

Pendleton Normal School Proven Necessity

(Copied from Portland Oregonian.)

MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week... students enrolled 785, largest on record for state Normal in Oregon... how to care for large student body a problem... 800 being crowded into auditorium with seating capacity of 550. Galleries filled with extra chairs in aisles. More than 150 students seated on platform. New boarding houses completed, additions to rooming houses built and tents used. One hundred girls sleep on upper floor of school. The official school report gives 150 grade pupils in Monmouth, for teacher practice.

Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election:

- By James Withycombe, Governor of Oregon: "Oregon is unquestionably in need of a normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon."
- By J. A. Churchill, State Superintendent of Public Instruction: "I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton."
- By P. L. Campbell, President of the University of Oregon: "At least one additional Normal School is urgently needed in Oregon."
- By W. J. Kerr, President of the Oregon Agricultural College: "Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure."
- By J. H. Ackerman, President Oregon Normal School, at Monmouth: "A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements."
- By the County School Superintendents of Oregon: "Resolved, that it is the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we, therefore, endorse the initiative measure to establish a Normal School at Pendleton."
- By Mrs. Charles H. Gastner, President of the Oregon Federation of Women's Clubs: "I most heartily endorse the location of said Normal School at Pendleton."
- Prof. Robert C. French, Former President of the Normal School Located at Weston: "An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon."
- B. F. Mulkey, Ex-President Southern Oregon Normal School: "I shall support the location of an Eastern Oregon Normal School at Pendleton."

State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent." Portland Chamber of Commerce endorses measure 308 and says Pendleton most logical location for Normal school in Eastern Oregon.

British Extend Lines.

London, Oct. 17.—British troops extended the Somme offensive north of the Ancre brook last night and entered enemy trenches west of Serre, General Haig reported this afternoon. Since the first day of the offensive, when the British drew their lines close to Serre and then were driven back, there has been no fighting on this front. The Germans, holding a strong position at Thierval, made it inadvisable for the allies to extend their operations further north. The capture of Thierval opened the way for a widening of the front.

The booth string orchestra a revelation to devotees of dancing, will furnish the music and the hall will be gaily decorated with lanterns, pumpkins, vivid hued autumn leaves and greenery. The drawing card of the evening will be the exhibition of many of the new and popular ball room dances by Mr. and Mrs. Harold Grady of Portland.

STANDARD OIL SNUBS STRIKE COMMITTEE

Despite Fatalities Big Company Says It Will Do Nothing to End Strike

Bayonne, N. J., Oct. 17.—Despite a record of three persons dead, many wounded and pitched battles between strikers and police marking its progress thus far, the strike of the oil workers here will go on, so far as the Standard Oil company is concerned. Superintendent Hennessy today snubbed the strikers' committee of 10, which asked him to end the strike by giving them more money, the men declared. There was neither bloodshed nor serious rioting up to noon today, but the feeling is as strong as ever. Early morning reports of rioting dwindled later to an irrespressible jag, who fired several shots in the air. The police are watching closely for the return of Mrs. J. Sergeant Cron, New York society woman and strike leader, who was ordered away and warned not to come back. The police have orders to "pick her up" on sight. After talking to the committee of 10 from the strikers, Hennessy declared eight of them told him they were ready to tell their men to go back to work without more pay. The committee men were not empowered to settle the strike, but merely to ask for the raise they struck for.

DRUGGIST RECOMMENDS FINE KIDNEY MEDICINE

We have been selling Dr. Kilmer's Swamp-Root for the past seven years and during that time we have never heard a complaint. All of our customers speak in the highest terms of the results obtained from its use and all are well pleased with it as a kidney, liver and bladder medicine. We think it is a fine remedy and we sell a great quantity of it. Very truly yours, E. E. HARRAH & SON, Druggists, Dec. 17th, 1915. Golden City, Mo.

HOW TO BE SLIM
If you are too fat and want to reduce your weight 15 or 20 pounds, don't starve and weaken your system, or think you must always be laughed at on account of your fat, but go to Central Pharmacy or any good druggist, and get a box of Oil of Koren capsules, take one after each meal and one before retiring at night. Weigh yourself once a week and note what a pleasant and reliable method this is for removing superfluous fat from any part of the body. It costs little, is absolutely harmless and a week's trial should convince anyone that it is unnecessary to be burdened with even a single pound of unsightly fat.

Proposed Ordinance Would Lighten the Lid

Salem is to have the booze lid screwed down another notch if the ordinance now before the city council regulating the sale of alcohol becomes a law. Heretofore there has been no law governing the sale of liquor in the city and alcohol can be purchased by swearing falsely. The chief of police says he has a list of forty men who have secured liquor in this manner, but he

lacks sufficient evidence to convict. The ordinance introduced last night will enable the chief of police to keep tabs on men securing alcohol illegally and provides a penalty of \$50 to \$200 fine or a jail sentence of twenty days. This ordinance will require conforming to the state law and in addition a permit from the chief of police in order for alcohol to be purchased within the city.

As a need for such an ordinance he cited the story of a man living in Salem who was made raving crazy a few nights ago from alcohol purchased here. The police officers were called to handle him and they had to handcuff him so they could take him to the police station. This ordinance, the chief believes, would remedy this state of affairs.
