**Story Seems Probable**  
 By Carl W. Ackerman.  
 (United Press staff correspondent.)  
 Cologne, Oct. 7.—(Delayed.) It is not impossible that Ambassador Gerard is conveying peace proposals to America. Before departing from Berlin he held most important conferences with Chancellor Von Bethmann-Hollweg, Foreign Secretary of War Von Jagow, Dr. Solff, secretary for the colonies, and several leading members of the reichstag.

It is believed here that now is the time for Washington to make peace. Only Washington can do this because she possesses such great influence with London and Paris.

Now is the psychological moment, for if peace is not made now, the war must last another year as the winter campaign is now prepared.

An armistice is not mentioned, but it is believed that President Wilson can appeal to the powers and ask them to send special representatives to Washington to negotiate peace.

In the meantime, the war can go on and these negotiations may form the basis of a durable peace.

**\$500 REWARD.**  
 I will pay \$500 reward for the arrest and conviction of the person or persons who set fire to and burned my barns on the Ball ranch, three miles and a half north of Salem, Wednesday night, Oct. 4, 1916.

## SUGGESTIONS TO SICK WOMEN

How Many Are Restored To Health.

**First.**—Almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements, pain in the side, burning sensation in the stomach, bearing down pains, nervousness, dizziness and sleeplessness.

**Second.**—The medicine most successful in relieving female ills is Lydia E. Pinkham's Vegetable Compound. It regulates and strengthens the organism; it overcomes disease.

For forty years it has been making women strong and well, relieving backache, nervousness, ulceration and inflammation, weakness, displacements, irregularity and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

**Third.**—The great number of uncollected testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, are proof of the value of Lydia E. Pinkham's Vegetable Compound, in the treatment of female ills.

**Fourth.**—Every ailing woman in the United States is cordially invited to write to the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for special advice. It is free, will bring you health and may save your life.

### Saturday Next Is Annual "Bundle Day"

The second annual bundle day of the social service department of the Salem Commercial club will be held on Saturday, October 14, when all bundles to be donated by people of Salem will be gathered up by the Commercial club and the contents given to help those who need clothing for the winter months. Mayor H. O. White has declared this day to be Bundle day throughout the city and urges all citizens to observe it and do everything they can to make it a greater success than the one of last year.

The following is the mayor's proclamation:  
 Whereas, Every center of population, however prosperous and well regulated, always has a certain percentage of citizens who through unfortunate circumstances, and other causes, must be assisted by the more fortunate, and

Whereas, The Social Service Center of the city during the past years in a constructive and efficient manner, and

Whereas, The First Annual Bundle day was a material benefit to the Social Service Center in their work and an economic saving to the community,

Now, I, H. O. White, mayor of the City of Salem, by virtue of the power thus given me, do hereby declare Saturday, October 14, as the "Second Annual Bundle Day" for the city. I further urge that all citizens co-operate with the Social Service Center by generous donations on this day, so that we as citizens may know that during the winter there may be no one of our citizenship who need suffer for the lack of adequate clothing.

Signed this 6th day of October, in the year of our Lord, 1916.  
 (Signed) H. O. WHITE,  
 Mayor of the City of Salem.

During the past year the organization distributed over \$450 worth of clothing in this manner. Absolutely no charges are ever made for any clothing distributed. The organization is maintained with no overhead charges—no money is paid anyone for salary with the exception of one person who is employed to make over the clothing and distribute it on Saturdays.

Since the last report was made, this association has assisted as follows:  
 Medical aid given to..... 15 persons  
 (In some cases including nurse and doctor services.)  
 Clothing distributed to..... 150 persons  
 Food supplied to:  
 Families temporarily incapacitated, ranging in size from 2 to 6..... 50  
 Persons unable to work..... 11  
 Others..... 9

On Saturday, October 14, committees in charge of this work will call for the clothing at the different homes. It is requested that parties desiring to donate will call the Commercial club, 302, before Saturday, giving their names and addresses and place their bundles on the front porch so that they may be picked up on Bundle day.

## Baptist Church Rally Day Great Success

Rally day at the Baptist church yesterday was an interesting and impressive affair. The Sunday school had placed 350 as the number desired to secure for the day. This was 50 more than the goal of last year. But all expectations were shattered when 448 young men and women attended. This was 90 more than was planned.

All classes in all departments were represented. One hundred and twenty-eight were enrolled in the cradle roll and primary departments. It was promotion day, too, and children were advanced from the primary department to the junior classes.

Following the Sunday school session a review of the school was held, the officers of the school standing on the platform as the classes marched by. Music was furnished by Lillian Stege, violinist, and Miss Evelyn DeLong, pianist. "Onward Christian Soldiers" was the song sung. Each class had a standard and a placard with its name, enrollment, and the number present. Every class but one had an attendance exceeding its enrollment. After the review, the school was seated with the congregation and the pastor gave a short message on "Christian Courage."

The school is now engaged in an enrollment campaign and expects a large number of recruits. The committee in charge of the rally day was Rev. Holt, pastor of the church, Miss Nina McNary and Miss Dora Walker.

## What Small Folks Will Wear to School

The Proud One.

Tobacco brown serge is box plaited to a high brown velvet belt. The effect over the gray plaited silk waist is quite empire indeed. Buttons play their part, but what gives the design chic are the collar and cuffs of linen edged with cluny lace.

### UNANSWERABLE.

Hortense—I can only be a sister to you, Alphonse.

Alphonse—Then give me back my presents.

Hortense—Why, Alphonse! Who ever heard of a sister doing such a foolish thing as that?—Judge.

### EXCEPTION TO THE RULE.

Mr. Rodd—You should remember, my son, that there is nothing attained without labor. You need not expect to get something for nothing.

Tommy—Huh! I get lots of kickings for nothing, anyhow.

## Noted Artist Will Locate In Salem

Datus Myers, who was six years with the Chicago Art Institute and who was a protégé of Charles Francis Brown, the artist who was in charge of the United States section of the art department at the Panama-Pacific exposition at San Francisco last year, has announced that he will open a studio in Salem soon. He has secured rooms in the First National bank building and will have his atelier ready for work within a few weeks. For the past year he has been located on the farm of his parents near Talbott, which is about 20 miles south of this city.

It is considered to be especially significant for Salem that an artist of such caliber and quality as Mr. Myers should locate here, and among Salem artists it lifts the city out of an undesirable obscurity into a realm which places it on a level with the progressive cities of the west. Mr. Myers brings with him a wife who is practically as talented as himself, as she studied four years at the Chicago institute. He won a Traveling scholarship for his excellent work and also a \$75 prize offered by the Evanston Woman's club for mural decoration. His specialty is portraiture.

The advent of Mr. Myers to Salem has been received by those interested in art and it is hoped by them that he will be well received by Salemites.

Life is short, in spite of the fact that it is full of longing.

"Circumstances alter cases."  
 "You bet they do. Reduction of fare is all right on a railroad, but it isn't in a boarding house."

## A CLEAR COMPLEXION

Ruddy Checks—Sparkling Eyes—Most Women Can Have  
 Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.
