve months, the commission under the bill having the power from time to time to change the hours and the wages.
General debate on the house bill ended at 2:30. Representative Adamson introduced a committee amendment changing the effective date of the measure from December 1 to January 1. This was adopted.
Refused to Comment.
A. B. Garretson, spokesman for the brotherhoods, refused to comment upon this amendment.
Garretson and other leaders conferred with congress leaders this afternoon. President Gompers of the American Federation of Labor was making feverish efforts to get in touch with Garretson and the other brotherhood men. One group of the railroad men locked themselves in the house ways and means committee room and the door keeper, a brotherhood man, denied that any one was present.
Later it was learned that the brotherhood chiefs had informed their confidants in congress that they were opposed to the amendment, but would accept it if forced to do so.
One paragraph in the senate bill which labor advocates fear will be bitterly opposed by the brotherhoods says: "Any person who shall willfully delay, obstruct or hinder operation of trains shall be guilty of misdemeanor and punished by a fine not exceeding \$5,000 and imprisonment not exceeding one year, or both."

Seized Companies' Oil for Military Purposes
Douglas, Ari, Aug. 31.—General Davis, commander of the United States forces here was reported today to have seized the supply of gasoline and fuel oils of the Standard and Texas Oil companies for military purposes. The report is not confirmed from any other sources.
It was stated at headquarters here that the move was a precautionary measure in face of the threatened railroad strike. Most garages have exhausted their gasoline supply. Many private cars are unoperable because of the sudden fuel famine.
For automobile tourists there has been invented a complete bed that weighs only 14 pounds and with the exception of the blankets, can be folded and carried in the tool box of a car.

SHERIFF IS BEATEN BY ENRAGED FARMERS

Trying to Protect Negro Arrested for Atrocious Crime Mob Turns On Him
Lima, Ohio, Aug. 31.—The mob of enraged farmers who were seeking Charles Daniels, a negro, arrested and accused of attacking Mrs. John Baber, age 24, wife of a farmer living three miles from here, dispersed today when news was received here that their quarry had been rushed from Ottawa to the Toledo jail.
Quiet settled over the countryside after Ottawa authorities informed Mayor Simpson of Lima, that Sheriff Miller of Putnam county, was speeding toward Toledo with the negro in a fast automobile and that it was useless for the farmers to continue their search.

Crime Most Atrocious.
Lima, Ohio, Aug. 31.—A dozen posses of enraged farmers continued to search the countryside here today bent on securing and lynching Charles Daniels, a negro, who brutally attacked Mrs. John Baber, aged 24, a white woman, when she refused him food.
The negro has been jailed "somewhere in northwestern Ohio" but at an early hour today the frenzied mob had not discovered his location.
Meanwhile, Sheriff Sherman Eley, of Allen county, lies in an Ottawa hospital with two broken ribs, a broken arm and a dozen cuts. He was manhandled by the mob when he refused at first to reveal the hiding place of the negro. Only after being threatened with lynching did he tell the frantic farmers the negro was in the Putnam county jail at Ottawa.
Despite his injuries, the bruised and bleeding sheriff was dragged into an automobile and rushed to Ottawa where it was learned the hunted negro had again been spirited away.
Shortly before the lynching party arrived at the Ottawa jail a closed automobile whizzed from the rear of the building. It is believed the negro was one of the two huddled figures in the machine and that he was taken to another jail in a nearby county.
Mrs. Baber, who expects a visit from the stork soon, was attacked by the negro in the kitchen of her home while she was alone yesterday morning. When she refused the negro's demand for something to eat he slashed her throat with a razor and beat her over the head. One of her eyes was gouged out. It is believed she will die.

CHAIRMAN WILCOX

(Continued from page one.)
Roosevelt's appearance in Maine won't affect the campaign there in the least," said McCormick of the democratic national committee today. McCormick said his faith in T. R.'s power was shaken two years ago.
" When I was a candidate for governor of Pennsylvania Teddy endorsed me and came through Pennsylvania whooping it up for me and they made a great fuss about him," McCormick said. "I wasn't elected. That shows just how strong his influence with the voters is.
"Roosevelt in his speech last night followed in the footsteps of Hughes. He criticized the president for his Mexican policy but he offered no solution. The people want to know what Roosevelt and Hughes would have done."
Commenting on the congratulatory telegram sent to Governor Johnson by Hughes yesterday, McCormick said: "The act is typical of the republican candidate. When a word of recognition might have proved helpful to the progressive candidate, Mr. Hughes was silent. He was in the same hotel in California with Governor Johnson, but they did not meet. Hughes' recognition of Governor Johnson smacks of his attitude toward suffrage. When suffrage was an issue in his own state, Mr. Hughes was silent. Now, however, that he is a candidate, he thinks he may be able to catch the women voters in the suffrage states, so he indorses suffrage as a national issue. Mr. Hughes' attitude toward the progressives and toward women is the same. His action with respect to each is the act of a typical politician."

RAILROADS ARE READY

Chicago, Aug. 31.—Strikebreakers will be hired by the railroads of the central west to fight the brotherhoods' strike if it goes into effect Monday.
This statement was made today by H. J. W. Higgins, chairman of the general railway managers' association, at the close of the conference of presidents and general managers.
Higgins said:
" The executives held a general discussion of strike preparations. Every measure will be taken to employ strikebreakers. Some of the roads have already employed them. The situation is no longer up to us. The railroads are prepared."

AUSTRIA WILL NOT QUIT TRANSYLVANIA

Have Abandoned Some Points to Straighten and Strengthen Lines
By Carl W. Ackerman.
(United Press staff correspondent.)
Berlin, Sept. 1.—Despite statements appearing in the Austrian press, the Teutonic forces have no intention of evacuating the largest part of Transylvania, the United Press was informed this afternoon.
The plan of campaign contemplates the evacuation of only a few places. From several of these the Austrians already have retired. The withdrawal in each instance was a part of a plan agreed upon many months ago and was simply for the purpose of straightening and shortening the line.
Vienna dispatches regarding the character of the early fighting in Transylvania have increased the public confidence in the ultimate success of the Austro-Germans in this new war theater. It is stated that whenever the Austrians made a stand they repelled superior Rumanian forces with comparative ease.
Similarly on the Greek front the Bulgars have had little trouble repelling Serbian advances. The war office today announced that Serbian attacks in the region of Ceganska Planina and Moglena broke down.

Mayor May Name Board to Manage Playground

According to section 79 of the city charter, legal provision is made for a public playgrounds in the city of Salem and that the mayor shall have the right to appoint an administrative board of three who shall serve at the pleasure of the mayor.
Charles H. Jones, who has been actively interested in the Albert Park playgrounds, calls attention to the play ground ordinance. In it one section as follows:
After the report and estimate of proposed expenditures of said board shall be approved by the common council may, in its discretion, levy a special tax as a part of the ten mill tax limitation of subdivision three, section six of this charter, not to exceed one-tenth of a mill, for acquiring public playgrounds and supporting the same. Said board shall not incur any indebtedness beyond the funds provided for its use by taxation or otherwise. Passed by the common council the 27th day of October, 1913; approved by the mayor on the 28th day of October, 1913, approved by vote of the people the 1st day of December, 1913.

Capital Hill News

(Capital Journal Special Service.)
Capital Hill, Ore., Sept. 1.—Elmer Kemano is sojourning in Michigan this summer.
Mr. Spranger is delivering his pearls to the Hunt cannery.
Miss Gladys Thompson and little sister, Violet, or Oregon City, are visiting Mrs. Wallace LaFontaine.
Mrs. John Cornsforth and Mrs. John Rauch and little son, Marion, attended the Salem Heights ladies' picnic in the Albert Park playgrounds Wednesday.
Mrs. Martin Germsstad and daughter, Vera, spent the week-end with Mr. and Mrs. Henry Baker, of Broadacres.
By the number of loads of lumber that is going out on the Jefferson way daily, is a right smart indication there is some building being done.
Garold and Dean Thompson, who have been spending the past six weeks at Pendleton, are back to dear old Salem and are spending a few days with friends here.
Mrs. Martin Paulson and daughter, Evelyn, are spending a fortnight with friends at Lebanon.
Miss Jessie Miller and Mrs. W. E. Ball were taking in medicine show Tuesday evening.

KILLED BY STREET CAR

Tacoma, Wash., Sept. 1.—Lester L. Bishop, aged 22, died at a local hospital today as a result of injuries sustained when he was knocked from his bicycle by a street car. At the time of the accident his father was attending a funeral.
Bishop was a student at a medical college at McMinnville, Oregon. He was here earning funds to enable him to return to college.

Famous Circus Freaks Are Again Favorites

Old Time Forum of Human Curiosity Revived This Year by Barnum & Bailey
The Barnum & Bailey circus will come here on 30 cars, carrying more than 1,400 people in its various departments. More than 400 artists participate in the arena entertainment, and the big, new menagerie contains 108 cages of wild animals, in addition to a herd of 41 elephants, five giraffes, 38 camels, and a large number of zebras and other led animals. The gorgeous, new, Oriental display, "Persia, or the Pageants of the Thousand and One Nights," with its wealth of brilliant costumes, will be the opening feature of each performance.

Gas Pressure Low and Company Asks Users to Economize

Due to the combination of a sudden failure of one of the gas generators at the Salem gas plant and an unusually large quantity of gas being used for canning fruit, the consumption of gas has exceeded the amount generated during the past 48 hours. As a result, the supply on hand in the storage tanks or holders is very low and this naturally causes the pressure to be low.
The gas company hopes to be able to make enough gas to at least equal the demand until the heavy demand for gas is passed and the generators brought back to normal.
It is possible that this cannot be done and as a result the pressure will drop almost to zero. Therefore, if the gas users who can use other means for heating will do so for a few days, those who have no other means will be able to get enough gas to get along with until the crisis is passed.
The gas company requests that those who can, do not use gas in this emergency. The gas company will announce through the columns of this paper when conditions are normal again.
The company ordered an additional generator several months ago that will increase the capacity at least one-half, but it has been delayed in shipment, due to congested freight conditions. It is in transit and one car load of the machinery has already been received.

Non-Union Longshoreman Shot to Death in Tacoma

Tacoma, Wash., Sept. 1.—Tillman W. Bethel, colored, 57 years old, a non-union longshoreman, was shot to death here early today by one of four unidentified men, believed by the police to be striking waterfront employes.
Bethel was employed at the Milwaukee railroad docks and was on his way to work when attacked. He was pursued from the Eleventh street bridge to a nearby office building. Bethel had reached the second floor of the building when his pursuers opened fire, one bullet passing through his heart and another penetrating the abdomen.
The assailants of the negro were pursued for several blocks by Cyril Wilson, employed in the mailing department of a morning newspaper occupying the building where the shooting occurred, but they eluded him and no arrests have yet been made.

The old time circus freak is coming

A Famous Physician's Wonderful Discovery

After a series of careful experiment and tests at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., covering many years, Dr. Pierce, the medical director of that hospital made an announcement that he could prove that a medicine which he called "ANURIC" was the best uric acid solvent now on hand. As a remedy for those easily recognized symptoms of inflammation—scalding urine, backache and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, lumbago, sciatica, gout, it is simply wonderful how quickly "Anuric" acts; causing the pains and stiffness rapidly to disappear. Swollen hands, ankles, feet are due to a dropsical condition, often caused by disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.
It is just as necessary to keep the kidneys acting properly as to keep the bowels active.
The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs.
Step into the drug store and ask for a 50-cent package of "Anuric," or send Dr. Pierce 10c for trial pkg. "Anuric"—many times more potent than lithia, eliminates uric acid as hot water melts sugar. A short trial will convince you.

When Itching Stops

There is one safe, dependable treatment that relieves itching torture instantly and that cleanses and soothes the skin.
Ask any druggist for a 25c bottle of Zemo and apply it as directed. Soon you will find that pimples, black heads, sebum, ringworm and similar skin troubles will disappear.
A little Zemo, the penetrating, satisfyingly moist, all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.
Zemo, Cleveland.
