In the matter of the poor rifles sent to the Salem Rifle Club by the War Department, Captain Rosenberg said this morning that he has received a letter from Major Phillips, at Washington, D. C., secretary of the National Rifle Association, stating that more complaints than from Salem have been received by him. He expects to take the matter up with the war department and assure Captain Rosenberg that he would do everything he could to remedy matters.

Thursday night is the limit for receiving the last half of the 1915 tax assessments at the office of the county sheriff, and the usual rush is in progress there. So fast has the tax money been coming in that the clerical force in the tax department is now about four days behind, and those who have failed to receive acknowledgement of remittances by mail may attribute the delay to this fact.

Hottest Days As Shown by Records During the past fourteen years Salem has experienced quite a number of exceptionally hot days, days that might be likened to those prevalent in the Imperial Valley, California. Yet if Oregon's exceptionally warm days were sent down to Calexico, where Battery A and Troop A of the Oregon national guards are located, it is probable they would seem balmy and cool.

Board Changes Contract with Jason Moore The contract which the state land board has with Jason Moore of New York, covering the lease of Summer and Albert lakes, in Lake county, was changed by the board yesterday afternoon so that Mr. Moore, or those to whom he assigns the contract, will pay the state only \$25,000, with whatever royalties may be due in January, 1918, instead of \$50,000. The terms of the original contract were somewhat ambiguous. It did not express clearly whether the state was to receive \$25,000 at the end of two years after development operations were started, or \$25,000 for each of the two years. Mr. Moore, who appeared before the board yesterday, said that he had always assumed that he was to pay the state only \$25,000 at the end of two years, and this being in accord with the construction put upon the contract by Attorney General Brown the board instructed that the new contract be drawn up on these terms.

Snow Storm Rages in Hills West of Eugene Eugene, Ore., Oct. 4.—One of the earliest snow storms in the history of western Oregon occurred in the mountains west of Eugene Monday, according to passengers who arrived on the Coos Bay train in the afternoon, who reported that the ground was white with newly-fallen snow at Flagg station 24 miles west of Eugene, near the west end of the Noti tunnel. The snow did not lie on the ground to any depth, and soon disappeared, according to later advice from that region.
