

Every Garment Instantly Accessible

THE PADDED HINGED TOP on the wardrobe section of the Hartmann Wardrobe Trunk permits instant access to any garment. You don't have to fumble through the entire contents of your trunk to get what you want.

Any article of clothing may be removed without disturbing the others. Think of the time and annoyance this saves. Better yet, in

the hinged top of the wardrobe section is padded. This holds the clothes in a firm but cushioned grip, immovable en route. They unpack without a wrinkle. No pressing necessary. And remember, this is possible only with a Hartmann. In place of the usual bungling straps and tapes a simple adjustable device compresses the clothes and prevents bulging. Hartmann unbreakable hangers provide for quick and easy packing. Let us show you this and other Hartmann Trunks and you'll understand why Hartmann Trunks are the choice of experienced travelers everywhere.

ECZEMA

Also Called Tetter, Salt Rheum, Pruritus, Milk Crust, Water Poison, Weeping Skin, etc.

I believe eczema can be cured to stay. I mean just what I say CURED and NOT merely patched up to return again. Remember, I make this statement after handling nearly a half million cases of eczema and devoting 12 years of my life to its treatment. I don't care what all you have used nor how many doctors have told you that you could not be cured, all I ask is just a chance to prove my claims. If you write me TODAY, I will send you a FREE TRIAL of mild, soothing, guaranteed treatment that will surely convince you as it has me. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me today I believe you will enjoy more real comfort than you really thought this world held for you. Just try it, and I feel sure you will agree with me.

TELEPHONE CONTEST BEFORE COMMISSION

Court Holds Jurisdiction of Such Matters Is With Public Service Commission

On account of the Oregon supreme court holding that the circuit courts had no jurisdiction over the regulation of public service corporations because the power of regulation has been delegated to the public service commission by the voters of the state, and because the supreme court held that the interposition of the court of equity to grant an injunction relief was not warranted, the case of the First National bank of Albany against the Pacific Telephone and Telegraph company and the Home Telephone and Telegraph company, which was dismissed by the judge of the circuit court at Albany, will come before the public service commission on November 27 in this city at 10:30 o'clock.

According to the supreme court decision, the bank of Albany has a privately owned and operated telephone system in its building and that it desired to have this system connected with the Pacific telephone system so that communication could be had from any office in the bank with any office in the city. A connection was made by the bank and the suit was brought in the circuit court to permanently enjoin the company from disconnecting, interfering with, or changing it. The connection was made, it is asserted, without the knowledge or consent of the telephone company, with one of the trunk lines of the Pacific company which connected with a booth in the bank building.

When the suit was dismissed in the circuit court at Albany it was appealed to the supreme court, which, because of the law which provides that the public service commission regulate public service corporations, affirmed the judgment of the lower court. The case is believed to be quite important as numerous other institutions have like telephone systems.

Members of the public service commission, who have been in Portland at the hearing concerning the reasonableness of rates for salt in car load lots out of Portland into eastern Oregon, have returned to Salem. The transportation committee of the Portland chamber of commerce intervened to get cheaper rates for salt out of Portland.

Other hearings of the commission are scheduled as follows: Stayton, November 1, at 10 o'clock a. m., on water rights; Canyon City, November 3, 4 o'clock p. m., electric question; La Grande, November 10, 9:30 a. m., on express problem; Portland, November 14 and 17, at 10 o'clock on telephone troubles, and Salem, Nov. 21, 10 o'clock a. m., telephone.

Market Is Active and Prices Higher
New York, Oct. 26.—The New York Evening Sun financial review today said: Irregular price movements with declines reported in many issues marked the course of trading in the greater part of today's session in the stock exchange. There were strong spots also, particularly among the low priced rails and the coppers, the latter moving up under the lead of Utah Copper, which advanced into new high ground on an active volume of business in it. To a great extent the losses in various groups were based upon realizing sales and the absence of aggressive new buying, rather than on active operations by professional traders for lower prices, while the demand came in great part from Wall Street interests, both public and individuals, who apparently were not alarmed over talk heard in speculative quarters of an old fashioned election scare in the financial district.

There was more talk on politics as a market factor and to a certain degree it was effective in restraining public participation in the dealings.

Last hour trading was in active volume, with prices generally moving toward a better range, especial strength being reported in the sugar shares, American Can and United States Steel.

STOP CATARRH! OPEN NOSTRILS AND HEAD

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Oh how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dizziness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

HUGHES STARTS ON HIS FINAL DRIVE

Visiting Connecticut First Will Go To Indiana, Making 34 Speeches

By Perry Arnold.

(United Press staff correspondent.)
New York, Oct. 26.—Charles E. Hughes began his final drive of the campaign today. He left at 8 a. m. on his fourth and final stamping tour—a strenuous eight day session, which will carry him into Connecticut, Massachusetts, New York, Ohio and Indiana for 34 separate addresses.

The republican nominee departed in vigorous physical shape, and in splendid enthusiasm, following the big demonstration which Brooklyn gave him last night at the Academy of Music.

The Brooklyn speech was the first of a series of "specialized" addresses which the candidate plans to deliver on his trip starting today. It was a plea to "young America" and in it the nominee summed up succinctly his entire repertory of critical analysis of the campaign issues. Hughes and his managers planned the Brooklyn address as the candidate's final "building" speech of the campaign—it will be circulated wholesale in the few days remaining before election.

The portions of his speech evoking the greatest enthusiasm from the Brooklyn audience were relative to the protection of American lives and property at sea and abroad and preparedness. For the first time, he predicted his election.

Will pay for the chance to heal Catarrh

After an experience of 25 years, during which time 50 million Americans have used Kondon's Catarrhal Jelly, the manufacturers of this remedy feel so sure that it will relieve catarrh—that they offer to pay for a chance to prove its benefit to any catarrhal sufferer. They announce that any resident of this community can go to almost any drug store and get a complimentary trial can at the expense of the manufacturers. If the druggist has no gratuitous packages, the person may buy a 25 cent tube with the unqualified understanding that if that first tube does not do that person more than a dollar's worth of good, he or she can get their quarter back from either the druggist, or the Kondon Company at Minneapolis. Over 35,000 druggists know Kondon's Catarrhal Jelly is effective, harmless, clean and pleasant to apply—and they know the Kondon people will gladly live up to this offer—"quarter back if not worth a dollar." Mrs. Sanger Arrested Over Birth Control Clinic

New York, Oct. 26.—Mrs. Margaret E. Sanger was arrested this afternoon at her birth control clinic at 46 Amboy street, Brownsville, a tenement section of Brooklyn.

The raiders, who took Mrs. Sanger to the Brownsville police station, were led by Mrs. Margaret Whitehurst, a nation of the police department. She had visited the clinic several times disguised as a poor German woman, pushing a baby carriage in which was an infant she had borrowed for the purpose. She told the attendant in charge that she had too many children and wanted to know what she could do to stop the supply. She says she was given information.

About 20 women were found in the clinic. Their names were taken, to be used as witnesses when the case is called for trial.

New Coatings and Dress Goods

Just Arrived--A delayed shipment of Fall Worsteds and Coatings, comprised of handsome Plaids, Stripes and Solid Shades. This lot was ordered months ago to be delivered in August. Because of the increased demand for these goods they were placed on back order. Since ordering them the prices of dress goods and coatings have advanced. This advance does not affect the price of this shipment. Therefore we offer them at a price lower than the present market value.

Coatings
To be found here are Plaid Coatings, Plush Coatings. A beautiful collection of the best goods in the newest shades of brown, black and green. Don't fail to inspect them.

Suitings
Worsted Suitings in pretty Plaids and Stripes. A much wanted variety. They represent the cream of this line of merchandise and are increasing in popularity. The assortment is unusually large.

Worsted Fabrics
A mammoth stock of popular Worsted Fabrics, such as San Toy Poplins, Serges, French Serges, Plaids, Shepard Checks, Broadcloths, Ottomans, Gabardines, Batistes, at prices lower than can be found elsewhere. A good many of these fabrics are still priced on the old basis.
