

WRIGLEY'S

The Perfect Gum

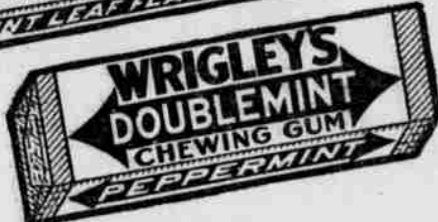

It's a ration the boys appreciate, is this refreshing mint-flavored pick-me-up.

It brings added vigor for it allays thirst, helps appetite and digestion, keeps the mouth sweet and cool.

Send some to your soldier boy—it's small in cost, big in benefit.

Write Wm. Wrigley Jr. Co., 1624 Kesner Bldg., Chicago for the Spearman's book on Gum-tion.

Sealed tight Kept right

Don't forget WRIGLEY'S after every meal

Willamette Valley News

Woodburn News

(Capital Journal Special Service) Woodburn, Or., Oct. 5.—Mrs. A. Franklin left Saturday for Portland, where she will visit friends a few days. Among the visitors to the state fair were Naomi Hick, Ruth Austin, Mrs. G. W. Waterbury, Carrie Waterbury, Miss Ina Binney, Mrs. Carrie Young, Mr. and Mrs. J. Steelhammer and two sons, Mrs. S. J. Franklin, Mrs. M. L. Hendricks, T. P. Soules and wife, Eugene Moshberger and family and many others. Mr. and Mrs. Sam Hardcastle have returned from the east, having been gone nearly a year. Mrs. Guerne spent Saturday in Salem.

Miss Freida Kruger left this morning for her home in Eugene after visiting at the home of J. C. Wilson. Hartley Binney and family spent Sunday at the home of his father, Geo. Binney, Miss Eva Rickman and Miss Merle Dimick of Hubbard also visited Mr. Bonney. Mr. and Mrs. Ivan Byers left for Silverton to attend the funeral of Mrs. Byers' aunt, Mrs. Thoman. Mrs. Plattis and Mrs. Geo. Knight of Hubbard were Sunday guests of Mrs. Bomhoff. J. W. L. Smith, supervisor of schools of southern Marion county, visited the schools here Monday. Mr. and Mrs. D. Smith arrived from Lindsay, Cal., Sunday and will spend the winter at the home of Mrs. S. G.

English, their daughter. There was quite a large crowd attending the republican meeting last Tuesday evening at the armory, a branch of the National Hughes alliance being organized and the following officers were elected: chairman, J. F. Steelhammer; vice chairman, Henry Hall; secretary, Mrs. Blaine McCord; treasurer, Dr. Thomas Sims. Mrs. T. M. Strong of Dodgeville, Wis., is visiting her parents Mr. and Mrs. E. P. Marson. Although freshmen are always supposed to follow the conventional routine of things almost automatically at first, one member of the 1920 class started in the novel way he escorted his furniture from the fourth floor of Waller hall to terra firma yesterday afternoon. By means of an aggregate assemblage of trunk ropes he lowered his entire possession from trunk to bedstead and chairs of various nomenclatures, one at a time. One junior was seen figuring out how many steps the ingenious freshman had saved by the unusual brilliancy of his intellect, but at last reports he gave it up while in the 4,000 mark of duly tabulated checks. Owing to the inability of Treasurer Paul Miller of the Associated Student body to return to Willamette this year, Grover Gates was elected by the executive committee to succeed himself as guardian of the organization's checkbooks for the year. Arthur Vinton of Portland has been visiting his brother and sister, Geo. Vinton and Mrs. J. E. Waltman this week. A pie social was given by the ladies of the M. E. church in the grange hall last Saturday evening. W. J. Jefferson has been petitioned to call a special road meeting to determine if a special road tax shall be voted this year. Earl Jefferson, who was a lucky winner in the recent land drawing in Idaho has returned from a trip to look over his claim. Mr. and Mrs. Holmes of Portland are visiting at the home of W. J. Jefferson and bagging a few China pheasants this week. School closed Tuesday evening for the week that the teachers might attend the institute. Journal Want Ads Get Results.

North Howell Notes

(Capital Journal Special Service) North Howell, Or., Oct. 5.—Our pen having lain dormant for a season, owing to the rush of harvest, hop picking and the state fair, we are again ready to report. All who attended the fair from this section came home well pleased. Lewis Sawyer and wife, who have been at the home of P. Beers for some time, have begun keeping house in Silverton where Mr. Sawyer has employment. Miss Maud Beer, accompanied them and will attend high school this winter. She will be missed here as she was very prominent in the social life of our community. Last Saturday evening, the grange held open house and J. P. Robertson of Salem was present and gave a very good talk on the peoples land and loan bill, proving to the satisfaction of all that this measure is not only confiscatory in nature but that it will defeat its own purpose. Another meeting is called for the coming Saturday evening, at which L. N. McMahan is expected to be present. John Schueberk is out with his moul tractor and his new ensilage cutter filling silos this week. Tom and John Louvre were sawing wood for their neighbors this week. Several of our potato growers have sold their crop for 37c per bushel in the field and will begin digging this week. Royce Allen has begun moving his large onion crop to the station this week. They are grown on Lake Labish.

University Notes

Accommodations for students desiring to take work in chemistry this year under Prof. Florian Von Eschen are being severely taxed to care for the unusual registration for those courses. For the freshman chemistry work there are alone 47 students which is 50 per cent more than the number enrolled in last year's class. In the advanced classes the registration is also greatly increased over that of last year.

Unusual interest is being taken in astronomy by the members of Prof. Matthews' stargazing class, which is probably due to the wonderfully clear heavens of the past three weeks. Jupiter is scintillating in all his planetical glory in the early and late evening, while those students who are not afraid of these nipping fall mornings have arisen early to see Venus and Sirius which are now in splendid range. The planet Venus is to be clearly distinguished in the blue east at an angle of 30 degrees while Sirius, the brightest star to be seen in this latitude, may be seen in the south at an angle of approximately 40 degrees. Five o'clock in the morning is the best hour for these observations.

Inspiring and appropriate for the quiet hour of Sunday afternoon was the first joint Y. M. Y. W. C. A. vesper service in the Websterian halls October 1. After a pleasing piano solo by Miss Faye Bohn and vocal selection by Miss Lela MacCaddan, Dr. Carl Gregg Doney presented "The Characteristics of the Efficient Y. M. Y. W. C. A. Workers." His subject was divided into three qualifications: the undivided self, enthusiasm, and persistence. Vesper services will be held from time to time during the present year.

James Whitcomb Riley, one of Indiana's greatest gifts to the Americas, will be the subject of the social program of the Philodorian girls Friday afternoon in the society halls. Miss Fannie McKennon will sing a group of Riley songs as will Miss Louise Benson at the conclusion of the program. "The Charm That is Riley" is to be presented by Miss Ruth Green, and the famous "Ben Hur" is to be interpreted by Miss Esther Cox. A special invitation is extended to all new girls at the university to attend.

According to Ray C. Smith, acting registrar of the law school, the enrollment in the freshman ranks shows a considerable increase over that of last year. The present registration consists of 13 seniors, 12 juniors, and 30 freshmen.

One of the latest rendezvous for bachelor simplicities of life is the "Weneeda" club of five Willamette students who have taken up quarters at 330 South Sixteenth street. After testing the cost of high living, this quintet of young men have found it pays best to cook their own breakfast and to make up their shortcomings at the university boarding clubs by "taking" the other two meals there. Those domiciled under the "Weneeda" ensign are Beddingfield, Wright, Coates, D. Kloster and V. Kloster.

Notice has just been given by Dr. Frank Wilbur Chance of the department of music, that all men desiring to join the club are to report for try-outs on Saturday morning. As the personnel of the club has been seriously depleted by graduation and removals, and many men have signified their intentions of trying out for the vacancies, competition for places will undoubtedly be keen.

Transient reports from many sources are being received on the campus in praise of the university singfest which was held near the Willamette booth in the new agricultural building at the state fair last week. A group of over 100 Willamette students made the vicinity resound with the strains of college songs and yells. Dr. J. O. Hall of the social science departments, was the official chaperone.

Salem business men evidently underestimated the law of supply and demand, for the green insignia of Willamette's banner freshmen class is not to be purchased at any price at present. Those upon whom the wearing of the cap is compulsory have elected to tour the town bareheaded until such verdant raiment may be secured to cover their capless craniums. Willamette has 40 men who are so privileged in the wearing.

Although freshmen are always supposed to follow the conventional routine of things almost automatically at first, one member of the 1920 class started in the novel way he escorted his furniture from the fourth floor of Waller hall to terra firma yesterday afternoon. By means of an aggregate assemblage of trunk ropes he lowered his entire possession from trunk to bedstead and chairs of various nomenclatures, one at a time. One junior was seen figuring out how many steps the ingenious freshman had saved by the unusual brilliancy of his intellect, but at last reports he gave it up while in the 4,000 mark of duly tabulated checks.

Owing to the inability of Treasurer Paul Miller of the Associated Student body to return to Willamette this year, Grover Gates was elected by the executive committee to succeed himself as guardian of the organization's checkbooks for the year.

Arthur Vinton of Portland has been visiting his brother and sister, Geo. Vinton and Mrs. J. E. Waltman this week.

A pie social was given by the ladies of the M. E. church in the grange hall last Saturday evening.

W. J. Jefferson has been petitioned to call a special road meeting to determine if a special road tax shall be voted this year.

Earl Jefferson, who was a lucky winner in the recent land drawing in Idaho has returned from a trip to look over his claim.

Mr. and Mrs. Holmes of Portland are visiting at the home of W. J. Jefferson and bagging a few China pheasants this week.

School closed Tuesday evening for the week that the teachers might attend the institute.

Increase Amount of Postal Savings Deposits

Postal savings on which interest will accrue may be made in sums up to \$1,000 instead of being limited to \$500 as heretofore, according to a circular of general information received today by Postmaster August Hucklestein. Sums in excess of \$1000 may be deposited but interest will accrue only on that amount. This new order is the result of a general widening of the scope of the postal department and is done to accommodate as many more patrons as possible.

As a result of the new limit, depositors have increased from 310,000 to 616,000 and the deposits from \$30,036,325 to \$92,000,000, which increase the department feels is a sign of approval of the change.

City deliveries throughout the United States have been extended to three million additional homes, which benefits about six million people heretofore denied service. It was deemed a wise measure as the per capita expended for postal accommodation has risen from \$2.58 to about \$3.

New rural routes have been established in over ten thousand locations, giving service to three million two hundred thousand patrons. One thousand new steel cars have been added to the lines of the railway mail service.

Grocery to Please Portland's Snobbery

Portland, Or., Oct. 5.—Poets may purchase delicacies in Portland's new aesthetic grocery and not suffer the slightest shock to their tender sensibilities. The grocery is open today in the exclusive Irvington district. George S. Smith presides over its artistic precincts. From the outside it resembles a mansion. No show windows—nothing but colonial colonnades, handsome verandas and sweeping cement driveways. Inside—splashing fountains, luxurious draperies, soothing color schemes, soft rug underfoot. Shy, shy, spuds hide their ugliness beneath fragrant rosebushes and the modest onion peeps forth from behind perfumed hangings. Family portraits swing aside to reveal hams, the library book shelves are stocked with breakfast food.

Smith built his grocery this way so as to avoid protests of Irvington residents who objected to the presence of an ordinary shop.

FOR A MUDDY COMPLEXION Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere.

Washington Miners Accept Wage Scale

Seattle, Wash., Oct. 5.—Returns from the coal miners' referendum vote this morning indicated they will accept the new wage scale submitted by the operators and avert a general strike in the state of Washington.

All of the smaller locals have voted about 9 to 1 in favor of accepting the scale. The count of the big locals' vote has not been completed, but District President Flyzik, of the United Mine Workers of America announced that there was no doubt of the result, as sentiment was in favor of accepting the scale and continuing work. This means that a threatened coal famine in the northwest has been averted, but the price of coal to the consumer will be increased from five to ten per cent.

The miners were granted a 5 per cent increase for day work and 3 per cent on tonnage, yardage and dead wood rates. It will add from 10 to 40 cents to the daily wages of the workers.

DESPONDENCY When you feel discouraged and despondent do not give up but take a dose of Chamberlain's Tablets and you are almost certain to feel all right within a day or two. Despondency is very often due to indigestion and biliousness, for which these tablets are especially valuable. Obtainable everywhere.

Fruitland Notes

(Capital Journal Special Service.) Fruitland, Ore., Oct. 5.—School began here Monday with Mr. Todd at the desk, and a fair attendance. If appearances count for anything, Mr. Todd will be a very capable school dad. Mr. Williams and little son have been visiting her mother, Mrs. Graham. Mr. Swegle has his job on the road fill and bridge almost completed. Mr. Wm. Kapingier, our genial road supervisor, was in Fruitland looking over the road last week. Mrs. M. Standifer is at home again after camping at the state fair while helping demonstrate the superior qualities of "99" Crescent coffee. Mr. E. D. Bray, of Auburn, was a Fruitland ogler today. P. J. Egger has completed his job of prune drying for Mr. Bond. Mr. and Mrs. Harry Lundeen made a business trip to Portland this week. Josephine and Esther Bowers are in Portland for a visit of several days. Mr. Anderson and family are getting ready to move in the house at the John V. Smith property here. C. B. Stone recently built a fireplace in the house of Geo. Sturgis. Listen for the wedding bells soon to be ringing in Fruitland. Mr. and Mrs. Wm. Williams, of Turner, attended the fair Wednesday and met at noon and ate dinner with a lot of old Fruitland friends.

HOW CATARRH IS CONTRACTED Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucus membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

DO YOU WANT TO BE PHYSICALLY EFFICIENT?

Youth in Face and Figure—Vitality and Energy

The World has no need today for those who grow old or are tired and weary.

YOU MUST BE PHYSICALLY EFFICIENT TO ADVANCE EITHER IN BUSINESS OR SOCIALLY. IT MAKES NO DIFFERENCE WHAT YOUR OCCUPATION, HOW THIN OR HOW FAT, YOUNG OR OLD, I CAN BUILD YOU UP AND ROUND YOU OUT, OR REDUCE YOU TO YOUR NORMAL WEIGHT.

No Drugs—Nature's Way

MY GUARANTEE IS POSITIVE—IF I FAIL TO DO ALL I CLAIM, THEN MY SERVICES ARE ABSOLUTELY FREE.

Write today for my wonderful booklet on Physical Efficiency and what it means.

Yamhill Schools Make Good Showing

S. S. Duncan, superintendent of schools of Yamhill county, has just submitted to State Superintendent Churchill a summary of the year's school work in that county. The story is one of improvement and betterment of conditions. Playground apparatus is now found in many districts. The playshed is no longer an experiment, and every district will have one as soon as the people feel that conditions are right for building. The open type is the favorite, with a roof that is perfect in every way. "We never fully realized the benefits of the school playshed," says Superintendent Duncan, "until one rainy day last winter when we looked through the window of one of our farthest back school houses and saw the smaller pupils playing, safely sheltered from the rain and having the advantage of the fresh pure air." The parent-teacher circle movement is still gaining ground, and the people of Yamhill are coming to realize more and more every day what a potent factor it is in the development of our school system. The report tells of the erection during the year of many buildings, including a \$20,000 high school building at Sheridan. It tells also of gain in the manual training and domestic features of the schools, of the installation of the hot lunch idea, of the formation of community institutes, of the inauguration of eighth grade graduation exercises, of the success of the rally movement, and of the merging of local institutes and principals' meetings into the Yamhill County Teachers' association.

WHEN YOU TAKE COLD With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

SCORES OF NURSES STRIKE

Portland, Or., Oct. 5.—Scores of nurses in training at the Good Samaritan hospital are on strike today. They refuse to report for duty thirty minutes earlier so as to have time for prayers. The order requiring student nurses to start work half an hour earlier than usual, putting in the extra 30 minutes in chapel, was issued Monday. The girls were already excited about previous orders which banned fancy collars, low collars and short sleeves. Many rebelled. "We are all cutting chapel now," said the strikers' spokeswoman, "except a few goody-goodies." More than 100 girls are training at the Good Samaritan.

NEW SHOW TODAY

BLIGN THEATRE

Roosevelt Reloads for Another Shot

New York, Oct. 5.—Colonel Roosevelt today put the finishing touches on the second of his series of "skin 'em alive" verbal broadsides he will deliver against President Wilson. The speech will be made at a big rally in Chicago the latter part of next week, probably one week from Saturday. Between now and Saturday, Roosevelt will prepare three or four more addresses to be delivered at St. Paul, Denver, Louisville and El Paso, if those cities are not on the present tentative schedule. El Paso was named today as the far southern objective in the colonel's big push. At least two of the Roosevelt speeches will deal with President Wilson's foreign policy. In them Roosevelt will attempt to show the "kaiser and not the president kept us out of war."

Will Ask Appropriation for White Plague Patients

In all Oregon there are but 150 beds for the use of tuberculosis patients, according to the report of the secretary of the Oregon association for the prevention of tuberculosis at the recent meeting in Portland. The association will present a bill at the next session of the legislature providing for larger state and county appropriations. The association will attempt to separate county farms and county tuberculosis hospitals. Dr. G. C. Bellingier, of this city, is assistant secretary and treasurer of the association.
