Let Hot Water Help Keep The Kiddies Clean

Live little youngsters are bound to soil their pretty faces and hands when they play in the yard or sand pile. Mother can wash their small dirty fingers a dozen times a day and easily keep them clean with hot water from a Gas Water Heater.

A Gas Water Heater Means Hot Water Without Fuss

Hot water is always on hand in a Gas Water Heater home. Without the bother and dirt of building a fire or lugging in fuel, it is ready in a second to help wash or bathe the kiddies or to aid in any other household task. A Gas Water Heater will provide all the hot water you want day or night.

Let us tell you about our Gas Water Heater proposition. PHONE 85.

One Week's Series of Chapel-Hour Talks

Of much significance to Salem and Willamette students in particular is the coming of Dr. Lynn Harold Hough, professor of theological history in Garrett Biblical Institute of Chicago, for a week's series of chapel hour talks and evening lectures in Waller hall. In speaking of this famous divine's success, Dr. Doney said: "To my mind, Dr. Hough is, without doubt, the greatest speaker for young people to be found in the United States today."

Backache? Run Down? Tired? Clean the Kidneys With Hot Water and "Anuric"

When run-down after a hard winter—when life indoors has brought about a stagnant condition in the circulation—most everyone is filled with uric acid—especially in this so of people past middle age. This uric acid in the blood often causes rheumatism, lumbago, swelling of hands and feet, or a bag-like condition under the eyes. Backache, frequent urination or the pains and stiffness of the joints are also often noticed. Dr. Pierce's "Anuric" drives the uric acid out of your body. It is a uric acid solvent so effective that it eliminates these poisons, cleanses the system, allows your over-worked kidneys to resume their normal functions, and just a few days' treatment with "Anuric" will convince you because it brings lasting relief to your painful, aching rheumatic joints—no more backache or dizzy spells. Try it now and be convinced!

Court House News

The jury in the case of Fred Keller vs. Belle Steele and D. D. Steele returned a verdict for the plaintiff in the sum of \$369.30 with interest. An attorney fee of \$50 was allowed.

A demurrer has been filed by Marion county in the case of F. E. LaPoint vs. Southern Pacific company, Oregon & California Railway company and Marion county, on grounds that the court has no jurisdiction of the person or subject and that the facts as set forth in the complaint are not sufficient to warrant a cause for action.

A report of the appraisers in the estate of James R. Gist, deceased, has been filed in the county court. The appraisers are W. D. Cornish, W. H. Gibson and George Keech, and the sum total of the estate as reported is \$3900, consisting of a note in the Stayton State Bank.

Alleging that he was under twenty-one years of age at the time of his marriage and that he was compelled to marry the defendant through threats and pressure brought to bear upon him by the parents of the defendant, Sigmond H. Henschback has begun an action for divorce from Magdalena Henschback in the circuit court. The couple were married at Chester, Illinois, March 5, 1912, and the plaintiff alleges that his wife stated at that time she did not intend to live with him, and she did not live with him. There are no property rights involved.

Desertion is charged also as the grounds for a divorce asked for by Lewis J. Hayes on Ella Hayes. This couple were married at Hobeoken, Washington, August 8, 1914, and according to the complaint the wife deserted the matrimonial bed about one year later. They have no children.

Norah Whitaker, executrix of the will of the late George Whitaker, has filed her final account with the county court, and the court has designated November 13 as the date for hearing any objections that may exist thereto.

The county court has appointed J. H. Batty administrator of the estate of Cinderella Batty, deceased, and has named G. W. Johnson, H. A. Johnson Jr., and H. A. Johnson as appraisers of the estate.

Geo. W. Case has filed a demurrer to the charges brought against him by the Oregon Hop Growers' association, in which complaint breach of contract is alleged. Demurrer is entered on the ground that the complaint does not state facts sufficient to constitute a cause for suit against him.

Hunter's licenses have been issued to L. E. Putnam of Turner, William M. Yate of McKenzie Bridge, and William Forbes of Jefferson.

Suit to quiet title has been entered in the circuit court by DeLile Green. The plaintiff alleges that he deeded a lot in University addition to the city of Salem to his sister, Henrietta A. Ritchie, without consideration, and with the understanding that the property would revert to him. The heirs of Mrs. Ritchie now have title to the lot.

mission of the college is all around development in mind, body and will. The college man too often cultivates his critical faculty as a result of the need-onic spirit so that he becomes too keen on the critical side rather than on the side of action. The awful waste of human energy is the curse of the college of today. The modern college should teach a man how to think and act that he may have the instant power of instant appraisal.

Dr. Hough will speak at the rally in the university gymnasium this evening at 7 o'clock. He will also preach at the First Methodist church Sunday morning and in Waller chapel at 3 p. m. in the afternoon.

STORK BEAT THE AUTO

San Francisco, Oct. 6.—Mr. Stork qualified as a speeder here today. In the early morning hours, came this message to a local auto concern: "Rush a car to 761 San Jose avenue, and be quick because you've got to beat the stork." A machine sped to the home of Patrick Longhery and Mrs. Longhery was hounded into it and started towards St. Francis hospital at 65 miles an hour. But Mr. Stork was going 90 miles

RICH WOMEN COMING TO ENLIGHTEN US

Special Train Leaves Chicago and Enters Suffrage Territory Today

Chicago, Oct. 6.—Pointed into the heart of suffrage territory, the Hughes women's special left Chicago early today to go through Illinois and Iowa. The party was joined here by Mrs. Raymond Robins, Mrs. William Severin of Chicago and Mrs. Noble Prentiss of Kansas. Miss Harriet E. Vittum of Chicago will join the special Sunday. The arrival of the special here marked its entrance into suffrage territory and the women took new interest in the campaign. As they left the train at the LaSalle street station, Wilson women were on hand with banners and heckling questions, but the Hughes women were hustled away in automobiles and an opportunity for some interesting repartee was lost.

Street meetings were held last night in front of large industrial plants as workers were leaving, but the noise of traffic and interruptions by Wilson women hampered the speakers. When the parade of the campaigners was held yesterday, members of the Women's Independent Wilson League fell in behind and trailed their opponents through the loop district. The Hughes women heard former Senator Albert J. Beveridge speak here last night.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush This Through Faded, Streaked Locks and They Become Dark, Glossy, Youthful

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and so easily. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of prevention of disease.

General Selling Shades Wheat Down

Chicago, Oct. 6.—Wheat showed a falling off due to general selling today. December was down 1 at \$1.59, and May down 1 at \$1.58 1-2.

Corn opened firmer, but weakened later, when December was down 3-4 at 77 1-8 and May was down 1-4 at 78 1-2.

Oats were steady with December down 1-8 at 49 1-2 and May up 1-8 at 52 1-2.

Provisions remained steady except December which was sharply higher.

An hour, half way to the hospital baby Longhery came into the world at a 65 mile an hour clip. The mother was taken to Central Emergency hospital and is doing well.

PORTLAND PREPARES TO RECEIVE FAIRBANKS

Speaks In Armory Tonight and Leaves After It for Seattle

Portland, Or., Oct. 6.—Charles Warren Fairbanks of Indiana, republican vice presidential candidate, traveled slowly through the Willamette valley today speaking at Eugene, Albany and Salem.

He is due Portland at 5:50 p. m. After dining in his private car the candidate will be escorted to the armory by a parade of republicans and the Multnomah republican club.

A great reception will be accorded Fairbanks at the armory. Preparations have been made to accommodate the biggest crowd assembled in Portland since the visit of Charles E. Hughes. Fairbanks leaves Portland tonight for Seattle where he speaks tomorrow. His route then lies eastward through Spokane, Idaho, Montana, Dakota and Minnesota.

Sportsmen Boosting for Fish Hatchery

Quiet boosting among sportsmen of Marion and Polk counties for a fish hatchery to be located somewhere in the vicinity of Mehama, according to John Harrison of the Watt Shipp sporting goods house, is under way and is beginning to bear fruit in arousing sentiment for the proposition. If a hatchery could be secured for that place it is said by those who are interested that it could supply the streams of Marion and Polk counties with millions of fish where now only a few hundred thousand are received each year from the hatchery at Bonneville, Oregon.

The proposition is meeting with favor by fishermen who realize that the hatchery near Eugene is making the Mackenzie river one of the best fishing streams in the Northwest. This hatchery does not supply this part of the country to any great extent and practically all restocking comes from Bonneville. The fish are shipped here in a specially prepared car and number only a few hundred thousands for the many streams. It is expected that quite a demand for the hatchery will be found when the proposition is made known more generally.

The matter has been taken up with the fish commission but nothing definite can be known until it is found what the legislature is going to do for the fisheries business in the way of money. If the legislature is in any way liberal and there is demand enough it is probable that fish hatchery might be secured for this part of the country.

Wrecked Man Who Wrecked His Home

Wallace, Idaho, Oct. 6.—On trial for killing Clarence Dalquist, musician, Herman J. Rossi, one of Idaho's wealthiest men, will attempt to escape punishment by alleging that Dalquist wrecked his home.

This was made evident today by the questions which Defense Counsel W. H. Pummer, of Spokane, asked prospective jurors.

The defense will attempt to prove that Dalquist with a party of friends visited Mrs. Rossi's home last June while Rossi was in Boise. Liqueur is declared to have been drunk during the visit.

Mount Lassen Has Been Spouting Lava

Redding, Cal., Oct. 6.—A black streak, visible today on the western slope of Mount Lassen, caused observers to believe that either hot mud or a form of lava had poured out of the California volcano during its period of activity below the timber line of the mountain, is as plainly defined as any of the three mud streaks made during the eruption of May 22 last year when the upper end of Hat creek valley was covered with slime.

If Too Fat Get More Fresh Air

Be Moderate in Your Diet and Reduce Your Weight. Take Oil of Kerefin.

Lack of fresh air it is said weakens the oxygen carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Get out on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open; breathe deeply, and get from Central Pharmacy or any druggist a box of oil of kerefin capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of kerefin is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.
