

PENNSYLVANIA'S 14-INCH GUNS WHICH MADE HITS AT ELEVEN MILES

PENNSYLVANIA'S 14-INCH GUNS

In this picture we see some of the fourteen inch guns of the new battleship Pennsylvania, photographed after they, with their sister guns of like caliber, showed the world some marvelous gunnery in the recent practice. The Pennsylvania was placed in commission on June 12 last, and already her big guns and her men have shown their ability to hit a target eleven and a half miles away with shells weighing 1,400 pounds apiece. No wonder the men of the Pennsylvania and Captain Henry B. Wilson, her commander, are proud of their splendid ship.

Rev. David Hassel will preach. Sunday school at 2:30 p. m. All Scandinavians are most cordially invited to attend.

A Christmas Present Worth Having

A \$3,000.00 Christmas present is the interesting prize that a well-known manufacturer is offering for one simple word. The makers of the "Eveready" flashlights are looking for a new name to take the place of the word "Flashlight," which they say has outlived its usefulness. Originally these lights merely "flashed," but nowadays the batteries will give hours of continuous light.

This Contest is to be featured by our local dealers, who will distribute the Contest blanks beginning October 7th. The Contest closes November 7th at midnight. These dealers will make special window displays and demonstrations of Eveready lights during the week of October 7th to 14th. See display at Hauser Bros.

OBITUARY

Margaret Ann Mahan was born January 12, 1845, at Mt. Carmel, Illinois. At the age of 17 she accepted Christ as her savior and united with the Methodist Episcopal church. She was united in holy matrimony to Samuel French White at Zanesville, Ohio, on the third day of October, 1863.

To this union was born seven children namely: Annie M. Pugh, of Salem; Alva Ashbury, of Mountain Home Idaho; Charles W., of Payette, Idaho; William W., of Nyssa, Oregon; Dr. B. H. White, of Salem George W., of Kennebec, South Dakota, and Minerva W. Working, of Mill City, Oregon. All of whom with the husband and father are left to mourn her loss. She departed this life at 11 o'clock p. m., Saturday, October 7, 1916, at her home in Salem at the age of 71 years, 8 months and 25 days.

For the past eight years her home has been here in Salem Oregon. All those who were acquainted with this good mother will never forget her faithful and untiring devotion to her home and her family. Aside from her faithful attention to her home and flower garden she loved so well she found time to devote to others. Forgetful of her own weakened condition, the evening before death called her she visited a sick neighbor to bestow sympathy and render any assistance possible. Unaware that she was not to awake again here she fell asleep peacefully feeling that all would be well.

All the absent children were present for the funeral. The service was conducted at the Webb & Clogh Chapel by Rev. A. N. Avison of the First Methodist Episcopal church. The scripture reading was from John 14:23 to 14:3 and Phil. 1:20, 23. Dr. Avison lifted the grief from the sorrowing hearts of the bereaved by his inspired words on the theme "To Die Is Gain." Mr. Frank Barton and Miss Barton, his sister, rendered most beautifully the hymns, "Nearer My God to Thee," and "Beautiful Isle of Somewhere." The final resting place of the earthly tabernacle of this devoted mother is in the historic Lee Mission Cemetery.

Bulgaria's population is now estimated at 4,500,000.

Stocks Advance All Along the Line

New York, Oct. 14.—The stock market opened irregular today, but with recoveries from the low prices resulting from the aluminum scare. Advances were general in the railroad list. Steel and Equipment shares showed reactionary changes but mostly on the upgrade. During the first hour there was considerable liquidation and United States Steel fell back to 108 1/4, off quarter from its opening.

Traders watched the submarine news with some nervousness and played safe during the half day session today. Price movements were irregular and there were many fractional declines and readjustments were made. Steel sold down to 108 1/4. The close was firm.

SUBLIMITY

(Capital Journal Special Service.)
Sublimity, Ore., Oct. 14.—The latest farmers to buy motor cars are John B. Van Handel and Nick Zimmerman, the former buying a Ford and the latter a Maxwell. Who's next?
F. A. Bell is back from a trip to Portland.

A number of our citizens attended the Round-Up at Albany.

STRIKING OIL WORKERS

Bayonne, N. J., Oct. 14.—Bickerings among the striking oil workers over the question of returning to work caused cancellation today of the plan for an open air mass meeting to urge closing of the troubles. The directors of public safety felt that there might be renewed rioting in view of the state of the strikers' feelings.

Plans call for an attempt to start the oil plants Monday and, while matters are quiet at present, authorities are uncertain as to Monday's developments.

Get What You Pay For

When you Advertisers buy circulars or booklets or postage stamps, you always check up the quantity received to see that you get what you pay for.

When you Manufacturers buy steel or wood or bolts or screws, or raw material of any kind, you check up every carload and every little package to see that you get what you pay for.

When you Retail Merchants buy stocks from jobbers or manufacturers, you check up every smallest shipment that comes to your store to see that you get what you pay for.

Buy your advertising space the same way. The better newspapers all over the country—the newspapers whose circulation statements are founded on facts, not fancy—furnish you with certified audits so that when you buy their advertising space you know that you get what you pay for.

The Audit Bureau of Circulations' membership is made up of over a thousand advertisers, advertising agencies, newspapers, magazines, farm journals and trade publications. Its object is the improvement of circulation and advertising conditions, the protection of the man who pays the advertising bill, and the protection of the publisher who gives FULL MEASURE. When you buy advertising space, buy it from publications that give you proof of what you pay for.
