COST OF LIVING IS SERIOUS PROBLEM

Everything Going Up But Wages Which Is Worrying Part of Story

There isn't any way of getting around the fact that the good housekeeper who has been so fortunate as to have a weekly allowance for the table from her lord and master, is up against it. For the actual facts are that everything in the eating line has advanced during the past year from 10 to 50 per cent and there is no means of telling when the cost of food and groceries will get down to an established basis and not climb a little higher every week or so.

For instance, yesterday, the bakeries in Salem announced an advance of from five to 10 cents for each cake and it seems necessary to make the advance as everything that goes to make up a cake had advanced materially within the last month. Eggs cost double and shortening and flour cost at least one-fourth more than a few months ago. With the higher prices of wheat, flour has naturally kept pace and Wednesday of this week 10 cents a sack was added to the already high price. And the same day the wholesale grocers announced an advance to the retail men of one cent a pound for crackers. This of course affects all cakes, buns and rolls and the price will naturally have to increase or the size decrease.

One year ago eggs were wholesale 34 cents and now they are 38 and 40. Potatoes were 85 cents a sack and now the figure is \$1.50. Sugar was six and a half cents and now it is \$8.35 with prospects of touching the high notch of \$8.65 of last July. Bacon of course is almost a luxury as there has been a one-third advance within the past year and the figure now for pork dressed wholesale, is 12 and 13 cents, with a value of nine cents on foot. The canned goods story is even more alarming. Several wholesale houses handling canned tomatoes are making only half their deliveries and others none at all. And the same story is true of canned corn. Tomatoes were short in Utah and Colorado this year. Oregon canned fruits including cherries, apples and pears are being held for higher prices although there was a large crop and pack in the state. Stringed beans are costing 10 per cent more than a year ago and even baking powder, wholesale, has a 10 per cent tacked on. Cream of tartar costs wholesale 12 cents a pound more than it did and dried currants are almost off the market, as the Greeks and Italians did not ship to America this year, having need for them at home. Raisins also are on a higher shelf, financially speaking, and those who like the taste of Norwegian sardines will have to pay about twice as much as a year ago.

Even matches, as part of the kitchen equipment, have marched along in the advancing column keeping pace with canned milk which has added one-third to its price of one year ago. And of course everything that is made of wheat and oats has joined in the march for higher prices. Those who prefer a fair sprinkling of sage with their sausage may well appreciate the sage flavor as it has advanced in price just 100 per cent—that is, the sage, not the flavor, has advanced. But why continue the sad story. Wool is worth twice as much as it was two years ago and cotton is quoted on the New Orleans exchange higher than any time since the Civil war. But this is another chapter as is also the fact that one year ago it cost the small sum of 10 cents to get into the movies and now it is half again as much. There is one satisfaction. Soap costs about the same.

HOW CATARRH IS CONTRACTED Mothers are sometimes so thoughtless as to neglect the colds which their children contract. The inflammation of the mucous membrane, at first acute, becomes chronic and the child has chronic catarrh, a disease that is seldom cured and that may prove a life's burden. Many persons who have this loathsome disease will remember having had frequent colds at the time it was contracted. A little forethought, a bottle of Chamberlain's Cough Remedy judiciously used, and all this trouble might have been avoided. Obtainable everywhere.

W. C. T. U. Delegates Strong for Wilson It was a very enthusiastic crowd that boarded the white ribbon special at Portland Tuesday morning at 10 o'clock bound for the W. C. T. U. state convention at Pendleton. The beautiful ride up the Columbia river with its magnificent scenery, sometimes close to the rocks with the grand falls, the wide expanse of plains as far as the eye could see with a beautiful lunch provided by the ladies and coffee served by the dining crew made the trip very enjoyable. On board at present writing, 3:30 p. m., 15 counties are represented with most of the eastern counties to be added. A straw vote was taken of all on board the train including trainmen, which resulted as follows: For the brewers' amendment, 5 for and 91 against; dry amendment, 21 for, 7 against; with not one voting to repeal the Sunday law.

For president: Wilson, 49; Hughes, 28; Hays, 20. A very enthusiastic convention is expected. We were landed in Pendleton at 5 o'clock in the midst of a dust storm that very much reminded us of Kansas and Nebraska. S. E. O.

WHEN YOU TAKE COLD With the average man a cold is a serious matter and should not be trifled with, as some of the most dangerous diseases start with a common cold. Take Chamberlain's Cough Remedy and get rid of your cold as quickly as possible. You are not experimenting when you use this remedy, as it has been in use for many years and has an established reputation. It contains no opium or other narcotic. Obtainable everywhere.

any means too old to give Wilson a good vote." Nearly every voter here is registered whether democrat or republican.

Peter Alphenal is head carpenter on the big apple house being erected on the Thos. Newton place. Prune drying which has occupied men here for the last 6 weeks, was completed here this week. A double shift at the Rickman dryer has prepared many hundreds of bushels of this staple fruit for shipment to distant points. The fruit prepared here this year is of a high quality and will merit top prices.

William Westley left today to resume work at Oregon City. He will probably be gone until the holidays. Chas. Alderman and son, Harold, are guests of relatives here. Mr. Alderman comes from his farm at Salmon River, Oregon.

Jack Butcher leaves today for his homestead on the north unit of the Deschutes irrigation project. The John Westley's motored to Dallas and back on Sunday.

A malady resembling the grippe prevails here, afflicting old and young alike. Some call it influenza but it bears the earmarks of regular old la grippe, say those who are afflicted.

Kaiser Bottom Items

(Capital Journal Special Service) Kaiser Bottom, Oct. 19.—Kaiser schools with their 4000 buildings opened on Monday October 9. Mrs. Arthur Bendsley has charge of the advanced grades and Miss Anna Lindgren has the primary department. Much enthusiasm is manifested by the children of both departments, and parents and teachers are anticipating a most profitable year for this big school.

The Parent-Teachers association, which held a called meeting on Wednesday night put in the following board of officers: President, Mrs. Seymour Jones; vice president, D. W. Koefler; secretary, Mrs. Mabel Reese; Mrs. Lorraine Clark gave an able address on objects of the association. Mrs. C. E. Cummings gave one of her clever readings.

\$4,000,000 Lumber Sale Is Considered Portland, Ore., Oct. 19.—Negotiations contingent on several developments in national and local politics, are on between the Oregon Lumber company, of which D. C. Eccles, of Ogden, Utah, is president, and the Dubois Lumber company, whereby the former company is considering buying 25,000 acres of timber land in the Nehalem country, tributary to the Lower Columbia river, preparatory to developing the property and working the timber on a large scale. The deal, if closed, would entail a purchase expenditure of \$4,000,000.

The report made public yesterday that the deal was near consummation and involved the construction of 40 miles of railroad, opening up the timber area, was pronounced by Paul C. Bates, of McCargar, Bates & Lively, as decidedly premature, as actual negotiations have not gone beyond the preliminary stage.

Big 5 reel Special Mutual production at the Bligh today, tomorrow and Saturday.

Claxtar Items

(Capital Journal Special Service) Claxtar, Oct. 19.—The apple house party of Saturday evening was a success in every particular. The tennis club of Hayesville are a bunch of live wires. After a sociable evening spent in playing games refreshments consisting of doughnuts and Loju were served. Hayesville Ladies Aid society have their regular election of officers on Wednesday, Oct. 18, at the parlors of Hayesville church. This is one of the most actively benevolent of the societies of this kind in Marion county. Plans for the approaching chrysanthemum show will be discussed at this meeting.

A Salvation Army meeting conducted on Wednesday afternoon at a private residence at Claxtar was enjoyed by several ladies present. Sergeant Major Rasey and Recruiting Officer Williams led a spirited meeting. Another meeting led by the Salvation Army corps of Salem will have charge of the Thursday evening meeting at Hayesville church. Much interest is being manifested here in the work of these spiritual and unselfish people. Mrs. Elmira Holtzelaw went down the other day and registered. Mrs. Holtzelaw in relating the circumstances said, "Yes, I am past 70 but not by

MANY IN SALEM TRY SIMPLE MIXTURE

Many Salem people are surprised at the QUICK action of simple bismuth bark, glycerine, etc., as mixed in Adler-ika. This simple remedy acts on both upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. THE INSTANT, easy action of Adler-ika is astonishing. J. C. Perry, druggist.

JUDGE GEO. D. ALDEN

Judge Geo. D. Alden, the inimitable New Englander, who is famous with the Salem people for his "folks from Maine, New Hampshire and Vermont" is coming back this winter to give us his "Powder and the Match." The judge says the latter lecture is the better of the two and adds that he knows because he produced them both. He is on the program of the Salem Lyceum course which starts Monday evening.

***** NEW HOME TREATMENT FOR BANISHING HAIRS ***** (Beauty Topics)

With the aid of a delatone paste, it is an easy matter for any woman to remove every trace of hair or fuzz from face, neck and arms. Enough of the powdered delatone and water is mixed into a thick paste and spread on the hairy surface for about 2 minutes, then rubbed off and the skin washed. This completely removes the hair, but to avoid disappointment, get the delatone in an original package.
