RESUME OF SEASON'S BASEBALL CONTESTS

It Was a Fight Every Day of the Playing With Any Liable to Win

By H. C. Hamilton. (United Press staff correspondent.) New York, Oct. 4.—President John K. Tener of the National league, declared to the United Press today that absolutely nothing will be done from his office regarding the charges of Manager John McGraw that the Giants quit in yesterday's game with Brooklyn.

When Itching Stops
There is one safe, dependable treatment that relieves itching torture instantly and that cleanses and soothes the skin.
Ask any druggist for a 25c bottle of Zeno and apply it as directed. Soon you will find that pimples, black heads, eczema, ringworm and similar skin troubles will disappear.
A little Zeno, the penetrating, satiating liquid, is all that is needed, for it banishes all skin eruptions and makes the skin soft, smooth and healthy.
Zeno, Cleveland

as the commission was concerned. "It looks to me like an outburst from a man wrought up over the fact that he couldn't keep on winning with a team which had just finished a run of 26 consecutive victories," Tener said. "I do not doubt that he said harsh things, but every friend of baseball, who knows the National game, will attribute it to the fiery temper of the man who said it. There is nothing to be done from this office."
Tener expressed regret over the fact that so much fuss had been made over a matter that appeared to him to be of very slight importance.
Garry Herrmann insisted he didn't see why the National commission should take up the matter.
"There is no case to close so far as the commission is concerned," he declared. "I don't want to talk about it."
McGraw Lost His Temper.
Ben Johnson, president of the American league, did not comment on the occurrence, saying it was not his place to become involved in a controversy in which he could not have any interest at the present time.
McGraw lost his temper early in the game between the Dodgers and Giants, it developed today. He left the field in the fourth inning when he became enraged by a wild throw made by Pitcher Perritt. He returned, however, only to leave again in the fifth when a Brooklyn base runner stole second. McGraw declared Perritt displayed poor judgment and gross carelessness in taking a full windup with a base runner on first. His charge of quitting roused Art Fletcher and Perritt, who gave him the lie and McGraw rushed from the field in a fit of temper. After the game he declared his players had not given him their best efforts and that he was through for the season. He did not directly charge them with playing into

Brooklyn's hands, but he said they showed a listlessness and indifference in a crucial game which was shameful in a team which had just completed a run of 26 consecutive victories.
Put Up Strong Game.
Regardless of McGraw, the Giants must be given credit for putting up something of an objection to Brooklyn's running over them rough shod for a pennant. They hit the ball, ran the bases and fielded most of the time in top fashion. Pitching was the point where they fell hard and it was on this point that McGraw based his charge.
McGraw has been manager of the Giants since 1902 when he came to New York from the Baltimore club. He has piloted the team to one world's championship in 1905 and to five National league pennants, in 1904, 1905, 1911, 1912 and 1913. His present contract which is said to call for a salary of \$20,000 a year still has a year to run. He always has been known as a fighter.
The Brooklyn club, by going into a cinch position for the National league pennant, won its first championship since 1900 and will go into its first world's series next Saturday against the Red Sox. The Brooklyn season will close tomorrow and it is probable the Brooklyn regulars will be relieved of hard playing in the final two games.
Most Spectacular Race.
Pat Moran, of the Phillies, short of pitchers, strove hard for the league bunting and failed only on the last stand. An injury to Shortstop Dave Baneroff, last week, is believed to have been responsible for the poor showing of the champions against the Braves. Stock, a third baseman, has been playing Baneroff's position.
The race just over, was one of the most spectacular ever seen in the National league. Brooklyn, the pennant winner, held the lead for five months in a season that fairly sizzled. Pounding down the stretch from May to October, the leaders never were in a position to relax for a moment.
Injuries beset the Dodgers and Pfeffer, Robbie's star pitcher, suffered a reversal of form. The Dodgers started on a long road trip and were rudely bumped out of the top position, only to return home and again push away op-

position. No less than three clubs were in the running up to the last week. Not since 1905 when the Cubs and Giants went into a play-off series has such a close finish been witnessed.
The American league champions have gone through just the same kind of fire. They have had five clubs to battle at one time or another and cinched their rights to the world's series when they invaded foreign fields and crushed Detroit and Chicago, their strongest rivals.
Red Sox Favorites.
New York, Oct. 4.—Betting in New York favors the Red Sox to win the world's championship from the Brooklyn Dodgers—the odds on wagers so far recorded being 7 to 5. The odds on the opening game were 10 to 9 that Boston will win and there was some betting at 1 to 10 that Boston would take four straight.

New Generator Will Relieve Gas Shortage
W. H. Hamilton, manager of the Portland Railway, Light & Power company of this city, stated this morning that just as soon as the belated shipment of materials for the new gas generator arrives the work of completing it will be rushed. The generator is about half completed but the work has been held up because materials ordered June 1 have not yet arrived. In order to hasten the work, a duplicate was ordered sent by express and this is expected to arrive Saturday.
With the new generator, which will make three in operation the company expects to be able to supply the demand. During the past summer it has kept the gas works hustling to manufacture enough, and once the amount of gas was as low as 4,000 cubic feet out of approximately 50,000 capacity. With the additional one the company expects to be able to generate about 30,000 cubic feet of gas per day.
During the summer canning season here there was an especially heavy drain on the gas tanks. Monday the pressure was low and it is believed the cause was due to the canning of pears and tomatoes throughout the city.
As a matter of historical interest, the Salem gas company received its first franchise in 1869, under which, as far as is known, it has been operating without lapsing ever since.

WOLGAST TO BOX
Portland, Ore., Oct. 4.—Back in the ham and cabbage class but still flashing diamonds, Ad Wolgast will fight in Portland on October 13, it was announced today. He meets Muff Bronson, a local phenom.
SPEEDWAY UNDER BAN
Portland, Ore., Oct. 4.—Portland's famous Rose City speedway, which has already cost several lives in racing accidents, is under the municipal ban today. The Portland public service commission told the council races should be prohibited until the curves are banked.
RITCHIE TO BE AVIATOR
Bedford City, Cal., Oct. 4.—Willie Ritchie, former lightweight champion, today declared he expects soon to qualify for an aviator's license, following a series of lessons he is taking from Aviator Frank Bryant of this city. Ritchie made two flights yesterday and expects to make others this week.

Twenty Thousand Fans See Opening Game

Chicago, Oct. 4.—Twenty thousand fans filled Comiskey Park this afternoon to witness the opening clash of the city championship between the Sox and the Cubs. The White Hosed aggregation seemed to have forgotten their disappointment in the failure of their favorites to win the American league championship. Manager Tinker of the Cubs sent his big left hander Jim Vaughn in against Tex Russell, southpaw.

Jitneys Knock Out Tacoma Street Cars

Tacoma, Wash., Oct. 4.—Jitney bus competition is blamed for loss of revenue which has induced the Tacoma Railway & Power company to file with the state public service commission today a complaint against this city, asking to be relieved from payment of its gross earnings tax, declaring it is impossible to find capital to carry on operations from its present income.

Prices Trend Upward In Million Share Market

New York, Oct. 4.—The New York Evening Sun financial reviewer today says: Although there was no great public speculation in today's market the course of prices in the best part of the session was in the direction of higher levels with marked strength in some of the rails and specialties. Cross movements were responsible for much irregularity in hour to hour changes, but they were not effective, bringing about a new trend in general operations. It was another market in which operations on a large scale afterward to be under way. The sugar stocks were well bought and the steels and coppers were in good demand both on recessions and on recoveries, especially United States Steel, in which vigorous efforts were made to drive its price down without the accompaniment of heavy selling. Norfolk and Western moved into new high ground; New York Central made a new high for the year, and among the industrials new records were established by International Paper, Central Leather and American Linsed preferred. New York Airbrake again was a strong feature, the heavy earnings of the company receiving more careful attention in street circles. Transactions in rails and steel shares increased in volume in the last hour with special strength in New York Central. A sharp upward movement was reported in Tobacco products.
