## BOSTON WINS EASILY; DODGERS NOT IN IT

Brooklyn Batted Out Twice the First But That Was All They Could Do—Red Sox Played Them at Every Stage of the Game—Rube Marquard Had An Off Day and Gardner Batted Him for a Home Run—Score Was 6 to 2

By H. C. Hamilton,  
(United Press Staff Correspondent.)

Ebbets Field, Brooklyn, N. Y., Oct. 11.—Boston's Red Sox advanced to within a game of another world's championship this afternoon.

They took the third victory from the Brooklyn Dodgers, 6 to 2, behind masterful pitching by Dutch Leonard. The crowd which packed the stands and bleachers rooted hard and did its utmost to cheer the Dodgers on to victory. But they fell far short.

They again showed weakness and erratic field playing, having four errors charged against them. After the first inning, when Leonard went through everything except a cyclone, he was invincible. The Dodgers got to him for their only scores in the first session. Johnston opened the afternoon's entertainment with a triple and scored on Myer's single. Merkle then walked and a wild pitch and an error, and another run was accounted for before Leonard got back to earth and fanned Mowrey. The Dodgers then got to Leonard for only three more hits during the remainder of the game.

Rube Marquard started for Brooklyn, but it was not his day. Larry Gardner hung up his second home run of the series off Rube's offerings. Hoblitzel had walked and Lewis doubled, so three runs came scampering over and put the Red Sox in the lead right on the heels of the Dodgers' two run start.

Manager Wilbert Robinson engineered two pitching changes in an effort to stop the Red Sox, but without avail. Cheney relieved Marquard, but when the Sox began to threaten him the former Cub twirler failed and Nap Rucker was sent in as a last hope. Nap delivered and held Boston scoreless for the last two innings, being nicked for only one hit.

Ebbets Field, Brooklyn, N. Y., Oct. 11.—Threatened with having the world's series knotted on them, the Boston Red Sox this afternoon squared off against the Dodgers, determined to return home for tomorrow's game with the edge still in their favor. Ready again with their justly celebrated defense, they clashed with the walloping crew of Squire Ebbets, grimly cognizant of the fact that a defeat today will plunge them into an air tight 50-50 situation. A victory would mean winding up the series tomorrow, providing the Boston bunch repeat at home.

The strongest point of the American leaguers, the hurling corps, has not yet been used up in the present series.

An hour before game time a capacity bleacher crowd was lacking in the warm sun which beamed from a cloudless sky. The air in the shadows, however, still had a crisp feeling.

It seemed early today that the crowd would exceed 21,000.

It was the last game in which the athletes would get a share of the receipts.

Dutch Leonard and Ernie Shore worked out in front of the Boston bench and on the other side of the diamond. Rube Marquard was alone for the Dodgers.

Babe Ruth also took a short workout. Shore soon retired, leaving Leonard alone.

It appeared certain that Leonard and Marquard would be the opposing pitchers.

Boss Robinson, playing the Leonard hunch, had, southpaws in the box as his swatters took batting practice.

## BRAVE GIRL'S HEROISM

Woodland, Cal., Oct. 11.—How Miss Muriel Steinhart, a local girl, fought through a blizzard 10 miles to secure aid for 11 teachers caught in the mountain storm, was revealed today in letters received by her parents. The party was on a hike to a lake at the summit of Ruby mountain, near Elko, Nev., when the storm came up. The girl was nearly barefooted when she reached a camp and her clothes were in rags. When rescuers reached the teachers, one of the party had died and two had become mentally unbalanced.

## COOK LEAVES PRISON BUT IS SOON CAPTURED

Had a Big Revolver But Guard Walter Thompson Gathered Him In

Another cook attempted to escape from the penitentiary last night. When the prisoners were checked for the night the discovery was made that Faley Hunt, a negro truss employed outside the walls, was missing.

Guards were immediately sent out in search of the missing man, Guard Walter Thompson, acting on the theory that the man would try to board a train at the Southern Pacific depot, went to that place and found that his theory was good. Thompson came upon the negro suddenly near the corner of 12th and Mill streets, and although the negro was in possession of a loaded gun disarmed him and took him back to the prison.

The capture took place between 7:30 and 8 o'clock, and produced much excitement in the locality where it occurred. Guard Thompson made the capture at the risk of his life. He was assisted in putting handcuffs upon the convict by Officer Victor of the Salem police force.

Hunt is serving a term in the penitentiary for burglary committed in Multnomah county.

Hunt was employed as cook at the residence of Deputy Warden Sherwood. According to a report given out at the penitentiary this morning, he broke into a room in the deputy warden's house and stole the revolver which he was carrying when caught.

## NO PATCHED-UP PEACE WILL DO FOR ENGLAND

Results Must Be Permanent—England's War Debt \$15,660,000,000

London, Oct. 11.—Premier Asquith received a tremendous ovation in the house of commons this afternoon when he declared in the midst of a speech in which he moved new war credits: "This war cannot end in a patched up, precarious, dishonoring compromise, masquerading under the name of peace."

This isn't the moment for faint hearts and wavering councils," said the prime minister when the galleries were again silent. "The allies are not vindictive but they will require for their enemies adequate reparation for the past and security for the future."

The premier's declarations on the subject of peace came toward the conclusion of an address in which he asked new credits of \$1,500,000,000 from commons, bringing the total for the war up to approximately \$15,660,000,000. He followed this request with a brief statement on the military situation, pointing out that in the recent operations on the Somme front General Haig's men have advanced their lines seven miles on a nine mile front and hold all the conquered positions.

His emphatic statement regarding peace, lending new emphasis to Lloyd George's recent statement on peace to the United Press, was construed by his hearers as Britain's final answer to the recent peace rumors emanating from the United States and from Germany. The house of commons welcomed it with a great outburst of applause.

## Pheasants Are Scarce But Shooting Is Good

Hillsdale, Or., Oct. 11.—Residents of this ordinarily peaceful community are getting used to the horrors of war today. The hunting season is in full blast.

Kurt Koehler, age 20, received a charge of birdshot in the neck while digging in his garden. He was not badly hurt, so vaulted the fence and thrashed the nimrod. Miss Marguerite Dosch was sprayed with shot as she sat reading on her porch while shortly afterward the patter of bullets was heard on the roof. Many other narrow escapes have been reported.

## BIG BUSINESS IS MUCH ALARMED BY DIVERS' ACTIVITY

Claim It Is Practically a Blockade of America's Atlantic Ports

## LANSING AND PRESIDENT DISCUSS THE SITUATION

Germany Has Kept All Promises Made As To Submarine Warfare

By Robert J. Bender.  
(United Press staff correspondent.)

Long Branch, N. J., Oct. 11.—Secretary of State Lansing left for Washington shortly before 9 o'clock after a long conference with President Wilson last night on new problems raised by activities of the German submarine U-53 off the American coast here.

The impression prevails here that Germany acted entirely in accordance with her promises to this government in her operations on British shipping off Nantucket shoals Sunday. But while methods employed by the commander of the U-53 appear to comply with this government's stipulations, the larger question concerning the administration now is whether the United States can tolerate further submarine activities outside her ports, menacing commerce and constantly exposing to danger the lives of American men, women and children. There is a strong undercurrent of feeling against any such continued practice which might be contemplated by Germany. Scores of telegrams have been received by the president from business interests demanding that sharp reminders must be given Germany that she cannot virtually blockade the ports of the United States. "Some advise that the action of this government should not be limited to mere protest."

Officials here decline to comment on what was this government's next step in the new submarine problem. Secretary Lansing would make no statement whatever before leaving for Washington.

After an early breakfast with Lansing, the president left for a game of golf and nothing regarding his conference with the secretary of state was forthcoming from the summer White House offices. It is likely, however, that steps will be taken at once to get further information as to Germany's future intentions—if these have not already been taken—and to determine whether Germany plans to make her campaign against enemy shipping on this side of the Atlantic permanent.

## FOUR PATROLMEN EIGHT STRIKERS ARE SHOT IN RIOT

Police Armed with Winchesters Are Guarding Standard Oil Plants

## MANY OTHER CONCERNS SHUT IN BY BARRICADES

Manager Says Plant Will Be Idle Until Men Work for Old Wage

By Robert J. Bender.  
(United Press staff correspondent.)

Bayonne, N. J., Oct. 11.—Police with Winchesters and automatics today patrolled "the hook" district near the great Standard Oil company plants where four patrolmen and eight strikers fell yesterday during a riot.

Throughout the district which was a storm center of disorder in a similar strike of Standard Oil workers a year ago, when six strikers were killed, police and strikers alike attempted to draw picket lines today. The riot yesterday occurred when several hundred strikers pushed a flatcar across a street car track in an attempt to block traffic and isolate the entire industrial district at the lower end of the long peninsula on which the city lies. They hope to force workmen from the Tidewater Oil plant to join the strike. Eighty patrolmen armed with Winchesters and shotguns attempted to remove the flat car, the police reported, and were fired on. Before the fight ended five had been dropped by bullets.

Six thousand strikers were out today, leaders reported, and they predicted heavy additions to their ranks before night.

Hudson county boulevard police, who were called to strike duty during the night were relieved today but were instructed to be ready for instant call.

The strikers claimed today to have established a picket line which absolutely closed the southern end of the peninsula, isolating the Standard Oil, Tidewater Oil, General Chemical and International Nickel plants. Barricades were being built to make this seige effective.

George B. Hennessy, superintendent of the Standard Oil plant announced, the plant would remain closed until the men are willing to come back to work at their old wages.

## Carranza Allows Villa To Do As He Pleases

El Paso, Texas, Oct. 11.—Although Villistas are reported to be occupying Madera, where big foreign owned lumber mills valued at millions of dollars are located, and to be operating five trains on the Mexico Northwestern, Mexican de-facto forces have not yet set out in pursuit of the bandits since the raid on Cusuhuirachi, according to reports made to United States government agents here. Many Carranzista troops from the south are being massed at the Chihuahua capital, but none has yet been sent out to round up the Villistas.

The occupation of Madera was reported by refugees who declared that Julio Acosta, a Villista lieutenant, moved in without opposition. The mills were not harmed, it was said.

## AVIATORS LOOKING FOR GERMAN DIVER

Manager Says Plant Will Be Idle Until Men Work for Old Wage

By Robert J. Bender.  
(United Press staff correspondent.)

New York, Oct. 11.—British aeroplanes are reported sweeping the Atlantic in search of the German submarine U-53 and others which may have accompanied her. According to reports received here today the "submarine hawk" put out from Halifax and sped away for the vicinity in which the Greek steamer Patris was reported yesterday he was stopped by the raider.

The submarine net will be spread far in either direction from Nantucket, British officials intimate. They believe Captain Roset may turn southward, expecting to find there unprotected allied shipping to prey upon.

About 25 per cent of the passage booked on the Adriatic, which sails tomorrow, have been cancelled, according to estimates at the steamship offices. The Philadelphia and the Manahatta also sail tomorrow, giving rise to reports that they may sail at the same hour and be met by British cruisers as a patrol, outside the three mile limit.

Reports have been received of a supposed submarine being sighted hovering off Tybee Island, near the Georgia coast, a number of British ships are taking on cargoes in the Savannah river. Customs officials have received unofficial advice of this submarine, which is apparently waiting for the British merchant ships to come out.

Reports that the Adriatic, which had 240 passengers booked and will carry munitions, would sail today instead of tomorrow, were denied at the offices of the White Star line this afternoon.

Search Was Fruitless  
Newport, R. I., Oct. 11.—The search by the eleven United States destroyers for survivors of the submarine raid which started early yesterday proved fruitless. Early today Rear Admiral Glaves and his staff practically gave up hope of finding the crew of the Kingsland, if such a ship was sunk off Nantucket as reported.

Wireless Not Working  
Nantucket, Mass., Oct. 11.—Evidently all vessels are keeping their wireless closed while passing this section of the Atlantic highway.

To Assemble Commission.  
Berlin, via wireless to Sayville, L. I., Oct. 11.—The main committee of the reichstag today after a long discussion adopted a motion of the center party, authorizing the budget commission to assemble when the reichstag returns for a discussion of foreign policy and the war.
