

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys If Bladder Bothers You—Drink Lots of Water

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly back-ache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders. Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

FIFTH CALIFORNIA BOYS MUST REMAIN IN CAMP

Sacramento, Cal., Sept. 22.—The camp of the Fifth California infantry is very wet today as the result of a downpour of rain, but considerably dry as far as the downing of intoxicants is concerned.

Following two riots between soldiers and negroes, Colonel Burt issued an order that all soldiers entering saloons would be arrested.

A "dead line" has been established and soldiers are only allowed in certain sections of the city.

LINER HAD A FIRE

Galveston, Texas, Sept. 22.—The Morgan liner El Alba arrived here from New York today and Captain Freeman reported a serious fire that started in her bunkers and destroyed a portion of the cargo before it was extinguished last night. The extent of the damage has not been ascertained.

MINISTER OBJECTS TO POLITICS IN PULPIT

Asks To Be Permitted to Withdraw From the Ministry

San Francisco, Sept. 22.—The request of Rev. Newton E. Clemenson for a withdrawal from the ministry will unquestionably be speedily granted by the Presbytery next month, said prominent Presbyterian clergy today, following the minister's request in a lengthy attack upon the synod because of its alleged attitude toward prohibition. In his attack, Clemenson alleged "ecclesiastical politicians" are "making the dogma of prohibition a test of orthodoxy."

"I do not believe in sumptuary legislation, brought about through the agency of the church which inevitably engenders strife, divides communities and impedes the work of the ministry," said he in part. "I believe this agitation in and by the church is dangerous to the state, an infringement of individual liberty, contrary to Christ's teachings and can accomplish nothing of spiritual value to society."

Rev. Clemenson, who also charges the churches are being changed into "political convention halls," lectured for the Grape Protective association two years ago in the Presbyterian congregation. The resignation is a result, as he charges the synod falsely recorded his trouble with the Oakland Presbytery at that time.

Harrisburg Pioneer Drowned In River

Harrisburg, Ore., Sept. 22.—D. C. Holt, for many years a resident of Harrisburg, was drowned yesterday afternoon while swimming in the Willamette river here, it is feared. The body has not been found, but Mr. Holt's clothes were discovered last evening at a place above the ferry landing where he frequently went in swimming.

Mr. Holt went across the river about 4:30 in the afternoon for vegetables. Toward night, when he did not return home, his family became uneasy and started a search. The vegetables and his clothing were found on the bank of the river above the ferry. Grappling hooks came up on the 2:30 S. P. train from Eugene this morning and the search for the body will be resumed.

Mr. Holt was a member of the drug firm, Smith and Holt, of Harrisburg, and had lived here many years. He was past middle age and leaves a wife and eight children, all but two of whom live here. One is at Salem and the other at National City, California.

Like Cats the Classes Take to the Roofs

That a break in the brotherly love now outwardly existing between members of the freshmen and sophomore classes is imminent was apparent to any chance prowler in the vicinity of the Sweetland athletic field last night. It has been a custom for each university class to strive to keep its members on the grandstand roof at certain periods of the year, despite the efforts of the rival classes to eradicate them. Whenever the freshmen paint their numerals on the roof, the sophomores make it their business to see that they disappear as soon as possible. Many and excited battles have been waged by the respective factions on the athletic field since such strife was inaugurated in 1908.

The sophomores decided to repaint their dilapidated numerals which have remained covered with tax since last year, but soon after the completion of the task, freshmen wanderers of the night got busy and "the glory that was" paint was soon no more. In all probability this evening will witness retaliatory tactics on the part of both classes. Just when an open break will occur, it is impossible to predict, but with excitement running so high, the dove of peace will soon be banished to the tall timber.

Albany Boosters Will Attend State Fair

The promoters of the Harvest Festival are planning a big auto excursion to the state fair at Salem on next Thursday. An effort will be made to secure 150 cars for the trip.

It is planned to visit Independence, Monmouth and Dallas on the trip down and return via Turner, Marion and Jefferson.

A regular schedule for the day will be made and every car required to keep on the schedule. The effort to keep the cars together is made because a much better showing is believed to result of having all the machines in line rather than having them strung out all over the country.

Thursday will be Portland day at the fair and will be the biggest day of the week. With cowboy hats and festival banners present in abundance the Albany cars expect to make a big showing.

Any one owning a car and intending to make the trip is being asked to register with Edward Bailey.—Albany Herald.

WOMAN PLEADED GUILTY

Stockton, Cal., Sept. 22.—"I deserve it," said Mrs. Lottie Nelson, today, following her sentence of 18 months in San Quentin for forgery. The woman was arrested for securing money on a forged deed to San Francisco property entered a plea of guilty and asked immediate sentence.

BLIGN THEATRE

Will Begin Paving South Commercial

Mr. August Kehrberger has the contract for paving the street car company's part of South Commercial street, a strip eight feet wide, from Mission to the city limits, in all 17 blocks. The paving will be concrete and Mr. Kehrberger will start his men at work Monday morning. If there are any yet unemployed around Salem this will furnish an opportunity for work. The company has had a big gang at work this week, digging out the broken rock between and each side of the track to the width

COMMISSION AGREES ABOUT WITHDRAWAL

Mexicans to Help Patrol Border, Pershing to Stay for Some Time Yet

By Carl D. Groat, (United Press Staff Correspondent.)

New London, Conn., Sept. 21.—The Mexican-American commission has about finished its first task—that of settling the problem of border patrol.

A tentative program for border patrol was today practically completed. It provides that General Pershing's forces shall remain where they are for the present. There is an additional proviso by which the Carranza forces will take over a liberal share of the work of protecting the border but its exact form has not been revealed.

The United Press received positive assurances today that the plan contains no recommendation for an immediate withdrawal.

"The situation remains as it is for the present," it was stated.

The entire plan is being submitted to General Bliss for his approval. Some reworking for military reasons may suggest itself to Bliss. It is possible the whole plan will be in shape by Saturday but more probable that it will require another week before it is submitted to Washington and Mexico City for approval. If the scheme succeeds and Carranza forces are found adequate, then withdrawal of American troops will be accomplished later. Villa's activities around Chihuahua will not vitally affect the situation.

of eight feet, and this work will be completed by tonight from Mission street to Myers. It is expected the city plant will soon begin operations on its part of the street.

French Prune Crop Reports Are Almost Total Failure

San Francisco, Sept. 22.—The prune crop of France is almost a complete failure, according to cable advices received here by local business men.

The French prune crop is normally from 25,000 to 30,000 tons. This year it is placed at only 1100 tons.

PACED FAST MILE

Columbus, O., Sept. 22.—Napoleon Direct and St. Frisco, with T. W. Murphy driving in place of the disabled Edward Geers, yesterday afternoon scored straight heat victories in the Columbus grand circuit races for which they were favorites. Napoleon Direct raced in front in each heat of the
