ALLIES HAVE LOST

(Continued from page one.)

The Rumanians have occupied Orsovo at the gate to Hungary. The occupation of Orsovo has been reported from several sources recently but the reports thus far have not been confirmed by the Rumanian war office.

Rumanians Forced Back. Berlin, Sept. 8.—Russian and Rumanian troops have been driven back north of the Rumanian town of Dobric after the repulse of strong Russian attacks, it was officially announced this afternoon.

German Attacks Repulsed. Paris, Sept. 8.—Four attacks in dense formation were launched by the Germans south of the Somme last night between Vandromevillers and Chaulnes. None of the attacks succeeded in reaching any French positions and the French took 200 more prisoners, the war office announced today.

The Germans attacked heavily against new French positions between Bony and a point south of Chaulnes, suffering heavy losses. North of the Somme there was great artillery activity but no infantry fighting.

The French made further progress on the Verdun front last night by ground attacks. A German attack at Vaux was repulsed.

Hop Outlook Grows More Unfavorable

While growers are hoping that the damage from mold and lice will be found to be less than now appears probable there is little of encouragement in the present hop situation.

The weather continues unfavorable. Owing to the rain this morning many pickers did not appear at the yards close to Salem. Those who were in the yards yesterday all tell the same story of damage, even in the yards where every precaution had been taken to prevent lice and where up to a very few days ago the hops appeared to be in excellent condition.

There is no doubt that the size of the crop will be materially reduced. Some dealers estimate the abandoned acreage as high as 25 per cent. Contracts have been reported from Portland covering 150,000 pounds at 7 cents. Also a few deals are said to have been made at 5 1/2 cents and half the rate.

Three Steamers Sunk. London, Sept. 8.—The Ellerman liner Tagus has been sunk. The British steamer Hazelwood was sunk off Yarmouth. Later dispatches reported that all the crew of the steamer Etrahay reported sunk early today have been saved. Thirty-four were landed in the first boat and other survivors were brought in later.

The Tagus displaced 5,556 tons and was 410 feet long. She was built in 1899 and was registered at London. The Hazelwood displaced 3,102 tons and was registered at Middlesborough.

Occupy Rumanian Towns. Sofia, Sept. 8.—Bulgarian and German forces have occupied the Rumanian towns of Dobric Balchik, Cavarna and Kalkakra, it was officially announced today.

It is admitted that the Rumanians have occupied the Hungarian town of Orsovo. Teutonic gunners are shelling the railway station at Turau Severin.

French Capture Trenches. Berlin, Sept. 8.—The Germans have lost trench sections to the French in fighting south of the Somme, west of Bery and also northeast of Souville, on the Verdun front, it was officially admitted this afternoon.

THE "COME-BACK"

The "Come-back" was really never down-and-out. His weakened condition because of overwork, lack of exercise, improper eating and living, demands stimulation to satisfy the cry for a health-giving appetite and the refreshing sleep essential to strength.

Would Cinch Farmer To Help the Baker

Chicago, Sept. 8.—Declaring that the price of bread should be regulated by the cost of materials, President S. F. McDonald, Memphis, Tenn., opened the formal session of the executive committee of the National Association of Master Bakers yesterday.

"Five cent bread is the heritage of the \$10 a week baker," said McDonald. "Bakers today are trying to turn out bread for five cents at a profit but it's impossible. Something will have to be done immediately."

McDonald said that a saving of \$25,000,000 annually would be made by the public if they bought 10 cent bread. "They would get more for their money," he said.

Two resolutions were introduced before the committee late yesterday afternoon. One asking congress to pass an embargo on wheat exports and the other to fix bread prices so "a baker can make a profit."

RAILROADS AND CARS

At this time, when the car shortage on the Southern Pacific road is taking so much of the public's attention, those people who like to figure may find something to interest them in the following comparison of the number of miles operated and freight cars owned by four of the leading railroads. The figures are taken from the Official Railway Equipment Register for September: Southern Pacific, miles operated 6478, freight cars 31,535; Un-
