

Salem Week, Oct. 29-Nov. 4

Fruitland Notes

(Capital Journal Special Service) Fruitland, Oct. 26.—H. C. Bressler is now at Eugene with his painting machine. He reports he has in sight some \$800 worth of work in that city. He has worked at Corvallis and Harrisburg doing well financially. The machine is said to do the work of several men with the old style hand brush. It blows or forces the paint into the wood work to which it is applied and does not put it simply on the surface. Little Peter Barzett practically an orphan is now staying in the family of Mrs. Ben Bressler a relative. The child is now going to school. The father is in Australia. The mother I believe is dead. A. D. Anderson's new house is nearing completion. Henry Smith who lived here all his life till a few months ago, when he removed to the vicinity of Marion, died Sunday at the Salem hospital following an operation for appendicitis. He was a young man well known here, quiet and of good habits. The father, John V. Smith, died about 6 months ago. Last Saturday H. C. Todd, teacher of the Fruitland school, took two of the eighth grade pupils, Misses Mildred Donaldson and Claudine White, over to the Donald school. There was a fine display of garden and other products by the Donald pupils. Mr. Todd states there were no finer displays at the state fair. Such work is useful as well as encouraging. The Donald school is

combined with three other districts. A neighbor tells me I should correct the statement going through the local press that Oregon has had an unbroken drought of 40 days or more. He says this is not correct as we had one heavy rain in this month. In this he is right. In consulting my diary which I have kept for nearly 30 years, making daily entries, I find we have had just one rain since Sept. 8, a period of 48 days, up to today, Sept. 26. That rain was about Oct. 1. It rained hard here for about an hour and a half from 4 p. m. till 5:30. A clever hulling outfit had to quit work and seek shelter. Along with this I will state that we have had frosts here every night but two or three, since Sept. 27 till now. Now let the old inhabitant rise up and match this record. Rev. Edward Simpson of Yakima, Wash., stopped over night with his sister, Mrs. Bell Bressler, on his way to Albany to visit his aged father. Mr. Simpson is a minister of the Methodist church. It was just a flying rumor. Yes, and a mighty dirty, sneaking one. Let us hope it will fly away and never come back. Today an intelligent and religiously inclined lady of Salem asked me if I believed in "a higher power." Told her I certainly did. Especially should it be high enough to lower the present high cost of living for which there is no good reason. When a food necessary as flour for instance "jumps" two or three times a week it is a fictitious piece of business and the alleged reason is fiction.

Independence Items

(Capital Journal Special Service) Independence, Oct. 27.—A. B. Robinson of Dallas was an independence visitor Wednesday. Frank and Jack Dixon purchased the Peoples Meat Market from A. Nelson this week. They will take charge of the market the first of the month. A hunting party consisting of Herbert Hoyser and John Becker, returned home this week from Yachats, where they have been spending a week. Miss Florence Burton motored to McMinnville Sunday, she was accompanied by Mesdames Burton, Robinson, Merwin and Baseue. C. A. McLaughlin and wife and Mrs. M. Fluka were Salem visitors Tuesday. Miss Vale Hiltbrand, a teacher in the Airline school spent the week end at her home here. Dole Pomeroy and wife visited with Corvallis friends for a few days this week. Mrs. P. L. Hedges was a Portland visitor this week. The ladies of the Presbyterian church will hold a parcel post sale here Saturday. During the afternoon they will serve pumpkin pie and cider. Roy DeArmond, Wen Huff and Guy Walker returned home from a hunting trip at Yachats the first of the week. Dole Pomeroy of Grays River, Wash., is the guest of S. E. Owen and family for a short time. H. G. Hastings of Albany, is visiting at the home of his sister, Mrs. P. L. Hedges, this week. Tom Hart was an Albany visitor the first of the week. M. Merwin was a Capital city visitor Tuesday. A. D. Davidson and wife and Mrs. Lem Hewitt returned home the first of the week from Har View, where they have been spending a few days. Moss Walker went to Portland last Saturday to see the big football game between Nebraska and O. A. C. Mrs. J. G. VanOrsdel of Corvallis and Mrs. J. B. Thompson of Albany, spent Sunday here as the guests of their brother, Moss Walker. Miss Zelpha Cross returned home from Portland Saturday night after spending a few days in the city. A. Nelson has rented his farm near here and will move to town soon. Mrs. H. Walker formerly of Salem, visited her mother who resides in Salem for a few days the first of the week. W. W. Percival was taken to Portland to the hospital Friday for treatment. Dr. O. D. Butler and wife were passengers for Portland Friday. Dr. G. H. Purdy and wife were independence visitors Wednesday.

A Clear Complexion Most every woman wants a nice, clear complexion, and can have it at a trifling cost. Constipation in women is increasing to an alarming extent, and this causes poor circulation which accounts for yellow, muddy, pimply complexions which so many women are trying to overcome. Dr. Edwards' Olive Tablets is the one dependable remedy for bad complexions. They act on the liver and bowels like calomel, yet have no dangerous after-effect. They assist nature to throw off the impurities that get into the blood. They will surely clear up, even the most distressing condition quickly and tone up the entire system, giving a pure, fresh, rosy skin. They are absolutely pure—easy to take and correct constipation. They act quickly, cleanse and purify—make you feel fine. Start treatment now. Get a box from your druggist—10c and 25c.

University Notes

Although the task of securing the \$125,000 endowment for Kimball college of theology is a big undertaking, satisfactory progress is being made in the campaign to raise it, according to Dean Taylor of the college. It is planned to endow five chairs that the expanding college may be assured of sufficient means to meet the needs of a larger student body. The necessary sum for the endowment of the Father Flinn chair is well on the way toward completion. Carrie Cooksey, a senior in the college of liberal arts and society editor of the Willamette Collegian, was elected president of the Ladies' Glee club at the regular rehearsal yesterday afternoon. She is to be assisted in her duties by Ruth Spoor, vice-president; Glenna Teeters, secretary; Freda Campbell, treasurer; Louise Benson, librarian. The popularity and marked executive ability of all the new officers assures a successful year under their leadership. Announcement was made at Thursday's chapel hour that Miss Hazel Hockensmith, of Albany, is the successful candidate as accompanist of the Ladies' club for the season's concerts. Miss Hockensmith is a junior music student, a member of the popular Owyhee club, and a gifted organist of no mean ability. The club members consider themselves fortunate in securing her services.

FORTY-SEVEN ENLIST IN ARMY AT SALEM

Twenty-Seven of These Are Salem Boys and Seven from Nearby Towns

Forty-seven young men have joined the United States army from Salem since the establishment of the recruiting station here early in July. Twenty-seven of this number have their home address as Salem while seven were from the towns near by. The following is a complete list of the recruits received since the opening of the office July 1, and the date of enlistment: Brown, Wallace E., Salem, enlisted July 13. Creson, Cyel H., Salem, enlisted September 28. Dawson, Ray G., Salem, enlisted August 3. Derungs, John J., Salem, enlisted July 17. Emmett, Orval L., Salem, enlisted July 3. Hinz, Robert C., Salem, enlisted August 3. Jackson, Wayne C., Salem, enlisted July 15. Jensen, Edward H., Salem, enlisted August 12. Kavanough, Charles N., Salem, enlisted August 8. Kavanough, Kenneth D., Salem, enlisted August 12. Lee, Jesse M., Salem, enlisted July 17. Lockman, Frank M., Salem, enlisted August 9. McBride, Harry, Salem, enlisted July 10. McElmurry, Oren, Salem, enlisted July 7. McMillan, Ellis H., Salem, enlisted July 7. Randall, Thomas M., Salem, enlisted August 31. Rickman, Timothy, Salem, enlisted August 12. Rush, Floyd M., Salem, enlisted September 14. Ryan, Earl H., Salem, enlisted August 31. Schmidt, John H., Salem, enlisted August 10. Scott, Floyd M., Salem, enlisted August 2. Smith, Wesley J., Salem, enlisted August 22. Vineant, James E., Salem, enlisted September 21. Walker, Forest J., Salem, enlisted July 12. Wynn, Walter M., Salem, enlisted October 13. Laue, Ben F., Salem, enlisted October 16. Wheeler, Ken J., Salem, enlisted October 2. Bushby, Walter E., Turner, Ore., enlisted July 13. Grim, Cecil H., Albany, Ore., enlisted July 19. Havis, Lloyd M., Vancouver, Wash., enlisted August 16. Dethlofs, John P., Gaston, Ore., enlisted August 12. Dickenson, Warner J., Burns, Ore., enlisted August 2. Gardner, Zenneth C., New Rockford, N. D., enlisted August 3. Griggs, Lloyd L., Mill City, Ore., enlisted September 16. Hendee, George L., Los Angeles, Cal., enlisted July 22. McCasland, Frankie, Greenville, Ill., enlisted August 22. Moe, Carl H., Mt. Angel, Ore., enlisted September 28. Morian, Harold L., Roseburg, Ore., enlisted July 8. Renfro, Lee, Newport, Ore., enlisted September 28. Smith, Orval J., Robnerville, Cal., enlisted July 8. Taylor, Roswell B., Springfield, Ore., August 2. Topping, Ray W., Williams, Ore., enlisted July 3. Warner, Arthur L., Mehama, Ore., enlisted September 28. Wolbert, Robert P., New Rockford, N. D., enlisted August 3. Brown, Andrew West Stayton, Ore., enlisted October 2. Cronn, Raymond L., Eivesley, Ore., enlisted October 11.

A Famous Physician's Wonderful Discovery

After a series of careful experiment with poisonous waste matter, which settles in the feet, ankles and wrists; Surgical Institute, Buffalo, N. Y., ever under the eyes in bag-like formations. It is just as necessary to keep the kidneys acting properly as to keep the bowels active. The very best possible way to take care of yourself is to take a glass of hot water before meals and an "Anuric" tablet. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding those organs. Step into the drug store and ask for a 50-cent package of "Anuric," or send Dr. Pierce 10c for trial pkg. "Anuric" many times more potent than lithin, eliminates uric acid as hot water, melts kidneys are deranged the blood is filled

Rosedale News (Capital Journal Special Service.) Rosedale, Ore., Oct. 27.—Thomas Voot is making some extensive repairs on his house in the way of the inside finish. The carpenter work is being done by J. W. Thomas, of this place. A company of young people from the Highland Friends church, Salem, visited the Friends here last Sunday morning which was enjoyed very much as they were all good singers. Come again. Mr. and Mrs. J. W. Thomas were in Salem Thursday on business. The new store building at Rosedale is nearing completion. Mrs. Pickett, the Rosedale merchant, motored to Oregon City Thursday on business. ? ? ? ? ? WHY VOTE PENDLETON \$125,000 for something we already possess—a State Normal School plant in Eastern Oregon? Why vote an annual tax of one-twenty-fifth of a mill for a Pendleton Normal when one-fourth of a mill would provide ample maintenance for the Weston Normal? Do you want to be out of pocket \$325,000 in ten years? This is the approximate sum that a Pendleton Normal would cost over and above the cost of the Weston Normal, allowing for a nominal increase in state valuations. Every man, woman and child in Oregon is annually taxed \$30, according to A. H. Harris, a Portland writer. Taxes for all purposes in 1916 reached the enormous total of \$2,000,929.94. Schools alone cost \$7,000,000. Why toss tax money away by granting Pendleton's absurd demands? WHY NOT REOPEN THE WESTON PLANT It's ready for use and consists of four buildings and ten acres of ground. It has been recently inspected and approved by such prominent architects as Beezer Bros. of Seattle and Osterman & Siebert of Walla Walla. Beezer Bros. say that \$200,000 properly expended on the principal building would bring it to an "almost perfect condition." These substantial taxpayers, officials and men of affairs denounce the Pendleton scheme as one of "extravagant folly." J. M. Banister, Mayor of Weston; Homer I. Watts, Mayor of Athena; B. B. Richards, Recorder of Athena; H. A. Barrett, Merchant, Athena; C. A. Barrett, State Senator, Athena; H. B. Lee, ex-county Commissioner, Milton; J. F. Slover, Merchant, Preswheat; C. D. Hobbs, Mayor of Milton; H. L. Frazier, ex-county Commissioner, Milton. Why did not Pendleton confine her bill to a normal school proposition? Why does she seek to "validate" institutions that are firmly and lawfully established? Is it not clear that this is a vote-catching device? Isn't it "log-rolling" of the rankest variety? And finally, would you care to send your children to a town impregnated with Round Up atmosphere? Isn't it a fact that a great Round Up town is for that very reason a poor state school town? Would you want your children to enroute, dance and gamble in Happy Canyon or to even witness its wanton revelry? (Paid adv., F. D. Watts, O. E. De Moss, Wm. MacKenzie, S. A. Barnes, Clark Wood, Weston, Or.) VOVE 309 X NO

GRAY HAIR BECOMES DARK AND BEAUTIFUL

Look Years Younger! Try Grandma's Recipe of Sage and Sulphur and Nobody Will Know

Almost everyone knows that Sage Tea and Sulphur, properly compounded brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays we simply ask at any drug store for Wyeth's Sage and Sulphur Compound. You will get a big bottle of this old time recipe improved by the addition of other ingredients for about 30 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease. San Francisco, Oct. 27.—Boyes Springs, Calif., prepared today for a rousing celebration tomorrow night to welcome back home the towns greatest hero, Duffy Lewis, of the Boston Red Sox. Lewis' wired friends today that he would arrive tomorrow morning. He started to make the transcontinental trip by automobile, but abandoned the plan when he found the roads bad.

TO WELCOME LEWIS

San Francisco, Oct. 27.—Boyes Springs, Calif., prepared today for a rousing celebration tomorrow night to welcome back home the towns greatest hero, Duffy Lewis, of the Boston Red Sox. Lewis' wired friends today that he would arrive tomorrow morning. He started to make the transcontinental trip by automobile, but abandoned the plan when he found the roads bad.

PENDLETON IS IDEAL LOCATION FOR NORMAL

Pendleton, Ore.—Pendleton's claims for the establishment of a State Normal School are based upon the unusual advantages offered for such an institution. It is ideally located with respect to railroad facilities and in the center of the country which it will serve. Its health conditions are excellent. It has a bountiful supply of clear, cold, pure mountain water. It offers a library of 12,000 volumes, to which are added 3000 annually, housed in a beautiful new building, erected at a cost of \$40,000. The large athletic stadium in the Northwest, capable of accommodating 20,000 people; a natatorium, modern and equipped for the use of men and women, built at a cost of \$11,000; simple auditorium room for lectures courses and lectures and a school system that is without equal in a city of its size. Its facilities and the students necessary for practice teaching have been guaranteed by the city board.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast. Why is man and woman, half the time, feeling nervous, dependent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness. If we all would practice inside bathing, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons which are absorbed into the blood. Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, bile, soft stools and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone, its cleansing, sweetening and freshening effect upon the system.

Squeezing The Loaf Grape-Nuts The soaring price of wheat has decreased the size of the loaf or increased the price. Either means increased cost of living. The makers of Grape-Nuts have neither advanced the price, decreased the size of package, nor lessened the quality of this splendid wheat and barley food. It contains the full nutriment of these sturdy grains, including their valuable mineral elements, so vital for maintenance of strong bodies, steady nerves and capable brains. Quickly digested, appetizing—a household word for nearly a score of years—Grape-Nuts easily stands at the head of all prepared cereals for delicious flavour, concentrated nourishment, and economy. Every table should have its daily ration of Grape-Nuts. Sold by Grocers everywhere.
