### J. FRANK HANLY AND DR. IRA LANDRITH TO BE HERE SATURDAY

### Prohibition Candidates to Speak From Court House Steps at 7:15 a. m.

J. Frank Hanly, prohibition candidate for president and Dr. Ira Landrith, candidate for vice president, will arrive with their party on their special train Saturday morning at 7 o'clock. Arrangements have been made whereby the presidential nominee and others of his party will speak on the steps of the court house at 7:15 Saturday morning. Salem will be given an hour and a half time for the prohibitionists to tell of their work. Albany, Eugene and Medford will have but 30 minutes each, while a night engagement has been arranged for Ashland.

In case the weather will not permit speaking on the court house steps, the addresses will be made in the First Methodist church.

To have charge of the Salem meeting the following committee has been appointed: Rev. F. T. Porter, chairman; Mrs. Lela S. Lynch, Mrs. Sarah E. Oliver, Rev. H. E. Pemberton, and the Rev. G. L. Lovell.

The prohibitionists are making an unusually strong campaign. The special consisting of two baggage cars, one day coach and two Pullmans left Chicago September 8 for a two months' trip across the country, closing at Indianapolis, November 4.

Besides the presidential and vice presidential nominees and their wives, are several prominent speakers for the prohibition movement and their secretaries.

J. Frank Hanly was republican governor of Indiana eight years ago. Dr. Ira Landrith is a Tennessee Democrat and chautauqua orator. Daniel A. Poling the young prohibition orator is associate president of the United Christian Endeavor.

The party will appear Friday evening in Portland at the Ice Palace and the Christian Endeavors of Portland will banquet Dr. Ira Landrith at 6:30, Friday evening. The party is made up largely of the flying squadron that visited the west two years ago. That tour included 65,000 miles of travelling, the holding of 1500 meetings and in the 235 days they were out, visiting 255 cities.

### VICE PRESIDENT IS FORMALLY NOTIFIED

### Thomas R. Marshall Delivered Speech of Acceptance at Indianapolis

Indianapolis, Sept. 15.—Vice-President Thos. R. Marshall was notified last night of his renomination for vice president on the democratic ticket and formally accepted the honor. The ceremonies were the third of the kind to be held in Indianapolis within the last few weeks. The other two nominations were for J. Frank Hanly, the prohibition presidential nominee, and Chas. W. Fairbanks, republican vice-presidential nominee.

Prominent democrats from all over the country were present. Informal political conferences were held by the leaders and plans for the campaign were made by National Chairman Vance McCormick.

Martin H. Glynn, former governor of New York, delivered the speech of notification, after having been introduced by J. M. Adair, candidate for governor of Indiana, chairman of ceremonies. All the speakers praised the present democratic administration, replied to the republican attacks which had been made on it, and expressed confidence of a democratic victory. A big parade preceded the ceremonies.

The parade was without the amount of red fire that had been planned. A large part of the supply was on an auto truck, and when on its way to the distribution point the torches caught fire in some manner. Several hundred dollars' worth of fireworks burned at once.

The appearance of Vice-President Marshall, Mr. Glynn, Senator Taggart and other leaders on the platform was the signal for a prolonged cheer. About 25 members of the committee, including Mrs. Terese Graham, of Coeur d'Alene, Idaho, and Mrs. Harrison Foster, of Tacoma, Wash., several members of congress, and national committeemen attended the notification.

In his notification speech, Former Governor McGlynn said: "In their search for an issue, grasshoppers never hopped as our opponents have hopped, chameleons never changed their hues as our opponents have changed their cries in this campaign."

"They are like the hums, the bird of perpetual motion, that never lights on land or sea, but is always on the wing. (Hums)—A fabulous bird of the east, said to be a restless wanderer, but to bring luck to whomever it hovers over."—Standard Dictionary.

"First, they create an issue out of 'Americanism,' but as soon as they see the people know that Woodrow Wilson is doing today in our foreign affairs exactly what Washington and Adams and Jefferson and Lincoln and Grant did under similar circumstances—why, our republican friends hop to another issue, change their hues, raise new cries and, like the hums, keep on the wing.

**Result in Maine.** "Then they attack the recent eight-hour law for railroads. They make as much noise about this as moskobb conservatives made 80 years ago over President Van Buren's 10-hour law, and they probably will achieve the same negative result. And since Monday last they have been trying to make an issue out of the state election up in Maine as a repudiation of the Wilson policies and a forecast of National republican victory. But this contention will not hold water. The average republican majority in Maine in the last five national elections was 33,164, and yet on Monday last the republicans carried it by only 13,000.

"This same kind of a republican victory would swing New York to Wilson by 250,000. The falling off of the republican vote in Maine is 20 per cent from the vote of four years ago. If this percentage prevails throughout the country on next election day, Woodrow Wilson will carry every doubtful state in the nation."

### Definitions Are Wanted.

The all-important question of what the republicans would have done regarding the Lusitania, Mexico and Belgium, said the vice-president, in his reply accepting the nomination, had not been answered by the party's presidential candidate, Mr. Hughes. He added that "firm Americanism" should be categorically defined by those who had coined it, and declared the people would not be willing to discharge one doctor because he was criticised by another who offered no remedy.

**Progressive Policies Affirmed.** "The democratic party is standing for a progressive party. Part of its duty is to quiet the fears of the timid. It proposes that the social and economic justice of the tariff towards the workman shall have a practical instead of a theoretical test. It waives its ancient views as to a tariff commission, now that the tariff has been lowered and wealth has been made to bear its fair proportion of the burdens of government, and it proposes to ascertain the real purchasing difference between the wage here and abroad, and to put that difference into the tariff schedule, if needed, which I doubt, and provided that the manufacturer agrees that the difference shall go into the pay envelope and not into dividends. What the republicans use to fool, we shall use to cheer, the weary heart of labor.

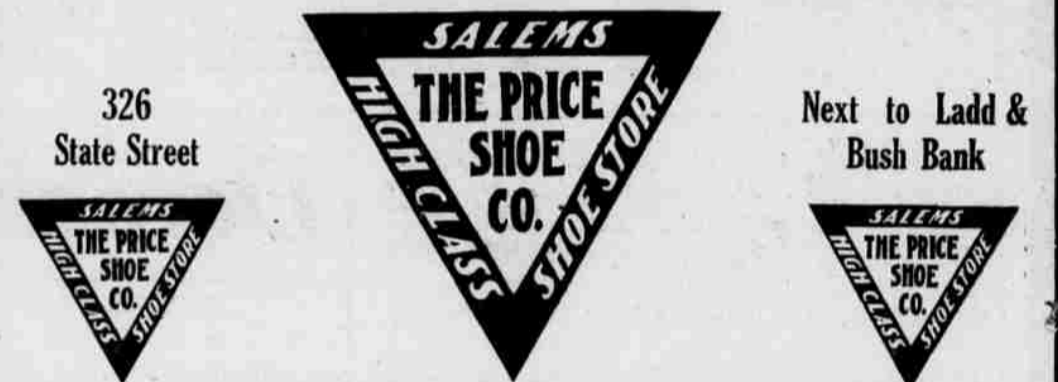

"Those who criticize say the president is an infirm American. Now it so happens in this country that no birth nor religion, but loyalty to America constitutes the American. Any blood and any faith and any party that assaults an American president because he chooses to ignore blood and church and party in the cause of peace would suffer less by committing har-kari. So that it may be beyond the real issue, the republican party has sought to copy-right the phrase 'firm Americanism' without defining it. By this phrase they want the English-born to understand that if the president had been a firm American, Belgium would not have been invaded and the Lusitania would

### HILARIOUS PRISONERS

Seattle, Wash., Sept. 15.—When Chief of Police Beckingham, and a reserve squad of police tried to break up a gathering of four hundred longshoremen strike sympathizers on the waterfront last night, seventy two of the men refused to obey orders to move on, and were arrested and locked up. They kept up a continuous yelling in jail all night, and rattled the bars of their cells until, at 2:30 o'clock this morning, 21 of them had to be removed to the stockade, in order to let patients in the city hospital, on the floor below, secure rest and sleep.

### Tipperary Gives Way to Another Ragtime

London, Sept. 5.—(By mail).—"Tipperary" has given way at the battle front to a new song with a raggy lilt whose theme is that the bullets will always get the other fellow. "Tipperary" is through; worn out by repetition. The new piece goes with a bang with the troops and threatens to become as popular as "Tipperary" ever was. Here are the words: "The bells of hell go ting-a-ling-a-ling, For you, but not for me; For me the angels sing-a-ling-a-ling. They've got the goods for me, Oh, death where is thy sting-a-ling-a-ling? Oh, grave thy victorie? The bells of hell go ting-a-ling-a-ling, For you, but not for me."

### TO HELP NATURE SHED A BAD COMPLEXION

Beauty devotees are enthusiastic over the beautifying qualities of merozized wax. Nothing discovered within recent years accomplishes so much, so quickly without harm, at such small expense. The principal reason for its wonderful merit is that it works in harmony with physiological laws. Instead of hiding complexion defects, it removes them. It actually takes off the aged, faded, sallow, freckled or blotchy surface skin, gently, gradually, causing no inconvenience. It is nature's way of renewing complexions. When the natural process is retarded because of deficient circulation or nerve tone, merozized wax comes to the rescue and hastens the skin shedding. The new complexion which appears is a natural one, youthful, healthy, exquisitely beautiful. If you've never tried merozized wax, get an ounce of it at the drug store, use at night like cold cream, washing it off in the morning. Another natural beautifying treatment—for wrinkled skin—is to bathe the face in a lotion made by dissolving an ounce of powdered salolite in a half pint with hazel. This is remarkably and instantaneously effective.

### SNOW IN MINNESOTA

St. Paul, Minn., Sept. 15.—First snow of the season was reported falling at Little Falls, Minn., today, while temperatures remained below freezing. Late corn and vegetables were damaged. South Dakota points reported freezing damaging gardens. Corn having hardened, was benefitted rather than damaged.

### HAIR OFTEN RUINED BY WASHING WITH SOAP

Soap should be used very carefully, if you want to keep your hair looking its best. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and ruins it. The best thing for steady use is just ordinary multifid coconut oil (which is pure and greaseless), and is better than the most expensive soap or anything else you can use. One or two teaspoonfuls will cleanse the hair and scalp thoroughly. Simply moisten the hair with water and rub it in. It makes an abundance of rich, creamy lather, which rinses out easily, removing every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage. You can get multifid coconut oil at any pharmacy, it's very cheap, and a few ounces will supply every member of the family for months.

### ANNUAL LIVE STOCK SHOW IN DECEMBER

Between \$20,000 and \$25,000 In Premiums—Opens Dec. 4 at Portland

The sixth annual Pacific International live stock exposition will be held at the Union stock yards, North Portland, Oregon, December 4-9, 1916.

This exposition is entirely educational as there is no entry fee, no admission charge or revenue of any kind. It is held simply in the interest of better live stock.

Owing to the generous appropriations of the Oregon Bankers association, the Portland Chamber of Commerce, the state of Oregon and the different breed associations, the show this year will rank with the largest live stock associations in the United States.

Between \$20,000 and \$25,000 cash premiums will be offered for live stock. The Shorthorn and Hereford associations of America have made appropriations of \$5,000, and as the exposition itself has added an equal amount, these two breeds alone will compete for the \$10,000, thus securing the keenest competition.

The dairy division, which includes Holsteins, Jerseys, Guernseys and Ayrshires will compete for \$5000 offered in cash prizes. The sheep class will have \$2500 and hogs about the same amount. The draft type of horses are given \$1200, divided between Belgian, Percheron, Clydes and Shires. Cattle in car lots are recognized to the extent of \$2500. The student judging contest to be participated in by all the agricultural students of the northwest, will again receive \$300.

The closing date for entries of breeding classes is November 13 and for fat calves, November 27. No entries will receive consideration at any later date. This rule enables the management to issue a catalog valuable to visitors as well as exhibitors. Entry blanks will be furnished by C. M. Plummer, general manager. It is estimated that members of granges in the three northwestern states numbering 2500 will attend. Judges of national reputation will handle the different classes.

You may imagine that a snail is slow. But if you want to see something really slow just watch one woman making room for another woman in a street car.

There are a lot of pessimists and grouchers in the world. But we never hear a man complaining because there were not enough sparrows to go around.

Even if she is still single when she is 30, a woman always has the consolation of knowing that she was born that way.

### Steamer Counsellor Torpedoed, Says Fireman

London, Sept. 15.—Frank Callingham of Philadelphia, a fireman aboard the Harrison liner Counsellor, made an affidavit before the United States consul at Queenstown that the Counsellor was torpedoed.

The captain and crew of the Counsellor were landed at Queenstown. Callingham, who is an American citizen, shipped aboard the Counsellor when she touched at San Francisco. His wife is now at Atlantic City, N. J.

A London dispatch last night said the Counsellor was "sunk" and that her crew was saved, but nothing was reported about the circumstances of the sinking.

The Counsellor was last reported as having sailed from Colon, Panama, August 27, en route from Vancouver for Liverpool. She probably was sunk near the British Isles. The Counsellor displaced 4,958 tons and was 400 feet long. She was owned by the Charente Steamship company and registered at Liverpool.

### HELP FOR WORKING WOMEN Some Have to Keep on Until They Almost Drop. How Mrs. Conley Got Help.

Here is a letter from a woman who had to work, but was too weak and suffered too much to continue. How she regained health:—

Frankfort, Ky.—"I suffered so much with female weakness that I could not do my own work, had to hire it done. I heard so much about Lydia E. Pinkham's Vegetable Compound that I tried it. I took three bottles and I found it to be all you claim. Now I feel as well as ever I did and am able to do all my own work again. I recommend it to any woman suffering from female weakness. You may publish my letter if you wish."—Mrs. JAMES CONLEY, 516 St. Clair St., Frankfort, Ky.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism.

All women are invited to write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special advice.—It will be confidential.
