SENATOR LODGE SAYS NOTHING MORE TO SAY

Says the President Having Denied Story He Must Be Believed

North Adams, Mass., Nov. 2.—Senator Lodge, speaking here last night, made the following statement: "The president of the United States has denied that there was any postscript to the Lusitania note and we are all bound, of course, to accept the president's denial just as he makes it," said the senator.

Bridge Restrictions May Be Enforced

With the view of being as easy as possible on the Salem bridge I. L. Patterson, Polk county's representative, has made the following recommendations to County Judge Bushey of Marion:

- 1. That the bridge be planked lengthwise, thus removing a good deal of the vibration.
2. That traffic be restricted to one direction only, at one time. Mr. Patterson would make certain periods, ten, 15 or 20 minutes, for traffic to pass over the bridge, west, and then the same period, to pass over the bridge, east.
3. That the maximum load be reduced still further.
4. That the present restrictions as to distance between vehicles be continued and perhaps the distance increased.
5. That telephones be installed on the bridge to assist in regulating traffic.

Railroad Hearing Set for November 24

Friday, November 24, has been set when the railroad commission will hold a hearing of the railroads of the state of Oregon regarding demurrage and reciprocal demurrage, as the same affect Oregon intrastate traffic. The commission states in its notice to the railroads that it is satisfied grounds exist to warrant whether such rules and regulations as are now in force are reasonable or unreasonable, adequate or inadequate, or in any way unjustly discriminatory, to the end that such rules and regulations are found to be unreasonable that an order may be made fixing and prescribing such rules as may be reasonable and just.

President Wires to California Club

Los Angeles, Cal., Nov. 2.—President Wilson extended his campaign to California today in a telegram to the Wood row Wilson Independent League here in which he called upon California to support the democratic party. The telegram read: "By test of this election is to be determined that question of whether the United States can go forward with equal courage, faith and self possession in the path of adjusting her laws to the needs of humanity and progress or whether she must slip back again and repeatedly collect her forces afresh by successive stages of more and more revolutionary reaction against class and privilege. The country will, I am sure, look with confidence to the people of the great state of California to once more vindicate their claims to belong unmistakably to the forces of progress by sustaining the democratic party—the only party now known to be organized for the triumph of these forces." (Signed) "WOODROW WILSON"

Steel Stocks Climb In Very Active Market

New York, Nov. 2.—The New York Evening Sun financial review today said: "United States Steel common and preferred were conspicuously the leaders of the market, trading in the common was brisk, that issue advancing to a new high record price for all time at 122 1/2, while preferred touched 123, the highest level this year. The minor steel shares like Lackawanna and Republic were likewise strong and Bethlehem Steel moved forward to a record price also at 87 1/2 points above the Wednesday closing. All of the equipment and specialty issues joined in the movement with vigor and the certificates of the Mercantile Marine were likewise strong. Railroad shares were more restrained, although most of the leading issues in the department ruled firm."

Wheat Climbs Back Is Quoted Above \$1.85

Chicago, Nov. 2.—Wheat showed a sharp recovery today after a heavy decline yesterday, due chiefly to closing out sales. Buying again became general when the market opened at yesterday's prices and steady gains were made, despite reports of rain in Argentina and indications that some Australian wheat would be marketed in the United States. December was up over today's opening 2 1/8 at \$1.83 3/8; May up 3 1/8 at \$1.85 5/8 and July up 2 1/8 at \$1.49 3/8. Corn had a good recovery on general commission house buying. December was up 2 1/4 at 86 1/4 and May up 1 3/8 at 88 1/8. Oats were easy and failed to show the gains along with the other grains. December was up 5/8 at 54 1/8 and May up one at 55. Provisions were lower on account of a greater amount of stop-loss orders.

Canada's Homes Devastated by War

This is an extract from a letter written by Miss Nell Hollenbeck, sister of Mrs. D. A. Hodoe of this city, to a friend, Miss Hollenbeck has but recently gone to Cornwall, Canada, to spend the winter. "Everything is war here. You in Oregon have not a ghost of an idea what the people here are passing thru. There is scarcely a home in this town that has not a son or sons and a husband away in the thick of it. More are enlisted and going all the time, 4000 are on their way over seas now. One house had fifty four passed thru here en route Saturday night, so many were disappointed in not seeing their boys; mothers, wives and sweethearts, all out at the depot. They did not allow the boys to leave the train. There was weeping and some fainting in the crowd, but war is war as well here as over at the front and rules are enforced to the letter. Every of my friends seems to be knitting, but I said I would make bandages and dressing instead. "I will send you a paper some day just to let you see the long casualty list, that comes in our every day's paper. It's dreadful, and how the people here watch the list."

Mexican Duties Are Almost Prohibitive

Juarez, Mex., Nov. 2.—A new scale of duties on imports into Mexico went into effect today, under a decree issued recently by Chief Cisterna. Duties on many staples, including food and clothing, have been raised to almost prohibitive figures and it was predicted today importation of some articles would be stopped altogether. The duty on oil, which large quantities are being shipped to the American expedition, has been raised to \$7.50 per ton. Wheat, corn and hay, however, are free. The heaviest duties have been placed on milk at 20 cents per kilo (2 1/2 pounds); 10 cents per kilo on soap and flour and 20 cents per kilo on canned meats.

FOR A MUDDY COMPLEXION

Take Chamberlain's Tablets and adopt a diet of vegetables and cereals. Take outdoor exercise daily and your complexion will be greatly improved within a few months. Try it. Obtainable everywhere.

ECZEMA

Also Called Tetter, Salt Rheum, Pruritus, Milk Crust, Water Poison, Weeping Skin, etc. I believe eczema can be cured to stay. I mean just what I say CURED and NOT merely patched up to return a nag. Remember, I make this statement after handling nearly a half million cases of eczema and devoting 12 years of my life to its treatment. I don't care what all you have used nor how many doctors have told you that you could not be cured, all I ask is just a chance to prove my claims. If you write me TODAY, I will send you a FREE TRIAL of my soothing, guaranteed treatment that will surely convince you as it has me. If you are disgusted and discouraged, I dare you to give me a chance to prove my claims. By writing me today I believe you will enjoy more real comfort than you really thought this world held for you. Just try it, and I feel sure you will agree with me. Dr. J. E. CANNADAY, 335 Court Blk., Sedalia Mo. References: Third National Bank, Sedalia, Mo. Send this notice to some eczema sufferer.

COMMERCIAL CLUB IS AFTER MORE MEMBERS

Begins Campaign to Bring Membership Up To An Even 1000

With the whirlwind membership campaign of the Commercial club just twenty five per cent over at noon today a comparison of the various committee reports showed 42 new members, the rejuvenation of 40 memberships which had lapsed and the payment of \$190 in dues. This afternoon many of the committees are working, as it was decided at noonday luncheon at the Marion that the work should go on this afternoon and tomorrow afternoon instead of for three hours in each forenoon as was originally planned. That the mark of 2000 memberships set as the goal before the campaign started will be easily passed by tomorrow night is predicted by those in charge. Chairman Rodgers is gratified at the progress made thus far and feels that the response given by the citizens of Salem shows a lively interest in the city's welfare and in the work of the Commercial club.

Teams Are Hustling

Scouring in and out of doors, hustling through the big office buildings and whirling around the suburbs in autos, some eighty of Salem's leading citizens today began the two days' campaign of the Commercial club to bring its membership of eight hundred up to an even thousand. George F. Rodgers, chairman of the central campaign committee, is directing the campaign and is personally doing much to line up new members. He has thirteen lieutenants under him, each of whom commands a detail of seven men. To each of the thirteen teams were given cards containing the names and addresses of prospective members. The entire city has been charted and routes laid out which will permit of the greatest efficiency in getting around. The campaign is scheduled to end tomorrow noon when a luncheon will be given at the Marion similar to that given today for new members and the public reception tomorrow night at the Hotel Marion the first annual "Salem Week" will officially end. It began Sunday last.

Wheat Climbs Back

Chicago, Nov. 2.—Wheat showed a sharp recovery today after a heavy decline yesterday, due chiefly to closing out sales. Buying again became general when the market opened at yesterday's prices and steady gains were made, despite reports of rain in Argentina and indications that some Australian wheat would be marketed in the United States. December was up over today's opening 2 1/8 at \$1.83 3/8; May up 3 1/8 at \$1.85 5/8 and July up 2 1/8 at \$1.49 3/8. Corn had a good recovery on general commission house buying. December was up 2 1/4 at 86 1/4 and May up 1 3/8 at 88 1/8. Oats were easy and failed to show the gains along with the other grains. December was up 5/8 at 54 1/8 and May up one at 55. Provisions were lower on account of a greater amount of stop-loss orders.

Miller Estate May Escape Tax Payment

San Francisco, Nov. 2.—California will fight for its share of the full estate of the late Henry Miller, representative of the state controllers of the estate announced today, following declarations by the late cattleman's executors that the estate consists of land and money to the value of only \$20,000. It was then learned that in 1913, before the passage of the inheritance law, Miller made a trust deed by which holdings worth \$25,000,000 were transferred to his son-in-law and daughter, Mr. and Mrs. LeRoy Nickell, who were empowered to sell property to fulfill the bequests made in Miller's will. Some attorneys contend that by this transfer, both the state and federal inheritance tax claims have been escaped.

FAST, FREQUENT TRAINS J. W. RITCHIE, Agent, Salem, Ore

Pendleton Normal School Proven Necessity (Copied from Portland Oregonian.) MONMOUTH, Ore., June 26.—The Oregon Normal school opened this week... Read what those you have elected to handle the affairs of your state and who are thoroughly informed regarding school conditions in Oregon have to say concerning measure 308 on the ballot at the coming election: By James Withycombe, Governor of Oregon: Oregon is unquestionably in need of a normal school work and Pendleton is the logical place for a school of this class in Eastern Oregon. By J. A. Churchill, State Superintendent of Public Instruction: "I trust that the voters of the State will assist in raising the standard of our schools by establishing a State Normal School at Pendleton." By P. L. Campbell, President of the University of Oregon: "At least one additional Normal School is urgently needed in Oregon." By W. J. Kerr, President of the Oregon Agricultural College: "Since the people of Pendleton are initiating a measure for the establishment of a Normal School at that place, it will give me pleasure to support this measure." By J. H. Ackerman, President Oregon Normal School, at Monmouth: "A careful analysis of the situation will convince any one that Oregon needs a Normal School in Eastern Oregon and Pendleton fills all the government requirements." By the County School Superintendents of Oregon: "Resolved, that it is in the sense of the County School Superintendents of the State of Oregon, in convention assembled, that the best interests of the schools of the State demand increased facilities for the training of teachers, and that we therefore, endorse the initiative measure to establish a Normal School at Pendleton." By Mrs. Charles H. Castner, President of the Oregon Federation of Women's Clubs: "I most heartily endorse the location of said Normal School at Pendleton." Prof. Robert C. French, Former President of the Normal School Located at Weston: "An immediate establishment of such a school at some central point such as Pendleton would prove a great asset to the State of Oregon." B. F. Mulkey, Ex-President Southern Oregon Normal School: "I shall support the location of an Eastern Oregon Normal School at Pendleton." State Board of Regents of Oregon Normal School declares that "the necessity for additional Normal school facilities in Oregon is apparent." Portland Chamber of Commerce endorses measure 308 and says Pendleton most logical location for Normal school in Eastern Oregon. 308 X YES IS A VOTE FOR YOUR CHILDREN Eastern Oregon State Normal School Committee. By J. H. Gwinn, Secy., Pendleton, Ore.
