

Willamette Valley News

Gervais News

(Capital Journal Special Service)
Gervais, Oct. 11.—Mrs. Ira Vincet and children of Wren, Oregon, who have been visiting with Mrs. Vincent's sister, Mrs. G. L. Moisan and with Mrs. Sumner Stevens the past week, returned to their home Sunday.

Mrs. Galt and little son of Portland, who have for several months been the guests of Mrs. Galt's sister, Mrs. John Goetgen, returned to the city last week.

A three day vacation was given the pupils of the public schools while the teachers, Mr. Holway, Miss Brock and Miss Lyle Stewart attended institute at Salem.

Mrs. John McKinney of Woodburn was a week end guest of her daughter, Mrs. L. S. Mochel.

Miss Vesta Marshall, 5th grade teacher at Stayton, came down by the electric each evening of institute week, and also spent the week end with her parents, Mr. and Mrs. R. S. Marshall.

Margaret and Lois, the little daughters of Mr. and Mrs. A. DeJardin, who recently were taken to the Willamette sanatorium by Dr. Hickman for the removal of adenoids and tonsils, are recovering nicely.

Dr. J. P. LeFevre and family of Portland motored down Sunday to spend the day with Rev. L. S. Mochel and family.

L. E. Chamberlain and family motored over to McMinnville last Tuesday, taking with them the sister of Mrs. Chamberlain, who had come from Tacoma with her husband to take in the state fair and the McMinnville round up.

Phoebants are scarce this fall, the hunters are not.

Mr. and Mrs. F. A. Hand left last week for McMinnville where they will remain until deciding upon a new location. Mr. Hand recently sold out his drug business to J. L. Kelly.

J. L. Kelly, our new druggist, and wife will occupy the house vacated by F. A. Hand.

At a special school meeting held Oct. 9th a 1/2 mill tax was voted.

Dale Cutforth, wife and two children and sister, Miss Vineta Cutforth

of Biddle are visiting relatives here.

Mrs. Guy S. Davis of New York city, field secretary of the woman's board of home missions of the Presbyterian church, U. S. A., held a conference with the local missionary society Friday, at the home of the president, Mrs. Scott Jones, at which thirty six ladies were present. In the evening Mrs. Davis gave an interesting lecture at the church.

G. L. Moisan and family are enjoying a new 1917 Ford.

G. L. Moisan and family, Mrs. Sumner Stevens and Miss Lyle Stewart motored to Woodburn Monday evening in Mr. Moisan's new Ford.

Harvesters of the marrow-fat squash and of apples are very busy these days. Columbus day exercises will be appropriately observed in the primary room Thursday.

Woodburn News

(Capital Journal Special Service)
Woodburn, Ore., Oct. 10.—Mrs. Matloy and children of The Dalles spent the week end with Mrs. Matloy's parents, Mr. and Mrs. B. F. McKee.

Eather Doud visited in Portland last week.

Mrs. B. M. Dimick of Monitor was shopping in this city last Thursday and visiting Mrs. S. J. Koder.

E. N. Hall attended the undertakers convention held in Portland Thursday Friday and Saturday of last week.

The Misses Lillie Chappelle, Aletha Bitney and Ethel Bonney were shopping in Portland Thursday.

Mrs. Sadie Dimick was a week end guest of her daughter, Mrs. Rob Johnston of Portland.

Abdon Agle of San Francisco, Cal., is here visiting friends and relatives. He expects to stay about ten days, being on a two weeks vacation.

Grace Harding left for her home in Glendale Monday morning on account of ill health.

Delbert Jones, who has been visiting Mrs. L. M. Bitney, went to Medford Sunday evening, where he will attend school.

Alburn Sims went to Portland Friday, returning Sunday.

Pearl Blackmur went to Oregon City

Thursday to visit friends returning home Sunday evening.

Carrie Bruce and son Claude, were in Woodburn Saturday and Sunday.

Phoebe Theobald of Silverton was in town Thursday.

T. L. Blackmun and Mrs. Edna Gordon were married in Vancouver Saturday.

Lee Sims motored to Portland Sunday evening with a party in his Ford.

A baby girl came to gladden the home of Mr. and Mrs. Bill Johnson Monday morning.

Bruce Sims entered high school as a senior Monday.

Spring Valley News

(Capital Journal Special Service)
Spring Valley, Ore., Oct. 11.—Mrs. Beydler and children, of Beaverton, have been guests for the past week at the home of Mrs. C. A. Taylor. They were friends in Kansas.

Among those from here who attended the Round-Up at McMinnville were Mr. and Mrs. H. Barker, Mr. and Mrs. W. D. Henry, Mr. and Mrs. W. H. Crawford, Mrs. L. M. Pervine, Mrs. Frank Matthews, Miss Genie Smith and her father, Jns. Smith, Fred and Jesse Simkins.

Oscar Cotton, of Salem, is spending the week with his father, W. S. Cotton.

Mr. and Mrs. Worth Henry, of Salem, were Sunday guests of Mr. Henry's parents here.

Mr. and Mrs. Elbert Mann, of Portland, and Mr. and Mrs. Hampton, of Pendleton, spent Monday at the home of Mr. and Mrs. P. F. Clarke. Mr. Hampton crossed the plains with Mr. Clarke's party in the early days.

Mr. and Mrs. E. C. Crawford and son, Aubrey, of Salem, were over Sunday visitors with his parents, Mr. and Mrs. G. H. Crawford.

Miss Elsie Taylor is attending the teachers' institute at Dallas.

Mrs. Wm. Davis is home from Dallas, where she has been caring for her daughter, Bliss, at the home of Mrs. Fred Suver. Miss Bliss Davis is now about recovered from the effects of her recent operation for appendicitis.

The Misses Phoebe and Mary Wyatt, Mr. Booth and Mr. Osborne, of Astoria, were Sunday guests of Mr. and Mrs. S. D. Crawford.

Mrs. L. M. Purvine, Mrs. Frank Matthews, Miss Genie Smith and her father, Jns. Smith, Fred and Jesse Simkins, Mr. and Mrs. Worth Henry, of Salem, were Sunday guests of Mr. Henry's parents here.

A fire starting in the Bailey hills on Monday afternoon caused some excitement here, as it soon spread through the stable and St. John's weed and was rushing on toward the hills back of the Phillips and Purvine places. However, vigilant fighting with wet sacks was rewarded, so that by 10 o'clock it was subdued and all were able to go home and sleep in peace. It was not known how the fire started but it may have been from sparks from a steam engine which passed along the road that morning.

SERBIANS BATTLE

(Continued from page one.)
Oct. 11.—Bavarian troops under General Von Krafft, after capturing the Red Tower pass have marched southward and invaded Rumania from the north for the first time since the beginning of the war. It was semi-officially announced today.

The first and second Rumanian armies that invaded Transylvania have been annihilated by the Austro-Germans, who are sweeping the enemy back upon their own frontier. The northern army, composed of Rumanians and Rostreating hastily through the Georgyans, has begun to waver and is retreating beyond Parait.

Falkenhayn's army annihilated the first Rumanian army, turned at once against the second Rumanian army and rolled it up from west and south with an irresistible attack that broke the enemy's opposition on the Sinka river and threw the Rumanians across the mountains of the Geister wood into the Alt valley.

An Artillery Duel Only.
London, Oct. 11.—German artillery was more active throughout last night on a large part of the battle front, General Haig reported this afternoon.

North of Neuville St. Vaast, the Germans exploded a small mine causing no casualties. South of Hulluch, British detachments carried out a successful enterprise against enemy trenches.

TRASON OR WHAT?

(Oregon City Courier.)
In commenting upon the Courier's report of the recent republican banquet in this city, the Columbia Herald of Houlton, Ore., has the following remarks to make:

"In a speech at a republican banquet held in Oregon City last week, Governor Withycombe said: 'The Wilson administration has made a disgrace of the United States.'

"In God's name is there no conscience left in the old party calamity howlers that would bring a blush of shame to the cheek of one who would utter such damnable treason against the administration of such a man as President Wilson, especially coming from the lips of our state executive?"

"Now let every voter in Oregon carefully size up and compare President Wilson's almost miraculous administration with the disgraceful episode of strife, discord and mismanagement in state affairs in the past two years by peanut Governor Withycombe's administration, which would disgrace Hades in its palmy days, and note the difference."

"And yet Governor Withycombe, the corporation henchman who arrayed his influence against the school children in the interests of a railroad corporation, has the supreme gall and brazen effrontery to stand up in public meeting and spew out the treasonable utterance: 'The Wilson administration has made a disgrace of the United States.'

"Shame! Shame!"

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease.

For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine is like it.

Get Hood's Sarsaparilla today. Insist on having Hood's.

University Notes

That Willamette students are following in the footsteps of commercial tendencies today is shown by the registration of 37 students for the study of Spanish. Whereas two years ago no courses were given in this old Latin tongue as no student matriculating at the university desired them, the registration for this ancient language is now approximately 1000 per cent increased over that of last year alone. The only deductions possible for the added popularity of Spanish is that Americans intend to invade the southern republics as the limits to westward expansion have just about been reached. The courses are being taught by Prof. Gustav Elsen, a fluent linguist in the idiosyncrasies of this musical tongue.

Since the taking of the official Willamette song books under the sheltering wing of the Websterian Literary society, much interest in the standardization of the book has been manifested among students, faculty and alumni in this splendid means of preserving university melodies for future generations. Two editions of the book have already been published and considerable material preparatory to the publishing of a third is now in the hands of the society's committeemen. As the books are loose leaf in form, there is ample room for many successive editions. Ray Metcalf and Lloyd Lee were editors of the last edition.

Wednesday afternoon each week from 3:30 to 4:30 has been chosen for "Yell King" Lyon as the hour for organized rooting practice on the football field. All students are expected to turn out in force on the gridiron and, while watching the team practice, are given a systematic course in Willamette songs and yells. The movement has been recently begun that every student may become thoroughly familiar with every university melody and "rah rah" noise.

In order to remove any cause for misunderstanding or friction in regard to the wearing of the official pea-green postage stamp by freshmen lais, a standing upper class committee to adjust individual cases was appointed by Earl Flegel, president of the student body. This committee's action is final and no freshman has any further appeal to relinquish the provisions of the required edict. Errol Proctor and Grover Gates comprise this high court of adjustment in the fine points of undergraduate law.

With the recent election of Miss Gertrude Cunningham and Errol Proctor to the executive committee of the associated student body, all vacancies on that committee are now filled. This committee consisting of the two named, Harry Bowers and Warren Booth, all of the student body, Professor M. E. Peck of the faculty and the officers of the student body, have complete control of all student activities and organizations to the extent in which they affect the condition of the members. Meetings are held each week to take care of all such matters.

Although serious complications were feared as a result of the badly battered skull of one freshman laid who came into intimate contact with a sophomore's hammer during the informal lower class fracas Monday evening, the danger is now passed from a physiological point of view. The predominant cause of the tight shaven heads of sundry freshmen and sophomores are now the sole visible evidence of the battle which was akin to "the glory that was Rome" in splendor. The bag rush emergency past rushed through the student body yesterday morning will enable those desiring gladiatorial combat a chance to test out their energy in a more systematic manner.

That all outstanding difficulties between the sophomore and freshman classes might be put on the altar of discard, a committee of five upperclassmen were appointed to draw up plans for an interclass bag-rush at 5 o'clock tomorrow afternoon on the university field. The rules adopted provide that there shall be at least 32 men on each side, but if the smaller class has more men eligible the other class shall put as many more in the contest. Provision is also made that there shall be two thirds as many bags less one as the number of men on each team. After a man has succeeded in carrying a bag over the goal line he is automatically limited from the fray. Coach Matthews and seven students will act as judges. Any tendency to unsportsmanlike tactics will eliminate a man from the field.

If fast melees may be taken as a criterion of the amusing situations and intensity of the clash, tomorrow's spectacle will be well worth watching. As the affair is staged just prior to the inaugural banquet, it will seek to disintegrate the pangs of hunger in distinguished visitors' anatomy. Admission will be free.

What to Do for Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 25c or \$1.00 for extra large size, get a bottle of Zemo. When applied as directed, it effectively removes eczema, quickly stops itching, and breaks skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is dependable and inexpensive. Try it, as we believe nothing you have ever used is as effective and satisfying.

Zemo, Cleveland.

Subject: "The Man Who Knows How to Listen."

"The Man Who Knows How to Listen" was the subject chosen by Dr. Lynn Harold Hough for an informal address to the Willamette student body at this morning's chapel hour.

Dr. Hough divided the topic into three classes: the man who knows how to listen to books, to people, and to life itself. In fact he said, "I hope that the college man will enjoy books in after life despite the fact that they have been to college. The university man comes to regard books as tools and loses the thought that books are friends. Who ever heard a poet write a lyric about a hammer or a sonnet about a buzz saw? The temperament of analysis is fighting the temperament of inspiration. A cynic about books is the man who has lost capacity to respond and every step in cynicism is a step in dogma. We can never be of the most use in life until we can use the temper of our own life in life itself. The man who can carve the ideal in human life which God has given him is doing the supreme thing."

Dr. Hough will speak in Waller chapel this evening at 7:30.

SAGE TEA BEAUTIFIES AND DARKENES HAIR

Don't Stay Gray! Sage Tea and Sulphur Darkens Hair So Naturally that Nobody Can Tell

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

This preparation is a toilet requisite and is not intended for the cure, mitigation or prevention of disease.

Corn Not Injured by Frost Says Expert

Although at first it was thought that the field corn had been damaged by the recent frosts and the milk in the cobs frozen and soured, according to C. H. Smith, chief of the silo department of Spaulding Logging company, there was no other damage than a checking of further growth and development of the cobs. Some of the leaves will be lost, he says, but the stalks are green. The corn itself he says was past the milk stage and had reached the dent stage, at which it has practically reached its fullest development. For ensilage purposes the corn is O. K. He said that some farmers hold the wrong idea that is frost hits the corn it is useless. He was of the opinion that the only hurt is an arresting of further development. Corn should be cut when it reaches the dent stage and milk is still in the stalk.

Mr. Smith says that the silo business is exceptionally good for this time of year and that his force is kept busy all the time setting them up. In fact he says he cannot get enough silos here from the factory at Newberg, where they are manufactured. He has four men on the jobs and they work one man one day with one farmer. With silage they have been continually busy for the past 30 days and expect at least ten days more before the season ends.

Accordingly, to him, business for this year has been good while the prospect for next year is still brighter. He says they expect to increase the capacity of the plant at Newberg next year in order to be able to fill orders.

Unseen Hands at Work--Ford

PRESIDENT WILSON
(Medford Mail Tribune)

Henry Ford sums up his reasons for supporting the president thus:

"I am a republican, but I'm for Wilson because he is onto the interests—the unseen hands that seek to control government—and he is holding them off."

"Unseen hands," the invisible government, a portion of which was exposed when President Wilson routed the "lobby" have played a prominent, perhaps dominant, part in every political campaign.

"Unseen hands" finance political campaigns to secure special legislation to reimburse them for their expenditure.

"Unseen hands" financed Mark Hanna and in return secured protection for financial brigandage. They are financing Hughes' campaign with a lavishness unknown since the days of Hanna.

"Unseen hands" are reaching for the control of government, seeking, through Hughes' election, intervention and exploitation of Mexico; for more tariff jobbery; for halting the progress of human welfare by child labor laws and eight-hour days.

"Unseen hands" are unceasingly at work, injecting the racial issue to punish the president for neutrality, for not yielding to the kaiser to please Germany, and for not declaring war on Germany to please Britain; injecting the religious issue, to penalize the president for having a Catholic secretary on the one hand, and not intervening to save church property in Mexico on the other.

"Unseen hands" are working to destroy the federal reserve bank act and substitute a central bank controlled by Wall street; they are seeking to destroy federal control of merchant marine to substitute subsidies. They seek to abolish freedom of sailors to restore serfdom on the high seas.

As the New York World puts it: "The great apostle was talking of the spiritual life when he said that faith is the substance of things hoped for, the evidence of things not seen. But republican faith in the election of Mr. Hughes is the substance of very worldly things hoped for and the evidence of these very fleshy hands not seen. And Mr. Hughes works with them admirably and in perfect command. That is why he cannot be made to answer specific questions in a specific manner." (Paid Adv.)

Broke Auto Thief to Lead in One Lesson

Tacoma, Wash., Oct. 11.—A youth whose name is being withheld by the police is a prisoner in the city jail today, charged with stealing an automobile.

He was pursued by Herman Wohlfarth, owner of the machine and when caught was surely bound with a heavy rope about his body and towed several miles into the city, being compelled to walk the entire distance behind the car, to which one end of the rope was fastened. Wohlfarth says the youth was in the act of stripping the chassis when overtaken.

FOR THROAT AND LUNGS STUBBORN COUGHS AND COLDS

Eckman's Alterative
SOLD BY ALL LEADING DRUGGISTS

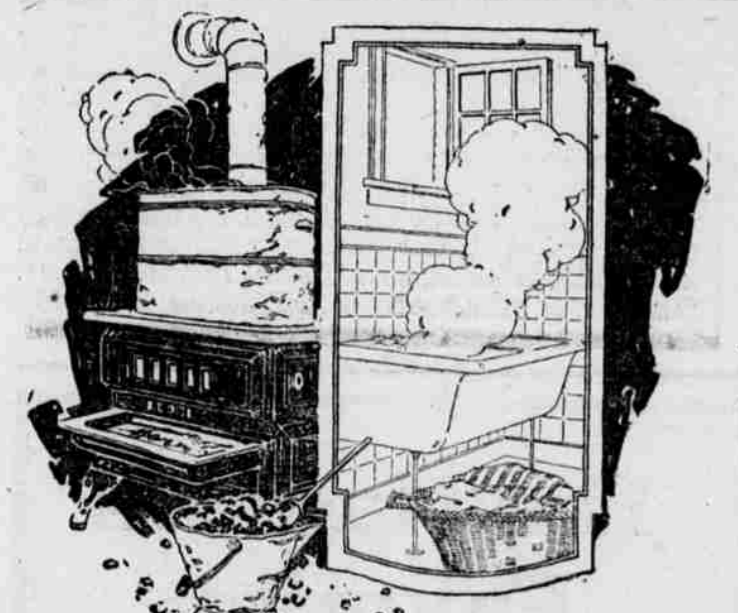

Pointing out that the presence of the Oregon troops on the border made possible a peaceful solution of the Mexican problem, Secretary of War Newton D. Baker has written a letter to Colonel McLaughlin, commander of the regiment, which letter has been received at the governor's office.

URIC ACID---GOING---GOING---GONE "Anuric" Will Not Fail to Stop Your Backache.

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. Doctor Pierce, of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely, and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out at his Sanitarium, in the same way as his "Favorite Prescription" for weak women and "Golden Medical Discovery," the standard herbal system tonic, (both of which now come in tablet form for convenience of carrying and taking). "Anuric" is now being introduced here, and many local people are daily testifying to its perfectness.

When you have backache, dizzy spells or rheumatism, heed nature's warning. It means that you are a victim to uric acid poisoning. Then ask your druggist for "Anuric" and you will very soon become one of hundreds who daily give their thankful endorsement to this powerful enemy to uric acid.

If you have that tired, worn-out feeling, backache, rheumatism, neuralgia, or if your sleep is disturbed by too frequent urination, get Dr. Pierce's Anuric Tablets at drug store, full treatment \$1.00, or send 10c for trial package to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Are You Still Boiling the Wash on the Old Wood Range?

How much easier is the new way—the Gas Water Heater way. Saves labor and clothes.

A Gas Water Heater means a cheery, quick Washday. No fire to build, no fuel to carry in, no stove to fuss with, no tubs of water to life or drag about. But always

Flowing Hot Water from the Gas Water Heater

Hot water the instant your Washday begins. Enough for thorough rinsings and cleanings. And no glowing wood stove to overhead the laundry.

Gas Water Heaters are not expensive. A moderate outlay will place one in your home and supply hot water for every household need.
