Bethel Notes

(Capital Journal Special Service)
Bethel, Or., Oct. 20.—A. E. March and has an automobile, having purchased a Maxwell last week.

Most of the neighbors have finished digging potatoes but a few are still busy. It is reported that Mr. Nichols has already dug over five hundred bushels and has more to dig. Mr. Hain had about five acres of spuds. If the price goes up according to present indications there may be some more automobiles or Fords in Bethel before long.

The Bethel silo filler is still busy filling silos for people outside the district.

W. R. Baker went to Corvallis Monday and visited College View poultry farm. J. H. Hanson is manager of the farm. He has about a thousand white Leghorn hens and is selling over one hundred dollars worth of eggs each week.

John Clark and George Matten attended the round up at Albany last week.

G. Roth went to Idaho last Wednesday. It is reported that he is dissatisfied with Oregon and is looking for a better place to locate. Lots of people leave Oregon but most of them come back sooner or later.

Hanna Hoffman is attending high school in Salem.

Mr. Sundborg is ill, having caught cold helping fill silos.

Mr. Clark has a large crew working on the road.

The Bethel Literary society will meet at the school house Friday evening October 27th at eight o'clock. Every one interested is cordially invited to attend.

L. Schulz and Henry Ledebur motored to the coast recently. Mr. Schulz went after some Salmon while Henry expected to bag a bear or some other big game. Mr. Schulz got his fish but Henry returned empty handed. So last Thursday he went back for a second try at it taking Ed Schulz with him this time.

Mr. Bressler was in Corvallis the first of the week.

CITY NEWS

The union painters of the city will entertain this evening at the Union hall on Court street. An address will be made by O. K. Hartwig, of Portland.

J. H. Morrissey, paroled from the Oregon state penitentiary recently, was brought back to prison today by Parole Officer Keller because he violated his parole. He was arrested at Nehalem.

The catching fire of some waste paper on the sidewalk at the Rodgers Paper company on Perry street caused a fire alarm to be turned in this morning about 8:50. No damage was done.

The annual memorial services of the Elks will be held Sunday, December 3. At the meeting of the lodge last night a committee of three, E. R. Ringo, August Huckestein and S. M. Edmott were appointed to have charge of the services.

The farmer seems to be the lucky man this year. Yesterday potatoes were selling for 70 cents a bushel wholesale and this has been an unusually favorable year for big crops. Also for clover seed, wheat, oats, prunes and loganberries. Also hogs.

Cards have been received by former delegates and boy workers and those interested in the Western Oregon Older Boys' conference announcing that the next meeting will be held at Corvallis during the first three days of December. John H. Rudd, of Portland, is inter-state boys' secretary.

The Foresters of America is the first lodge in the city to begin a fall campaign for membership. At a meeting last night it was decided to divide the membership into two competing teams with S. C. Kertlinger and Mr. Miller as opposing captains. The present membership is 80. C. J. Beach is chief ranger and the members meet every Thursday evening at Hurst hall.

Jesse Millet, who was arrested Wednesday night on a charge of bootlegging and who has maintained liquor in his possession was to be tried at three o'clock this afternoon in the police court but because a jury could not be secured for that time the trial will be later in the day. Millet pleaded not guilty yesterday and asks a jury trial.

A heavy plank roadway is now under construction by the Oregon City Transportation company from Front street to the dock. This will be especially appreciated by local transfer men and grocers as at times during the rainy season, the up hill plunk from the dock to Front street was a pretty strenuous one, even for a first class truck when heavily loaded.

The residence of Gerald Volk, about 1 1/2 miles east of Salem on the Garden Road, was burned this afternoon with a loss estimated to be between \$3000 and \$3500. Part of the furniture was saved. The fire department, in answer to the call, went out as far as the city limits but as there was no water that could be used returned. Mr. Volk was formerly connected with the Polk County Itinerary and only recently moved to his home on the Garden Road.

Thirty-two students of the psychology department of the University of Oregon are in Salem visiting the state hospital for the insane, the penitentiary, and the feeble minded school. They arrived on the Oregon Electric at 9:45 o'clock this morning and proceeded to the state house where Governor Withycombe furnished transportation to the state institutions. Harry Mills, a former Willamette student, who is now in the University of Oregon, came down with the students.

Justice Webster is hearing this afternoon a case between Mr. Murphy, business representative of the Oregonian, and H. C. Oniell, a grocer on Twenty-fifth street, which has developed as the result of a partnership fruit stand at the late Oregon state fair. Mr. Murphy is asking the sum of \$48, which he alleges he paid out for supplies in the coast last week.

Robert Mickelson as well as W. J. Jefferson have finished the season of clover hulling and housed their machinery this week.

The yield of clover seed has been very good and the price also.

Are You Past 30 Years? Take Hot Water and "Anuric."

People are realizing more and more every day that the kidneys, just as do the bowels, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Under this continual and perpetual action they are apt to congest, and then trouble starts. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy and many other serious disturbances. Doctor Pierce of Buffalo, New York, advocates that every one should drink plenty of pure water between meals. Every day should exercise in the outdoor air sufficiently to sweat profusely, and from time to time stimulate the kidney action by means of "Anuric." This preparation has been thoroughly tried out at his Sanitarium, in the same way as his "Favorite Prescription" for

weak women and "Golden Medical Discovery," the standard herbal system tonic, (both of which now come in tablet form for convenience of carrying and taking). "Anuric" is now being introduced here, and many local people are daily testifying to its perfectness.

When you have backache, dizzy spells or rheumatism, heed nature's warning. It means that you are a victim to uric acid poisoning. Then ask your druggist for "Anuric" and you will very soon become one of the hundreds who daily give their thankful indorsement to this powerful enemy to uric acid.

If you have that tired, worn-out feeling, backache, rheumatism, neuralgia, or if your sleep is disturbed by too frequent urination, get Dr. Pierce Anuric Tablets at drug store, full treatment \$1.00, or send 10c for trial package to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

The Southern Pacific is the only railroad in the country that is undertaking the special education of its passenger service men by taking them on trips to various parts of the county and giving them an idea of what is done elsewhere in railway circles. Tomorrow several passenger men will arrive in the Texas passenger men, full treatment \$1.00, or send 10c for trial package to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

to make the club an effective force in the city, now that the financial condition is so satisfactory.

He traced the history of the club from the time of the reorganization when there was overhauling a debt of \$2,000, through the various changes by which this debt had not only been wiped out, but with an amount of more than this amount to the club's credit in the bank.

In making a survey of the conditions in Salem, Mr. McDaniel found that in order to attract capital to Salem, it was necessary to have an accurate industrial survey showing what might be reasonably expected to succeed here. He favored the proposed \$250,000 industrial guarantee fund.

While Salem was now working under unfavorable freight rates, it was noted that a committee had been appointed to take up the municipal dock proposition, and the establishment of water transportation from Salem whereby a showing could be made for water rates.

This winter, according to Mr. McDaniel, the club hoped to secure the new Southern Pacific depot and to institute a strenuous campaign for the building of the Polk county bridge. A commission house for the handling of produce was also part of the program and the campaign for various civic improvements.

Pat put on by indoor life is unhealthy and if nature is not assisted in throwing it off a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unsightly and unhealthy fat.

Spend as much time as you possibly can in the open; breathe deeply, and get from Central Pharmacy or any druggist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days treatment has been reported to show a noticeable reduction in weight.

The Nation's Favorite Butter Nut

There Is No Better

Physicians the world over recommend the inside bath, claiming this to be of vast importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast a glass of hot water with a teaspoonful of limestone phosphate in it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible material, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Just as soap and hot water cleanse and freshen the skin, so hot water and limestone phosphate act on the eliminative organs.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, yellow complexion, acid stomach; others who are subject to bilious attacks or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to demonstrate the value of inside bathing. Those who continue it each morning are assured of pronounced results, both in regard to health and appearance.
