DEPARTMENT SHOWS
GREATER RECEIPTS

Corporation Commissioner
Turns Over Increase
\$14,092

BOSTON RED SOX SOLD
PRICE IS \$675,000

Two Theatrical Men Purchase World's Champion Ball Players

Adding the \$10,251.09 increase of receipts in the state corporation department over 1915 and the \$3,840.91 saving in the operating expenses of the department gives the sum of \$14,092, which is turned over to the state treasurer by Corporation Commissioner Schulderman as the net gain of the department for the fiscal year ending June 30, 1916. This information is given in the annual report of the corporation commissioner to Governor Withycombe, which was filed yesterday afternoon.

From July 1, 1914, to June 30, 1915, the gross receipts of the department were \$189,105.61, and from July 1, 1915, to June 30, 1916, the gross receipts were \$199,356.70, which shows an increase of business amounting to \$10,251.09. This increase was made in spite of the fact that the collection of annual fees from banks was transferred from the corporation department to the banking department, and which was included in the corporation report for last year.

The saving in operating expenses of the department amount to \$3,840.91. Last year the disbursements were \$19,091.77 and this year \$15,250.86. Of the gross receipts \$52,250.24 was paid by foreign corporations as entrance and license fees.

Other figures given by the department show that 630 domestic corporations filed articles, and 13 that had been dissolved were reinstated, 678 dissolved, and a total on record 9291; 75 foreign corporations were licensed, 81 were disqualified to do business in Oregon, 4 were reinstated, with a total on record of 658, and a total of domestic and foreign as 9949.

During the past year forty-four corporations with aggregate capitalization of \$73,785,000 reduced their capitalization to \$48,625,550, a total reduction of \$24,159,450; seventy-four corporations increased capital from aggregate of \$4,563,373 to \$6,289,274, a total increase of \$1,725,901.

Building and loan associations have on deposit with the corporation commissioner the sum of \$3,844,153.53 as security for their transaction of business.

Boston, Mass., Nov. 2.—A deal said to involve \$675,000 has been closed here whereby the world's champions, the Boston Red Sox, become the property of two theatrical men, Harry H. Graze, of New York, and Hugh Ward, of Philadelphia.

Joseph J. Lanning, former president and owner of the club, kept the big deal secret to the last moment, denying emphatically that he would see and then disposing of the champions at a sum close to three quarters of a million dollars. The purchase price, which is not given out, is for the franchise alone and does not include the grounds of the club, Fenway park.

Frazer is owner of the Longacre theatre in New York and the Cort theatre in Chicago.

Bill Carrigan, who piloted the Sox to two successive championships, is the man the new owners want for manager, they said today, but Bill has announced his retirement and reiterated his statement that the change in management will have nothing to do with his giving up the game.

No change in the management or policy of the club will be made, the new owners declare.

TOBACCO SUPPLY SHY

Washington, Nov. 2.—Domestic tobacco held in the United States by large manufacturers on October 1 amounted to 270,327,597 pounds, compared with 335,367,657 last year; imported tobacco 58,290,911 pounds, against 63,637,893 last year, according to the census bureau today. The term "large manufacturers" means those who produced last year 50,000 pounds of tobacco or 250,000 cigars or 1,000,000 cigarettes.

The canneries on the Umpqua have raised the price of fish from 20 to 30c.

FORT VAUX

(Continued from page one.)

Mackensen has halted his advance in Dobrudja, apparently because of a shortage of men, to protect his long line along the river Danube.

Despatches from Bucharest declare that Mackensen has been forced to send several regiments to the Transylvanian front to aid Falkenhayn. The withdrawal of these troops is said to have checked his offensive operations.

Practically everywhere along the Transylvanian front excepting south of Red Tower Pass the Rumanians are holding their own. The Austro-Germans have been checked in their advance on Causolung, but are continuing their heavy attacks in the Alt valley, where the loss of two villages by the Rumanians was officially conceded yesterday.

Shelled Constanta.

Berlin, via wireless to Sarville, I. I. Nov. 2.—Enemy warships have shelled the Rumanian Black sea port of Con-

stantz, recently captured by the Germans and Bulgars, without success, it was officially announced today.

"Rumanian attacks against the Austro-German troops that had advanced beyond Altchans and Predel Pass failed under losses," the war office stated. "We captured eight officers and 200 men. South of Red Tower Pass engagements which are favorable to us continue."

"On the Macedonian front Serbian advances in the Cerna bend and north of Nidze Plainina were repulsed."

"On the Struma front there have been active foreground engagements."

Rain on British Front.

London, Nov. 2.—A heavy rain fell on the British front last night. General Haig reported today that there were no important developments.

It's All Theirs.

Rome, Nov. 2.—Resuming their drive on Trieste, the Italians yesterday occupied the Austrian line at several points south of the Oppnechisella-La-Castagnella road and captured 4,731 prisoners, it was officially announced today.

BANDITS MURDER

(Continued from page one.)

Chihuahua state. Laguna is only about 70 miles southeast from El Valle, where the outposts of Pershing's expedition are situated.

Since Villa's advance toward Chihuahua City, it is reported another force of American troops has been posted much nearer the Mexican National railway and the scene of the train massacres.

Because he was thought to be an American citizen, one of the bandit leaders struck Dr. Haffner over the head with the butt of his rifle and left him for dead. General Gonzales, de facto commander at Juarez, announced that official reports stated that Haffner was stunned, but will recover.

Additional details have reached Juarez in official reports to Gonzales. The train was held up as it stopped at Laguna station about 7 p. m. Monday. The loot taken by the bandits was loaded into wagons waiting near the station. The clothing of even the women was

taken from them.

United States department officials had heard up to late today that only the officers of the escort were shot down. The escort was commanded by an officer named Gunman.

That General Mayotte had come into contact again with Villa's main force south of Bachimba canyon and was severely defeated, was the report reaching two United States department agents here today. The losses were very heavy, it is said, and Mayotte is again moving toward Torreon. No confirmation has been obtained of these reports.

Car Shortage May Cause Fuel Famine

Washington, Nov. 2.—Prospect of a nation wide fuel shortage, through lack of freight cars, was strengthened by the reports to the department of agriculture, indicating less than half of the nation's crops have not yet been moved to distributing centers.

The coming month is the heaviest crop moving month of the year, more than 15 per cent of all crops leaving the farm for the markets during this

period.

While wheat and certain other grains have been rushed into the market this season, earlier than ever before, in order to profit by prevailing high prices officials here believe that certainly less than half the nation's crops have yet been moved.

Evidence of an absolutely serious shortage of fuel accumulated yesterday with reports from middle western and eastern industrial cities of actual suspension of activity through lack of fuel. Factories in some cities have been forced to close their doors pending arrival of coal. Urgent appeals are being sent out from the vicinity of New York city.

CAR SHORTAGE STOPS BUILDING

Roseburg, Ore., Nov. 2.—A shortage of cars has delayed the work on the new Roseburg high school building, as material contractors are unable to ship in brick and lumber. Fruit shipments also have been delayed, apples, which under normal conditions would be in New York, now being in local warehouses.
