Married 45 Years.

An event that brought supreme happiness to the S. R. Irvine family was the linen shower given at the attractive home of Mr. and Mrs. E. N. Johnson last Sunday to celebrate the forty-fifth wedding anniversary of Mr. and Mrs. S. B. Irvine.
Mr. and Mrs. Irvine were lured over to the Johnson home to eat dinner and to their surprise when they arrived all their children and grand children were present to receive them and wish them more such happiness.
When they were seated around the festal board, a box of handsome linens were presented to the bride and groom of forty-five years ago, and their happiness was so complete, surrounded by their loved ones, that they seemed almost as young as when they went to Hymen's altar together 45 years ago. The children who gladdened their parents on this occasion were Mr. and Mrs. W. H. Roy, Mr. and Mrs. J. L. Haana, Mr. and Mrs. E. N. Johnson, S. E. Irvine, and Miss Gladys Irvine, besides there were eight grandchildren who added their share of merriment to the happy event.—Independence Monitor.

SECURING JURY FOR TRIAL OF BILLINGS

Trial of Man Who Is Charged With Dynamiting Parade Has Begun

San Francisco, Sept. 11.—The state was prepared to demand the death penalty, when Warren K. Billings was sent to trial today in the court of Superior Judge Dunne for murder in connection with the San Francisco preparedness parade dynamiting.
This was indicated when Assistant District Attorney Cunniff closely questioned all veniremen as to their belief in the death penalty.
Smiling and confident Billings entered the prisoner's dock to defend his life. He is said by the state to be one of the principal plotters who on the day of the preparedness parade exploded a bomb at Stuart and Market streets killing 10 and wounding more than 40 innocent bystanders.
Inside the railing this morning sat Thomas Mooney, strike organizer; Israel Weinberg, jitney driver; Edward

Nolan, labor leader, all charged with the murder of nine people. Mrs. Rena Mooney, fifth alleged plotter was not permitted to remain in the court room for fear of prejudicing the veniremen.
As fast as the jurors were called they were placed in the box directly facing the suspects. Each was required to look at the quartet and tell whether he had ever known any of the four.
Among the questions asked by the state were:
Have you anarchist or union labor tendencies?
Are you a subscriber to "The Blast" or any publication of like policies?
Have you conscious or religious scruples against the infliction of the death penalty?
Charles Spengelmann, furrier, was the first venireman examined. He was excused when he asserted that he was decidedly prejudiced.
The alacrity with which veniremen responded this morning to questions put to them indicated that there would be little difficulty in securing a jury within a reasonable length of time.
The first three men to be temporarily passed by both sides were: Adams H. Lieb, William T. Humbert and Peter A. Finnigan.
Attorneys for Billings today strongly intimated that they will place the accused man on the stand before the trial is concluded. This came in the nature of a surprise to the prosecution.
Just prior to the opening of the Billings trial Superior Judge Dunne set the cases of the other four suspects for trial October 2.
Eleven prospective jurors in the case of Warren K. Billings charged with the preparedness day bomb plot murders, had been tentatively accepted when court recessed at noon.

HOW THE TIDE IS RUNNING.

(East Oregonian.)
By a majority of 75,000 Senator La Follette has been renominated by the republicans of Wisconsin. It is a significant victory because the stand-patters were claiming they would defeat "Fighting Bob" this year because of his virtual championship of the Wilson administration and repudiation of Hughes.
Though a republican in politics Senator La Follette has been with Wilson on all important legislation. He voted for the new tariff bill. He has been with Wilson on the Mexican situation and a few days ago he was the sole republican senator to vote with the administration forces on the strike legislation. Following the republican national convention La Follette harshly criticized the republican platform and those who managed the convention.
But despite this lack of "regularity" La Follette is renominated by the republicans of his state by an overwhelming majority. It is evidence to the effect that thousands of republicans, not only in Wisconsin but elsewhere as well, share the La Follette views. Progressive republicans are really closer to Wilson than to Hughes. They have faith in the president, they know he has been heart and soul for the public—not for privilege—and they will vote for him regardless of party affiliations.
The renomination of La Follette and the nomination of Hiram Johnson for senator in California show how the field is running this year. The tide is strong for progressivism and independent-political thinking. It means a Wilson victory and another downfall for the old guard.

Hughes Is Visitor at New York State Fair

Syracuse, N. Y., Sept. 11.—Charles E. Hughes, who as governor, put a stop to horse racing in New York for a time, is to witness a speed contest here this afternoon, if the plans of the local committee which has arranged for his entertainment are carried out.
Hughes is the greatest of the attractions at the New York state fair which opened today. A municipal holiday was declared and fifty thousand persons were expected at the grounds.
The whistles of all the merry-go-rounds screamed and the bands played as Hughes neared the Fair grounds. He was due to speak at Empire Court at 2 o'clock, after which it was planned for him to witness the grand circuit races, occupying a private box with Mrs. Hughes.

MARY IS ECCENTRIC BUT HAS SOME HOMES

For Ten Years Has Been Living in Homes of Millionaires at Lake Forrest

Lake Forest, Ill., Sept. 11.—Mary Hickey, eccentric domestic, may now pasture her donkey and her goats on the lawn of any Lake Forest millionaire home as she pleases and pick out her abode for the night as she sees fit.
Prestis L. Conley, millionaire, in whose home she has lived for the last three months without his knowledge, has dropped his case against Mary. Conley has asked the court to investigate as to Mary's sanity. Mary, it is said has for the last ten years been living in the homes of Lake Forest millionaires without their knowledge.
"I'm going to drop the case," said Conley. "I do not wish to appear in the light of persecuting the poor old creature. I think she must be insane, but the judge thinks she was harmless and Mary herself has promised to be good, so I have washed my hands of the whole business."
Conley declared he thought he was doing Lake Forest a favor by trying to have Mary put away.
"I am not the only person in whose home she has lived clandestinely. She has played the same trick in twenty five other homes. She doesn't work," said Conley.
Conley declared Mary would get into Lake Forest homes through the connivance of servants among whom he said, "there seemed to be a happy conspiracy to support Mary."
"Mary's goats have Lake Forest's collective goats," he said. "But what can they do? But Mary should worry."
Mrs. William Gottmer, a friend of Miss Hickey, declared that while Mary might be a trifle peculiar, she was not insane.
"She is peculiar, yes, but not insane. She loves her pets and she loves little children," said Mrs. Gottmer.

BELGIAN BOY WANTS AMERICAN "MOTHER"

Is Homeless and Motherless and Wants God-mother to Visit Him

New York, Sept. 11.—Anatole Wauters, 20-year-old Belgian boy, a soldier in the army of King Albert wants an American "god mother". His aged father imprisoned in Germany, and having lost his mother only seven weeks ago, the homeless boy has written the United States telling of his plight. Thousands of French and English women are acting as "god mothers" to men in the trenches—so many in fact, that Anatole says the supply is exhausted—and he wants an American woman to write him letters and "mother" him as others are doing for his comrades. Here is Anatole's letter received today:
"To the United States, New York:
"Gentlemen: Being at the front since the start of hostilities and seeing that almost all of my comrades had a French or English god mother, I am almost permitted to search for one. Unhappily the French and English god mothers are exhausted, that is to say they are all taken.
"Seeing that my efforts are without result, I thought to address myself to the great America, so generous, that has fed until now, our fathers, mothers, brothers and sisters who are in Belgium.
"I am twenty years of age, am willing to work and am without support whatever. I lost my mother seven weeks ago and my father is very old and is a prisoner in Germany.
"I thought of your service which has printed the fine articles by your correspondent, Henry Wood of Paris, that I am almost permitted to search for one. Unhappily the French and English god mothers are exhausted, that is to say they are all taken.
"A defender of humanity.
(Signed) Anatole Wauters, "P. J. C. A. Army of the country of Belgium."

REDISTRIBUTION OF LANDS SUGGESTED

Mexican Conference Considers It—Legalistas Attack Commission

By Carl D. Groat
New London, Conn., Sept. 11.—Redistribution of lands, through a taxation scheme which will break up large holdings, was a suggestion for solution of Mexico's internal problems which the Mexican commissioners outlined to the Americans in the "peace" conference today.
The Carranza envoys urged their plan as a hopeful sign of regeneration and argued it would help to rid the nation of the scourge of banditry and lessen the need for military protection of the border. Through land redistribution and no other means, it is argued, peace and plenty can be restored to the southern republic.
Progress toward troop withdrawal was made in today's session but it seems likely several more meetings will be required before the conference can report to their governments any definite recommendations regarding their plan.
Say Carranza Swiped Funds
El Paso, Texas, Sept. 11.—Declaring the chief object of the Mexican members of the mediation commission now meeting at New London, Conn., is to procure a large loan for the Carranza government, representatives of the new revolutionary party of Legalistas today sent a message to Secretary of State Lansing protesting the sanction of the United States government to such a loan. The telegram was signed by three prominent Mexicans of the old regime.
The text of the message relates that First Chief Carranza has had more than the necessary funds to cover expenses of administration but that these funds have been distributed among the chiefs of his own faction and asserts that the people have been deprived of labor facilities and possess no rights at all.
A similar note is being sent from other points along the border.
He Talked to Two Crowds.
Syracuse, N. Y., Sept. 11.—Charles E. Hughes this afternoon delivered a double address to two separate crowds of several thousand each at the opening of the New York state fair.
The republican nominee spoke from a stand in the open air to a big crowd. A dictograph carried his remarks to another audience in the state building.

Try to Learn Why British Failed in Two Campaigns

LORD GEORGE HAMILTON (above) AND LORD CROMER

To find out why the Dardanelles and Mesopotamian campaigns resulted so disastrously for Great Britain the British government has appointed two commissions to make investigations. Lord George Hamilton heads the body which is looking into the Mesopotamian failure, while Lord Cromer is chief investigator into the reasons for the abandonment of the Dardanelles.
Possible for 14-year-old Vernie Montgomery of Mattoon, Ill., being detained at the South Clark street police station today.
Vernie was found in Grant Park last night crying and hungry. He said he had saved \$10 and run away from Mattoon to come here and see De Vry.
"I spent two days in the park but I didn't see him," he said.
His parents were notified.

Funston Discredits Reports About Villa

Washington, Sept. 11.—The war department today received from General Funston additional information discrediting reports of Villista activities. Funston's message includes the following from General Pershing:
"Reports regarding Villa's movements north just received through El Paso authorities. So far these reports cannot be confirmed here, although every possible source of information is being used. Patriots at San Lorenzo, from El Valle reached Santa Clara canyon and about thirty miles on Chihuahua road but could hear nothing of Villa nor any movement of Villistas. People had heard rumors of Villistas at Satevo but nothing of any action north of there."
