**Court House News**

Marriage licenses have been issued at the county clerk's office to Floyd Palmer Smith and Rebecca Maude Beers, both of Salem; Lawrence Davenport Roberts and Bernice Cornelia Small, both of Turner; James Robert Hobbs and Zella Ann Gentry, both of Marion; John U. Glassner, of Richland, Wash., and Ora Ellen Given, of Shaw.

Action to collect \$128.95 alleged to be due on a promissory note has been begun in the circuit court by L. H. Turner against G. C. Scudder.

T. A. Livesley & Co., who claim ownership to a certain consignment of hops now in the Silverton hop growers' warehouse at Silverton, have begun suit in the circuit court against F. W. Buel et al. Immediate possession of the hops is asked, or a judgment to the value of the property.

The following have taken out hunter's licenses: Herman Pillett, of Aurora; John Pfaff, of Mt. Angel; Leroy Armstrong, of Gervais; L. D. Roberts, of Turner; Ben Papenfus, of Salem.

Applications to place upon the trial docket have been filed in the following cases: B. A. Farrar vs. John P. Wilbur, Oregon Produce company vs. F. E. Whittington, Vermont Farm Machine company vs. J. D. Gilliam, W. L. Gilbert vs. Globe Rutgers Fire Insurance company, of New York.

**WALTER KEYES WILL ACCEPT NOMINATION**

**Committee Waits Upon Him with Petition He Could Not Disregard**

We the citizens and tax payers of the city of Salem, Oregon, most respectfully petition you to allow your name to be placed on the ballot for the nomination of mayor of the city of Salem, Oregon, at the coming election to be held November 6, 1916.

The above petition addressed to Walter E. Keyes, Salem's popular attorney, was circulated yesterday afternoon from about 4 o'clock until closing time and a short while this morning. It received the signature of 206 persons, mostly business men, and of those to whom it was presented not one refused to sign but all seemed glad of the opportunity.

A committee waited upon Mr. Keyes this morning presenting the petition and urging its acceptance. Mr. Keyes was taken entirely by surprise, and while he had had no thought concerning the office said that so flattering a tribute could not be passed lightly by, and that he could not refuse to accede to the request. Mr. Keyes will make the race, and it is a foregone conclusion apparently, will be the next mayor.

**MARVELOUS MARY PICKFORD PLAYS DUTCH GIRL**

Famous Players Star Her in "Hulda From Holland"

Mary Pickford has been starred upon the screen in characterizations of many picturesque nationalities but her little Dutch girl in "Hulda From Holland," by Edith Barnard Delano has never been surpassed in humor and genuine appeal to the heart. It is a Hulda of the like country that the foremost star of the motion picture screen will appear at the Ye Liberty tonight, tomorrow and Thursday next week when this exquisite Famous Players production is released on the Paramount program.

Opening in Picturesque Holland, the action shifts to New York when, on the invitation of her uncle—a typical Pennsylvania Dutchman—Hulda brings her three little brothers to the land of opportunity. But all of Hulda's opportunities are not showered upon her at once. In fact her uncle has barely met her when he is injured and taken to the hospital, where he lies without any means of identification. Hulda alone in New York with three little children and not a soul that she knows!

But the brave little girl finds a counselor and friends in the keeper of a boarding house with whom she finds temporary employment. The injury to Uncle Peter is almost as serious a blow to President Walton of the New Central Railway for he has been trying to force a right of way through the obstinate old man's farm and, now when he has only three more days in which to bring matters to a head, Uncle Peter has suddenly disappeared.

Hulda, meanwhile, has interested an Italian organ grinder by her eccentric dances and while rehearsing, through a slight, arriving very dramatically in the studio of young Walton, the son of the railway man. The unconventional meeting results in a deep friendship between the pair and when the elder Walton hits upon the scheme of using his son as a means of reaching the old man through his beloved niece, the boy goes much further than his parent had outlined.

"Hulda From Holland" was directed by John B. O'Brien and has in support of Miss Pickford several well-known players, among them Frank Losee, John Bowers, Russell Bassett, Charles Vernon and Rittie Haral Hol-lacher.

**JUDGE GEORGE D. ALDEN.**

No lecturer on the American platform has a finer right to claim a place in the attention of the people. A descendant of the Aldens of New England, whose names are inextricably woven into the warp and woof of American history, he inherits a deep and abiding interest in things American. An able lawyer, honored by appointment to the bench and serving with fidelity during a ten years' term, he has had a wide contact with humanity. Called to the platform by his pre-eminent abilities as an advocate and pleader, he is eminently qualified to discuss in an enlightening and ennobling way the problems of modern life. A philosopher, humorist and poet at heart, he is intensely practical and absorbingly interesting. His lectures on present day problems, "The Needs of the Hour" and "The Powder and the Match," are platform classics and have been received with enthusiastic approval in every state in the Union. "I always feel," says Dr. Frank W. Gunsaulus, the noted divine, "that life is more worth the living and the influences of our time are more surely consecrated to high ends when he has delivered his message."

Judge Alden was the most popular attraction on the 1915-16 Lyceum course and is repeating this season with his new lecture "The Powder and the Match."

**Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water**

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sprinkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. If only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of the thousands of sickly, anemic-looking men, women and girls with pasty or muddy complexions, instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store, which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance, awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

**Steel Dropped Some Other Stocks Steady**

New York, Sept. 26.—The bears had their inning today with United States Steel common, which led the great two million share bull market yesterday and established a high record at \$120 a share.

Profit taking by speculators who rode the market upward for two weeks and short selling by others who believe the crack must come soon, sent Steel down to 113-3/4, off 6 1/4 from the record during the recent consecutive million share day of the present movement today.

The bull movement swung forward in a different quarter during a morning in which \$41,000 shares were traded. Marine common advanced four points to 47 1/2, Crucible jumped four to 94 1/4, and Colorado Fuel and Iron sold at 57 1/2, an advance of three points.

The close was irregular.

In late trading Southern Pacific sold one quarter to 102 1/4 in response to publication of its annual reports showing 10.98 per cent earnings against 7.70 per cent the previous year. Surplus for dividends is \$29,950,418, the statement said, is exceeded only by that in 1910.

New York Central sold at 109 3-8 and Atchison sold above 106.

Steel continued to dominate the market in volume of sales, nearly 300,000 shares being transferred at 2 o'clock. Total sales at that hour were 1,228,000 indicating a million and a half share day. Steel was quoted at 114 5-8.

Sales today were 1,564,000 shares. Steel closed at 115, unchanged.

**A MEDICINE OF MERIT**

The great sale of Lydia E. Pinkham's Vegetable Compound over this land is the result of genuine merit. The reason is that this good old fashioned root and herb medicine actually helps those suffering from the ailments peculiar to women. If it did not, would not the women of America have found it out in forty years, so that few of them would buy?

**Reese Bros. Open at the Grand Theatre**

Any Salemite or visitor afflicted with pessimism or an irritating grouch should take a short time off and drop around to the Grand opera house this week. It would be advisable, however, to remember "safety first" by hitching up belts a few notches, and when you take your seat be sure to get a good hand hold on your Adams Apple, as Reese Brothers, Africaners, a colored troupe of 15 people who are furnishing fun and hilarity at the Grand, are certainly ticklish propositions. In short, they guarantee to coax a laugh from even the theatre managers, and it is claimed that undertakers fight shy of the show for the reason it is impossible for them to spend a night with these funny folks.

In all seriousness, the Reese Brothers' players are notably superior to any talent of that character ever playing in Salem. The old humdrum jokes and dejected minstrel romances are conspicuous for their absence in this show, and each member of the company is an artist in the circles of 20th century entertainers. Arthur Reese, an amusing conversationalist, is one of the most characteristic members of the company, while Florence Blue, Marjorie Bailey and Jessie Reese are blessed with beautiful voices, and their efforts are those of players who are sincerely desirous of pleasing their audiences. Jokie Murray is a dancer extraordinary. His antics are mirth provoking while at the same time he is fully capable of some amazing foot work.

As an illustration of the fine public spirit which must be accorded to these people, Reese Brothers yesterday kindly offered the free assistance of their entire musical organization to the people who welcomed Company M home from Clackamas. For some unaccountable reason those to whom this offer was made failed to put an appearance at the appointed time, and consequently the militia lads were not escorted to the city from the train by a band. The managers of the band stated last evening that they would have been proud to show homage to the soldiers yesterday, and hoped that it may be their pleasure to entertain the boys before the week is gone.

**Ambassador Gerard Leaves Berlin for Home**

By Carl W. Ackerman. (United Press staff correspondent.)

Berlin, Sept. 26.—Ambassador Gerard who was to leave for Copenhagen today to take passage for the United States, may change his plans at the last moment. Several members of the German ministry called at the embassy last night. Their visits followed a German ministry call at the German ministry for Foreign Secretary Van Jagow in the forenoon and Gerard's conference with Chancellor Von Bethmann-Hollweg on Saturday. The ambassador refused to discuss these visits but it was learned at the embassy that he may even change his plans after reaching Copenhagen today and return to Berlin.

Mrs. Gerard who has entirely recovered from the shock she suffered in an automobile accident yesterday, will accompany her husband. Gerard told reporters that he certainly expects to return to Berlin even though he should decide to go to the United States.

**Dorothy Gish Seen As 'Little Schoolma'am'**

Triangle Favorite Has New Play In Which Illage Scandal Mongers Make Trouble For Her

The story of Nan Cartright, a southern girl who becomes a school teacher in a small western town, is told in "The Little School ma'am," the new Triangle play starring Dorothy Gish, which is to be seen at the Oregon theatre, three days starting today.

There is only one grade in the school, which contains children of all ages and sizes. The little teacher mothers them all. Outside of school hours, however, she is very lonely. Her life is made still more unhappy by malicious gossip which she resents her "southern airs," and spend their time spying upon her in the little boarding house where she lives.

One evening she goes alone to the brook, to have a good cry. There she is found by Howard, a young playwright from her native state who is visiting in the village. He attempts to offer her his sympathy, and she accepts him as a friend. Before long there is more than a friendship, and Howard becomes a frequent visitor at the schoolhouse, where the children take a great fancy to him. Of course the scandal mongers soon find in Howard's calls at the school an opportunity to say unkind things about the girl.

For a time she pays no heed, but one evening, when she has gone for a drive with Howard, their horse runs away, and the two are thrown out. It takes them until morning to find their way home in the dark, and the school board soon afterward requests the teacher's resignation. This leads to a stirring series of events and an interesting climax.

In the supporting cast are Elmer Clifton, George Pierce, Jack Brammell, Howard Gaye, Josephine Crowell, Larry Huntley, Millard Webb, Hal Wilson and George Stine, leading man of the "Triangle Kiddies."

**Western Pacific Gets 30 Cars Daily**

San Francisco, Sept. 26.—Not all of the new cars to be secured by the Western Pacific with the \$2,600,000 appropriation for that purpose will be purchased from eastern firms. Following his return from the east, President Charles M. Levey announced that 100 cars will be built in the company's shops at Sacramento. As a result of orders placed in the east, the Western Pacific will have 2350 new box and truck cars when the contracts are finished late in the spring. Delivery of new cars has already been started by the Pullman company, which is finishing 15 to 30 cars daily for the railroad.

Twenty big prune dryers, besides numerous small ones, are at work in Lane county at the present time and the estimated output is 150,000 pounds of dried fruit each day, according to C. E. Stewart, county fruit inspector. With the exception of the big dryer operated in connection with the canneries of the Eugene Fruit Growers' association, Dr. L. D. Scarborough of Creswell, has the largest plant in the county, says Mr. Stewart. One day last week the output of his plant was 50,000 pounds of dried prunes, but this was an exceptional run. One day Dr. Scarborough gathered 3900 bushel boxes of prunes out of his extensive orchard. He has the largest bearing prune orchard in the county, and it is believed the oldest of any size. Mr. Stewart says he will have about 1,000,000 pounds of dried prunes this year.—Eugene Register.

**Twenty Big Fruit Dryers Busy in Lane County**

Portland, Or., Sept. 26.—Denying there was evidence of a conspiracy in restraint of trade, Federal Judge Wolvorton yesterday denied the injunction sought by Amund Moore of the Oregon Portland Cement company.

Moore asked an order to prevent certain directors of his company from exercising proxies in a stockholders' meeting. He alleged they would use their power to withdraw a suit which he instituted under the Sherman anti-trust law, demanding \$1,500,000 damages from fourteen cement companies.

**Navy League Wants Some Financial Salve**

Washington, Sept. 26.—The \$100,000 row between the Navy League and Henry Ford went a step nearer trial today when the league replied to Ford's plea in the libel suit against the pacifist.

The league declared statements made in the newspaper advertisements which bore Ford's name were defamatory and false. The league declared it is no defense for Ford to say he thought the substance of the advertisements were true. The fact that the statements were made by Representative Tamm, Illinois, in the house, the league contended, does not give Ford right to circulate such statements. In this connection, the league pointed out that a member of congress cannot be called into court for statements he makes on the floor.
