SOCIETY

By ALINE THOMPSON

ONCE again, with the added impetus that the balmy sunny weather gives, Salem society turned out en masse to do homage to the annual state fair.

All day yesterday the grounds were thronged with visitors, and today also was unusually gala, as tomorrow is the closing day of the big event.

The horse show which is a big feature of the fair this season, will be brought to a close tonight with a brilliant exhibit by equestrians from the Portland Hunt club and riding academy.

Among the Salem folk entertaining with box parties at the races today were Mr. and Mrs. John H. McNary, whose guests were Mr. and Mrs. William C. Knighton of Portland.

Mr. and Mrs. Claude P. Slade and small son of Silverton, spent Wednesday in Salem, attending the fair. They motored over returning late in the evening.

FAIR TO REMAIN

(Continued from Page One.)

Cattle Men Suggest.
The Oregon Holstein Cattle club which met at the fairgrounds last night for their annual meeting adopted a resolution in favor of the erection of a huge coliseum for the judging of livestock and for other large gatherings that are held at the fairgrounds. At present the tent stadium which seats about 2,000 people around the outside of the show ring is entirely inadequate to seat the large crowds that throng to the night features of the state fair. Hundreds of people are turned away from the doors long before the show starts and it is practically the universal sentiment that a large open air amphitheatre should be erected where concerts could be held as well as stock shows.

The members also passed a resolution favoring a more equitable arrangement of the space in the barns. J. Luscher, of Fairview, was elected president of the club and David McEown, of Gresham, was chosen as vice-president. H. G. Mullenhoff, of Gresham, was elected secretary.

EXTREME WEAKNESS AND SUFFERING

Read How Mrs. Goodling got Relief and Strength.

York, Pa.—"I have used Lydia E. Pinkham's Vegetable Compound and found it to be all you say it is. I was so sick that I could not stand at my sink to wash dishes and I could not sit without a pillow under me. I had the doctor every few days but since I have taken the Compound I don't have to send for him. I have had three children and could not raise any of them, but since I have taken the Compound I have a bright baby boy. I advise every suffering woman to try it and get relief. It has done wonders for me."—Mrs. CATHARINE GOODLING, 138 E. King Street, York, Pa.

When a medicine has been successful in bringing health to so many, no woman has a right to say without trying it. "I do not believe it will help me." There must be more than a hundred thousand women in this country who, like Mrs. Goodling, have proven what wonders Lydia E. Pinkham's Vegetable Compound can do for weak and ailing women. Try it and see for yourself.

If there are any complications you don't understand, write Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts Before Breakfast If Your Back Hurts or Bladder Bothers You

The American men and women must guard constantly against kidney trouble, because we eat too much and our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney, flushing any time.

Asking that the defendant be enjoined from disposing of his hops to a third party, the Oregon Hop Growers' association has filed a complaint in the circuit court against Geo. W. Cole.

Action has been started in the circuit court by John Leutz, Catherine Leutz and Martin Leutz against J. D. and Rosa Rodgers of Woodburn, for the collection of a promissory note for \$700. Foreclosure of a mortgage is asked.

In the grand rush for hunters' licenses at the office of the county clerk during the past 24 hours, Gervais people have come in the greatest number.
