Long before the end of the Nineteen-Sixteen season Buick purchasers will possess upwards of 80,000 Nineteen-Sixteen Valve-in-Head Sixes. Meritorious performances of past Buicks will have sold many of them. Buick power and Buick beauty will have sold others. But the majority of these men will become owners of Buick Sixes primarily because they are convinced that the fourteen years of steadfast progress and unchanged faith in the Valve-in-Head principle of motor car construction has placed the Buick in a class far ahead of all competition.

New York, Sept. 29,-Only one point behind the Brooklyn Dodgers and with the advantage of the "jump" game of the all-important series tucked away, the Phillies stand poised today to drive their way into first place in the Na-tional league.

The Dodgers cracked badly through their collision with the fast traveling Phillies yesterday, but are prepared to fight desperately for the struggle today, which will spell whether they retain their lead or skid into second place. Twenty thousand rabid fans yelled, cheered and then groaned and monned us the Dodger machine showed fine form, began to hit bumps and finally cracked open yesterday. Today they are looking to Rube Marquard, Jerr Pfeffer or Sherrod Smith to take the mound and regain the lost ground.

have three games in the present series.

The Giants have seven games left on their schedule, four with Brooklyn and three with the Braves. If they take the three from the Braves, they will be in third place. If Brooklyn loses the next two games to Philadelphia at the same time, they will stand two games and a half behind the Dodgers, who then would be in second place. Then the Giants are billed to meet the Dodgers. If they can turn in four straight victories over the Dodgers and should the Braves help out by defeating the Phillies five games out of six in their last series, the Giants will be tied for first place on the last day of the season. They can win the pennant if the Braves take all six games from the Phillies, provided the other foregoing things happen.
